

WANT OTHER LINES INCLUDED

Railroads Named in Bill by Commerce Commission Agree on Plan.

WILL WAIVE OPPOSITION, CONDITIONALLY

Decide Not to Resist Restraining Order if Union Pacific and Other Lines Are Taken In.

CHICAGO, Ill., March 19.—Attorneys representing the Kansas City-Chicago railroad and W. A. Day, representing the government, will hold a conference here tomorrow, Thursday, with a view of reaching an understanding regarding certain phases of the proposed litigation seeking to secure an observance of the provisions of the interstate-commerce act.

By agreement next Tuesday has been set as the day for hearing the petition at Kansas City before Judge John F. Phillips and it is expected that before that time an understanding will be reached whereby the railroad will not actively oppose the granting of the injunction sought.

Mr. Day is on his way to Chicago from Kansas City and it is understood that he will be met at the conference. Officials say that provided the restraining orders shall be drawn in a manner acceptable to the railroad, and provided all lines, both east and west of Kansas City, are included, no opposition will be made to the litigation.

Want to Avoid Complication.
After further considering the situation the general counsel of the railroad involved has agreed that injunctions against the railroads named in the bill would bring about a situation greatly to be deplored by the railroad.

The Santa Fe and Rock Island for example, extend west of Kansas City for the former controlling its rail to the Pacific coast. Should injunctions issue against them and not against the Union Pacific and other lines that extend west from Kansas City, and southeast also, the result, so far as the lines enjoined are concerned, would be disastrous.

It is asserted that such a condition would work an injustice against these roads as it would preclude their meeting competition. Lines which do not extend to the Missouri river have decided to indorse this view of the case and join in insisting upon the government's view of the case.

Other Roads Included.
Kansas City & Northern, connecting Kansas City, Northwestern, Kansas City Southern, Leavenworth Kansas City & Western, Missouri, Kansas & Texas, St. Joseph & Grand Island, St. Louis & San Francisco, and Union Pacific.

Attorneys interested declare that they can see no reason why the government should refuse to include the roads, but if such is not the case, the present bill will be fought probably by the interposition of a demurrer. If they can possibly avoid so doing, executive officials of some of the lines interested to not wish to be placed in the position of appearing in court and objecting to being restrained from doing what is admittedly illegal.

KANSAS CITY, March 19.—The expected injunction suit to restrain rate cutting, that in was stated would be started here today by Attorney William A. Day of the Interstate Commerce commission against seven Chicago-Kansas City lines may not be filed till the end of the week. Judge John F. Phillips of the United States district court, however, the proceedings would have to be filed in Jefferson City at that time.

Mr. Day was in conference with him late yesterday and it is stated he refused to accept a filing in that city. Judge Phillips, it is said, will not return to Kansas City before Friday or Saturday.

JEFFERSON CITY, Mo., March 19.—Nothing was done here today in the Interstate Commerce case against the Kansas City-Chicago lines. The case will be held in Jefferson City before Friday or Saturday.

BESLER GETS BETTER BERTH
Former Burlington Man Made General Manager of Jersey Central Road.

PHILADELPHIA, March 19.—President Basor of the Central Railroad of New Jersey today announced the appointment of W. G. Besler, to be general manager of the company. Mr. Besler has been general superintendent of the Reading railway since September, 1900. He resigned this position to accept his new berth.

Mr. Besler was born at Galesburg, Ill., in 1851. In 1881 he entered the service of the Chicago, Burlington & Quincy railroad as clerk, and after serving five years he left the railroad service to take a special course in the Massachusetts Institute of Technology. He re-accepted the Burlington service in 1888 as night yardmaster and served three years in that position and as trainmaster and chief dispatcher. Later he constructed and operated a branch line of the Burlington route and was for six years the superintendent of the St. Louis division. In 1894 Mr. Besler was promoted to the position of general superintendent of the Central Railroad of New Jersey.

PHILADELPHIA, March 19.—Representatives of the operating and mechanical departments of the Burlington system met in annual convention in this city today. G. W. Rhodes, assistant superintendent at Lincoln, Neb., presided at the opening session. About 150 general superintendents, superintendents, managers and other heads of the two departments were present.

