Miners and Operators Reach Am tcable Conclusion-No Prospect of Congressional Redistricting.

(From a Staff Correspondent.) DES MOINES, March 20 .- (Special.) -- The inevitable conflict of appropriation bills became a burning issue in the senate this morning, and senators grew red in the face as they considered some of the phases of the troublesome question. The matter lows: Polk, Pottawattamie, Woodbury, came up on a motion by Garst, chairman of that committee the house bill to give \$37,- than two countles: Lyon-Osceola, Dickin-000 to the state fair people to build a pavilion for judging fancy livestock. In view Humboldt-Hancock and Winnebago-Worth. of the fact that this is not an emergency it hard to get enough money to go around, he asked that it be sent to the committee instead of being passed ahead of all other tives from strong democratic counties. bills. Harriman protested. He accused Garst of wrongfully holding back the senate bill of similar import after the committee had unanimously recommended it for passage. In defense of the committee Ball declared that it was the understanding that all of the items were being agreed on tentatively and that the chairman was not to report out the bills one at a time, but to hold them until the entire list could be gone over. Maytag, also a member of the committee, declared that when he voted for the \$37,000 it was with the distinct understanding that the bill was not to be reported out until other matters had been Harriman insisted that the chairman had been ordered to report out the bill, but he had not done so, and now was desirous of getting the house bill into committee to keep company with the one he was holding back. Senator Smith's Pleading.

Senator Smith of Mitchell, who is a member of the senate appropriations committee subcommittee, pleaded that the senate not force this agricultural bill through without giving the appropriations committee a chance to consider it along with all matters. The committees have never had a harder task than this year. Junkin said the purpose of the bill was to provide money with which to build a fine pavilion where those who happened to have examine all shots and to fire the same fine stock could exhibit the animals and to after all persons connected with said mine push it ahead of the bills for the charitable institutions would be unfortunate. He did safe distance from the vicinity from such not know what there was so sacred about shots. Any shot having blown the tampthis bill that it could not wait its turn. Garst stated frankly that if this and other and fired the second time. Only eand, soil bills for semi-public institutions are to and clay shall be used for tamping and the

to the absence of Trewin, Healey and others, and it went over until next Tuesday. Senator Bachman filed a motion to reonsider the vote by which the men's reformatory bill was lost.

The highway bill was made a special order for next Wednesday. The bill to require telephone and telegraph companies to

Sunday Base Ball Prohibited. The house this morning passed a bill prohibiting Sunday base ball and foot ball in There was considerable discussion of the bill and an effort made to have the

penalty for violation fixed at hanging. An mendment to include Memorial day was put in. The bill had 59 votes to 16 against. The Jones bill to put catfish in the list of fish that are regarded as game fish was passed; also a bill to authorize the Board of Control to settle a damage suit at the Mitchellville Reformatory for Females.

A bill to increase the military allowance from \$52,000 to \$60,000 and to allow \$350 a The house took up and discussed at length

a bill to codify the laws of the state in regard to negotiable instruments, the same being a bill presented by the American Bar association, which has already been adopted in nineteen other states. The bill was championed by Clarke, chairman of the judiciary committee. After extended discussion it was passed. The senate passed the bill granting rights

to interurban electric roads and reconsidered the vote by which the state fair ap-

Heart

etards the circulation, weakens the stomach, deranges digestion, pollutes the blood, destroys the nervous force and saps the vitality of the whole system. It causes pains in the side, pal-pitation, shortness of breath, mothering, dropsical swellings, sinking spells, and frequently ends all suffering in sudden death. Why tempt death when a cure is within easy reach?

"My head would get so het it seemed to be burning up, while my feet were like ice. My limbs would swell and get numb. I had to sit in a chair day and night for menths and my heart throbbed and pained me terribly. After using three bottles of Dr. Miles' Heart Care I could do a good days werk."

SENATORS GROW WRATHFUL permit railroads to increase bonded in-The report of the conference committee on the Hoar bill in congress was adopted,

Redistricting the State.

