The chief question involved is whether under the guise of the forms of civil government a policy unjust and cruel to the people of the Philippine Islands and lajurious and hishonoring to American citizenship shall be indefinitely, if not perpetually, continued, or there shall be substituted in its stead a more righteous and humane policy, the intent and purpose of which is to confer upon these people within the shortest practicable period and upon reasonable and proper terms an autonomous system of free self-government based upon the principle of independence, which, after the lapse of a reasonable period to afford training and experience, shall eventually lapse into an unqualified and absolute independence.

#### HAWAII WANTS MORE MONEY

Territory is Restricted in Business Advancement, Says Dole, by Limited Resources.

WASHINGTON, April 11.-Governor Dole of Hawaii arrived here today to confer with the president, at the latter's request, regarding conditions in Hawali, pending legislation affecting the territory and other matters.

Governor Dole said today:

Freight Handlers at Sloux Falls Given
Shorter Day and Force
is Increased.

SIOUX FALLS, S. D., April 11.—(Special Telegram.)—Differences arising in a strike of freight handlers in the local warehouse of the Milwaukee company were this afternoon amicably adjusted by Superintendent Beardsley of Sloux City, who was here today with the Elks delegation from that place. The men demanded a change in their hours of labor.

Their demands were acceded to and in addition the number of men was increased.

Governor Dole said today:

There is some complaint among bussiness men of lawail on account of the iness men of lawail on account of the test acceded by Interest of Importance. The sate inadequate for carrying on necessary public improvements. The current revenues are sufficient only to carry out the administration expenses. The last legislature failed to enact legislation for needed loans. The country lost a large part of the revenues at the beginning of the territory by the transfer of the customs revenues, amounting to about \$1,200, to the federal government.

But we are getting along. The territorial government is doing something in the way of public improvements, but not nearly so much as ought to be done. The government has little in sight for payment of the fire claims for buildings burned during the plague epidemic in Honolulu in 1900.

#### ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.

Baltimore, Md., March 30, 1901.

Being entirely cured of deafness, thanks to your treatment, I will now give you my case, to be used at your discretion. Gentlemen: - Being entirely cured of deafness, thanks to your treatment, a way a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I under went a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me shat only an operation could help me, and even that only temporarily, that the head noises would then cease, but the bearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your frestment. After I had used it only afew days according to your directions, the noises opssed, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain

Very truly yours.
