

JURY LIST IS A BLUE BOOK

City's Best Business and Professional Men Are Named on It.

WILL WORK FOR TWO DOLLARS PER DAY

Capitalists, Bankers, Merchants, Editors and Hotel Landlords Among Those Who Will Be Called for Jury Service.

On the new jury list made up last week by the county commissioners and formally approved by them Saturday appear the names of several hundred men who make, or at least are supposed to make, as much money in an hour as their jury fee of \$2 per day would amount to in a week.

The force in the county clerk's office is busy writing the names on separate slips and these slips will go into the new shaker. Monday 120 of them, or thirty for each of the jury rooms of the district court, will be drawn, in order that those whose names come out may have the required twenty days' notice before their services are required.

The commissioners determined this time to meet the requirements that the bar association urged when it had the old list thrown out, partly of business men, have been unsparring and inexorable in making up this list and have left with Judge Baxter of the criminal court the task of deciding who shall and who shall not be excused. The judge has said that not many reasons will be sufficient, so that there is excellent prospect that men of affairs will have to sit through hours of testifying and arguing in cases that involve no graver things than a chicken thief's liability on an injured person's damage to his great toe.

The judge says that any man drawn who is not excused and who attempts to evade this by not coming into court will be pulled in the very first day and fined possibly \$25.

Part of the Roster.

These are some of the well known names that appear on the list:

- O. D. Kiplinger, E. A. Benson, J. N. Frenzer, James Creighton, Thomson Swift, John L. McCague, Frank Barker, Earl DeLancey, B. A. Collins, Walter Moore, W. S. Shriver, Isaac Carpenter, Ed. MANY KNIGHTS OF COLUMBUS

Two Hundred Will Visit Omaha to Assist in Installing Local Council.

Delegations from various councils of the Knights of Columbus arrived in Omaha last evening to assist at the institution of a council of the order in Omaha, which will take place at the Hotel Hamilton, the oldest Order of United Workmen this afternoon.

The program of the day will open at 9:15 o'clock, when the visitors and citizens who are to take part in the formation of the society will meet at the Hamilton hotel and from there proceed to St. Philipomena cathedral, where an especial mass will be celebrated. From the church they will return to the hotel, where luncheon will be served at 12 o'clock. At 1:30 the party will assemble at the hall, where the council will be instituted.

The council will be instituted by Organ-

IN THE AIR.

The Germs of La. Grippes are Conveyed Through the Atmosphere.

No one can escape the la. grippes germ, because when an epidemic of the disease is prevailing the air is laden with it. The reason that everyone does not have the disease at the same time is because the persons who are enjoying perfect health are able to successfully resist and throw off the infection, while those who for any reason are not in the best of health fall ready victims.

The first symptoms are those of acute catarrh, resembling a hard cold, and if prompt treatment is applied at this time it can be easily broken up; one of the best remedies at this stage is Stuart's Catarrh Tablets, sold by druggists everywhere, and if taken freely, say one tablet every hour or two for two or three days, the danger of pneumonia and serious complications will be averted.

The Rev. L. E. Palmer, Baptist clergyman of Ceresco, Mich., makes a statement of interest to all catarrh and grip sufferers. He says: "Stuart's Catarrh Tablets have certainly been a blessing to me. I have used them freely this fall and winter and have found them a safeguard against La. Grippes and catarrhal troubles, from which I have suffered for years. I feel that I can freely and conscientiously recommend them."

Persons who suffer from catarrh of the head and throat are very susceptible to La. Grippes and such will find a pleasant, convenient and safe remedy in this new catarrh cure.

Stuart's Catarrh Tablets are composed entirely of harmless antiseptics and may be used as freely as necessary, as they contain no cocaine, opiate or poisonous drug of any kind.

BIG STAGE LINE PROJECT

Union Pacific Contemplates Transportation to Thunder Mountain.

WILL SELECT A ROUTE NEXT MONTH

No Matter Which Line is Chosen, Part of the Journey Will Necessarily Be Foot Work Up Steep Mountains.

It was learned at Union Pacific headquarters yesterday that officials of that railroad are just now absorbed in the task of selecting the most feasible route from the system, as it lies at present, to the Thunder Mountain mining district in Idaho. Since the matter first came to the attention of the Oregon Short Line, and the possibilities of the field were realized, plans have been promulgating constantly toward establishing the quickest and most convenient means of travel to and from the mines. These have so far been kept secret, but it is now understood that the Union Pacific system will put in between the Oregon Short Line route and Thunder Mountain the largest stage route ever conducted in the world.

Twenty thousand people is what the Union Pacific system expects to carry into the mining section between May 1 and July 1. The Oregon Short Line is the only railroad reaching anywhere near it. It gets no closer than 142 miles, the rest of the journey being by stage, wagon and trail by degrees. It would be impossible even to begin a railroad into the mines by that time, so till the new line can be built the next best accommodations are to be offered.