There is now no prospect of any redistricting of the state in the matter of congressional districts, as the committees have been unable to agree on anything. The matter has been entirely dropped. A bill is pending in the senate to make a redistricting of the senatorial districts, and this is being changed from week to week in the hope that some bill may be fixed up that will meet with the approval of a majority of the members. In the house a bill was reported from the committee today to hange the representative districts. This takes from Lee and Des Moines counties their extra representatives each and leaves only seven of the countles with two, as fol-Linn, Dubuque, Scott and Clinton. The folthe appropriations committee, to refer to lowing are the districts comprising more son-Emmet, Clay-Palo Alto, Ida-Monona, All other countles have one representative bill and that the committees are finding each. It is believed this will pass, although it is highly objectionable to the democrats from the fact that it takes two representa-

Iowa War Claims, con It is now asserted that if the position taken by the auditor of the Treasury department, who came to Des Moines some time ago to go over the war claims, is accepted by the treasury auditors the state of Iowa will get less than \$100,000 from the United States. The question involved is a legal one, but the auditor contended that under previous rulings only about the sum named could be considered as a debt of the government. If this is true there will be liesppointment in the legislature because it has been generally accepted that the sum to be recovered would be much larger. There is hoping that the auditor will be ever-

Bill for Shot Firers.

The committee on mines and mining has agreed to a bill which will provide as follows in regard to the safety of Iowa coal miners, which bill is in line with what has been asked by the miners at their state convention recently held: "He (the operator) shall keep all entries and roadways free from accumulations of combustible material and shall cause such entries and roadways to be thoroughly sprinkled as often as may be necessary to keep them in a damp condition. In all mines where coal is blasted from the solid he shall employ competent, capable and experienced men to except said shot firers, have retired to a ing at the first firing shall not be recharged

and clay shall be used for tamping and the shot hole state's nufortunates and educational interests then members of the senate will be forced in the end to either vote against the most meritorious bills of the session or impose an unconstitutional debt on the state.

Harriman depied this and said that the state could raise the levy of taxes and get all the money that may be needed for legitimate expenses.

During the discussion there were many sharp passages, indicating that there is a real conflict between the diverse interests and a general desire to have this bill for the benefit of the State fair got out of the hands of the appropriations committee behands of the appropriat

mittee gets right down to business on the shot firing question both sides will be obliged to make concessions, or there is little likelihood of an agreement before

Miners Reach Agreement.

The miners and operators late today came to a practical agreement on all matters relating to the mine wage scale in Iowa, and it is now believed a strike will be averted and that the scale will be adopted within a few days.

The grand jury has ignored charges pre-ferred against P. Stephen Harris, the Dalcounty attorney, who was connected with the Persons embezziement proceedings before Justice Duncan a year ago, and refused to return an indictment charging him with embezzlement. Harris was impli-cated in a deal last summer in which Mrs. Sarah Persons is said to have lost \$7,000. He was arrested once on the charge of embessling, but dismissed. Charges were then preferred against him and the matter taken to the grand jury.

Hearing on Railroad Bill. The house ways and means committee

this afternoon commenced a hearing on the bill, which passed the senate, to provide for assessing the railroad property of the state in a different way. The representatives of the railroad companies appeared before the committee and presented their pleas. The hearings will continue several

James F. Norley and John Brink, are in consultation, and will not make known their plans until a decision is reached. They will reply to Fitzsimmons' prope-

The club officials are inclined to laugh at the suggestion that the New Yorker can have anything to say about prices for the

fight.

President McCarry of the Century club stated this evening that he had received Fitzsimmons' telegram and had replied in behalf of the club.

will know just where we stand."

NEW YORK, March 20.-The telegram of the manager of the Century Athletic club to Fitzsimmons stated that the fighter would have to accept definitely one of the bids submitted, failing to do which the club would cancel its offers. Fitzsimmons shortly afterward replied to the telegram, adhering to the position he had originally taken and saying that the club could either acquiesce or call its bids off.

ATHLETIC BILL FOR TONIGHT ogram of Six Events Promises Much Sport at Washington

Hall.

gram. Every man who enters the ring will be fit and responsible. The contestants in the main event are welterweights, weighing 145 pounds. One of the preliminaries also offers some staiwarts. It is the four-round match between Paui Murray and Terry Mustain, and these men weigh close to 160 pounds.

Clarence English has refused to go on against Oscar Gardner, after he has professedly wanted the chance for some time. Eddle Robinson, who manages English, announces that he has matched his man against Australian Billy Murphy of Sloux City. This would appear to be a great mistake on English's part, for after the handsome showing he has made in Omaha recently it was just his play to meet Gardner. It was a great chance for him, and fights with such ring fossils as Murphy cannot help him much. Gardner was considerably displeased at English's action. In lieu of this event, the Omaha Athletic club has just succeeded in arranging another which promises almost as well. Joe Gleason has been secured to go against Gardner on the same terms, last six rounds and win. Gleason is the colored boy who showed such a square, strong fight against English as a preliminary to the Smith-Whittaker affair in January. He is a very clever fellow and there is not a streak of yellow in his makeup.

