

# STOP COUGHING.

You must stop that coughing at once, or before you know it your lungs will be affected and your life endangered by pneumonia or consumption. At this time of the year you must be particularly careful, as throat and lung troubles are hovering around, and

## DEATH IS NEAR

often nearer than you can possibly imagine. Only last week a strong, robust young man, in the prime of life, who lived in White Plains and did business in New York City had a slight cough. It was so slight that he paid no attention to it, and in a spirit of bravado continued his office work. In four days it went to his lungs, and he died from pneumonia within a week. Many such cases are happening every day, and every one of them can easily be cured by

# DUFFY'S PURE MALT WHISKEY

The dose is a teaspoonful in a half glass of water three times a day until the cough is relieved. It is a SURE CURE. It will cure any cough in 24 hours if the patient will use it as directed.

### COIN FOR THE FILIPINOS

Dollar Similar to Mexican and British is Decided On.

### GOVERNMENT BILL IS COMPLETED

Provides for Mintage in Philippines and United States Subsidiary Coinage of the Island.

WASHINGTON, March 28.—The republican members of the senate committee on the Philippines held a meeting today and passed finally upon the provisions of the Philippine government bill. The currency question was the principal topic of conversation again today and the provision for supplying the Philippines with a circulating medium as prepared by the subcommittee composed of Senators Allison, Beveridge and Dubois was finally passed upon. This provision, as has been heretofore stated, is that there shall be coined a Philippine dollar of the same weight and fineness as the Mexican dollar and the British dollar. The coin will carry an American device on one side and an Oriental design on the other, and it is calculated that it will in time be a very popular coin throughout the eastern world.

The amendment also provides for subsidiary coinage sufficient to meet the wants of the Philippine people. The coinage of this silver will be done in America and in the Philippines. The full committee will meet on Monday and it is the hope of the republican members that the authority will then be given to report the bill to the senate. Places of Mintage. The provision in regard to mintage is that the Philippine currency shall be coined in the Philippines as soon as facilities are provided, but that in the meantime it may be coined in the United States mint at San Francisco. The dollar provided in made a legal tender in the Philippines, but not in the United States. The republican members, at their conference, also considered the question of authorizing a legislative assembly for the Philippines, but concluded to omit all legislation of that character, and also to make no provision for delegates or commissioners in congress from the Philippines. Provision for a complete census of the

islands is, however, to be included in the bill. This is not to be a mere numbering of the people, but an inquiry into their educational attainments and property acquisitions with the view of securing information of a character which may be of use in future legislation for the islands.

### ANOTHER VETO BY PRESIDENT

Latest Measure Held to Be Unpopular of Pardoning Power by Congress.

WASHINGTON, March 28.—President Roosevelt today sent to the house the bill for the relief of Emanuel Klausner from the charge of desertion. The president says this bill, like the senate bill in the case of James W. Howell, not only authorizes the president to act, but also orders his secretary of war to revoke and set aside the order approving the findings and sentence of a general court-martial and to grant an honorable discharge. "It appears to imply," says the president, "the possession by congress of the power of annulling and reversing by statute as well. If it can do that it is simply an exercise of the pardoning power. It is questionable whether congress possesses either of the powers, and when the bill directed the secretary of war to revoke an order congress in fact did the thing which it ordered him to do."

## Eating a Question.

**Pleasurable Anticipation, When Proper Food is Used in Moderation.**

If you are one of those who have eaten too freely of Grape-Nuts and have been satisfied, we have a word of help and advice for you. It is a concentrated food, and the system requires and can handle only a small amount at a time. If too much is taken nature revolts against the overloading. Be moderate and enjoy the food day by day. It is too valuable to your system and to your sturdy health to give over. It is a common fault for people to overeat candy or any other delicacy at some time in life, and from an excess be driven to abstemiousness. But with Grape-Nuts it will richly repay you to start again on the fixed allowance of not more than three heaping teaspoons for the cereal part of the meal, and so long as you use the food in moderation you will stick to it, and look forward to the meal with pleasurable anticipation. Remember, Grape-Nuts furnishes the most delicious tasting cereal food known, and contains the certain elements nature uses for repairing and rebuilding the brain and gray matter in the nerve centers. The steady and moderate user of Grape-Nuts can depend upon daily nourishment of the kind that gives one that feeling of reserve strength so essential to a successful, active brain worker. Do not try to cook this food. It is thoroughly and completely cooked at factory and is ready for instant service.

## PENSION DAY IN THE HOUSE

Over Two Hundred Bills of This Kind Are Passed.

### PRESIDENT'S VETOS ARE DISCUSSED

Chief Executive's Adverse Policy on Removing Charge of Desertion from Military Records Leading Topic.

WASHINGTON, March 28.—The house spent today passing private pension bills. In all 215 were passed. With one exception this is the record for the number of such bills passed at a single session. The president's policy with regard to the veto of bills to remove the charge of desertion from the records of soldiers came in for considerable discussion during the day. Early in the session a number of minor bills were passed. The sundry civil appropriation bill was reported and Mr. Cannon gave notice that he would call it up on Monday.

A resolution was adopted which called upon the secretary of war for certain information relative to the condition of the Missouri river improvements below St. Joseph, Mo. Littlefield of Maine asked unanimous consent for the consideration of a bill to confer jurisdiction upon the court of claims to adjudicate the claims for duties collected on goods going into the island of Porto Rico between April 11, 1899, to May 1, 1900. The bill provides that the claims found due should bear interest at 6 per cent.

