DEMOCRATS HAVE TROUBLES

Complications Grow Out of Crowding of County Payroll.

CANON SEEMS TO PUSH JACOBSON SOME

Acrimonious Debate at County Board Meeting, with O'Keefe and Connolly as Principals and Jobs as Subject.

Ever since the Board of County Commissioners gave J. Henry Oest the supervision of the county poor farm Dan W. Canon, the deposed superintendent, has been dropping in on the commissioners with a pleasant and great regularity. Thursday he won a home, but in doing so he started the liveliest war of words that has been heard in the court house for some time. Commissioners O'Keefe and Connolly were the principal belligerents, but Harte, republican member, was accidentally drawn into it, and the three of them discharged linguistic volleys until it grew too dark to see where they were shooting. Ostrom mixed in just enough to keep the others rolled, and Hoffeld looked on with the calm dignity becoming the board's chairman. The appointment of Canon is ostensibly made on the recommendation of Peter O'Malley, who doesn't sign himself as anything in particular, but who is virtually county auditor. He wrote the board "respectfully requesting" Canon's appointment as clerk "for bringing forward the personal delinquent taxes from the year 1897 and subsequent years to 1901, so as to facilitate the work of this office in checking the bills and claims presented for payment by the claimants, many of whom owe personal taxes for a number of years."

O'Keefe and Connolly Clash.

It has been said that Hoffeld was the one who inspired this request, but Connolly spotted it as O'Keefe's and balked if it was to mean the retirement of Halfdan Jacobsen. O'Keefe balked if it meant anything else. Harte moved to keep Jacobsen in the office and put on Canon in addition. O'Keefe said something tart about Halfdan having been slipped onto the pay roll by

PASSENGER MEN ARE ANXIOUS

Awaiting Result of Conference of Western Association's Executives.

MUCH GUESSING ABOUT ROCK ISLAND

Rumors of All Kinds of Extensions Result from Withdrawal of Sebastian's Line—Dunal and Griffith Promoted.

Passenger men are awaiting with interest the result of the conference of the executive committee of the Western Passenger association, hastily called to Chicago Thursday upon the receipt of the official announcement from General Passenger Agent Sebastian of the Chicago, Rock Island & Pacific railroad that his line had withdrawn from the association. The opinion that this break means a general stampede seems to prevail more widely each day. Meanwhile the newspapers are indulging in a spasm of guessing as to what great construction project on the part of the Rock Island this assumption of independence in rate matters forbodes. Lines from almost every terminal which the road shows are being extended, on paper, to various wealth getting connections. A short line to Salt Lake City from Denver along the Clear Creek branch of the Colorado Southern is the favorite proposition and another popular scheme is the construction of an extension from Fort Worth, Tex., to Galveston via Dallas. In this connection General Agent D. W. Aldridge of the Northwestern railroad at Denver, who was in Omaha yesterday, had an opinion to offer. "I should not be at all surprised if the Rock Island should take over the Colorado & Southern and build an air line to Salt Lake City from it as a base. This would be feasible, and the identification now of Mr. Moffat with the other air line enterprises between those points would argue apparently that he would be willing to let go of the Southern. "It is my opinion, also, that the Moffat air line will favor the Burlington, for the cards seem to be running that way, if one can judge from such things as boards of directors and stockholders. This would be another reason for the Rock Island to wish a line of its own there, and it would naturally wish as good a one as the Burlington. "I do not question for a minute that Moffat will build that line. I am of the opinion that Senator Clark is one of his backers. Clark is pushing his short line from Salt Lake City on to the coast, and he would naturally urge this other air line to join up with him." General Passenger Agent Buchanan of the Fremont, Elkhorn & Missouri Valley road is greatly interested in the association status. He is in Wisconsin, but yesterday wired to Chief Clerk Munn of the passenger department here relative to a call for a special meeting which he understood had been issued. Mr. Munn has received no such call yet, but is expecting one. Promotion for Dunal. Eugene Dunal, since 1899 chief clerk of the local headquarters of the Chicago, Milwaukee & St. Paul railroad, has just been appointed assistant general western agent, the position being created for him. Mr. Dunal's headquarters will remain at Omaha. He is thus a representative of both the freight and passenger traffic departments, and General Passenger Agent Miller, general freight agent, and General Freight Agent Kelley combined in the appointment. It was then approved by General Traffic Manager J. H. Hilland. Mr. Dunal has been with the Chicago, Mil-

MAY GET GAME WITH IOWA

Ornithologists Have Chance to Renew Foot Ball Struggles with Hawkeyes.

ATHLETIC MANAGERS MEET IN OMAHA

Preliminary Steps Toward Arrangement of Gridiron Contest in November—Nebraska and Iowa Apart for Three Years.

