Scrofula

Is a disease as old as antiquity, and as young as the newest born infant.

It has infested the blood of humanity from ancient times down to the present minute.

It is hereditary or may be acquired. It appears in swollen glands, scrofulous sores, hip disease, boils, pimples,

eruptions, and, as believed by high authorities, even in the forms of catarrh | St. Paul at 7 o'clock this morning. and rheumatism.

It can be cured by taking Hood's Sarsaparilla faithfully and persistently.

We know this, because Hood's Sarsaparilla has done it.

It will cure you if you give it a trial. You should begin to take it today.

Hip Disease -"I suffered from hip disease; had 5 running sores; used orntches and each winter I was confined to my bed for weeks at a time. made yesterday with the employers. An advance from 30 cents to 35 cents, to be effective June 1, was agreed upon. Mr. Lillen agreed not to call a strike until the men had met and ratified or repudiated the agreement. When the men learned of the treaty today they were indignant. They said they had delivered an ultimatum to strike unless the advance was granted im-

mediately. They flocked to headquarters the first thing today and demanded of Lillon why he had not called a strike instead of compromising. A stormy meeting followed. The men refused to wait till tonight to act on the agreement, but ordered the agent to call a strike at once.
