(From a Staff Correspondent.) LINCOLN, March 25 .- (Special.) - Judge Frost listened this afternoon to testimony and argument in the case wherein the socialists of the city are seeking to establish their right to a place on the municipal election ballot. The objections are offered by the republican and fusion city committees and are legal or technical in nature, it being contended that the organization is using a portion of an old party name and that it failed to file its certificates of nomination within the time allowed by law. The convention which named the candi dates was held in the hallway of the Walsh Block at Twelfth and N streets on the afternoon of March 19. TROUBLE OVER A ROADWAY

Farmer Attempts to Tear Down Obstruction Across Old Highway and Fight Ensues.

WEST POINT, Neb., March 25 .- (Special. The confroversy about the old Blair road, which has been in the courts of this county for the last two years, threatens to assume serious proportions. The road runs diagonally from the southeast corner of the county to this city, and cuts up some valuable lands.

# **CATARRH THIRTY YEARS**

A Remarkable Experience of a Prominent Statesman.

Congressman Meekison Cives Peruna a High Endorsement.

Hon. David Meel insen is well known, not only in his own state, but throughout America. He began his political career by serving four consecutive terms as Mayor of the town in which he lives, during which time he became widely known as the founder of the Meckinson Bank of Napoleon , Ohio. He was elected to the Fifty-Fifth Congress by a large majority, and is the acknowledged leader of his party in his ection of the state

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against his personal enemy. At last Peruna came to the rescue, and he dictated the following letter to Dr. Hartman as

"I have used several bottles of Peruna and I feel greatly benefitted thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, Member of Congress,
