A Simple Internal Remedy Makes Remarkable Cures of Catarrh. People who have used sprays, inhalers, salves and washes for catarrh and have found how useless and inconvenient they are, will be greatly surprised at results following the use of a pleasant internal remedy in tablet form...

which they sell at 50 cents for full sized treatment, is the safest, most effective and popular of all catarrh remedies. Nearly all cheap cough mixtures and throat lozenges contain opiates; these cheap medicines give a temporary relief, especially with little children, by destroying nerve sensation; the irritation in throat, which causes coughing, is temporarily removed, not by removing the cause, but by deadening the nerves of feeling...

Dr. Hamedell, in commenting on catarrh cures, says: "I can heartily recommend Stuart's Catarrh Tablets, because they contain no cocaine nor other dangerous drugs found in so many advertised catarrh cures. I have known of many cases of long standing catarrh of the head and throat completely cured by the daily use of these tablets for several weeks. One case in particular, which I could not reach with an inhaler or spray and where the catarrh caused daily headaches and a noticeable loss of hearing, was entirely cured by this harmless but effective remedy."

Dr. Wainwright says: "I never hesitate to prescribe Stuart's Catarrh Tablets for catarrhal headaches and catarrhal deafness, because I know them to be perfectly safe for child or adult and have seen many remarkable cures resulting from their regular daily use; because they are advertised and sold in drug stores is no reason why any good physician should not use them, because we should base upon the means of cure wherever found."

Stuart's Catarrh Tablets are especially valuable for catarrhal colds in children, because they are pleasant to the taste and may be used freely to break up severe colds and croup at the very beginning.

LATTER DAY SAINTS GATHER

World's Conference Will Open at Lamoni Next Week. DELEGATES COME FROM AFAR TO ATTEND. Representatives of Foreign Missions Will Consult with Home Leaders as to Work and Methods.

LAMONI, Ia., March 29.—(Special.)—The world's conference of the Reorganized Church of Jesus Christ of Latter Day Saints, which convenes at Lamoni April 6, promises to be one of the largest gatherings of the church ever held. Among the ministers and delegates already present are all the members of the quorum of twelve apostles, of whom Gomer T. Griffiths comes from England, R. C. Evans from the Canada mission and Joseph Luff from California.

This conference will be one of great interest to the church throughout the world. The church was reorganized in 1849, under the presidency of Joseph Smith, the oldest son and legal successor of his father, who was killed at Carthage, Ill., June 27, 1844. The twelve apostles have been in duty since that time, and they have the special duty of the twelve being the oversight of the missionary work throughout the world. The first presidency of the church is composed of Joseph Smith, president; A. H. Smith and E. L. Kelley, counselors. A. H. Smith also holds the office of patriarch and E. L. Kelley that of high priest. The patriarch is on a missionary tour to the South Sea Islands, Australia, Honolulu and other parts and will not be in attendance at this session.

To Improve Foreign Missions. The probability is that the foreign missions will be better supplied with missionaries than at any previous year. They will have missionaries in the South Sea Islands, Australia, Hawaii, England, Wales, Scotland, Denmark, Sweden, Norway, Germany and other foreign countries. The church believes in a complete organization, as in the days of Christ and his apostles, with all the gifts and blessings of the Holy Spirit, and they are being blessed and guided by the Holy Spirit during the coming conference April 6 has been appointed as a day of general fasting and prayer, to be observed by the membership of the entire church.

The church is really organized with a quorum of first presidency, twelve apostles, high priests, also different quorums of seventy, elders, priests, teachers and deacons. It now has a membership of 50,000 and a force of 400 in the general missionary field. The people are still called by the name of Latter Day Saints, and they believe in all the principles of the gospel, including faith, repentance, baptism (by immersion), laying on of hands, resurrection of the dead and eternal judgment. They also believe in present revelation. They are strictly monogamic, being bitter opponents of polygamy, and they believe in the doctrine of the Utah church as taught and practiced under the leadership of Brigham Young.

