

Vigorous at 104 Years!

Mr. Joseph McGrath, of New York City, who is in his 104th year, says Duffy's Pure Malt Whiskey has kept him healthy and vigorous as he was 30 years ago and prolonged his life

Gentlemen—It gives me great pleasure to write you on the birth of the new century to thank you for the benefits your whiskey has done me. I am over 103 years old, can see, hear and sleep perfectly. I shave, take long walks every day. I have used whiskey as a medicine since I was 21 years old, and, using whiskey 81 years, I have learned to appreciate a good, healthful stimulant like yours. I have used it constantly for years, and can find nothing to take its place, neither food nor drink. It tones my system, stimulates my blood, as well as keeping me proof from coughs and colds. I hope with God's will and the aid of your whiskey to see much more of this wonderful century.

Yours very respectfully,
JOSEPH McGRATH.

Mr. Joseph McGrath, 104 Years Old.

DUFFY'S PURE MALT WHISKEY

Aids digestion, stimulates and enriches the blood, invigorates the brain, builds nerve-tissue, tones up the heart, fortifies the system against all disease germs and prolongs life.

If you wish to keep young, strong and vigorous and have on your cheek the glow of perfect health, take DUFFY'S PURE MALT WHISKEY REGULARLY, a teaspoonful in half a glass of water or milk three times a day, and take no other medicine. It is dangerous to all your system with drugs, they poison the system and depress the heart (Quinine depresses the heart), while DUFFY'S PURE MALT WHISKEY tones and invigorates the heart action and purifies the entire system.

Duffy's Pure Malt Whiskey has stood severe tests for fifty years, and has always been found absolutely pure and to contain great medicinal properties.

CAUTION!—Our patrons are cautioned against so-called "DUFFY'S MALT WHISKEY" offered for sale in bulk, and in other than our Patent Bottle, with our name blown in same. DUFFY'S PURE MALT WHISKEY is sold in sealed bottles only. Offered in any other form it is not the genuine.

FREE!—If you are sick and run down, write us. It will cost you nothing to learn how to regain health, strength and vitality. Medical booklet sent free.

FREE!—Two game counters for euchre, whist, etc., which are a novelty, sent free to any one on receipt of four cents to cover postage.

a guarantee. All druggists and grocers the Government as a medicine. This is the only whiskey recognized by or direct, \$1.00 a bottle.

DUFFY MALT WHISKEY CO., Rochester, N. Y.

COMPROMISE ON TAX CASES

Federal Court Sustains Chicago Assessment in Its Main Features.

STOCKS ARE VALUED TOO HIGH, HOWEVER

Corporations Must Pay the Just Portion Before Judgment Will Issue to Restrict Payment of Remainder.

CHICAGO, April 4.—The decision of Judge Grosscup and Humphrey of the federal circuit and district courts respectively in the injunction cases brought by seven Chicago public utility corporations to prevent the collection of taxes assessed as a result of mandamus proceedings in the state courts some time ago was read from the bench by Judge Grosscup today. It is in the nature of a compromise. The court finds that the reassessment was from 30 to 40 per cent too high on the stocks of the companies affected, but declines to enjoin the various officials from collecting the extra money till the corporations shall have paid in the 60 or 70 per cent which the court regards as just. By this ruling the corporations will have to pay about \$5,000,000 in taxes before the injunction is issued. The court appointed masters to determine the exact amounts which should be collected.

The injunction was asked for by the following corporations: The Union Traction company, the Consolidated Traction company, the South Chicago Street railway, the Chicago City Railway company, the Chicago Edison company, the People's Gas, Light and Coke company and the Chicago Telephone company.

The court holds that the taxing bodies erred in taking the stock market value of stocks for a taxing basis, holding that the market values are largely fictitious. The following is laid down by the court as the proper determination of the reassessment for the year 1900:

The basis shall be the net earnings of

the several complainants for the year ending April 1, 1900, a proper allowance being made for depreciation and replacement, but not for extension, and reduced further by the additional taxes that the enforcement of this rule produces. Upon this basis the value of complainants' capital stock, including franchises and tangible property, shall be capitalized upon a ratio of 6 per cent, this capitalized value being reduced 30 per cent and then divided by five. Upon this (capitalization), the tax shall be extended at the true rate for 1900 exclusive of interest and penalties, not to exceed \$7,500,000 per cent, from which shall be subtracted the taxes already paid, and the balance will be the sum allowed.