NEGRO IS LYNCHED BY MOB
Taken from Jail and Hanged for the Murder of a White Man.

NATCHEZ, Miss., March 19.—John Woodward, the negro murderer of Leonard Calvert, a white planter of Union Point, Concordia parish, La., was lynched early today within 300 yards of the parish prison in Vidalia, La. The mob gained admission to the jail by knocking away a prisoner from Calumet parish. After the door was opened they demanded the body of Woodward. Jailer Buchs refused to surrender him and several men caught him. A member of his family, fearing the mob would do him violence, gave up the key to Woodward's cell. Woodward pleaded for his life, but he was taken to a tree and hanged.

The negro had stolen some cotton from Calvert. On February 17 he was taken to jail and Calvert was taken to the jail. Woodward was taken to the jail and Calvert was taken to the jail.

Offered to Settle Guy.
CLEVELAND, O., March 19.—James R. Guy, who was arrested here last night, offered to settle with the family of the man he was charged with murdering.

SIGNS POINT TO A STRIKE

Indications at Miners' Convention Suggest Another Big Tie-up.

OPERATORS LETTERS UNSATISFACTORY

Mine Owners Are Not Disposed to Grant Concessions Sought by the Union Workers.

CHICAGO, March 19.—J. C. Barclay, electrician of the western division, has been appointed electrical engineer of the Western Union Telegraph company, with headquarters at New York, vice A. B. Brown, resigned. The appointment takes effect April 1.

SHAMOKIN, Pa., March 19.—The miners' convention began today the consideration of the important matters which will decide whether the notices posted by the operators at the various collieries, announcing a continuance of existing conditions, shall be accepted or rejected.

The committee on rules and order of procedure at the assembling of the convention, and completed the details of its work. The delegates this morning displayed much interest in the expected presentation by President Mitchell of the letter from the presidents of operating companies declining a conference with officials of the United Mine Workers. These letters constitute one of the most important subjects to be considered by the convention, but the delegates, having nothing but a general knowledge of their contents, declined to discuss their probable action concerning the communications.

President Mitchell today reiterated his denial that the visit of Secretary Ralph M. Stanley of the Civic federation concerned the situation in the anthracite coal region. When asked if he would make any further effort to see J. Pierpont Morgan, Mr. Mitchell said he made no arrangements looking to that end.

Want Coal Weighed.
The settlement of the delegates was for the first time officially expressed during the morning session of the convention. President Nicholas of district No. 1, speaking on the question of a scale committee, said:

"The men of our district want their coal weighed, and they want it weighed so badly that they are ready to fight for it if necessary."
This assertion elicited vigorous applause, which is taken as an indication that most of the delegates are ready to insist on the question with instructions to insist on concessions by operators.

A letter signed by several victims of the Lattimer strike, appealing for aid, was read and on motion a collection was taken up for the benefit of the sufferers. A Polish delegate stated that as a few of the delegates could understand but little English, interpreters report the proceedings to their colleagues. A motion to this effect was carried and the vice presidents of the three districts were appointed to serve.

The credentials committee made its final report, which showed the total number of delegates present to be 631, with 928 votes.

Admit Firemen's Union.
A request for admission to the convention from delegates of the firemen's union met with some opposition, but a motion admitting them was carried.

TO BUILD RAILROAD IN PERU
J. B. Haggis, California Millionaire, Said to Be Contemplating the Enterprise.

SAN FRANCISCO, March 19.—The Post says: J. B. Haggis, the millionaire mining man, is contemplating the construction of a railroad in Peru. Some time ago the Haggis-Twombly syndicate secured possession of valuable mining properties near Pasco, Peru, and plans are under way for working the mines on an elaborate scale. Years ago Victor Bogue, the railroad engineer, had been last night for Nevada to arbitrate the Harriman-Clark trouble, made a survey of the railroad from Arroyo to a point near the Sierra Pasco mines, a route which Mr. Haggis has discovered would be the most valuable to the syndicate in its plans for carrying a line to the coast.