Paul Murray is feeling confident of the outcome of his go with Mustain. "I have not met Terry since two years ago," said Murray. "I put him away in twenty-three seconds that time, but, of course, I hardly expect to do the same thing again. Mustain has improved a great deal and is undoubtedly a strong fellow now."

Rhodes and Collier, meanwhile, are at the top notch of form. Yesterday Rhodes weighed 143½ pounds and Collier 142 so there will be no trouble about weight. Each has now stopped working, but in watching it was noticeable with what speed and perseverance they did their ring stunts. Each man is confident, and it should be a great bout. A battle royal between three whites and three blacks should be better than the general run of such affairs.

KID BROAD AND ATTELL MEET

Former is Aggressive, but the Californian Excels in Scientific Work.

ST. LOUIS March 20—Kid Broad of Cleveland and Abe Attell of San Francisco fought fifteen fast rounds to a draw before the West End Athletic club tonight. Broad was the aggressor throughout, but his buildog style availed him nothing as against the extreme cleverness of the California fighter. Broad strove with might and main to land a knockout blow in every round, but his efforts were futile, Attell, either blocking his leads or getting inside of them, and at times fighting back victously in Broad's own style. Attell put a left jab to the face which the latter could not avoid, but the latter broke even in the clinches with one arm free. The men were announced to go on at 126 pounds, but it was evident that

NORTH AND SOUTH.

EAST AND WEST.

CHICAGO, March 20.—Benjamin J. Rosen-hal, who has just returned from a trip rom the east in the interest of the Olym-hlan games to be held in Chicago in 1904, phlan games to be held in Chicago in 1904, says:
"New York financiers are to take a substantial block of the stock of the International Olympian Games association."
Mr. Rosenthal said that his trip had been pre-eminently successful. He expects that at least 10 per cent of the stock will be disposed of there without difficulty. The greater part of the remainder will be sold in Chicago. He added that the total stock to be sold will amount to \$500,000, and that an equal amount will be asked from congress. A member of the executive committee of the association will be dispatched to the capital very soon.

Shoot at Beaver Crossing. Shoot at Beaver Crossing.

BEAVER CROSSING, Neb., March 20.—
(Special.)—The two days' shoot of the Beaver Crossing Gun club was concluded last evening. The first day was so windy that little effective work could be done, but yesterday was an ideal day and thirty marksmen participated. The magali trap which was used threw 3,000 birds during the two days.

Prizes were awarded as follows: J. G. Hillbery of Beaver Crossing won first money. Reed of York took second and G. Hulschizer of Friend won third. Reed and Harney took first in the fifteen-bird event. Hulschizer of Friend won first in the twenty-five-bird event.

Iowan Gets Seventy-Five Straight. INDIANAPOLIS, March 20.—Fred Gilbert of Spirit Lake, Ia., gave another remarkable exhibition of marksmanship at the Limited Gun club tournament today. He broke seventy-five straight and missed but two targets out of a possible 165. Eleven fifteen-bird races were shot. Ed Rike of Dayton was again second gun and the other experts, Tripp, Helkes, Budd, McMurchy, Neal and Marshall, were up in the first and second moneys in nearly all events.

Cowboy Still Winning. NEW YORK, March 28.—In the professional continuous pool championship tournament in Brooklyn Charles Weston, the Wyoming cowboy champion, today defeated William E. McCune by a score of 125 to 71. Weston's high scores were 24, 24, and McCune's 15, 12.

ORIGIN ALLEGED TO BE INCENDIARY

All Inmates Are Saved, but Two Eseape-Believe Boys Started the Fire to Escape-Loss \$25,000, Partially Insured.

LEXINGTON, Ky., March 10 .- The Bradey dermitory of the State School of Reform, near this city, was destroyed by fire shortly after midnight, but all the inmates, numbering 125 boys, were saved. The fire was discovered in the third story

of the dormitory by the fight watchman. He immediately netified Superintendent Hoak, who aroused the inmates and get them safely and without disorder out of the building. The officials and the boys went to work to save the office furniture, but the flames spread quickly and the dermitory was soon in ruins.