The enforcement of this rule cuts the reassessment something over \$2,000,000.

DEATH RECORD.

Lieutenant William Shuetz. WASHINGTON, April 4.—Lieutenant Commander William Shuetz died at the naval hospital in this city today of a complication of acute stomach and lung troubles. His death came at the age of 35, a creditable and interesting career in the naval service. He was appointed from Missouri and was graduated at the head of his class at the naval academy in 1887. He went on the expedition to the Lena Delta and the Bering Sea in the Albatross, and was again sent to the far north, at the instance of the State department to distribute presents among the natives of northern Siberia in return for their kindnesses to the expedition. He was a man of high attainments, unusually well equipped for the scientific branches of the naval service. As an expert in compass work he brought

that instrument to a high state of perfection for the navy. He was the navigator of Iowa during the Spanish-American war. His relatives reside at St. Louis.

MISS BELLE MANN GOES AWAY

Her Parents Worry Over Unexplained Absence and Discover No Motive.

ONAWA, Ia., April 4.—(Special Telegram.)—Miss Belle Mann, one of Monona county's school teachers, has suddenly disappeared and all efforts to trace her whereabouts have been in vain.

About a week ago Miss Mann came to Onawa to visit the county superintendent of schools to be examined for a certificate to teach. The superintendent happened to be absent that day, and Miss Mann, who is a young woman of about 22 years of age, and who would call again in a day or two to take the examination. Since then her parents have been unable to find any trace of her except that she bought a ticket for Onawa.

Miss Mann is about 22 years of age, a brunette, good looking and stylish. She has been a stenographer and school teacher, bears a good reputation and has always been regarded as a splendid girl. No motive can be given for her disappearance and if she has any love affair it is unknown to her parents, who live on a farm near Castana, Ia., and who are much worried over her absence.

TEST STATE DENTAL LAW

Examiners Cause Arrest for Failure to Take Out Annual License.

SIOUX FALLS, S. D., April 4.—(Special Telegram.)—Dr. John Swartz, dentist, was arrested today on complaint of Dr. F. N. Palmer of Madison, president, and Dr. W. Collins of Vermillion, secretary of the State Board of Dental Examiners, for failure to take out an annual license as required by a law passed by the last legislature. Dr. Swartz furnished bonds for his appearance at the next term of the state court. The arrest was made for the purpose of making the case a test one, many dentists in the state maintaining that the act of the legislature fixing a license fee is unconstitutional.

ALONZO BRUCE IS ASSAULTED

Nephew of Late Registrar of Treasurer Found in Serious Condition.

DEADWOOD, S. D., April 4.—(Special Telegram.)—Alonzo Bruce, a nephew of the late senator and registrar of the treasurer, E. K. Bruce, was found in his room in Deadwood, badly beaten and bruised, and almost in a dying condition. He had numerous contusions about the head and fractures of the skull, and has so far failed to recover sufficiently to relate what happened to him. It is believed that someone set upon him in his room. He is in the hospital in a critical state.

DEAF TO WARNING OF DEATH

Andrew P. Peterson of Sioux Falls Killed by Omaha Railroad Train.

SIOUX FALLS, S. D., April 4.—(Special Telegram.)—Andrew P. Peterson, aged 75 years, an old resident of this part of the state and father of Henry Peterson, deputy warden of the Sioux Falls penitentiary, was instantly killed today by being struck by an Omaha railroad train while walking on the track in the southern limits of Sioux Falls. The old man was deaf and failed to hear the warning whistle of the engine.

TURN HOTEL INTO COLLEGE

Mrs. Plant Proposes to Donate Big Tampa Bay Hotel to Catholic Church.

ATLANTA, April 4.—A special to the Constitution from Tampa, Fla., says: Negotiations are in progress by which the Tampa Bay hotel, which was built by the late Henry Plant at a cost of \$1,700,000, the extensive grounds and the annex buildings may be converted into a Jesuit college.

Mrs. Plant, widow of the deceased millionaire, has proposed to Morton P. Plant, Henry Plant's son by his first wife, that he will donate his interest in the property to the Catholic church she will do likewise and will also endow the college with \$1,000,000. Morton Plant, under the division of the estate, owns a large portion of the hotel property and his consent will be necessary to carry out Mrs. Plant's plan.

