

Reward of Merit

A New Catarrh Cure Secures National Popularity in Less Than One Year.

Throughout a great nation of eighty million it is a desperate struggle to secure even a recognition for a new article, to say nothing of achieving popular favor, and

yet within one year Stuart's Catarrh Tablets, the new catarrh cure, has met with such success that today it can be found in every drug store throughout the United States and Canada.

To be sure, a large amount of advertising was necessary in the first instance to bring the remedy to the attention of the public, but everyone familiar with the subject knows that advertising alone never made any article permanently successful.

Physicians who formerly depended upon inhalants, sprays and local washes or ointments, now use Stuart's Catarrh Tablets, because, as one of the most prominent stated, these tablets contain in pleasant, convenient form all the really efficient catarrh remedies, such as red gum, blood root and similar astringents.

They contain no cocaine nor opiate and are given to little children with entire safety and benefit.

Dr. J. J. Hettiger of Covington, Ky., says: "I suffered from catarrh in my head and throat every fall, with stoppage of the nose and irritation in the throat, affecting my voice and often extending to the stomach, causing catarrh of the stomach. I bought a fifty-cent package of Stuart's Catarrh Tablets at my drugstore, carried them in my pocket and used them faithfully, and the way in which they cleared my head and throat was certainly remarkable. I had no catarrh last winter and consider myself entirely free from any catarrhal trouble."

77a. Jerome Ellison of Wheeling, W. Va., writes: "I suffered from catarrh nearly the whole life and last winter my two children also suffered from catarrhal colds and sore throats so much that they were out of school a large portion of the winter. My brother, who was cured of catarrhal tablets, urged me to try them so much that I did so, and am truly thankful for what they have done for myself and my children. I always keep a box of the tablets in the house and at the first appearance of a cold or sore throat whip it in the bud, and catarrh is no longer a household affliction with us."

Full sized packages of Stuart's Catarrh Tablets are sold for fifty cents at all druggists. Send for book on cause and cure of catarrh, mailed free. Address F. A. Stuart Co., Marshall, Mich.

NEBRASKA INSURANCE RISKS

State Auditing Department Reviews Company Finances for Year.

LINDELL HOTEL, LINCOLN, HAS A FIRE

W. J. Bryan Observes His Forty-Second Birthday Anniversary by Moving from the City Back to His Farm.

(From a Staff Correspondent.) LINCOLN, March 19.—(Special.)—The increase of insurance risks in Nebraska during the year 1901 was greater than in any similar period of time for fifteen years past. A report showing the actual business transacted by each company in this state will soon be issued by the state auditing department. It will show all classes of insurance to be in a healthy condition, with less loss incurred and more business in force.

"I regard the statement as the best showing given out by this department since the hard times began and I doubt if a better showing was ever made in the state," said Deputy Insurance Auditor Babcock today. "All lines seemed to enjoy good business, the mutuals as well as the others. There was a slight falling off in the fall insurance, but notwithstanding this more losses were paid than in the previous year."

The business of all regular or old-line life insurance companies operating in Nebraska during the years 1900 and 1901 is summarized as follows:

Table with 2 columns: 1900, 1901. Rows include Total income, Total disbursements, Amount in force, etc.

The business of stipulated life insurance companies is shown in the following table:

Fire in Lindell Hotel. Two steamers, an aerial truck, one hook and ladder apparatus, a host cart and two chemical engines, comprising about one-half of the entire equipment of the Lincoln fire department, were called into service this afternoon to extinguish a fire in the closet

Fire! Fire!!

When that cry sounds how people rush to help and sympathize! And when some woman rescues a woman from the flames the streets echo with applauding shouts. And yet if that woman had perished in the flames it is possible that she would have suffered less than she suffers almost daily from the inflammation which disease has lighted in the delicate womanly organism. That fire of inflammation can be put out. The gnawing ulcer can be cured. Dr. Pierce's Favorite Prescription not only establishes regularity and drives enfeebling drains, but it heals inflammation and ulcerations and cures female weakness. It makes weak women strong and sick women well.

