

A Boy's Life Saved!

A Grateful Mother Writes About the Rescue of Her Child.

Paine's Celery Compound

Triumphed After the Failures of Physicians.

Mrs. Tallman of 191 Redmond street, New Brunswick, N. J., grateful for the rescue of her little boy from suffering and death, writes as follows:

"I have used Paine's Celery Compound for our little boy. He had been under the doctor's care for five months, but did not seem to get much better. The physician said the child had spinal trouble. He is 3 years old and was obliged to creep on his hands and knees and was too weak to sit up long at a time. We bought a bottle of Paine's Celery Compound, and before it was half gone we saw a big change in the boy. He is now real fat and strong, and can walk all around the house, and has red, plump cheeks. Paine's Celery Compound cured him."

In the face of such testimony who can deny the fact that Paine's Celery Compound restores to strength, vigor and new life? Hundreds of such letters as Mrs. Tallman's are on file for the inspection of doubters.

When your children are weak, run down, nervous, fretful, despondent, have loss of appetite, slow circulation of blood, give them Paine's Celery Compound for a week or two, and note well the cheering results in returning health and vigor. We strongly urge the immediate use of the great medicine for all sickly and weak boys and girls.

True to name and color. Nothing can equal them.

WE EARNESTLY ADVISE YOU TO TRY SMITH'S Green Mountain Renovator

The great Vermont Nerve and Blood Medicine that has stood the test of time and defied competition in thousands of New England homes.

There seem to be more medicines than there are people to take them, and one sometimes wonders where they all go to.

If you will keep an eye on them, however, you will notice that they make a splurge for a while and then disappear.

That is not the way with SMITH'S GREEN MOUNTAIN RENOVATOR, the medicine we are recommending so highly to our friends and customers.

Up in Vermont the people have been taking SMITH'S GREEN MOUNTAIN RENOVATOR for many years, and every year finds it stronger in the affections of the public—and without any advertising whatever!

When you come to think of it, it is quite natural that it should do so. It is scientifically compounded of roots and herbs, and contains precisely the elements which make pure, rich blood, strong muscles, steady nerves and sound, healthy vital organs.

If there is anything the matter with your blood, if you have dyspepsia, malaria or rheumatism, or if you are in that weak and run down condition which shows that there is something wrong somewhere, a course of SMITH'S GREEN MOUNTAIN RENOVATOR will brace you up, pull you together and give you the snap and vim of perfect health and strength.

If you try it and find that we are mistaken about this, you can have your money back.

ADVISES STATE ON HEALTH

Dr. Werthebaker Declares Smallpox a Preventable Disease.

COURT REVERSALS FOR ERRORS OF LAW

Supreme Justices Establish New Rules to Govern Appeals—Nature Study at Varsity Summer School.

(From a Staff Correspondent.)

LINCOLN, March 28.—(Special.)—Colonel C. P. Werthebaker of the United States marine hospital service, who has been doing special duty in Nebraska, declares in his report to the governor that smallpox is a preventable disease, and that if it continues to exist in a given section, it is because proper measures have not been adopted for its suppression or that the work has not been thoroughly done.

The supreme court has established the rule that hereafter a judgment of a lower court will not be reversed for errors of law occurring at the trial unless it is alleged in the petition of error and shown by the record that the court erred in overruling the motion for a new trial. This decision was delivered by the court in the case of Gregory against Leavitt and was followed in another opinion given at the same time.

It was declared by the court that all of the assignments of error relied upon in this case were predicated on the rulings during the progress of the trial and were covered by the grounds urged in the motion. The rulings of the court on the motion were not complained of in the petition of error.

Need for Prompt Action Everywhere.—These measures are described in detail in the enclosed copy of a publication issued by the United States Marine Hospital service on the suppression of smallpox, copies of which will be furnished free of charge, upon application to the surgeon general, United States Marine Hospital service, Washington, D. C.