TO CURE GRIP IN TWO DAYS

Laxative Bromo-Quinine removes the cause. S. W. Grove's signature on every box. Price 25 cents.

ROOT ENDS TEDIOUS LABOR

Completes Data on Manila Massacre and Sends It to Senate.

SHOWS AUTHENTICITY OF THE ORDER

Submits Statement by Aguinaldo Testifying to Genuineness of General Luna's Signature to the Fatal Decree.

WASHINGTON, April 4.—A little over a year ago the senate adopted a resolution calling on the secretary of war for information tending to show the authenticity and genuineness of the order for the massacre of the residents of Manila on February 15, 1899. The secretary of war has just made response to the resolution, all of the time since the adoption of the resolution being required to complete the search for the necessary papers, here and in the islands.

The secretary transmits in answer to the resolution, a photographic reproduction of the alleged massacre order, bearing date of February 7, 1899, and with this photograph are a number of papers intended to demonstrate that it is an absolute copy of an original that actually existed and was issued by General Luna. Confirmatory evidence on this point, it is stated, is a statement by Aguinaldo, affirming the genuineness of Luna's signature to the order.

Supposed Author of Order. The secretary's report states that Luna was then director or assistant secretary of war of the Malolos government and commanding general of the Philippine army operating in the northern boundaries of the city of Manila. Luna, who was a colonel of militia and who army officers in 1898 generally believed to have been the author of this order, was a member of General Luna's staff and probably the medium through which the order was given by Luna to the chiefs of militia stationed in Manila.

The secretary says that additional evidence as to the authenticity of the order in question is the fact as set forth in the accompanying papers, that this Luna order was discovered in the personal effects of Lieutenant Colonel Jose Leyba, an intimate friend of General Luna, member of his staff, and one of the most active officers who took part in the defense of the Philippine possessions, from Calocan, on the outskirts of Manila, to Tarlac.

Finally it is stated that on February 23, 1899, a little over two weeks after the date of the order, a daring attack was made by the insurgents on the American forces in Manila.

SIGNS OF A LONG STRUGGLE

Mine Owners Dismissing Their Clerical Help and Scarcity of Men.

PUNXSUWATANEY, Pa., April 4.—The miners' strike in this district looks now as though it would affect the business interests of the town to a very great extent, as the merchants depend largely on the miners' trade. That the contest between the miners and the companies is going to be a long and bitter one may be determined by the fact that the Rochester and Pittsburgh Coal and Iron company is dismissing the scale men and a large number of bookkeepers at its different works and a majority of the clerical force at the main office here, a course this company has never pursued heretofore during a strike.

A large number of single miners have already left for the West Virginia and other fields in search of work. Unless coke can be secured, the blast furnaces will close, throwing 300 men out of employment.

FIRE RECORD.

Fire Causes Blaze. UNIVERSITY PLACE, Neb., April 4.—(Special.)—Fire caused by a second story of the house of S. J. Hillaker on St. Paul avenue and came near destroying the structure. Fortunately one of the hose carts was near the fire and was on hand immediately after the alarm. The fire was extinguished in short order. The fire caught from an electric light, and the room up stairs, and it was in the process of being put out when the lamp exploded, throwing the fire about the room. The damage is probably less than \$300, covered by insurance.

Shop at Stockville.

STOCKVILLE, Neb., April 4.—(Special.)—Charles Hammond's shop caught fire from the chimney. Everyone promptly turned out with buckets of water and the fire was soon out. A large part of the roof was burned. The damage was about \$75.

Barn at Hastings.

HASTINGS, Neb., April 4.—(Special Telegram.)—Fire destroyed Sam Miller's barn tonight. One horse and considerable grain were burned. The loss amounts to \$400. The property was partly insured.

HYMENEAL.

Provasnek-Webb. WEST POINT, Neb., April 4.—(Special.)—A wedding was celebrated this morning at the home of Hon. T. M. Franse, where Miss Edna Webb and William Provasnek were married.

A PHYSICIAN HURT.

Helped Himself. When the doctor himself brings on heart disease by the use of coffee it is time for ordinary people to think carefully of the effect of that beverage.

