DISCONCERTS THE DEMOCRATS

They Find Their Own Ranks Split and Republicans Gaining.

Irrespective of Party the Mercantile and Professional Interests Favor Him-Railroad Workmen Also

Work for Him.

"Dell G. Morgan is a stronger candidate today than the day he was nominated for mayor by the republican city convention, and his election is as sure as anything in politics can be," was the remark of a well known business man yesterday. This and hammer, sure sings of the prosperous remark shows the way the wind is blowing times being enjoyed by the community, are in the municipal campaign which will be

brought to a close next Monday at the polls. Dell Morgan, who heads the republican ticket, has been gaining strength daily and it is now certain that he will have the support of the business men of the city irre spective of party affiliations. Mr. Morgan's record as a successful business man a citizen who has earned the respect of all assures the city, in the event of his election, a clean, capable, businesslike

administration of the affairs of the muni-

cipality and this is what the business men of the city desire. In accepting the nomination after it had been declined by Mr. Hannan, Mr. Morgan did so at the earnest solicitation of many of the most prominent and influential business and professional men of the city. While he has not made any ostentatious campaign since his nomination, he has not been idle. and his friends have railled loyally to his support with the result that not only is his election almost a foregone conclusion, but everything indicates a decided repub-

ican victory at the polls Monday. Railroad Men Swing to Morgan. The railroad men, and their vote is power in Council Bluffs, have come out for for Mr. Morgan almost to a man, and with their support, his friends say he cannot be possibly defeated. Mr. Morgan's record while a member and president of the Board of Education entities him to the support of organized labor, and it is said he will receive it. The rapid gains Mr. Morgan has made within the last few days have completely disconcerted the democrats, who realizing the split in their own ranks, have lost the confidence they displayed when It became known Mr. Hannan was unable to

accept the nomination for mayor. The prospects for a complete republican administration in city affairs for the next two years were never brighter than now. The business men realize that it is not to the best interests of the community to have a democratic mayor and a republican city council. The election of a republican mayor will place the police department under the control of the republicans, the same as the fire department, and for this as well as for other reasons, many of the business men of the city will support Mr. Morgan.

#### MUCH BUILDING IN THE BLUFFS Greater Activity in the Carpentry and Mason Line Than the City Has Enjoyed in Years.

Not in many years has Council Bluffs enjoyed the building boom it is now experiencing. Not only are many substantial business houses being erected on the principal downtown streets, but in every section of the city residences, many of them costly structures, are in course of con-struction. Council Bluffs has long been known as a city of homes, and the building record for the first three months of this year fully upholds this reputation.

One of the principal buildings now ap-Metzger's restaurant. This week, Deborah proaching completion is the new hospital being erected by the Sisters of Mercy in charge of St. Bernard's. This represents an expenditure of over \$60,000, and when completed it will be one of the finest institutions of its character in the west. Work on the warehouse being erected by the Groneweg & Schoentgen company at Ninth and Broadway is being pushed. About \$50,-000 will be expended in the construction of this warehouse and office building, which will be a great improvement to that portion of the city, especially as it probably will be the forerunner of another mammoth warehouse to be erected just east of it by H. H. Van Brunt.

> Just south of Broadway on the east side of Eighth street the Waterloo Creamery company is erecting a large creamery. The building is a substantial brick structure and will cost upward of \$20,000. At the northeast corner of Broadway and Eleventh street R. Filter is replacing the old frame one-story building with a substantial brick and stone structure, which will cost about \$8,000. At the corner of Broadway and Scott street, one of the principal corners in the city, the old derelict formerly occupied by the Nonparell Publishing company, and one of the landmarks of the city, will be pulled down and in its place the Omaha Brewing company will erect a handsome modern three-story building of brick with stone and terra cotta trimmings, the plans for which are now being drawn. Just south and adjoining the Merriam block on Main and Pearl streets the foun-

lations are being laid for a brick building which will front on both streets and will be occupied by the Petersen-Grahl company when completed. Before many weeks the Great Western is expected to begin work on its freight and away in her sleep. She had been ill sev-

terminal buildings in this city, which will involve a large expenditure of money. At Main and Story strects the old Mergen property is to be improved by the erection of a substantial two-story brick business block in place of the old frame buildings

now encumbering it. The large lumber building erected by C. death. Hafer adjoining the tracks of the Illinois Central at Avenue B and Twelfth street at a cost of over \$5,000 is nearing completion, as is the \$2,000 barn he is erecting on his business property on Broadway.

The most noteworthy private residence for himself and family on his property in the eastern part of the city. The building, can make it pretty and are as likely to get somewhat colonial in style, will, when complete, he one of the finest in the city.