Their Statement of Belief. Here follow a few extracts from their statement of belief: We believe in God, the Eternal Father, and in his Son Jesus Christ, and in the Holy Ghost. We believe that men will be punished for their sins, and not for Adam's transgression. We believe that through the atonement of Christ all men may be saved, and that they shall receive the glory according to their works and obedience to the laws and ordinances of the gospel. We believe that these ordinances are: First, faith in God and the Lord Jesus Christ; second, repentance, which includes immersion for the remission of sins; third, laying on of the hands for the gift of the Holy Ghost; and fourth, the resurrection of the body, that the dead shall not live again until the thousand years are expired; sixth, we believe in the doctrine of eternal judgment, which provides that men shall be judged, rewarded or punished according to the degree of good or evil they shall have done.

Preacher Condemns Heresy Prefers His Condemned Views to Excommunication. ARKANSAS CITY, Kan., March 29.—Rev. "Well," said Manager Rourke of the Omaha base ball club last night, "after months of hustle and weeks of constant strain and worry I am finally set at rest. My team is now secure. Every man I have signed will be here to play ball. For awhile I was in the anxious seat, for other managers were trying hard for some of my players, but now my worries are over as far as that part of it is concerned. "All the men are expected to be here by Tuesday, April 1, and many of them will, but others will be detained because they wish to remain home and stay at work. Pitcher Graham will stay in Greenwood, Neb., for that reason, and will not arrive till Wednesday. Pete Burg of Chicago and Ed Hickey of Indianapolis also wish to exercise their rights of franchise, and will be a little later in account. "Ace Stewart, with Bob Carter and Mordcael Brown from Terre Haute will be here tomorrow night, or at the latest Monday. Ace wrote me that the three would leave Terre Haute this afternoon, and that would land them here tomorrow. If they came straight through, but they may stop over in Chicago one day, and in that case Monday will see them here. "Dud Riley is in Salt Lake City and says he will be here on the dot, and the same promise comes from Frank Owens at Ypsilanti, Mich.; Fodge, slowey is at Petersburg, Ky., and they will be here on time. White Tom Fleming, Frank Genins and Jack Thomas, a new catcher, will come in from St. Louis Tuesday. Eddie Gordon will not come to Omaha at first, but will join the team at Lincoln when we play there on the 7th of April. Hayes, Joe Dolan, Goding and Cauthorn are in Omaha now. "I was badly scared about Hickey at one time. I did not hear from him for about two months, and knowing as I did that Watkins was after him hard it worried me. But it came out all right. Watkins also gave me a run for brown. He had him signed, in fact. "We play our opening game with the Originals here on the 5th and again on the 6th. Then we play at Lincoln with the State university on April 7, 8 and 9. Creighton college comes next here on April 10 and 11. Des Moines comes here on April 12 and 13, and the University of Nebraska on April 15 and 16. I am holding the 14th and 15th open for Pittsburg, as I hope to catch that team on its way east from Hot Springs. Cedar Rapids has canceled its games of April 18, 19, and 20, so that ends the original schedule. "The Originals and Creighton university boys have received their new suits, and they are beautiful. The amateurs will be logged out in finer rags than the leaguers when they meet them. "The baseball league schedule yet, as it is not adopted. They are trying to do it by mail, but they never will accomplish it. I am demanding a meeting at Des Moines or Omaha at once, so we can settle it. There are only two little points in the schedule as now made up that are causing some discussion, but some little things might knock out the whole business."

SPALDING WILL NOT PRESIDE. Restrained by Pending Injunction Sued from Acting as President of League. NEW YORK, March 29.—Judge Trux in the supreme court today overruled a demurrer entered by A. G. Spalding and others to the injunction suit brought by Andrew Freedman, owner of the New York Base Ball club, to restrain Spalding from acting as president of the National League. Justice Trux decided that the defendants might withdraw the demurrer and defend the suit on payment of costs.

It is understood that at the meeting of the National league to be held in this city next week, A. G. Spalding will not officiate as president, being still restrained by order of the court. By the terms of Judge Trux's decision, N. E. Young is still president of the league, since it is contended that no election has been held since 1900, when Mr. Young was chosen for a stated term of years.

