the results of the investigation and subsequent rulings and agreements will apply directly to Chicago-Omaha lines as well.

Five of the eight railroads against which quarters are considerably cramped the injunctions were instituted in Kansas City are Omaha railroads and three of them are Omaha-Chicago trunk lines. These are the Burlington, the Rock Island and the Chicago, Milwaukee & St. Paul.

The close identity of the interests of the two hauls, Chicago-Kansas City and Chicago-Omaha, arises from the fact that the rate is the same for each. It is learned ern spur of the Rockies, the Tacs and Huerfrom local commercial interests that the favors offered shippers are also analagous on these two runs. The cut to 18% cents per

charge of 13% cepts is made here as well es at Kansas City.

Knewing this, the commission is thus enabled to kill two birds with one stone. Over the shoulders of the Kansas City lines they lash the Chicago-Omaha lines as well, and whatever is meted out to the one class local shippers say, will undoubtedly cease is about fifty miles directly west. event that they are laid bare in the course of the present investigation and con manded to stop it on the other run.

Platte Valley Colonization. Fifteen thousand is the number of people the Union Pacific rallway hopes to bring into Nebraska and locate along the Platte river valley. That the home colonization project of this ratiroad was so vast as this had not been imagined, but Immigration Agent George L. McDonough of the system said yesterday that he had room for about that many and intended to put them in if untiring energy could do it.

This, then, becomes one of the largest of the Union Pacific's many new plans for building up its system and the territory covered by it. The four other principal schemes for immediate operation are the building of the cut-off across Great Sakt Lake, the repovation and revision of the entire Southern Pacific line from Lucin at the west end of this cut-off to San Fran- a grand success. Foundry Reports Unconfirmed.

It was impossible to confirm among officials of the motive power department of the Union Pacific railway yesterday the report that the foundry at the shops was soon to be discoptinued. It was stated, however, that such a move would be a gradual one, and could not be consummated in less than many months' time.

South Omaha packers are entering actively into competition with Chicago and Kansas City markets in bidding for government contracts. Within the last few days Armour & Company of South Omaha secured a contract from the government for 180,000 pounds of meats to be sent to the Philippines. Of the shipment one car will b hams and three cars of bacon. All of the meat sold to the government for use abroad is subjected to rigid inspection. In order to prepare the meat to last an indefinite in any climate a special cure in used. Hams are cured for sixty days and the bacon goes through a process specified by the government. The meat purchased here for government use is inspected three times. First when the animals are slaught ered, again when the portions are sent to the smoke house and lastly when taken from the smoke house. These inspections here are made by the chief commissary of the Department of the Missourt.

Of the order sent to the local Armour plant the first shipment will be made on April 1 and the second May 26. The government, in asking for bids designates the dates of shipment. In speaking yesterday of these foreign shipments a packer said: "The Bouth Omaha packers are prepared to take care of any amount of business the bids are received on a competitive basis trade. Dr. Miller Reiterates His Expressed Views as to the Double Standard.

OMAHA, March 19 .- To the Editor of The Bee: You say that I was mistaken when I said in the World-Herald that bimetaliem was dead. I was not mistaken, although, agreeing with The Bee entirely the reference to Senator Jones clearly shows that I meant the 56-cent dollar in that allusion to bimetalism. I was then speaking of the bimetalism of the Jones-Bryan brand, but I also referred in the same connection to The Bee's and Senator Hill's kind of bimetalism, or the double standard of money in which it is supposed that gold and silver are jointly used as the standard. I denied, and deny now, that this kind of bimetalism ever had any ex-

istence in our country. I also said in the World-Herald, and sak permission to repeat in The Bee, that while there has been an alternative use (not rise as the types in the former made me say) of the two metals in France and other coun tries under certain conditions as to standard, I meant both were never so used. Two yardsticks cannot be used in measuring value any more than they can be used it measuring called.

This country pever saw himetalism, or double standard of value. Mr. Jefferson brought it upon a silver basis for a season and it was then planted on a gold basis In all the divergencies of war and peace for nearly seventy years it has remained on that sound basis. All statements to the contrary are, and always have been, simply untrue and misleading. After the second insult Mins Kramer informed her mother, Mrs. Lillian Kramer, a widow residing at 514 South Thirteenth street. The latter desired the police informed and the negro arrested. This, however, Miss Kramer would not consent to. fearing the publicity attached to such proceeding. The offense was repeated almost daily until Miss Kramer became so frightened that she never ventured on the street unless it was crowded. On one occasion, said Miss Kramer, the negro ran across the street and in his attempt to speak to her pushed her against a brick

Last Tuesday morning, while Miss Krame was coming to work, she saw the negro at Pifteenth and Harney streets. He followed her to the store door and harred her way, at the same time making insulting remarks. Miss Kramer Snally passed by him into the store and gent a boy for an officer. The boy notified Officer Bloom and told him to watch the colored man, who had just left the front of the store. The officer started after Bowler and arrested bim in a drug store at Sixteenth and Chicago streets Miss Kramer was so frightened and excited after ordering the man's arrest that she fainted. She went to the police station ater and told her story to City Prosecutor Thomas, who filed a complaint against Buwler.

Miss Kramer said she did not know the name of the man nor, had she ever seen him until the time be began to insult her. Manufacturer of Candy, Adds a Few Words of Praise.

OMAFIA, June 10, 1900. CRAMER CHEMICAL CO., Albany, N. Y. Gentlemen: Your remedy for kidney rouble, with which I suffered for several years, gave me such relief that I felt in duty bound to address you this letter to say that I do not think there is a medicine today that equals it for complaints of the kidneys. My case was a had one, with severe pains at times. In fact, I had so much distress that I was often compelled to lay awake nights. Seeing your remedy advertised extensively I was induced to try After the use of a few bottles I am again in perfect health and have to thank your wonderful remedy for it. I shall rec ommend it to all my friends having this dire trouble. Respectfully yours,

DAVID O'BRIEN. Cramer's Kidney Cure comes in two sizes-50c and \$1.00-all druggists. Send for free sample to the