The handsome residence, costing \$5,000, built by Attorney F. W. Miller on Oakland now on his way home from California. This offer is good only in case there shall avenue, is practically completed. H. H. Van Brunt is building a \$4,000 residence at the corner of Third street and Willow avenue, Dr. C. E. Woodbury is erecting another at the opposite corner at a like cost. On ployed in important capacities by the Iowa leaves containing all the information re-Bluff street between Willow and Fifth avenues John Bennett, the banker, is building a two-story frame dwelling, which will cost \$4,500, and at the corner of Seventh street and Fifth avenue Mrs. Anna Cornelius is erecting a \$3,500 frame dwelling On South First street George Sanford in ceed to Kiel.

mony street Miss Stork is creeting a cottage at a cost \$2,000. On Fifth avenue just

of a two-story cottage to cost \$2,500. Alderman McDonald's \$3,000 cottage home South Seventh street and Fifth avenue PENITENTIARY BUILDING IS IN ASHES is another improvement in this neighborhood. At Third street and Fifth avenue Nels Rasmussen is building a two-story frame dwelling at a cost of \$2,000. On his recently acquired property on Oakland avenue F. J. Schnorr is building a home at MORGAN SUITS THE BUSINESS MEN a cost of \$3,000. Mrs. G. Haynes as guardian of H. H. Dye has had plans drawn for a brick flat on Bryant street to cost \$3,000, work on which, it is said, will be begun early in April. P. H. Wind is completing the building of two handsome dwellings on Vine street representing an outlay of

is improving her property by the erection

This is but a partial list of the restdences now in course of construction, as throughout the city over a hundred cottage homes ranging in cost from \$1,000 to \$2,000 are being built, and the sound of the mason's trowel and the carpenter's saw to be heard on all sides.

Davis sells glass. SAMARITAN TURNS ACCUSER Crawford of Hastings Says Conrad of Malvern Took His

Wallet.

E. J. Conrad of Malvern was arrested yesterday on complaint of W. F. Crawford of Hastings, Ia., who charged him with obbing him of his wallet containing \$30. In default of ball, placed at \$500, Conrad was committed to the county jail to await his preliminary hearing.

Crawford is a butcher. He came to Council Bluffs Wednesday evening on a Burlington train. On the train he met Conrad and a friend of the latter. Conrad is a discharged soldier from the Philippines and when the conductor tried to collect their fares he and his friend said they were without funds. The conductor threatened to put them off, when Crawford, acting the good Samaritan, offered to pay their fares, which he did. In paying the conductor Crawford displayed a roll containing \$35. When the train approached the city Conrad, it is said, alighted at the Rock Island crossing, while his friend got off at the local depot with Crawford. On thefr way uptown Crawford invited the fellow into a sample room on South Main street and ordered a drink. When he went to pay for it he found that he had been robbed of his wallet. He at once notified the police and while doing so Conrad's partner made his escape.

Conrad was found by the police early yesterday morning, but he had only a small sum of money on him. He indignantly denied the charge and telegraphed to an attorney in Glenwood to come here and de-

Good Friday Services. Today being Good Friday a three-hour service, beginning at noon, will be held in St. Paul's Episcopal church. In connection with the evening services at 7:30 the choir will render Shepard's cantata "The Sermon on the Mount."

In Grace Episcopal church services will be at 10:30 o'clock this morning. In St. Francis Xavier's church services will begin at 8 a. m. At St. Peter's church the regular services will be at 9 a. m. The way of the cross will be said at 7:45 p. m.

Body of D. H. Hart Sent Away.

The body of D. H. Hart, found Wednesday afternoon under the overhead crossing of the Illinois Central railroad at Loveland, will be shipped today to his former home in St. Louis. Instructions to this effect were received by Coroner Treynor last evening by telephone from St. Louis. Coroner Treynor decided it was unnecessary to hold an inquest.

Workers and Operators Mutually Grant Concessions and Agreement Will Be Closed Today.

DES MOINES, March 27 .- The scale committee representing the United Mine Workers of America of district 13 and the mine operators of the state reported an agreement to the joint convention today. In reaching this agreement the miners withdrew their uniform wage proposition and both sides granted concessions on the question of shot firers.

The resolution as presented to the con-

vention embodied a clause for the employment of competent shot examiners, or the miners might employ shot firers at their own expense, providing that shots should be fired but once a day in all districts where one shooting produced sufficient coal. When the scale and resolutions as adopted by the committee were reported to the convention there was a great deal of satisfaction on the part of the miners. They retired into executive session for its discussion. At the conclusion of the secret session tonight it was stated that the miners have accepted the proposition of the operators to allow shot examiners and to permit the miners to hire their own shot firers as they pleased. This ends the conference and there will be no strike.

