GILBERT WINS THE TROPHY

Iowa Man Defeats Elliott and Crosby in Fifty-Bird Match.

GETS THE SPORTSMEN'S REVIEW CUP

West's Wing Shot Championship from Kansas City Man in Twenty-Five Straight on Shoot-Off.

KANSAS CITY, Mo., March 28.—Fred Gilbert of Spirit Lake, Ia., today won the fifty bird shooting match for the Sportsmen's Review trophy, and thus takes absolute possession of that cup. The contestants were: Gilbert; J. A. R. Elliott of Kansas City, and W. R. Crosby of O'Fallon, Ill. Gilbert and Elliott tied on forty-seven out of fifty, Crosby losing four birds. In the shoot off at ten birds, Elliott lost his first, second and third birds, Gilbert killing ten straight.

Today's shoot which is preliminary to the opening of the Grand American handicap tournament, which begins officially on Monday, next, took place at Blue River Shooting park, just outside the city limits. The shoot began at 3 o'clock and lasted an hour. The weather conditions were ideal and the birds satisfactory.

The contest was for the possession of the Sportsmen's Review cup, emblematic of the wing shot championship of America. Elliott was the holder of the trophy, having successfully defended it since May 17, 1919, when at St. Louis, in competition with thirty-six other crack shots, he tied with seven of them, with a score of twenty-five straight, and killed 100 straight in the shoot off. Gilbert, who brought the permanent trophy of the cup by defeating Elliott and Crosby today, won it the first time it was put in competition. This was an open contest, November 4, 1918, at Cincinnati, twenty-eight shooters competing.

Crosby, the first man up, missed his first and eleventh birds, and his twenty-third and forty-second fell dead out of bounds. Gilbert missed his twelfth bird and his thirty-third and forty-first fell dead out of bounds.

Elliott's second bird fell over the line and he missed his fifth and forty-eighth. Crosby being out of the line from Denver to New Gilbert shot off their tie. Gilbert killed ten, making a straight score. Elliott missed his first and sixth and his second bird fell outside of bounds. The birds were a lively lot and the second barrel was used on more than half of them.

GOOD NEWS OF THE WESTERN

Whitehead Gets Encouraging Reports from Various Cities in the League.

KANSAS CITY, March 28.—(Special Telegram)—President James Whitehead of the Western league was able to be at his office today and the first time since his return from Peoria the early part of this week. He is taking the train for Chicago today when he came home Tuesday was compelled to go to bed.

Both Quinn and Hart have secured several contracts from the Southern and Western leagues, with a few veterans sandwiched in Hart and Vaughn will compose one of the best of the league. Both are old national league men, know the game from A to Z and will surely be able to get good work out of the youngsters.

Whitehead also has a promising pitcher in Simonson, a Cincinnati youngster who has been highly recommended by the new-angled pitcher for Hart's team is Schaffstaf, a Southern league graduate.

Chuck Nichols of the local Western league team has received a letter from Hugh Duffy, who has arrived in Milwaukee, and the Brewers' manager says everything there is bright, in spite of the fact that the Western league cannot go in Milwaukee. With a better situated park and a team to compete favorably, the association here would have no reason why the Western league should have any trouble in Milwaukee. He has signed two men up to date.

From Denver comes a report that Gus Dundon, the third baseman who has been claimed by both Denver and Kansas City and George Tchech of outfield has reported to Packard and prepared to guard third base for the Grizzlies. Dundon wrote Packard during the past winter, and he intended to stick with Denver, and, according to the Denver papers and other information he is already in the Colorado capital ready to begin the spring practice. This will be according to a disappointing report for Tebeau, as Gus is a good man and would have fitted in well at third corner for the Grizzlies. "Whitehead announced last winter that he had secured Dundon for Kansas City. Since then he has given out Dundon's name to his Peoria list, and the excuse given for taking Dundon to Kansas City was that he refused to come here.

Dead and His Treasure Buried

Evans of Belle Fourche found his body strangled on the floor. The clock was still running and it is not thought he had been dead long.

Beckman was 70 years of age and had been a familiar figure around Belle Fourche a long time. Every few weeks he would appear in town with several hundred dollars in gold coin. It was noticed that many of the gold pieces smelled earthy and musty and it is thought the old man had a treasure buried somewhere about the place. Parties contemplate visiting the ranch to search for the old man's cache.

DECLINE OF COEDUCATION

President-Elect James of Northwestern Says the System is Losing Ground.

CHICAGO, March 28.—Dr. E. J. James, president-elect of the Northwestern university, presented his first communication to the trustees today. On the subject of coeducation he said in part:

There are many signs of a marked reaction in the public mind toward coeducation. Friends of the movement may still view it with some concern. The tide seems in certain ways to have ebbed. A pronounced reaction has set in. Not only has the public opinion shifted, but the subject is indicated by their policy. The rapid growth of attendance at the women's colleges during the last few years is also a very significant fact.

But, on the other hand, one hears often the claim that the increasing number of women entering the professions to study the system with all seriousness. The grounds of discussion have changed entirely in the last generation. The objections have lost their force and entirely new ones are now to be raised. The notion that women are incapable of doing college work so commonly urged a generation ago, has completely disappeared. The suggestion that young men and women cannot be trusted to observe proper relations in their intimate intercourse, has vanished in the view of the fact that the moral tone of coeducation is distinctly higher than that of the community at large and is certainly not inferior to that of schools for one sex alone.
