

CONNOLLY'S FRIENDS WAIT

There Seems to Be Some Hitch in Commissioner's Plans.

PAT FORD AND OTHERS ON ANXIOUS SEAT

Resolution Rescinding Rule for Heads of Departments to Make Appointments Goes Through, but 'Nothing Doing.'

The conference between Connolly and the republican members of the Board of County Commissioners was not held this week, nor was there any meeting of the board as committee of the whole until yesterday morning. Then the Connolly rescinding resolution was signed by all members without debate and it later went through without a hitch.

Mr. Ford displayed some annoyance at the tardiness with which Connolly is making good his alleged promise to plant him in the county store, but as Ostrom has openly stated that he would not enter into any agreement which comprehended any such arrangement, the gentleman from the Third ward may be busy waiting a long time yet.

WORK DONE BY LEGISLATURE

Long List of Bills Which Have Passed and Been Signed by the Governor.

(From a Staff Correspondent.)—The Twenty-ninth general assembly of Iowa, which adjourned today, passed a great many laws, but as they have not all been signed and are in various stages of compilation the exact number will not be known for several days.

One of the most important measures of the session was passed in the closing days and that was a law in relation to negotiable instruments, being the bill which has been prepared by a committee of the American Bar association to make uniform the laws of the various states in the matter of negotiable paper of all kinds.

Providing punishment of twenty years in the penitentiary for anyone who incites another to commit murder, even though the crime is not committed, intended to prevent anarchistic talk.

Revising the law in relation to viaducts in cities and providing for the payment of expenses of cities and towns for the construction of viaducts.

Providing for the taking of private property for railroad purposes where it is desired to run a railroad over a private right of way.

Raising the salary of penitentiary physician at Des Moines to \$3,000 a year, and that of the penitentiary physician at the State Penitentiary at Joliet, Ill., to \$2,800 a year.

Providing for the taking of private property for railroad purposes where it is desired to run a railroad over a private right of way.

Raising the salary of penitentiary physician at Des Moines to \$3,000 a year, and that of the penitentiary physician at the State Penitentiary at Joliet, Ill., to \$2,800 a year.

Revising the law in relation to viaducts in cities and providing for the payment of expenses of cities and towns for the construction of viaducts.

Providing for the taking of private property for railroad purposes where it is desired to run a railroad over a private right of way.

Raising the salary of penitentiary physician at Des Moines to \$3,000 a year, and that of the penitentiary physician at the State Penitentiary at Joliet, Ill., to \$2,800 a year.

Revising the law in relation to viaducts in cities and providing for the payment of expenses of cities and towns for the construction of viaducts.

Providing for the taking of private property for railroad purposes where it is desired to run a railroad over a private right of way.

Raising the salary of penitentiary physician at Des Moines to \$3,000 a year, and that of the penitentiary physician at the State Penitentiary at Joliet, Ill., to \$2,800 a year.

Revising the law in relation to viaducts in cities and providing for the payment of expenses of cities and towns for the construction of viaducts.

making also requiring all except poll taxes to be paid in cash. Reorganization of the supreme court, providing for practically continuous terms, and immediate decisions on cases submitted and raising salaries to \$6,000 a year.

Providing that the rate of interest on county warrants shall not exceed 5 per cent. Giving township the right to assist in the improvement of roads, and providing for township boards of supervisors to employ help for the immediate repair of bridges and for the improvement of roads.

Providing for the taking of private property for railroad purposes where it is desired to run a railroad over a private right of way.

Raising the salary of penitentiary physician at Des Moines to \$3,000 a year, and that of the penitentiary physician at the State Penitentiary at Joliet, Ill., to \$2,800 a year.

STEEL WORK GOES RAPIDLY

Supports for Walls and Roof of New Shop Being Erected.

SOON READY FOR MASONRY CONTRACTORS

William H. Dodd, Well Known in Railroad Circles Here, Passes Away in Chicago—Railroad Notes and Personal.

Eight of the thirty-eight huge steel trusses which will support the walls and roof of the new building under construction are now in place, thus completing four of the nineteen arches which will cross the building from side to side.

