# LONG LITIGATION IS ENDED

Lawsuits Lasting Eight Years Terminate in Agreement at Last.

WILLIAM SIEDENTOPF ESTATE INVOLVED

n Consideration of Settlement, Application of Son and Daughter for Distributive Share is Disallowed.

The litigation over the administration of he estate of William Stedentopf, deceased, which has been pending in one form and another in the district court for the last eight years, was brought to a termination yesterday, when Judge Wheeler approved stipulation for settlement, the terms of which, it is understood, have been compiled with by William F. Sledentopf, the son and former administrator until J. F. McGee was appointed in his place.

A few months ago the court in the suit

brought by Administrator McGee against William F. Siedentopf decreed that the latter was indebted to the estate in the sum of \$11,000, but this decree was subsequently modified. Under the stipulation of settlement reached yesterday Siendentopf was re quired to pay to McGee \$3,100 in cash and Administrator McGee is to sell all the reaproperty of which William Sledentopf seized, except such as had been deeded by William F. Siedentopf to Frank Haas, his brother-in-law, and thereafter deeded by Haas, and such other property which had been deeded to other heirs by William F. Siedentopf, where such deeds have been recorded.

Frank Hass is to recover from Administrator McGee \$275.40, which he paid to redeem certain land in Garner township from tax sale, and he is required to deed this property to W. M. Pusey as trustee for the reditors of the estate. This property is very valuable.

In consideration of this settlement the application of William F. Siedentopf and his sister, Mrs. Frank Haas, for allowance and admeasurement of their mother's distributive share in their father's estate is disallowed. William F. Siedentopf, who has claims aggregating \$2,378.17, will be permitted to participate in the dividends declared by the administrator the same as

All suits brought by Administrator Mc-Gee against William F. Siedentopf, former administrator, will be dismissed and the itigation closed.

Two suits brought by the First National bank of this city to recover \$1,500 on notes were also dismissed under a stipulation of settlement by which William F. Siedentop! is to pay the bank \$500.

## Rain Brings Much Relief.

The rain of Friday night came as a great relief to the citizens of Council Bluffs, especially those who lived on paved streets, which had been subjected to Alderman Huber's peculiar method of cleaning. A few days before the democratic primaries Alderman Huber, democratic representative from the First ward and chairman of the streets and alleys committee, had a large force of men put to work cleaning the paved streets. The dirt was scraped into heaps along the gutters and there left to dry with the aid of the sun and wind and no attempt to haul it away in wagons for several days. Then the wind commenced to blow and the dirt heaps, which had become dust, were scattered everywhere, principally into the residences and business houses along the streets so cleaned. The manner in which the dust was blown about the streets Friday was terrible and com plaints about the manner in which Chairman Huber conducted the street cleaning department were heard on every side. Complaint is made that over \$6,000 has been expended by the streets and alleys committee of which Alderman Huber is the boss, during the last fiscal year and that there is practically nothing to show for it.

DES MOINES, March 15 .- (Special.)-Some advancement was made by the joint scale committee this morning toward adjusting differences in the Third district. This is the district in which the Des Moines and Polk county mines are located. The committee decided that last year's scale should continue. It provides that 90 cents shall be paid for lump coal and 63 cents for screened or mine run coal. An eightfoot entry for \$1.70. A price of \$4.48 was agreed upon for room turning, with a ninefoot neck, and longer necks to be paid for at 50 cents per foot. The committee adourned at noon until Monday at 2 p. m., at which time the joint convention will also meet again. It is expected the negotiations between the miners and operators will consume all of next week. Each of the five sub-districts are to be gone over by the joint scale committee and reported to the joint convention before the question of shot firing will be taken up.

REPUBLICAN CANDIDATES ARE NAMED

Hold City and County Convention-Governor Makes Appointments-N. S. Ketchum for Railroad Commissioner.

(From a Staff Correspondent.) DES MOINES, March 15 .- (Special.)-The republican county and city conventions were held today. They followed the pri-maries of a week ago when there was a hard fight for nomination. Under the rules in Polk county where a candidate gets a clear majority he is elected, but if there is a large field and not a clear majority the matter goes to the convention. This has caused a great deal of uncertainty about some the offices. In the matter of the congressional fight, or rather the contest for control of the delegation from this county to the district convention, there was much bad blood stirred up. Captain Hull, the present congressman received a small maority of the popular vote in the county and got 135 delegates while his opponent, Judge S. F. Prouty, secured 106 delegates. But the Prouty people have been declaring that they were cheated out of their rights by fraud and have been threatening to divide the convention unless they were given a chance to prove their claims or have them passed it will obviate the necessity for disproven. for filling prescriptions in a painstaking manner, having a room properly fitted up for this work alone. Then too, we have registered pharmacists to do the work, and you can rest assured when you bring your prescriptions to our store that they are filled just as prescribed. We believe in thoroughness in all our departments, but give this branch our special attention.
