PROVISIONS GO QUITE THE CONTRARY

Warm Weather Reports and Steady Cables, with Only Few Wheat Damage Reports, Give Market a Bearish Movement.

CHICAGO, March 19.—Weather condi-tions and predictions favored sears in the grain pits today and in spite of numerous crop damage reports, wheat led in a gen-eral break. At the day wheat had lost a gen-and May outs &c. Provisions went con-trary to grain and closed &c higher all

erai break. At the close of the session May wheat had lost \$\frac{1}{2} \text{c.}\$ May corn \$\frac{1}{2} \text{c.}\$ e. Provisions went contrary to grain and closed 5c higher all around.

Early in the day, when prices were a little lower on the warm weather reports and steady cables, the local crowd took to the buying side in the wheat pit. Oklahoma and Kansas persisted in the compaining of serious damage to the winter whoat crop. One report said that the recent showers gave only temporary relief and that the wheat crop was not in good shape. Fairly buillah decreases of stocks in the northwest were reported. May wheat went of \$\frac{1}{2} \text{c.}\$ closer at \$24\text{c.}\$ day, wheat went of \$\frac{1}{2} \text{c.}\$ day wheat went in \$\frac{1}{2} \text{c.}\$ day wheat went of \$\frac{1}{2} \text{c.}\$ day wheat went in \$\frac{1}{2} \text{c.}\$ days wheat went in \$\frac{1}{2} \text{c.}\$ days wheat went of \$\frac{1}{2} \text{c.}\$ days wheat went in \$\frac{1}{2} \text{c.}\$ days wheat were reported. Early there had been much difference in the minds of trad-ers regarding the probable course of the market, but exporters report the

closed weak, %c lower, at 42%c. Receipts were 48 cars.

For a few moments early in the day provisions were inclined to be easy. The hog quotation run tallied exactly with the estimate, but hogs were still firm and as a good cash demand for provisions sprang up, pit prices advanced. Scalpers sold all produces, but the offerings were all taken. Trade was not large nor was there any important feature unless it was the marked firmness shown in the face of the bad break in grains. All May options closed 5c higher. May pork at \$15.43%. May lard at \$3.40 and May ribs at \$3.50 and May ribs at \$3.50 cars; corn, 60 cars; oats, 75 cars; hogs, \$4.000 heat.

NEW YORK STOCKS AND BONDS. Market Generally Dull, Interspersed

with Spectacular Movements. NEW YORK, March 19.—It is not often that the stock market witnesses such a series of spectacular and sensational movements as it was treated to today and in rather a dull market at that. In fact the duliness in the general list was extreme and prices of the important railroad stocks moved only with the utmost reluctance.

The bond market was rather dull and irregular. Total sales, par value, £2,615,000. United States bonds were unchanged on the last call. United States bonds were unchanged on the last call.

The Commercial Advertiser's London financial cablegram says: It was an idle holiday market today, but the tone was cheerful, due to the continued bear figeting over the Kaffir situation. Kaffir shares were inanimate, but firm, Canadian Pacific alone was in demand. Copper was down % to 53% the ton. Blo tintos sold at 44%. Money is steady. The market is borrowing heavily because of revenue collections, Gold to the amount of £19,000 has been received from Holiand. The coast offers a 3 per cent £1,00,000 loan at 11.

SALE OR LEASE. IN THE BEST KNOWN PIELDS IN

WHERE wells and refineries have been in operation for years.
WHERE it is claimed certain wells have each produced one million dollars worth of oil—one well over one million and is still producing good quantity.

We have oil stock for sale in a good producing company now in operation; price teday. But to 12c per share. Write for particulars. If fullest investigation does not substantiate our representations we will pay railroad fare from your town to the field. We mention this guaranty, knowing the papers are full of propositions void of merit.
