### BOYS KILL AN OLD MAN

Gage County Has a Tragedy Which Law May Not Punish.

### YOUTHS SHOT AT WHILE AT FARM WORK

Instantly Return Demented Man's Fire and Death Results at Once—Beatrice Struck Over Wilber Killing.

BEATRICE, Neb., March 24.—(Special Telegram.)—Twenty-five miles northwest of Beatrice, on section 5, range 4, township 5, and five miles northeast of Wilber, in Gage county, a tragedy of deep significance to this community was enacted about noon today, when Anton Kucera, aged 70 years, was shot and instantly killed by George Hercox, a boy of 15 years.

The Hercox boy and a brother 13 years old were herding cattle and remaining the fence between the Hercox and Kucera farms. Kucera, who had the reputation of being a bad man, appeared on the scene, and the boys saw, without a word of warning, fired at the older of the two. The boy dodged and fell to the ground. George, supporting Kucera and killed his brother, then shot the old man in the forehead, killing him instantly.

Kucera's mind has long been unbalanced and he has been regarded as dangerous at times. Several years ago he wounded a man in Saline county and barely escaped serving a term in the penitentiary. His neighbors think he should have been in the insane asylum.

It is not probable that the slayer of Kucera will be punished, as the feeling in general that the killing was justified. Both Kucera and Hercox are Bohemians. Kucera leaves grown children and a wife. The Kucera boys returned home immediately after the shooting and no arrest has been made.

### REVISION OF BANKING LAW

Important Nebraska Changes Suggested by Secretary Royce.

### FINANCES MAKE SPLENDID SHOWING

Socialists of Lincoln Seek by Mandamus to Compel City Clerk to Put Names of Candidates on Official Ballots.

(From a Staff Correspondent.) LINCOLN, March 24.—(Special.)—A revision of several important features of the Nebraska banking law is recommended by Secretary Royce in his annual report to the State Board of Banking. His suggestions include an increase in required reserve from 15 to 25 per cent, the placing of bank examiners upon a stipulated salary basis, the printing of numbered certificate of deposit books under the direction of the Banking board, and points out where improvements may be made in the provisions relating to the election of bank officers and the loaning of money to bank officials and employees.

The report was sent to the printer today but that portion of it which contains the suggestions and comments of the secretary of the board was given out for publication. Some of the suggestions are drawn from the recent embezzlement in the Platte Valley bank of Bellwood. The changes recommended are intended for submission to the legislature. Mr. Royce's report covers the period from December 13, 1900, to December 10, 1901. In this time three private banks became incorporated institutions; forty-seven new banks were chartered with an aggregate capital stock of \$448,000. The four state banks were reorganized under the national banking law, and six went into voluntary liquidation, paying depositors in full, while two went into the hands of receivers.

A comparison of the reports for the last two years shows increases in the following items: Loans and discounts, \$1,341,012.00; Legal reserve, 2,471,691.53; Surplus and undivided profits, 1,274,721.14; Deposits, 6,423,674.17; Capital paid in, 217,460.00; And a decrease in the following items: Redemptions and bills payable, 6,182.90.

DAVID CITY, Neb., March 24.—(Special.)—Sheriff West went to Bellwood yesterday armed with a warrant for William Seiffe, on a charge of unlawfully living with Miss Nellie Enyeart under promise of marriage. The sheriff returned with his man last night, and he now occupies a cell in the county jail. Seiffe is 40 years of age. Miss Enyeart is 20 years his junior. It is charged that he succeeded in getting the mother of the girl to give him a deed to some lots in Bellwood upon some pretext which is not stated. Seiffe is from Omaha where it is claimed he has a wife and two or three children.

Miss Enyeart appeared on the scene this morning and claims that she and Seiffe are married, but does not state when and where they were married. Seiffe was arraigned in county court today and entered a plea of not guilty. The preliminary hearing will be held some time this week.

BRAINARD, Neb., March 24.—(Special.)—A citizens' caucus was held Saturday to nominate two village trustees. Joseph Matansek and C. C. Gilwick were nominated. They are the present trustees.

and as an additional safeguard against such a possibility, it would be a wise provision to require also, the approval by the board of directors of all commercial paper purchased from an officer or director of the bank.

"This class of paper sometimes, and too often, becomes a menace to the bank when the officers have outside interests, and are unable to resist the temptation to use the bank's funds for their private purposes, instead of for the bank's benefit and best interests. Abuse Hard to Control.

