Omaha League Team Has Preliminary Season of Fourteen Games.

"Pa's" Family Will Get Together Ju This City Next Saturday and Sunday-Some Members

Already Here.

Though the schedule season of the Western league base ball games does not begin till April 23, W. A. Rourke, manager of the Omaha team, has completed arrangements for showing off his colts to the local fans before that time. For the month of April previous to the first league date "Papa Bill" now has fourteen games cinched, with a fifteenth in view. Moreover, all but three of these contests will be played on the Vinton street park grounds

The breaksway will be with the Originals an Omaha team of years' standing, and this will be for two contests on April 5 and 6. Then the leaguers will go to Lincoln for three games with the first team

all. This team is now in training at Hot Springs, Ark., and plays in St. Jospeh on April 12 and 13 with that Western league team. Manager Rourke has been assured that he will be given a game on one of these dates if the Pittsburg team does not open its regular season in the east earlier than April 23, as now planned.

This Pittsburg game should prove easily the best of all the preliminary matches, since it has become impossible to take on the Chicago White Stockings or the New York City aggregation, as was hoped. Rourke had a half promise of games on April 12 and 13 with Comiskey's men, but the deal fell through later, as "Kid" Nichols showed that he had first call on the Chicago men for Kansas City, and they will now play his Western league team

Rourke says that his players will arrive about next Saturday and Sunday, though all of them may not be here sharply on the 1st of April. He has just received a letter from Ace Stewart at Terre Haute, Ind., who will play second base again. Stewart writes that he is very anxious to report for duty, and is only waiting for the time. He will bring with him Left Fielder Carter, who is also there just now, and Brown, the new pitcher, who played with Terre

Haute last year. Trouble About Brown.

There is going to be some trouble about that man Brown," said Mr. Rourke. "Terre Haute claims him still, and insists on keeping him. But he will report here all right and I'll keep him. Terre Haute is trying with him there."

The ideal weather has had all the base ball players in town out the last few days. Yesterday four Omaha team players were at work. They were: Catchers Gonding and Hayes, First Baseman Calhoun and Shortstop Dolan. With them were Freeland of the New Orleans nine, McAndrews of the Milwaukee bunch and Sam Craw-

WORK FROM NOW ON IN PEACE National League Magnates Decide to

Bury the Hatchet, Says Robinson.

CLEVELAND, March 22.—A movement of the National Base Ball league magnates will be held at the Fifth Avenue hotel. New York, Tuesday evening, April 1, to arrange a schedule for the coming season and to discuss other business matters.

C. H. Ebbetts, president of the Brooklyn club, was closeted with Frank DeHaas Robison of the St. Louis club for several hours here today, during which conferences were held with James A. Hart at Chicago and A. H. Soden of Boston by long-distance telephone. Late today Mr. Robison stated that it had been decided to call a meeting at the time and place above named.

Mr. Robison added that the matter of the league presidency would not be discussed at the meeting unless a decision should be boys showed fine style. Shortly after the rendered by the courts in connection with race the Milburns informed a representative of the Associated Press that they had rendered by the courts in connection with the pending litigation previous to April 1.

As a result of today's conference with Messres. Ebbetts, Soden and Hart, "continued Mr. Robison. "I can say that all differences will be laid aside and that we shall from now on work in harmony."

INDIANAPOLIS, March 22.—John T. Brush denied emphatically today that he proposed attending a meeting of base ball club owners of the National league in New York on the 2tth inst. He said he had not been paying a great deal of attention to base hall of late, although he has been looking after his investment in Cincinnatis somewhat. While Mr. Brush has said in a number of instances that conditions frequently change circumstances and that on one day a proposition that seemed insurmountable finds those differing together the next day, he has held firmly to his view that the National league cannot be operated successfully on the old lines even temporarily. These are views he has expressed from time to time and notwithstanding that the playing season is almost on he is not the man to be driven away from a position once taken. While the other magnates may meet Mr. Brush will continue to allow them to try to patch up a plan by themselves.

These contests will occur on University field, and will be among the most valuable of all preliminary games for the Omaha team in the way of workouts, since the collegians always offer a pretty fair team and try hard to win. Games with the university aggregation are regular annual affairs now, and are always relished by the Omaha boys.

Then comes nine atraight games in Omaha, and possibly ten. Creighton university is scheduled for the 19th and 11th of the month, the Des Moines league team for the 18th and 18th, the University of Nebraska in a return meet on the 18th and 18th, and Belden Hill's team of Cedar Rapids, Ia., in the "Three-I" league for April 18, 19 and 30.