Prospects are that for the first time in three years the universities of Iowa and Nebraska will meet again on the gridiron next fall. F. C. McCutcheon, manager of athletics at the State University of Iowa, came to Omaha Thursday and held a conference yesterday with Foot Ball Manager Charles Engel of the University of Nebraska. The result is that, while no contract was made chances for the renewal of this annual strife of brawn between the two old rivals will be resumed this year. Manager McCutcheon is conducting this matter on his own responsibility, as he has no authority from the athletic board of control at the Iowa university. Engel is in precisely the same position. Both are personally anxious for a game and will do what they can. Iowa has November 15 open. This is a fine date for it is at the height of the season. Neither school would care to play the other much earlier. Nebraska, however, has a game dated with Knox college at Lincoln for November 15, but it is thought that a change can easily be made, as Nebraska would much prefer playing Iowa to Knox, or, in fact, to any team it has on the schedule, not barring Minnesota. The chief difficulty then lies with the Iowa Board of Athletic Control. Manager McCutcheon leaves tonight for Iowa City, where he will submit the matter. Iowa plays Michigan on November 8 at Ann Arbor, a hard trip and a hard game. Then on November 27 it plays Illinois at Champaign. Whether the board will care to put such a hard game as Nebraska will offer in between those two is a question. One thing is certain, Nebraska must consent to play at Iowa City. Omaha or Lincoln would be preferable to Nebraska, but it will sacrifice that point to get the game, especially as Iowa will offer enough to make it pay to go to Iowa City. The fact that the Michigan and Illinois games with Iowa are away from home make it impossible to put another big one in a foreign location, as the Iowa City people are already up in arms about the team being absent so much at the height of the season, and having only one good game, Minnesota, scheduled for the home grounds. A week will settle the matter. The last Iowa game with Nebraska was played in Council Bluffs in 1899, Iowa winning by a close score. Coach Kalpe has always opposed playing Nebraska since 1888, when his actions on the field during the game here were featured in the newspapers.

FIGGITE SECURES DIVORCE

Mrs. Browning Gets Decree, but Judge Refuses Her Custody of Child.

At Fagillion, in Sarpy county, Thursday before Judge R. B. Thayer was heard the case of Virginia Browning, one of the Figgites, who wished divorce from W. W. Browning, who isn't a Figgite by a good deal, on the ground of cruelty. No defense was attempted with a view to prevent her procuring the desired decree, and she got it. The matter of alimony has not been deter-

RENEWS THE PERSECUTION

County Attorney Again Files a Complaint Against E. Rosewater.

I. J. Dunn, deputy county attorney, appeared before Police Judge King yesterday and filed a complaint against E. Rosewater, charging him with violation of the corrupt practices act in connection with the election of 1900. This is a renewal of the persecution com-

THERE are a great many people in this town who think it is quite natural to feel ill and miserable in the spring, and that there is nothing to do but to wait until they feel better.

We want to assure you your feeling of illness, weariness and general discontent with everything can be cured easily enough. The blood throughout the winter becomes thick, clogged, totally unfitness for the work it is called upon to perform for the first warm weeks of spring

SMITH'S Green Mountain Renovator IS JUST WHAT YOUR BLOOD NEEDS. GIVE IT A TRIAL AT OUR RISK AND WATCH THE RESULTS.

This medicine cleanses the blood from every impurity in the quickest and most effective manner. It will give you a new stock of good, pure blood and at the same time cleanse all the organs of the body. It is a purely vegetable product and the greatest body builder known. It not only purifies and enriches the blood, but it rebuilds the whole system. It gives you firm, healthy flesh, strong muscles and a clear brain. If you want to feel a great many years younger than you ever expected to feel again, give this good, old remedy a trial. We know it will prove effective, and we can recommend it in the highest possible terms. For 25 years it has been Vermont's leading medicine. It has stood upon its merits, not having been advertised or introduced outside of that State until quite recently. Vermonters recognize it as the best of all spring medicines, and refuse all others. It has the people on its side there, as the testimony of the public shows.

"Having used your GREEN MOUNTAIN RENOVATOR for the past two months and being so wonderfully benefited, I am desirous of adding my name to the list of those cured by your wonderful remedy. I suffered terribly from kidney trouble, and also from Rheumatic pain. I heartily recommend GREEN MOUNTAIN RENOVATOR to any one who feels all run down, or who is a sufferer as I was from Rheumatism and kidney trouble. If any one desires to write me to verify this statement, if they will enclose stamp for reply, I would be only too glad to give them more fully my very satisfactory experience with GREEN MOUNTAIN RENOVATOR." (Signed) Geo. M. Kerr, Coldwater, Mich., Dec. 8th, 1900.

If you use it as directed and fall to be benefited, we will refund all the money you paid us for the medicine.