Mistaken Ideas of Vaccination.—"I have found in this state as elsewhere, that the opposition is due to the fact that in many cases excessive inflammation has followed the process of vaccination. This is not due, as a rule, to the vaccine virus, but to some extraneous matter. The use of a pure, ripe glycerinated lymph is not followed by any such unfortunate results.

Quarantine in Name Only.—"I have found that the quarantine imposed upon people detained at their own homes is a quarantine in name only. As a rule such persons are merely directed to remain at home, and hold no communication with outside parties. No guard is placed over the houses to see that the regulations are enforced and as a consequence they are often, if not always, disregarded."

Occupation Tax Ordinance Defeated.—As generally anticipated, the occupation tax ordinance, designed to give the city \$400 of each \$1,500 liquor license fee, was defeated by a vote of 8 to 5 in the council this morning.

Quarantine in Name Only.—"I have found that the quarantine imposed upon people detained at their own homes is a quarantine in name only. As a rule such persons are merely directed to remain at home, and hold no communication with outside parties. No guard is placed over the houses to see that the regulations are enforced and as a consequence they are often, if not always, disregarded."

Appellate Traction Tax Case.—City Attorney Strode has announced his intention of appealing the Traction company tax case to the supreme court. The district court gave the city a judgment for approximately \$48,000 on its claim for \$100,000. The action is for the collection of delinquent paving taxes.

Advocates Juvenile Courts.—In an address before the charities conference at St. Paul's church last night Judge E. P. Holmes advocated the establishment of juvenile courts in cities the size of Lincoln or larger. He took the ground that a more intelligent and humane idea of dealing with youthful offenders should be put in practice.

New Incorporations.—Articles of Incorporation of these institutions have been recorded in the secretary of state's office.

St. Patrick's Church, Elk Horn, Douglas county; incorporators, Bishop Scannell, Vicar General Choka, Rev. Schmittgen and Laymen Probst and Weise.

St. Patrick's Church, Elk Horn, Douglas county; incorporators, Bishop Scannell, Vicar General Choka, Rev. Hohelisel and Laymen Calley and Smith.

The Spencer Otis Supply company, Omaha; capital stock, \$75,000; incorporators, Spencer Otis, F. R. McConnell and E. J. Peake.

The Wynmore State bank, Wynmore, Gage county; capital stock, \$25,000; incorporators, Charles G. Anderson, George B. Van Arsdol, J. A. Reuling, Sherman Taylor and A. L. Miller.

The Harvey Limerick Lumber and Coal company, Omaha; capital stock, \$10,000; incorporators, D. W. Harvey, Ida L. Limerick, W. B. Limerick and R. A. Harvey.

DIGS UNDER BARN FOR GOLD

Sheriff Waddington Recovers Only Part of Skrabel Money.

THOUSAND DOLLARS STILL MISSING

Both Sons Admit Robbing Mother and Are Held Close Prisoners in Hope of Recovering Full Amount.

BEATRICE, Neb., March 28.—(Special Telegram.)—The preliminary hearing of the Skrabel brothers will be next Tuesday morning. They have not been arraigned, and by agreement of the mother and attorneys on both sides this afternoon the two were placed in jail to remain until the date of their preliminary.

As there is \$1,120 of the \$2,700 still missing, the attorneys and Mrs. Skrabel believe that by keeping the two in jail for a few days they will prevail upon them to tell where this amount of the stolen money is.

Late last evening County Attorney Sackett obtained a confession from William Skrabel, on whose farm \$530 in gold coin was found, which was said to have been stolen from his mother, Mrs. Josephine Skrabel. Frank Skrabel confessed to his part of the theft earlier in the day.

It was declared by the court that all of the assignments of error relied upon in this case were predicated on the rulings during the progress of the trial and were covered by the grounds urged in the motion.

Attorneys say that if this rule is followed there are many cases that will turn on the single point and those who have been careless in the preparation of their petitions in this regard are hastening to supply their omission.

Nature Study at University.—The authorities of the University of Nebraska announce that separate courses in agriculture and nature study will be conducted for the first time in the summer school this year.

