BOERS PUZZLE THE WORLD

Burgers' Conference with Kitchener Finds No Sure Interpretation.

LONDON DOUBTS THAT PEACE IS AT HAND

English Are Unable to Solve the Problem, While Other European Authorities Offer Conjectural Solutions.

LONDON, March 24.—The Associated Press has good reason to believe that Lord Kitchener, in his interview with Mr. Schalkburger, agreed to withdraw the banishment proclamation issued in September if General Dewet and the other Boer leaders surrendered.

There is little disposition in London to regard the news of the Boer government's attachment to the Transvaal as a sign of success for peace, but there is nothing to show that they have any authority to impose submission on the commanders in the field.

The most hopeful sign they see is the announcement that Lord Kitchener permitted Mr. Schalkburger and his companions to proceed to the Orange River Colony, the contention being that unless the British commander-in-chief in South Africa, who is on the spot, and, therefore, most thoroughly conversant with the situation, recognized the possibility of fruitful results and believed in the good faith of the Transvaalers, he would not have permitted the visitors to continue the pilgrimage to the headquarters of their Orange River Colonies.

Press is Cautious. The same cautious reserve permeates the newspaper utterances and the comment in well informed circles.

NEW YORK, March 24.—Easley was given out tonight by President George Richards of District No. 25, United Mine Workers of America, declaring a strike upon the Murlin Coal company mines in this state.

Commercial Artists' Strike. CHICAGO, March 24.—The Commercial Artists' association tonight declared a general strike in fourteen of the principal engraving houses in Chicago to enforce an apprenticeship system.

AMSTERDAM, March 24.—It is believed in Boer circles here that the move of Acting President Schalkburger's mission to General Dewet and that offensive operations against Dewet, Delarey and Botha will be suspended.

Result of European Plans. After the exchange of the Dutch-English notes a conference was called for February 24. This conference was attended by Mr. Kruger, Dr. Leyds and the delegates from the Transvaal and Orange River Colonies to South Africa by different routes with dispatches for Botha and Schalkburger, giving them a detailed account of the

NEBRASKA BILL DEFERRED

Friends of Partitioning Proposal Lose Their Enthusiasm.

HAYGOOD TO LEAVE INDIAN SERVICE

Effort is Renewed to Save Rhea from Execution—Cass County to Be Gridironed with Rural Routes.

(From a Staff Correspondent.) WASHINGTON, March 24.—(Special Telegram.)—A boulder has been placed in the way of the bill dividing Nebraska into two judicial districts. Who is responsible for the present conditions cannot be ascertained, but the fact remains that the warmth with which the measure was received early in the session has given way to a certain measure of coolness, and Chairman Gray of the Judiciary committee, when seen today, could give no definite answer to the question when the measure would be considered.

Leading attorneys of the South Platte country who were enthusiastic for the division last summer and early in the fall have recently shown but slight interest in the status of the measure, which has led to much speculation. One representative from Nebraska suggests as a solution of this awkwardness that it may be because all officers which the bill would create if passed have no further reason to live awake nights planning how to help the measure along.

As it is, the Nebraska delegation is much divided, only two members, Burket and Shallenberger, being outright advocates of the bill. Stark is decidedly neutral, although his district is included in the South Platte section, while Mercer, Robinson and Neville have repeatedly said that the division was not necessary.

Accepts Haygood's Resignation. W. F. Haygood, chief clerk of the Omaha and Winnebago agency, will leave the Indian service on April 20, the department having accepted his resignation, to take effect at that time. Clyde Pilman, assistant chief clerk at the same agency, has been ordered to take his place at that time, while Theodore Sharp, who is chief clerk at the Santee agency, goes to the Omaha and Winnebago agency as chief clerk there.

Efforts to Save Kilne. Senator Millard has written a letter to Governor Savage, joining with other senators in asking the president to grant clemency to the man who was sentenced to the gallows for the murder of a woman in the South Platte section, which has been passed upon William Kilne, who is to be executed next month, but commuted to imprisonment for life. Senator Beveridge of Indiana has written a touching letter to the governor asking him to exercise clemency.

St. Edward Postoffice Fight. A war is on over the removal of the postoffice at St. Edward, Boone county, Nebraska. The present postmaster has recommended that the office be changed to a new location, but the proposition is opposed by some of the prominent citizens of that town.

Rural Routes for Cass. Cass county, Nebraska, is to have established within its borders a system of free delivery. All details necessary to such an establishment have been made and maps showing the routes are expected in Washington this week.

Postmasters Arrange Details. Postmaster Smith of Plattsmouth was made chairman of the postmasters, and since that time several meetings have been held with a view of agreeing upon routes, which has finally been accomplished.

Death Record. BUTTE, Mont., March 24.—News has been received here of the death of Richard Rock, an old-time and widely known frontiersman, at his ranch near Henry's Lake on Saturday. Rock was gored to death by a buffalo which he had raised. Rock was one of the scouts with the ill-fated Custer expedition.

For Protection of Nebraska. At a conference of Representatives Neville, Stark and Robinson on the irrigation bill pending in the house, the Nebraska delegation succeeded in inducing Mondell of Wyoming and Shafer of Colorado to support an amendment to the bill which, if passed, would give the United States support of the Nebraska delegation.

CONFER WITH THE PRESIDENT

House Members Discuss Cuban Conditions at Roosevelt's Request.

CHIEF EXECUTIVE FAVORS RECIPROcity

While Not Committing Himself to Any Positive Form of Settlement President Identifies as Feasible Solution.

WASHINGTON, March 24.—A conference was held at the White House this afternoon between the president and seven of the republican members of the house of representatives which have been foremost in urging the plan of Cuban reciprocity proposed by the ways and means committee and understood to have the support of the administration.

The members who called were Representatives Tawney and Morris of Minnesota, Dick of Ohio, William A. Smith of Michigan, Metcalf of California and Dayton of West Virginia. The call was at the request of the president, who desired an exchange of views to the end that harmonious action might be secured in such steps as are taken in behalf of Cuba.

Water Resources of Black Hills. Representative Martin of South Dakota today introduced a joint resolution providing for the printing and distribution of a thousand copies of the preliminary description of the geological and water resources of the southern half of Black Hills and the northern half of South Dakota and Wyoming, recently prepared by Nelson Horatio Darton, under the directions of the Geological Survey.

Postmasters at Rockville. Senator Millard today recommended the appointment of William L. Smetzer as postmaster at Rockville, Sherman county, vice Mrs. R. A. Fair.