The question now is which route to choose. The Oregon Short Line surrounds the place in a semi-circle at a distance ranging from 150 to 200 miles. There are five possible points from which the cross-country route may be started.

MEETING OF COUNTY BOARD

Citizens Petition for Employment of Special Counsel to Collect Delinquent Taxes.

Charles T. Kountze, Frank Murphy, Luther Drake, Ben E. Wood, James Craig and others have petitioned the county commissioners to employ additional attorneys and counsel to aid in the collection of delinquent taxes against real estate in Douglas county. They aver that it would be a paying investment, and the county board at yesterday's meeting referred the suggestion to the committee of the whole.

Four local attorneys have made two more proposals in the tax matter, which may possibly be considered Monday, to which time the board took recess. The first of the two is that of L. J. Platt and Frank T. Hanson, who wish to make a five-year contract with the commissioners to collect delinquent real estate taxes for 15 per cent of all collections over \$2,500 per month, which is the present average. They will be exhorting and "pushing," but the delinquents whom they stir up are to make payment to the county treasurer, not to the attorneys.

The other proposition is from Charles E. Fanning and Fred Anderson, the latter first of the two being a contractor. They wish to be empowered to get after the delinquent personal taxes, their commission to be from 5 to 50 per cent of the amount collected, according to the number of years that the taxes are delinquent. Mr. Miller is trying to get rid of some old warrants and wrote the board that he has in the office about 800 of them dating as far back as 1896 and ranging in amount from \$1 to \$4, mostly in payment of various coroner and jury fees. They will be exhorting and "pushing," but the delinquents whom they stir up are to make payment to the county treasurer, not to the attorneys.

Just now the Ketchum route seems to be in highest favor, because it is short and because so large a part of it can be done by wagon and stage. The route will not be picked, however, until a party can be sent over each route to investigate. This will be done in April. It is desired to get as far west as possible in selecting the way, for the climate nearer the coast is more salubrious. A line in from Red Rock could only be used about two months a year. On all the proposed routes the trail part comes at the Thunder mountain end, where the topography simply excludes horses. It is a climb all the way.

GET A TAG FOR YOUR DOG

Otherwise the Executioner at the New Pound May Have to Do Some Work.

The first week of the dog tag sales closed yesterday and the records in the city clerk's office show that sixty-two tags have been sold. It is supposed that next week the number of sales will be doubled. After April 1 all untaxed dogs are liable to confiscation by the poundmaster.

City Comptroller Westberg secured tag No. 1 for his Great Dane, "Queen," and City Treasurer Hennings "Queen No. 7 for his Pomeranian Spitz, "Pomona." A dog owner applying for a tag must give the name, breed, sex and color of the animal for which the tax is intended. Terriers seem to be the most numerous class of protected canines, and of these there are six subdivisions—fox, Scotch, Alay, rat, bull and Boston. There are four breeds of the genus bound thus far represented, as follows: Gray, fox, blood and basher. Of spaniels there are two, water and cocker, and of poodles, two, French and German. Ninety per cent of the dogs are males and 80 per cent of them are owned by women or children.

CARLOAD OF CRAZY SOLDIERS

Eighteen from Philippines Pass Through Omaha Enroute to Washington.

A carload of maniacs who were brought in from the west yesterday caused some commotion at Union station. The men were United States soldiers, gone insane in the service in the Philippines, and their condition was pitiable. All wore leg irons and handcuffs and some were in straight jackets, being then bound to isolated parts of the car.

There were eighteen of these maniacs in all. As guard and care takers was a squad of government soldiers, stationed at the doors of the car and at intervals along it, with clubbed knags.

As the train pulled into the station there was a confused sound, as of a menagerie approaching. The imprisoned men were chattering, snarling, growling, moaning, roaring and whining like so many wild beasts. Each seemed to imagine himself some representative of the animal kingdom, and the result was terrifying and heartrending to the spectators.

Depot employes and trainmen who did not know of the presence of the maniacs were given shocks when passing the car by hearing a snarl or roar and then looked up to see a maniac's face, which had their lips drawn back and teeth exposed. One unwitting man became weak and faint from pity and horror and was compelled to lie down in the men's waiting room to recover his wits.

CONTRACT FOR IOWA LINE

Construction of Road Will Be Under William Kenefick of Kansas City.

CHICAGO, March 15.—The contract for the construction of the Iowa & St. Louis railway from Elmer, Mo., on the Santa Fe, to a connection with the Iowa Central, near Centerville, Ia., and the Chicago & Northwestern near Buxton, Ia., was today let here to William Kenefick of Kansas City, Mo. The contract calls for the completion of the line not later than August. The road is being built by the Gates-Lambert-Mitchell interests.

TOTALLY DESTROYED BY FIRE

Residence of Mrs. Callen on Decatur Street, Burns to the Ground.