Miss Potter Found Dead in Bed. BURLINGTON, Ia., March 27.-(Special most popular society belles in Burlington's Potter, general manager of the Chicago, passenger depots, its roundbouse and other eral days with throat trouble, but had apparently recovered, and the death was a great shock to everyone. west of the courthouse Mrs. H. A. Hyner | House Passes Bill for Dipsomaniacs, Inebriates and Morphine Victims.

Flames Consume Butter Tub Manufactory of Institution at Anamosa-Supreme Court Convenes in May, with Long List of Cases.

(From a Staff Correspondent.) DES MOINES, March 27 .- (Special.)-The iouse of representatives today passed a bill to require that the State Board of Control shall establish at one or more of the state hospitals for the insane a department for dipsomaniacs, inebriates and those addicted to the morphine habit. The bill also provides a way by which persons who may be affected thus may be sent to these institutions for treatment. The bill is an innovation in Iowa and there was much opposition but the house was willing to make the experiment of trying the cure of such per-

sons at state expense. The bill to permit the employment of a physician and assistant at the state home for soldiers who were not in the medical department of the army or navy was passed. It has been found to be almost impossible to employ competent physicians who were in the service.

A bill to allow mortgaging of the property of an insane person for general support of his dependent family was passed. The bill to repay Superintendent Powell of the institution at Glenwood for expenses

incurred in opening a highway was passed. The house concurred in the senate amendnent to the Vicksburg park bill, which reduced the amount which may be used now to \$5,000.

The house passed a bill to modify the law in relation to tax ferrets, but the bill makes only a small change in the law. It provides for notice to the property owners and a method of appeal. Looking to Adjournment. The house took up the resolution to ad-

ourn April 3 and considered it. After it was made to read April 5 it was passed. In he meantime a resolution was introduced by Mr. Temple providing for a sifting committee to designate what bills shall be placed on the calendar, and that no bills shall be introduced after the committee is named. It is now believed adjournment will be about the 10th of April.

The senate passed a resolution requesting the passage of the Lacey bill in congress to bring about a settlement of the swamp land indemnity claims of Iowa and

The senate passed a bill to establish the township system of highway supervision. The senate passed the highway bill this afternoon. The house passed the bill to require

bonds for members of boards of supervisors and the bill to change the law in regard to tax ferreting. The house ways and means committee voted to report for indefinite postponement of the railway assessment bill.

The committee on pardons voted against pardon for Wesley Elkins, the boy murderer serving a life sentence.

Commissioned by Cummins

C. F. Wennerstrom, present state labor commissioner, has secured through Secreary Shaw the appointment of for the St. Louis exposition to the governments of Sweden, Norway and Denmark. He will assume the duties of his new position as soon as his term as labor commissioner expires, April 1. Mr. Wennerstrom is president of the Scandinavian league of lows, and as such his appointment will be most gratifying to those of his own nationality. Mr. Wennerstrom's duties will be to visit the rulers and leading representatives of the governments mentioned before and interest them in having a national representation at the St. Louis exposition in 1904. He was born in Sweden 49 years ago and has not been back to his native land since IOWA MINERS NOT TO STRIKE he came to America at 17 years of age. He therefore anticipates this part of his new duties with great pleasure.

Supreme Court Term. The May term of the supreme court of Iowa will begin May 13 next with 248 cases the docket and made the assignment of

cases for submission, as follows: Districts One, Twenty, Two, Three and Fifth, three days, beginning May 13, forty Districts Four and Six, two days, begin-ning May 16, thirty-three cases. Districts Seven, Eight, Ten and Eleven, three days, beginning May 19, forty-nine Districts Nineteen, Twelve, Thirteen and ourteen, three days, beginning May 23, ourteen, three days, beginning May 23, orty-eight cases. Districts Fifteen, Sixteen and Seventeen, three days, beginning May 26, fifty-two

cases.
Districts Eighteen and Nine, two days, beginning May 29, twenty-six cases. The following incorporation papers were filed with the secretary of state. Highland Park company of Des Moines capital, \$150,000; by O. H. Longwell and J capital, \$150,000; by O. H. Longwell and J. B. Dille; to conduct a college.

#### FIRE RECORD.

Pennsylvania Coal Mine. CONNELLSVILLE, Pa., March 28 .- A big fire is burning fiercely at the Whittsett tion. mine of the Pittsburg Coal company, sixteen miles west of here. Firemen and hose have been sent from here to assist in extinguishing the flames. The fire started from a hot bearing at the fan which supplies the mine with air. In a short time

the mine was a raging furnace. Fortunately

no miners were in the part where the fire

started. If the fire is not conquered tonight

it may be necessary to turn the water of

the river into the mine, which would result

in enormous loss.

Second Fire in Same Plant. at 408-410 Illinois street, and entailed a 2 o'clock Sunday afternoon from the Methloss of \$100,000.