### Payne Says Refund is Necessary.

Mr. Payne of New York explained that the refund of these duties was made necessary by the decision of the supreme court. The claims for interest he thought were just, because General Davis, the military governor of Porto Rico subsequently went to the Philippines and service could not be obtained upon him. The bill was passed. Bills were also passed to allow the computation of homestead entries in certain cases upon the ceded portion of the Sioux Indian reservation in South Dakota; to grant a right-of-way through the San Francisco mountain range to the Central Railroad of Arizona and to authorize the loan of revolutionary trophies to the Morgan association of Winchester, Va.

The president's veto of the bill to remove the charge of desertion against Emanuel Klausner was laid before the house and referred to the committee on military affairs. The house then proceeded to the consideration of private pension bills.

The first bill on the calendar was to correct the military record of Calvin A. Rice, and Mr. Talbert of South Carolina made it the text of a speech against this class of bills. He referred to the veto of the president just read and to his other vetoes of like bills. "I am glad," said he, "to see that the chief executive has come to my assistance to keep the roll of honor from being besmeared by deserters. While I disagree with the president as to the aggressive movements of the Kaiser's subjects in pushing their dominion in the far east, and tell of the conquests they have made. Illustrations are from photographs made in China and Oceania, where the German flag now waves without dispute.

### GERMANY'S OCEAN TRADE

is the subject of Frank G. Carpenter's weekly letter. It deals with the aggressive movements of the Kaiser's subjects in pushing their dominion in the far east, and tells of the conquests they have made. Illustrations are from photographs made in China and Oceania, where the German flag now waves without dispute.

### BESIDES THE SPECIAL FEATURES

here enumerated, there are many other articles and illustrations of interest in the paper. It has been quite a while since so many pictures were presented in a single number of the Illustrated Bee, while the regular departments have been given the customary careful preparation. If you are not a subscriber, you should order from your newsdealer today.

# The Illustrated Bee.

### ONCE EACH WEEK

readers of The Bee are served with a treat in the way of an Illustrated Magazine section of a kind that no other paper in the west undertakes to put out. It is prepared on The Bee plan—that of the very best obtainable—a judicious and subject matter are always selected with this end in view. Each number is complete in itself, and each contains pictures and articles found nowhere else. In the next number will be found:

### TRYING ON THE EASTER BONNET

—A pretty conceit for the season—showing a tiny tot before a mirror, admiring her appearance in the latest creation of the milliner for her mamma's adornment. Pose and smile show the little girl's satisfaction with herself under the circumstances. This will go with The Bee's famous front page pictures.

### ROMANCE OF THE TRUE CROSS

—The possession of which blood and treasure untold was poured out during the first twelve centuries of the Christian era, is still of deep interest. A special article tells of this wondrous piece of wood from the time of its discovery three hundred years after the crucifixion to its disappearance and probable destruction at the hands of Saladin nearly a thousand years later.

### CAN THE JEWS BUY PALESTINE

is debated at length by a writer who is thoroughly in touch with his topic. This question of the establishment of a Jewish state in Palestine has new impetus by the recent movements of Dr. Herzl of Austria in the matter. This article, which concludes adversely to the proposition, is illustrated from photographs made in the Holy Land.

### BASKET BALL FOR GIRLS

is the subject of another specially written article, which tells of what the strenuous game will do for the young women who follow it. It is illustrated from photographs of the champion girls of the University of Nebraska, the champion class team of the university and some high school teams.

# MRS. HULDA JAKEMAN,

Wife of the President of the Elders of the Mormon Church, Salt Lake City, Utah, Recommends

## Lydia E. Pinkham's Vegetable Compound for Woman's Periodic Pains.

Surely the great volume of letters we are constantly publishing from women made strong and well by Lydia E. Pinkham's Vegetable Compound must convince all women of the value of this famous medicine.

Does anyone suppose that the young wife of President Jakeman, whose portrait we are permitted to publish, would allow us this great privilege if she had not been so over-joyed at her own recovery that she now wants to be of service to her suffering sisters? No, indeed! No money can purchase such testimony, only a grateful heart full of a desire to help other sufferers could induce a young woman of such high social position to allow her name to be used in connection with any remedy.

How is it possible for us to make it plainer that Lydia E. Pinkham's Vegetable Compound will positively help all sick women? All women are constituted alike, rich and poor, high and low.—all suffer from the same organic troubles. Surely, no one can wish to remain weak and sickly, discouraged with life and no hope for the future when proof is so unmistakable that Lydia E. Pinkham's Vegetable Compound will cure monthly suffering—all womb and ovarian troubles and all the ills peculiar to women.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She can surely help you, for no person in America has such a wide experience in treating female ills as she has. Address is Lynn, Mass.; her advice is free and always helpful.

MRS. HULDA JAKEMAN, of Salt Lake City.

"DEAR MRS. PINKHAM:—Before I knew of Lydia E. Pinkham's Vegetable Compound I dreaded the approach of the time for my menstrual period, as it would mean a couple of days in bed with intense pain and suffering. I was under the physicians care for over a year without any relief, when my attention was called to Lydia E. Pinkham's Vegetable Compound by several of our Mormon women who had been cured through its use. I began its systematic use and improved gradually in health, and after the use of six bottles my health was completely restored, and for over two years I have had neither ache or pain. You have a truly wonderful remedy for women. Very sincerely yours, Mrs. HULDA JAKEMAN, Salt Lake City, Utah."

O, my sisters, I do pray you to profit by Mrs. Jakeman's experience; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

**\$5000 REWARD.**—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonial in person, or in any newspaper, or in any other publication, and who will send the name of the person who has so done to Lydia E. Pinkham's Medicine Co., Lynn, Mass.