The one-and-a-half-story frame residence of Mrs. Anna Callen, 2831 Decatur street, with its contents, was totally destroyed by fire at 3:30 yesterday morning. How the fire originated is not known. No alarm was rung until the reflection of the blaze was seen by the firemen at Fortieth and Cumling streets. When the fire was finally located and the department arrived the building was almost totally destroyed and the loss was estimated at \$400, with \$200 insurance.

JUDGE VINSONHALER VEXED

Administers Severe Rebuke to Mother of Judge Learn's Boys.

REFUSES TO RELEASE INSURANCE MONEY

County Court Considers Itself Deceived by the Colorado Woman Who Took the Children from Her Jurisdiction.

The usually amiable countenance of Judge D. M. Vinsonhaler of the county court was clouded with a frown yesterday when he administered a rebuke to the woman who was formerly the wife of Judge William R. Learn, that was, attorneys say, more severe than they have heard from the bench in many months.

The judge, speaking from the bench, said among other things: "I feel that this woman has deliberately lied to me; that she was contemplating applying for guardianship at the very time she made her solemn promise to me that she would return these boys. Not one cent of their money will I allow her to have until she has appeared here and righted this wrong. I feel an interest in protecting these children and their estate not only in an official capacity, but as a friend of Judge Learn, their father."

The matter came up on the application of Mrs. Emma Keifer, who was formerly Mrs. Learn, for the \$4,000 estate which came to the boys as the insurance paid after their father's sudden death April 2, 1901. In 1893 Judge Learn obtained a divorce from his wife in Boulder county, Colorado, and was given the custody of their two sons, William R., who is now 14, and Leslie E., who is now 13 years old. After the judge's sudden death with heart failure his former wife, who had meantime married a Mr. Keifer of Cripple Creek, Colo., appeared before the county judge and asked to take the children with her to her western home for the summer vacation.

GIFTS FROM THE EMPEROR

Fine Presents Are Received by Members of the Samoan Commission.

WASHINGTON, March 15.—The recent passage by congress of the act authorizing officials of this government to receive gifts from foreign officials enables the State department to send to their destination three handsome presents bestowed by Emperor William of Germany last August on the members of the Samoan commission.

Commandant Miller's gift is a splendid gold chronometer bearing a fine bas relief of the emperor's head in profile in light yellow gold and the Prussian coat of arms delicately embossed. The chain also is of gold in thick links. Surgeon Major Morgan's gift is an unusually fine pair of marine binoculars and Mr. Morgan, who was secretary of the commission, a silver writing set, both gifts being marked with the imperial crest.

M'KINLEY FUNDS INCREASES

Contributions of February Larger Than Those of Any Other Month.

CLEVELAND, O., March 15.—At a meeting of the executive committee of the National McKinley Memorial association held here today, the design for the contributor certificate submitted by a New York firm was accepted. The certificate will be printed on engraved plates upon fine card-board, suitable for framing.

The design is very handsome, being nine by eleven inches in size. In addition to the scroll work it contains a fine picture of the late president, the White house and the McKinley home at Canton.

The report of Treasurer Myron T. Herrick showing the places to which the money is rapidly increasing, the contributions received during February being larger than for any month since the organization of the association.

After having been placed at a physican's office Tracy was driven to his home in Manhattan.

SUIT OVER WITHNELL ESTATE

Children of John Withnell's First Wife Claim Portion of the Property.

The children of Mary Withnell have brought suit against Martha Withnell and Henry Farmer, widow and estate administrator, respectively, of John Withnell, who died January 29, 1901, for \$125,000. They allege that that amount of property was left them by their mother, Mary Withnell, who was John's first wife, and that their father converted it into money and then into real estate after her death, January 5, 1893. His second wife, Mrs. Withnell, alleges that his second wife seeks to hold their inheritance. The plaintiffs are Charles H. Withnell, John H. Withnell, Frank R. Withnell, Libbie W. Withnell, Eliza Withnell, Cora B. Bellis, Blanche Williams and Alvina Graves.

MISSOURI FARMER BURNS TO DEATH

ST. JOSEPH, Mo., March 15.—Frank Dunn, grower of blooded stock and a well-known name in the horse and cow world near Westboro, Mo., today, during a fire in one of his large barns, several horses and cattle were inside the barn and were to be seen these animals that prompted him to rush about and save the animals. The roof fell in and Dunn's body was incinerated.

MICHAEL McDONALD

GRAMER CHEMICAL CO., Albany, N. Y.

GENTLEMEN—"In March I caught a bad cold which lodged in my kidneys. At first I paid no attention to it and in April I suffered tortures. The pains in my back were terrible and I decided something must be done. I had never been sick but I could not ignore the fact that I was now in danger. I secured a bottle of Gramer's Kidney and Liver Cure, and after taking six doses I noted a little relief. I improved gradually until after taking the entire bottle and part of another I am now as strong and vigorous as ever. It gives me great pleasure to recommend your valuable medicine as a great kidney cure and blood reconstructor." Yours truly, MICHAEL McDONALD, Leavenworth, Kansas.

Cramer's Kidney and Liver Cure comes in two sizes, 5