At the present rate a very few weeks only should be necessary for the completion of all the raising of the steel for this building, and then the contractors who have this portion of the work in charge will make way for the ones who will build the walls.

Meanwhile good progress is being made with the raising of the power house roof. It is now up almost to the required elevation, and masons have already begun to fill in the spaces between the roof trusses.

At the new pattern shop location everything is now practically ready for the raising of the steel. Not only must the thick walls be built up three feet to the roof, but the gaps that were torn in them at intervals of ten or twelve feet all the way around must be filled in again.

General Passenger Agent Kniskern of the Chicago & Northwestern at Chicago yesterday telegraphed to Union Pacific passenger department headquarters here news of the death of William M. Dodd, which occurred yesterday morning in Chicago. Mr. Dodd had till a year ago been general agent of the Northwestern at Chicago for many years and for two decades had been in the employ of that system there.

Mr. Dodd was widely known among railroad men in Omaha and he possessed many friends in that city. He was a well known and respected member of the local railroad circles, and his death was a great loss to the community.

Passenger Officials Meet Tuesday. The meeting of the passenger officials of the road at Des Moines on Tuesday, the time card schedule changes. The gathering will be at St. Joseph on Tuesday, April 15, and General Passenger Agent Francis of the Nebraska lines says that two hours will suffice to clean up all the work.

C. O. Cornwell, 47 years old, who has been chief clerk of the freight department of the Omaha & Pacific coast line, has resigned to accept a position as chief clerk of the traffic department of the Cudahy Packing company at South Omaha. Mr. Cornwell has well known among Omaha railroaders and was an efficient traffic man, his ability in this line winning for him the offer from the packing company. Before coming to Omaha he was agent for the Memphis road at several important stations in Kansas, and so has had much railroad experience.

John H. Barrett, the new traveling freight agent of the Missouri Pacific railway, has just arrived here from St. Paul, Minn. He is in Omaha. S. H. Dare, general western freight agent of the Missouri Pacific, with headquarters at Chicago, has been transferred to St. Paul, Minn. Pete Simons, traveling passenger agent of the Hamburg-American steamship line, with headquarters at St. Paul, Minn., has been transferred to New York City.

Tom Huggins, traveling passenger agent of the Missouri Pacific railway, and Tom Huggins, traveling passenger agent for the Rock Island, have returned to Lincoln after signing the pay rolls at headquarters here. Tom Godfrey, city passenger agent for the Missouri Pacific railway, and Tom Huggins, traveling passenger agent for the Rock Island, have returned to Lincoln after signing the pay rolls at headquarters here.

John H. Hilland, traffic manager of the Chicago & Northwestern, and F. A. Miller, general passenger agent of the same line, both with headquarters at Chicago, have returned to Lincoln after a trip of inspection over the Chicago-Missouri river portion of the system. They were in Mr. Dodd's private car and will return east soon.

At the City of St. Paul, Minn., April 12.—The first move of the varied interests concerned in the railway merger as against the suit instituted by the state of Minnesota in the Ramsey district court has been taken by Hill's attorneys.

They have served notice, upon Attorney General Douglas, of a motion to vacate service in the summons and complaint of the state of Minnesota against the Northern Securities company and against President J. G. Hill of that corporation and of the Great Northern road.

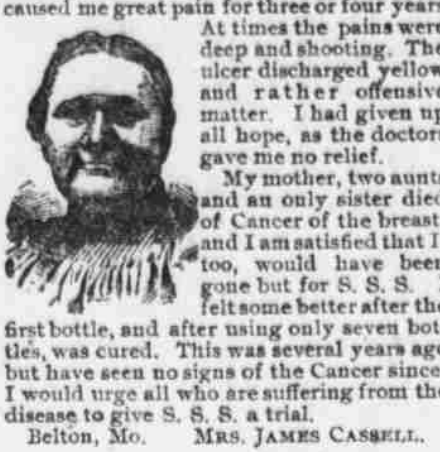

Break into Indiana Bank. MACREY, Ind., April 12.—Six men broke into the First National bank here early today, drilled a hole in the safe and touched off a quantity of nitro-glycerine. An explosion shook the building, and the robbers made their escape.