WINDHAM NOT A CANDIDATE In Declining to Run for Governor He Criticizes Abuse of the Pardoning Power.

PLATTSMOUTH, Neb., March 28.—(Special.)—In an interview with Hon. R. B. Windham of this city, who has been so favorably mentioned throughout the state as a possible candidate for governor, he made the following statement, which will be of interest to his many friends who had hoped that he would be willing to enter the contest. He said:

No, I am not a candidate for governor. I am sorry to disappoint my personal friends and the state, who desired me to enter the race. I am not insensible to the honor which would be conferred upon me by the state, and I am not without business interests, but I believe it is necessary for me to decline the use of my name.

It is so regretted that Governor Sargent in the matter of pardoning Bartley has hindered his being renominated at the election for a second term, but I must say that I am in full sympathy with the action of the legislature in looking with alarm on the exercise of the pardoning power in cases like those of Benwell and Bartley.

RENO YOUTH GETS ONE YEAR

Found Guilty of Sending Threatening Letters Through Mails and Sentenced to Penitentiary.

RUSHVILLE, Neb., March 28.—(Special Telegram.)—Fred Reub, a young fellow, was found guilty of sending threatening letters through the mail to Charles Clafin and was sentenced to serve one year in the penitentiary. The jury was out seven hours and much interest was shown in the case.

Clafin is the same man whose house was burned on February 6 and destroyed with all its contents.

Judge Jensen Says Gable Must Pay.—PLATTSMOUTH, Neb., March 28.—(Special.)—In district court, in the case of Adolph Gable against Henry Gable, Judge Jensen overruled the motion for a new trial and ordered a judgment on the verdict for \$500.

In the case of Anna Kepple against the city of Plattsmouth a motion to amend the verdict of the jury by striking certain items contained therein was overruled. A motion for a new trial was sustained and the verdict for \$450 was set aside.

The original amount of damages asked for in this case for injuries alleged to have been received from falling on a defective sidewalk was \$2,500.

Frank Boetel was found guilty of petty larceny by a jury and the court ordered the boy to pay \$20. One dollar each week and in default of same to be confined in the county jail.

Train Strikes Man Near Plattsmouth

PLATTSMOUTH, Neb., March 28.—(Special.)—About 9 o'clock last evening W. R. Brown, section foreman at Oresopla, heard a cry and, going to the Burlington bridge over the Platte river, found a man lying beside the track. His left foot was badly crushed.

An engine and coach sent from here brought the injured man back. He was taken to the county farm and the toes on his left foot were amputated today. His body and one shoulder were also injured.

He gave his name as Andrew Johnson Amonds and said he was 40 years old. He asserted that he was on the track when a train struck him.

The door of a loaded freight car, which passed through this city east on the Burlington last night, was open, but the examination of the car did not reveal an occupant. The seal had been broken with probable intent to rob the car.

DECLAMATORY CONTEST AT ASHLAND.—ASHLAND, Neb., March 28.—(Special.)—The annual declamatory contests of the Ashland high school was last evening at Simington's opera house. May Tenneyson and Evelyn Lytle spoke in the humorous class, Miss Lytle being awarded the honors.

CHARGED WITH BEATING AGED FATHER.—ELK CREEK, Neb., March 28.—(Special.)—Frank J. Durack, who lives in the north part of town, was arrested yesterday afternoon, charged with assaulting and wounding his aged father, who lives with him. He pleaded not guilty in court and trial was set for Saturday morning.

DISMISS ZLOCH ASSAULT CASE.—PAPILLION, Neb., March 28.—(Special.)—Joseph Zloch, who was charged with criminal assault, will not be tried, as he will pay the costs and the case will be dismissed.

END OF PARKER WILL CASE.—BEATRICE, Neb., March 28.—(Special.)—In district court this morning Judge Letton denied a motion for a new trial in the Parker will case.

EASTER DAY IS TO BE SUNNY Nebraskaans Assured by Government Forecaster They May Wear Their New Toggery.