The testimony of Dr. O. W. Mathewson, 1354 Penn Ave., Des Moines, Ia., is as follows: His father is rather stout and thin, and is a physician of 15 years practice. I felt the need of a stimulant and for the first five or six years of my practice used strong coffee. Eight or ten years ago I began to notice symptoms of heart disease. This seemed to be a regular organic type and year by year became aggravated. Dizziness, faintness and later, inability to walk, at times.

"Physicians could find no marked symptoms of disease but thought there might be a kind of excited or nervous condition. Finally I became a confirmed invalid and gave up practice.

"Several years elapsed with the symptoms growing worse. I was considered as marked for an early grave. It finally became impossible for me to give up coffee. This I found easier to do when Postum Food Coffee was used in its place. I did this more to satisfy my friends than with any hope of benefit from such a simple change, especially in such an incurable case as mine. I was debilitated and very weak and about 35 pounds short of my old weight.

"From the first week I noticed a marked change, and within three months I was almost fully restored to my old strength and health. These facts are known to hundreds of my friends and acquaintances."

ORIGIN OF FIRE STILL UNKNOWN

Police Unable to Discover Cause of Conflagration at Atlantic City—To Begin Rebuilding at Once.

ATLANTIC CITY, N. J., April 4.—The front beach between Illinois and New York avenues today presents a scene of utter ruin and desolation. Of the many fine hotels which were situated in the district visited by yesterday's conflagration there remained standing the unburned portion of the Windsor hotel at the corner of Illinois and New York avenues, and the charred framework of the Rio Grande hotel on New York avenue. Between the two structures lies a blackened waste, scarcely a stick being left to identify any one of the numerous buildings destroyed by the fire. The shell of the Academy of Music remains standing. This was the only brick building in the burned area.

All through the beach, Board Walk and avenues near the scene of the fire were patrolled by the Morris Guards and Company of the National guards. During the day the soldiers were relieved from duty, the police force of the city being adequate to handle the crowds which visited the scene of the conflagration.

While great sympathy is generally expressed for the sufferers by the fire, the impression prevails that the disastrous visitation will not be without good results, as it has opened the way to improvement. The municipal authorities were the first to begin the work of rebuilding, and today, pursuant to the action of the city council last night, a force of workmen was put to work repairing the Board Walk. A carload of planks which were to have been used in renovating another section were utilized to reconstruct the burned portion.

Many articles of bric-a-brac and household furniture which were not destroyed in the fire were lost or broken in transit from the city. The vacant lots in the vicinity of the fire are strewn with tables, crockery, bedding, kitchen utensils and *voila*, and on New York avenue a grand piano stands alone in about a foot of mud.

The police and fire departments are still unable to discover the origin of the fire. At police headquarters today it was stated that after a careful investigation the authorities were of the opinion that the fire had started in the rear of the Tarleton hotel, but whether it originated from the explosion of a gasoline stove or an overheated electric range they were unable to say. There is also a theory that crossed electric wires started the fire.

Incoming trains today brought throngs of visitors, who spent most of the day at the scene of the fire. The crowds became so great during the day that it was decided to continue the military on police duty until night.

Chief of Police Eldridge has received numerous complaints of lost baggage and the police are kept busy endeavoring to trace the missing trunks and grips.

The insurance underwriters maintain that their estimate of the loss last night is correct, but the victims assert that this estimate refers merely to the reality. Many of them claim to carry no insurance and those that are insured say the damage to personal property and stock will greatly increase the total loss.

AERONAUT RELATES HISTORY

Survivor of Balloon Voyage During Siege of Paris Tells Interesting Story.

PARIS, April 4.—An interesting historical revelation has been made by Count de Keratry, a former prefect of police, at a banquet given by the Aero club in honor of thirteen surviving aeronauts who left Paris during the siege of that city in 1870-71. The count, who descended at Prillon near Ear Le Duc, department of Meuse, during a perilous journey, said he was entrusted by the national defense government with a mission to go to Madrid and persuade Marshal Prim to proclaim a republic in Spain. Keratry had in the possession of 60,000 francs, in treasury bonds, which a detachment of Prussian Uhlans nearly captured. The money was intended to equip and pay an army corps of 50,000 men which Spain was to place at France's disposal. Marshal Prim refused to undertake the task, although General Castelar, another Spanish republican supported the proposition. Marshal Prim was assassinated three months afterward and his murderer was never discovered.

