Measure Carries Appropriation of Bixty Millions and Over Six Hundred Thousand Dollars, Including Authorisations.

WASHINGTON, March 21 .- The house today passed the river and harbor bill, which has been under consideration throughout the week. Mr. Richardson's amendment met with no opposition yesterday. Mr. Gaines' amendment to the amendment provided that the lease of grant of this water power should be to the highest bidder. He declared that the right proposed to be given away was a very valuable one.

Mr. Richardson then explained his connection with the original amendment, in which he said he had no personal interest. Senate.

WASHINGTON, March 21 .- Samuel Gompers, president of the American Federation of Labor, has sent to the senate a protest against the conspiracy or anti-injunction bill as reported to the senate on the 17th inst., by the committee on judiciary. He says that when the bill was first reported February 3, "it was received by all parties in interest as a measure calculated to right a wrong too long endured." This feeling, however, was rudely changed, he

says by the latest report. He quoted the opinion of an attorney to the effect that the bill as now reported "is completely subversive of all principles of liberty" and added:

"Organized labor seeks no immunity from the law applicable to all other citizens and people of our country, but must insist that those things which are legal when performed by other citizens ought not to be illegal when performed by members of organized labor and it was to recover those rights to the members of organized labor that the original bill was drafted." There is not and never has been such a lottery in the Mexican state of San Luis Potosi. The advertisers of this alleged enterprise, the forgers of the lottery tickets and the publishers of false lists of prizes, have persistently practiced those frauds on the people of this country inclined to indulge in games of chance. The former legation and now embassy of Mexico in Washington on several occasions has denounced the fraud to the government of the United States and asked for appropriate action to suppress this punishable abuse. The Postoffice department has prescribed some measures for the prevention of the fraud, but in spite of them it is still practiced, as I have informed the State department, the last time on February ultimo. I have no douot that the government of the United States will make every effort of suppression of the fraud, but it seems to me that the press, so zealous of the people's interests and ever disposed to help the authorities in the prosecution and punishment of misdoers, would render a great service in denouncing by means of publicity this fraud, whose victims are incautious persons who buy tickets of a lottery that does not exist and never has existed in the Mexican state of San Luis Potosi. imaginary lists of prizes published:

QURE SICK HEADACHE

A YOUNG CHICAGO GIRL

Saved from Ruin and Despair by Lydia E. Pinkham's Vegetable Compound.

Lillie E. Sinclair's Letter and Portrait Here Published to Lead Other Sick Girls to Be Cured.

Is there anything more truly pathetic than the cry for health that springs from the anguished heart of a young girl, — a beautiful girl who sees ahead only suffering and uncertainty?

But O, what joy and gladness her young heart pours forth when she re alizes that her deadly enemy is gone, — banished forever. This sunshine and joy is now the happy portion of Miss Lillie Sinclair of Chicago, whose letter and portrait we herewith publish.

She often tells of her suffering and pain so excruciating,—the doctors instead of removing the cause of her ailment prescribed stimulants, and her letter which follows will tell her own story, and should be read by every young lady in the land, for it is a true and heartfelt statement from a young lady, who believes it to be her duty, not only to Mrs. Pinkham, but to all young girls, to tell what has been done for her so that some other poor sufferer may be induced to take Lydia E. Pinkham's Vegetable Compound and be restored to health as she was.

Don't hesitate to write to Mrs. Pinkham at Lynn, Mass., if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free.

MISS LILLIE E. SINCLAIR,

President Womans' Century Bicycle Club, Chicago, Ill. DEAR MRS. PINKHAM: - I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prerather said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved and that all pains left me and I was my old self once more. I can ride fifty and one hundred miles on my wheel, can run, jump and enjoy outdoor life, as I am in perfect health; thanks to you. Yours very truly, LILLIE E. SINCLAIR, 17 E. 22d St., Chicago, Ill."

About five years ago my right car began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent car specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored.