It will be months before the original complaint can be heard, and during that time it will be necessary to agree upon a policy by which the league can be operated. Members of the Spalding faction will consent as to what course to pursue. President Ebbitts of the Brooklyn club said today that no plan had been outlined in case the decision was against them and that he did not care to be quoted as to further proceedings until after consultation with the clubs allied with Brooklyn. Members of the Freedman faction declined to express themselves further than to assert that the decision was only what they had expected.

JUNIORS CAPTURE EVERYTHING. High School Athletic Honors Go to Boys of the Second Class. The cadet band played a score of musicals strong, and 400 spectators, mostly girls and boys, yelled the loudest when Claude Robertson led his fellow athletes of the junior class of the Omaha High school in a parade through the city during the annual athletic carnival at Germania hall last night. All four classes participated. At no time during the evening's games were the haughty seniors or the lower classmen in it for a moment. They were the whole time of six events, and were the whole thing all the time. These first contests of the season were received with enthusiasm. First of all came a wrestling tournament, presided over by the referee, Harry C. Chambers and Walter Stedevan, a senior, threw Walter Stedevan, a senior, 2-0-0, which the referee received. You have the most convincing evidence of this fact every day. Otherwise beautiful faces marred with blackheads, blotches and pimples, muddy or sallow complexions, and red, rough or oily skins are some of the most common and conspicuous symptoms of bad blood. You can hide these ugly and humiliating blemishes by glazing them over with face powders and rouge, and the rough and discolored skin is made white and smooth by a lavish use of cosmetics, but these artificial complexions and false skins only last for a day, when the eruptions and spots stand out as bare and brazen as ever. The natural beauty and smoothness of the skin cannot be permanently restored by the use of external applications, for the reason that these skin diseases are due to some poison or humor in the blood that must be antioded and eliminated before the skin can or will return to a healthy state. Under the purifying and tonic effects of S. S. S. all impurities are expelled from the blood, the general health is invigorated, and all disfiguring and annoying eruptions promptly and permanently disappear from the skin, and it becomes as soft and smooth as ever.

Bad blood tells in many other ways. Itching and burning eruptions, rashes and sores, boils and carbuncles show the presence of some irritating poison or unhealthy matter in the blood, and these aggravating troubles will continue until the weak and slow circulation has been quickened and the deteriorated blood made rich and strong again. Some are born with bad blood, and it begins to tell in infancy; scrofulous affections, sore eyes, scalp diseases, nasal catarrh, stunted growth, brittle bones and soft and flabby muscles are some of the early manifestations of bad blood by inheritance. These symptoms, if neglected, may develop into some deep-seated and serious blood trouble later on in life, but the timely use of S. S. S. will check the disease in its incipency, and the little sufferers grow into healthy manhood and womanhood.

When the blood is healthy and pure it tells a different story, a smooth and flawless skin glowing with health, a sound body and active brain, well nourished system, good appetite and digestion, and restful and refreshing sleep. S. S. S., combining both purifying and tonic properties, contains all that you need in the way of a blood builder and skin beautifier. S. S. S. is Nature's Remedy. It contains no Arsenic, Potash, or other mineral, but is strictly a vegetable blood purifier and tonic that can be taken without fear of any hurtful effects, and with perfect assurance of a speedy and lasting cure. Our illustrated book on the Skin and its Diseases contains much plain and practical information about eruptive diseases, their cause and cure, how to take care of the skin, etc., that will be of inestimable value to all sufferers. We will mail you a copy free. Write us about your case and our physicians will gladly furnish any information or advice desired without charge. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

The Bad Boy's Bowel Blessing. Nature punishes every excess, not only of the bad boy, but of ourselves as well. I never have to look at their faces. They take them without a word." "Our little girl was troubled with constipation for over two years. Cascarets cured her. They like them and she is wonderfully good for children." "I have used Cascarets and have found them a most reliable remedy for children. They are recommended by Dr. J. C. Jackson, Philadelphia, Pa." "Mrs. Wm. Jones, Cantonment, N. Y." "We have used Cascarets for three years for the children as well as ourselves. They do just what they are recommended to do." "Mrs. J. C. Jackson, Philadelphia, Pa."

Every good, healthy, hearty boy is sometimes a bad boy—bad to himself, and will do things in the green apple, mince pie or other over-eating line that will twist his bowels. Men are only boys grown tall.