"I suffered for four years with what four physicians pronounced 'leucorrhoea' and protracted the uterus," writes Mrs. Ada Brooks of Kirbyville, Taney Co., Missouri. "Also inflammation of bladder and urethra. My case was chronic and complicated. Had several good physicians, but they failed to cure me. In four months I had my bed five months when I wrote to you. I received your reply very soon and then the Marvel Whiting Spray. I took eight bottles of his Marvel Whiting Spray. I feel like a new woman. My case was chronic and complicated. of the room of Deputy Attorney General Norris Brown in the Lindell hotel. The flames were extinguished with but little difficulty. A considerable lot of Mr. Brown's clothing was destroyed but the room and building were unharmed. Mr. Brown was at the capitol when the fire occurred and could offer no reasonable excuse for his absence. A hasty examination by a committee of disinterested attorneys brought forth the verdict, however, that the fire resulted from a combination of hot air from a recently prepared legal argument with the flashy colors of the new Scotch hosepans and other imported cloths in Mr. Brown's wardrobe.

Omaha Case Submitted. The Omaha fire and police commission mandamus case was argued and submitted to the supreme court this afternoon. Attorney General Proust appeared for the governor, while the relator, Carl C. Wright, was represented by Frank T. Ransom and W. F. Gurley.

Court adjourned tonight, delivering opinions in about five cases, none of which is of unusual state interest.

To Master Fremont Company. Lieutenant Hull of this city has been detailed by Adjutant General Golby to muster the Fremont company of infantry into the state service March 28. The company will be designated as an engineer and signal corps.

Lincoln Eclectic Society. The Eclectic society of the Lincoln medical school held its annual banquet last evening at the Lindell hotel in honor of the senior class, consisting of twenty-one members. E. W. Goldman acted as toastmaster and introduced the following who responded to toasts: William Dugan, John H. Morrow, Rev. Fletcher L. Wharton, George Adams, and Dr. L. Wilcox.

The senior class is composed of the following: Essie K. Bondurant, Thomas V. Davis, James Oscar Latta, Samuel Metheny, Amy Rilus Robinson, Everett F. Harrington, Samuel J. Stewart, Charles S. Grabin, Roy Hazey, Joseph H. Hill, Joseph Joseph New Campbell, Wellington W. Keith, John H. Morrow, Charles Edward Protzman, George Earl Henton, John R. Gray, Ralph V. Overton, Burton O. Young, Charles A. Yoder, Joseph J. Kenner, Cornelius F. Jenkins.

W. J. Bryan is Forty-Two. Mr. Bryan was 42 years old today, and he celebrated the event by moving from the city to his farm. The residence at 1625 D street, with its historic porch, was vacated, and until his new residence on the farm is completed the family will reside in the barn.

This barn is not the small frame one familiar to many in the 1900 campaign, but a substantial brick structure, plastered and partitioned off, and as comfortable as many houses. Mr. Bryan's new home has reached the foundation stage, and his wife and moving was to be finished in a few days to be present and watch the building of the superstructure, the putting in of the crops, the planting of the trees and the beautifying of the place generally. The farmhouse and barn erected a few years ago by Mr. Bryan were destroyed by another part of the place, and the new home stands on the broad eminence overlooking the city.

OIL EXPLOSION CAUSES DEATH

James Lawless, Victim of Hastings Fire, Gives Account of the Origin, Then Dies.

HASTINGS, Neb., March 19.—(Special Telegram.)—James W. Lawless died early this morning from the effects of the burns received yesterday in the fire over Klein's restaurant. A short time before he died Lawless regained consciousness and gave an account of the origin of the fire. He said it had been about thirty minutes after he retired that he was awakened by smoke in his room and on getting up he saw flames leaping to the ceiling in the next room, where he had left an oil stove burning. When he reached the stove it was a mass of flames. He attempted to turn down the wick, but the stove exploded. Lawless said he remembered being in a mass of flames after that, but that was all. His father and brother are expected to arrive tomorrow from Michigan.

ARE YOUR KIDNEYS DISEASED?

Mrs. Rebecca Smith of Westfield, N. J., who is 92 years old, was cured of kidney and bladder disease and so-called female weakness and is kept perfectly healthy by Warner's Safe Cure. She says her kidneys and bladder are as healthy as when she was twenty years old.