Prim organized the movement which, in September, 1870, resulted in the flight from Spain of Queen Isabella. He subsequently became minister of war in the provisional government and furnished the pretext for the Franco-Prussian war of 1870-71 by offering the throne of Spain to the Emperor of Germany. In the autumn of 1870 Marshal Prim obtained from the Spanish corte the election of the Italian prince, Amadeus, duke of Aosta, as king of Spain.

Views of Canal Protocol.

MANAGUA, Nicaragua, April 4.—The Democratic issued yesterday from the national printing office editorially interprets the Nicaragua canal protocol presented recently to the Nicaraguan government as requiring the locating of all custom houses and the collection and control of all railroads in Nicaragua to be done by the United States and suggests that a conference between prominent citizens and President Zelaya be held, as possibly it is an unintentional error in this connection which is now disturbing the people of Nicaragua.

Greetings of a Steamer.

MANILA, April 4.—There was a celebration here today at the arrival of this port of the steamer Peru, from San Francisco, the first direct American mail steamer to reach Manila. The celebration was under the auspices of the Chamber of Commerce.

General Luke Wright, acting governor of the Philippines, and Prof. Dean C. Worcester of the Philippine commission, were the principal speakers.

First American Mail Steamer.

MANILA, April 4.—There was a celebration here today at the arrival of this port of the steamer Peru from San Francisco, the first direct American mail steamer to reach Manila. The celebration was under the auspices of the Chamber of Commerce.

General Luke Wright, acting governor of the Philippines, and Prof. Dean C. Worcester of the Philippine commission, were the principal speakers.

Order Suspense to Leave.

KINGSTON, Jamaica, April 4.—A second batch of Haytian exiles arrived here today from Jamaica, Hayti. The government of that republic is ordering scores of suspected conspirators to leave the country. The conditions in Hayti are reported to be very distressing.

Another of Lane's Victims Dies.

PHILADELPHIA, April 4.—Eloise, the 7-year-old daughter of Ella J. Jarden, otherwise known as Mrs. Ella J. Jarden, who was shot on Tuesday by William H. Lane, colored servant, died in a hospital this morning from the effects of her injury. Lane at the same time shot and killed the mother and 15-year-old sister of the little girl.

Ecce, No Cure, No Pay.

Your druggist will refund your money if PAZO OINTMENT fails to cure Ringworm, Tetter, Old Ulcers and Sores, Pimples and Blackheads on the face, and all skin diseases; 25 cents.

SEVERE BATTLE WITH BOERS

Repulsed by British After Heavy Losses on Both Sides.

PARTY OF CANADIAN RIFLES WIPED OUT

Held its Post Until Every Man Was Killed or Wounded—Kitchener's Report Says Fifteen Hundred Boers Were Engaged.

LONDON, April 4.—There was severe fighting all day long on March 31, in the neighborhood of Hart's river, in the south-western extremity of the Transvaal, between part of General Kitchener's force and the forces of General Delarey and Kemp, resulting in the repulse of the Boers after heavy losses on both sides. The Canadian Rifles especially distinguished themselves, one party, commanded by Lieutenant Bruce Carruthers, holding its post until every man was killed or wounded.

Lord Kitchener's official report, dated from Pretoria yesterday evening, says: "General Kitchener (Lord Kitchener's brother) sent Colonels Keir and Cookson from Vreikuit, western Transvaal, March 31, to reconnoiter toward Hart's river. They soon struck the track of guns and carried on a running fight for eight miles, following the track through the bush. Emerging on a plain, large Boer reinforcements advanced against their flanks, forcing the British troops to take up a defensible position, which they hastily entrenched. Fighting ensued at close quarters till the Boers were repulsed on all sides. Delarey, Kemp and other leaders vainly attempted to persuade their men to renew the action. Fifteen hundred Boers participated in this engagement, but they suffered too heavily and cleared away to the northwest and south. The British losses also were severe. The Canadian Rifles especially distinguished themselves, one party, commanded by Lieutenant Bruce Carruthers, holding its post till every man was killed or wounded. Others of the forces showed great steadiness, allowing the Boers to advance within 200 yards of them and repelling them with a steady rifle fire."