A telephone message was sent here for help and the local fire department quickly responded and an engine was started at once. They had about six miles to go and, although they were too late to save any part of the dermitory, they prevented the flames spreading to the manual training building, which is near the dormitory. At 10:10 o'clock the dormitory collapsed and at 2 o'clock the fire was practically extinguished.

The burned building was erected in 1896, during the administration of former Governor W. O. Bradley, at a cost of \$25,000 and was insured for two-thirds of its value It was the only dormitory completed to this time, excepting the one occupied by the girls, three-quarters of a mile away. ing the fire and nothing has been heard of them. The management of the institution

believes that the building was set on fire by the boys who desired to escape. They also believe that others were in the plot to get away, but the night watchman's prompt action prevented it. Superintendent Doak will not say that the fire was incendiary, because complete investigation has not been made, but W. P. Walton, one of the board of directors, says

he has information as to who are the guilty ones, and will go before the grand jury this afternoon and have them indicted. There has been no confession except such as Mr. Walton may have. The two boys who es-The superintendent called out the guards and, arming them with rifles and shotguns,

WILL MEET TO FIX SCHEDULE National League Men to Gather Independent of Judge Truax'

NEW YORK, March 20.—Discussing the base ball situation, the Herald will say tomorrow:

"Next week a meeting will be held in this city of the owners of the St. Louis, Cincinnati, Boston and New York clubs of the National base ball league. The meeting will take place whether or not Judge Truax has handed down his decision relative to the demurrers in the injunction suit.

"It is not improbable that the owners of the Chicago, Pittaburg and Philadelphia clube will find it expedient to drop into the city about the same time, and before they leave the disagreement in the National league may be adjusted in such a manner that a playing schedule can be arranged and adopted."

ROCHESTER, March & Charley Wittmer of Cincinnati quit in his match with Hjalmar Lundin of Worcester in Mechanics' hall tonight. Wittmer won the first bout at Greco-Roman style in forty minutes and thirty seconds and the second bout at catch-as-catch-can was won by Lundin in thirty-one minutes and thirty seconds. During the third bout the men went through the ropes and fell to the floor from the platform. Wittmer wrenched his knee in the fall and when they resumed operations he simply set on the mat and Lundin could do nothing with him, as his hands were practically gone.

Kills Twenty-Five Straight.

SPRINGFIELD, Ill., March 20.—In the shoot for the silver cup of the Illinois Gun club today Herman Groswold of Springfield won, killing twenty-five birds straight, and wresting the cup from C. H. Goebel of Jacksonville, the present holder of the trophy. Goebel killed twenty-four. Springfield will send a strong team to Kausas City next month for the grand American handicap and will make a vigorous effort to secure the meet for this city in 1905.

Fireproof Grandstand.

ST. LOUIS, March 20.—According to Ban Johnson, president of the American base ball league, the new grandstand at Athietic park, a fire proof structure, will be completed April 23, the date of the opening of the local American league season. The letting of the contract for a steel and fire proof grandstand will result in the issuance of a permit, denied for the wooden structure.

Topeka Defeats Lincoln. LINCOLN, March 20.—(Special Telegram.)

—The basket ball team of the Young Men's
Christian association of this city was defeated by the Topeka association team tonight. 31 to 24. The visitors played a practically faultiess game, while the local team
was not up to its standard.

Six Rounds of Tame Work. PHILADELPHIA, March 28.—"Philadelphia Jack" O'Brien and Rufus Graham of this city fought six rounds at the Broadway Athletic club tonight. The bout, which was a very tame one, was in every way in O'Brien's favor.

CANCER

Sufferers from this horrible malady nearly always inherit it — not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs

remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—or a swollen gland in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestage of it driven out. This S. S. S. does, and is the only medicine that can reach deep-seated, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows:

A small pimple came on my jaw about an inch below the ear on the left aide of my face. It gaw me no pain or inconvengince, and I should have forgotten about it had it not began to inflame and itch: It would bleed a little, the scab over, but would not heal. This continued for some time, when my jaw began to swelt, becoming very painful. The Cancer began to eat and spread, until it was as large as a half dollar, when I heard of S. S. S. and determined to give it a fair trial, and it was remarkable what a wonderful effect it had from the very beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general heath continues sood.—Mas. S. Satasa, La Plata, Mo.