"Another abuse, and one perhaps hard to control, is the issue of checks, in a practice, now prevalent to the extent, I regret to say, of avoiding discounts by the officers of banks conducting a brokerage business, instead of redcounting paper in the usual manner. I am of the opinion that when a bank goes or parties with a check, these transactions that it cannot escape liability, and the department is using every effort to prevent this unwise and unsafe practice.

"It is a difficult matter, the department finds, to prevent excessive loans. The reasons for the violation of this section of the banking act are various, but every effort is being made to have the banks keep within the provision of the law, as there is no question as to the wisdom of this restriction.

"It is a too common practice to carry less than the legal cash reserve. While the department recognizes the danger from burglary, to which the banks in the smaller towns particularly are subject, and it realizes the fact that currency can readily be obtained on short notice from nearby reserve agents, yet it believes that the requirement is not unreasonable as a rule.

"With the legal reserve, however, it is different. The present requirement is too low, and in my opinion should be increased. A 25 per cent reserve would be excessive.

"I would further suggest consideration of a provision requiring the approval by the state banking board of reserve agents for state banks, for at least a portion of their legal reserve.

## Test for Yourself the Wonderful Curative Properties of Swamp-Root

To Prove What Swamp-Root, the World-Famous Kidney and Bladder Remedy, will do for YOU, Every Reader of The Bee May Have a Sample Bottle Free.

Dr. Kilmer & Co., Binghamton, N. Y.: Gentlemen—In justice to you, I feel it is my duty to send you an acknowledgment of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the last five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root, and I found it did me a world of good. Since then I have taken eight small bottles bought at my drug store, and I consider myself perfectly cured. It seemed as though my back would break in two after stooping. I do not have the smarting irritation, nor do I have to get up during the night to urinate, as I formerly did three or four times a night but now sleep the sleep of peace. My back is all right again, and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like myself, cannot say too much in praise of it. It is a boon to mankind. We recommend it to all who are suffering from kidney and bladder diseases.

My brother officers (whose signatures accompany this letter), as well as myself, thank you for the blessing you have brought to the human race in the compounding of Swamp-Root. We remain, yours very truly, JAMES COOK, HUGH E. BOYLE, JOHN J. BODKIN. Officers of the 58th Police Precinct, Greater New York. If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone. Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble; you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away. Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has ever been able to compound.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EDITORIAL NOTE:—Swamp-Root, the great Kidney, Liver and Bladder remedy, is so remarkably successful that a special arrangement has been made by which all of our readers who have not already tried it may have a sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. In writing, be sure and mention reading this generous offer in The Omaha Morning Bee when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.

### THE ONLY GUARANTEED BLOOD REMEDY.

YOU GET YOUR MONEY BACK

If Smith's Green Mountain Renovator doesn't give you the promptest benefit.

If there was ever a medicine that was rightly named this is the one.

Smith's Green Mountain Renovator does just what its name indicates. It renovates the entire system, and renovation is just what everybody needs once in a while and what some people need all the time. You know what happens to the delicate mechanism of a watch when a little dirt or some foreign substance gets into it; that is just what happens to you when something clogs your delicate organs. Just the moment the stomach, liver or kidneys fail to do their work in a way Nature intended, the blood will become impure, and consequently, your entire system becomes clogged up with all sorts of poisonous refuse matter. It seems strange that you feel well. It seems strange that you are able to crawl around at all.

Here is where Smith's Green Mountain Renovator comes in. It is a purely vegetable remedy made of roots and herbs from Old Vermont, and anybody from that State will tell you that as far back as he can remember the people of that State have been made well and kept well by Smith's Green Mountain Renovator. Vermonters are no longer to have a monopoly of it. For the first time in the many years of its successful history, it is to be placed before the general public through reliable agents.

Don't fail to bear in mind that this is the medicine we fully guarantee by the promise to refund your money if it doesn't benefit you.

**Digests what you Eat**

## Dyspepsia Cure

The agony you suffer after eating, that feeling of fullness, flatulence (wind on the stomach) and belching is caused by decay of undigested food which forms a gas that distends the walls of the stomach and exerts a pressure against all the internal organs. The eating of more food forces out part of this gas and causes belching. Just take a little KODOL DYSPEPSIA CURE. It will relieve you at once. It never fails to permanently cure the worst cases of indigestion and dyspepsia. I suffered untold pains from indigestion which were always worse after eating. Two bottles of KODOL DYSPEPSIA CURE made me a well man and life now seems worth living. Peter Sherman, No. Stratford, N. H.