OMAHA AND THE OLEO BILL

Local Interests Affected Only Indirectly by Measure Passed Thursday.

Considerable interest is manifested here in the news from Washington that the oleo bill had passed the senate, and some apprehension is felt that it might deal a blow to the packing industry of South Omaha. Inquiry among packing house managers, however, reveals the fact that its effects will be felt only indirectly, as no oleomargarine is now manufactured here, the materials used for that purpose being shipped to Chicago, Kansas City and foreign countries for consumption. The packers are united in their opposition to the bill, as they say it strikes a blow to a legitimate industry. No one could be found at the packing houses who would venture an opinion as to the next move of the bill's opponents, but it is intimated that its passage may mean a long fight in the courts to establish its constitutionality. The packers' side of the controversy is summed up by E. A. Cudahy as follows: "I am much opposed to the bill, believing it bad. While it does not directly affect South Omaha, the industry here having been crushed out by the state law passed a number of years ago, it does indirectly by curtailing the shipment of the fats used in manufacturing oleo. The effect of the bill will be most seriously felt by the cattle raisers. Anything tending to lower the demand for fats necessarily lowers the price of cattle. The bill is all right for a dairy country, but it is not a good one for a cattle raising state like Nebraska. Our firm was the last to engage in the oleo business here, and since it was closed up we have shipped the products used in the manufacture to Chicago. This will probably be stopped now. I am unable to say what steps the manufacturers will take to protect their interests."

URGES COLLECTORS TO REMIT

Money for McKinley Memorial Should Be Sent to Treasurer at Once.

CLEVELAND, April 4.—Judge William R. Day, president of the McKinley Memorial association, has made a request that all contributions to the memorial fund be forwarded to Myron T. Herrick, treasurer, at Cleveland. Many thousands of dollars have been subscribed by schools and school children throughout the country for the disease. In January 29, McKinley's birthday, Judge Day announces his desire to have all these collections in the hands of the national treasurer at an early date.

Cholera in Manila Prison.

MANILA, April 4.—Two cases of cholera have occurred in the Bulbid prison. Consequently all the prisoners there have been discharged and will be taken to a detention camp, which has been quarantined. The total number of cases of cholera reported here, up to noon today, is 140, and there have been 115 deaths from the disease. In the province thirty-two cases of cholera and nineteen deaths have occurred.

WAS FORCED TO KEEP MOVING

THE STORY OF AN IOWA MAN WHO TOOK A FRIEND'S ADVICE.

Matters Were Getting Worse Rapidly When He Meets a Man Who Had Been Through the Same Experience and Knew What to Do.

Advice is cheap, but it is sometimes valuable. The following incident is unusual because the advice of a friend was not only followed, but it succeeded in rescuing the recipient from a disagreeable predicament. Mr. S. M. Jones of Hampton, Iowa, in telling the story, said:

"I don't know what caused it unless it was the condition of my blood, but about the middle of February, 1901, I contracted rheumatism. The pains across my back were very painful and kept getting worse all the time. After about a week or ten days it went from my back to my left leg and gradually extended down my leg into my foot. Even my toes became stiff and ached.

"I was in such pain that I could neither sit nor lie down for more than a few minutes at a time and I had to be on the move most of the while, night and day. I came across a friend who told me that he had suffered from the same complaint and had been cured by Dr. Williams' Pink Pills for Pale People. I began taking them right away and used six boxes in all. They did wonders for me and now I recommend them to everybody I meet who has anything the matter with him or her."

There is a popular idea that rheumatism is caused by exposure to cold and that some localities are infected with it more than others. Such conditions frequently promote the development of the disease, from the fact that rheumatism runs in certain families, it is shown to be hereditary and, consequently a disease of the blood.

Dr. Williams' Pink Pills for Pale People go directly to the seat of the disorder, purifying and enriching the blood by eliminating poisonous elements and renewing health giving forces. They are a positive specific not only for rheumatism, but for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, nervous headache, after-effects of grip, of fever and of other acute diseases, palpitation of the heart, anæmia, pale and sallid complexion and all forms of weakness. At all druggists, or direct from Dr. Williams' Medicine Co., Schenectady, N. Y., fifty cents per box; six boxes for two dollars and a half.