A Simple Test Will Tell

If any of your family in this or past generations have been troubled with Kidney Disease make a Test of your Urine and satisfy your self.

TEST YOUR KIDNEYS.

Put some morning urine in a glass or bottle, let it stand for twenty-four hours; if then it is milky or cloudy or contains a reddish brick-dust sediment, or if particles or germs float about in it, your kidneys are diseased. This is the supreme moment when you should begin to take Warner's Safe Cure to arrest all these unnatural conditions, for they are the unmistakable symptoms of kidney disease. If after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send us a sample of your urine and our doctors will analyze it and send you report with advice, free of charge.

DROWN IN THE PLATTE RIVER

Mrs. Henry Rima and Niece Borne Away by Ice-Laden Torrent.

HORSES BACK BUGGY OFF THE BRIDGE. Schuyler People Witness Tragedy and Run Along Bank After Bodies, but Are Unable to Accomplish Their Rescue.

SCHUYLER, Neb., March 19.—(Special Telegram.)—In attempting to pass a team while crossing the Platte river bridge this morning at 11 o'clock, a team driven by Mrs. Henry Rima, of Butler county, accompanied by her niece, Amanda Rima, aged 12, became frightened, began backing, crowded the buggy against and broke the railing, and precipitated the buggy, its occupants and the team into the river. They fell into six feet of mucky rushing, ice-laden water. At the middle of the main channel, now about sixty-five yards wide. Two men ahead on the bridge descended to the bank of the stream as soon as possible and were at times within ten feet of the drowning bodies, but were unable to effect a rescue. The bodies were not altogether lost sight of until nearly to the railroad bridge, a mile down stream, and one person claimed to have seen one body pass under the bridge. A vigilant lookout was maintained by nearly 100 people until nightfall, but without avail. Mrs. Rima was about twenty-four years of age and leaves a husband and a three-year-old child. The niece was Rima's brother's child, living with them. The horses effected their escape.

SAFE CURE

Female Troubles. Miss Lillian Ramsey, President of the Denver Quincey club of Denver, Colo., says: "I was all run down, had no appetite, was troubled with indigestion, pains in my back and suffered with nervousness during my monthly periods until I used Warner's Safe Cure. It cured me. I am now as strong and healthy as any woman could be. My mother suffered for over two years with what our doctor called 'weakness peculiar to women.' She had severe pains in her back and her head ached almost constantly; in fact, she was an invalid. The doctor prescribed Warner's Safe Cure. Three bottles made a permanent cure. She has no more of her old trouble and enjoys perfect health. Her complications were caused by disease of the kidneys. Had my mother taken Warner's Safe Cure she would have been cured instead of a lot of so-called cures for female troubles, which would have been saved a great deal of money."

DOCTORS PRESCRIBE IT.

Dr. C. F. Burchmore, a prominent physician of 278 Huntington-av., Boston, Mass., says: "I always prescribe Warner's Safe Cure for all forms of kidney, bladder disease and female weakness, and have years of experience in placing it with the result where disease of the kidneys, bladder or urinary organs existed. Count on my every time as a strong advocate of Warner's Safe Cure."

The Morning's Mourning

As George Ade says, in his new opera, "Ki-Ram!" "It is no time for mirth and laughter. The cold gray dawn of the morning after." A fur overcoat on your tongue; "hair on your teeth;" a taste "as if a cat had littered in your mouth;" nerves a-tremble; aching hair; a "bust-head of splitting agony;" appetite—none; movement of the bowels—none; a sign; present (unwelcome visitor), Gen. R. E. Morse. Never do it again, eh? Oh yes, you will. Remember "The Devil was sick; the Devil a monk was he." "The Devil got well; the Devil a monk was he." and a Cascart three times on the day of misery will make you well. But, for goodness sake, be wise, up to the century, and the next time you go out with the boys, eat too much, drink too much, irritate your stomach, block your bowels, don't forget that you can prevent the "morning's mourning" by taking a Cascart Candy Cathartic before you go to bed. They work while you sleep and make you awake bright as a new dollar in the morning. Always carry a box in your pocket, and have another on your dresser and another on your night table. Also one lest you forget.

Miss Monic Bowey

No. 38 Perry Street, Detroit, Mich.

"A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the paper of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine."