CANCEROUS ULCERS

develop sometimes from very trifling causes, and when and where you would least expect them. A boil, or abscess, burn, blister, wart, tumor, mole, or the simplest little pimple may be the beginning point of a malignant, frightful looking Cancerous Ulcer.

Apparently there is no difference between a Cancerous and Common Ulcer when they first make their appearance, and for this reason every ulcer, no matter how insignificant or harmless it may seem, and all slow healing sores should excite suspicion and cause alarm, particularly if any of your ancestors ever had Cancer, or you have good reason to think your blood is impure; for the sore, after all, is only the outgrowth, the external evidence of polluted blood, and nothing can check its progress until the cancer tainted, vitiated blood has been purified.

MOTHER, TWO AUNTS, AND ONLY A SMALL SORE CAME ON THE INSIDE OF HIS LIP. SISTER DIED OF CANCER OF THE BREAST. HEAL.

Mr. Jno. Massie, Owensboro, Ky., writes: "About three years ago a blister came on the right side of my nose. It grew steadily in spite of all efforts to heal it; the pain was not very severe at first, but increased when the sore began to inflame and discharge matter. At times the place would scab over and appear to be getting well, but the scab would drop off, leaving a red, angry looking ulcer. I had almost despaired of ever curing the Cancer when my attention was called to S. S. S., and after taking a few bottles the discharge stopped, and I was relieved of the terrible disease."

Cancerous Ulcers can be reached only by a remedy that acts upon and through the blood system, and this is just what S. S. S. does. It goes to the fountain head of the disease, and drives out the germ producing poisons which cause the ulcer, and purifies and builds up again the deteriorated blood. This the only true and logical treatment for sores of this character.

By the use of S. S. S. the ulcer is supplied with pure, strong blood, which quickly allays the inflammation and forces out all the irritating poisons, and allows the sore to heal naturally and permanently. S. S. S. acts also as a tonic, and where the constitution has become debilitated and weakened, it restores vitality and strengthens the nervous system, and helps the appetite and digestion. S. S. S. contains no Mercury, Potash or other minerals, but is guaranteed purely vegetable.

Those having a chronic ulcer or sore of any kind that is slow in healing, whether located upon the body or internally, will receive medical advice and such special information as they desire free of cost. Book on Cancer and Other Diseases of the Blood sent free.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Miss Rose Owens

No. 720 Seventeenth Street, Washington, D. C.

March 29, 1900, Mrs. W. H. Jones, of Cameron, Mo., wrote the following to The Chattanooga Medicine Co.: "I ask for advice for the treatment of my complaint. I hear a great many women in my condition were cured by Wine of Cardui, so I send for the medicine." The medicine was sent her and August 13, 1900, she wrote again, the following: "Perhaps you will remember Mrs. W. H. Jones, who wrote you six months ago asking for advice which you so kindly gave her. I never will be able to thank you enough for it. I suffered terribly at monthly periods for three years. I would some times go for seven months with no flow at all. Now I have my health back again and am expecting to be confined in January. I cannot praise your medicine enough."

WINE OF CARDUI

The Best Office Building. Moving is not pleasant to think about except when the prospect of a handsome office is in prospect. You have to get up a certain amount of steam to move, even when you are driven to desperation by poor janitor work, wretched elevator service and offices that have been long in need of paint as well as soap and water. The Bee Building always looks fresh and attractive because it is never allowed to get out of repair. This together with efficient janitor service make it a pleasant place to do business. Besides this the rents are no higher than in other buildings.

THE CUDOMA SOAP CO. Omaha, Kansas City. WILCOX TANSY PILLS. Good for fancy laundry; washes—without shrinking—woolens, flannels, laces, and other things for which ordinary laundry soaps are not adapted. Refines, purifies, cleanses, softens and nourishes the skin.

PERSONAL MAGNETISM. The great discovery by Prof. Albert Verdon now given to the people is a new force known as 'PERSONAL MAGNETISM.' You are not dependent to control the influences of the 'LIFE FORCE' as was formerly the case. It is now possible to 'MAGNETIZE' the 'LIFE FORCE' and thus to 'CONTROL' it. This is a new power of making things happen. It is a new force which is now being discovered. It is a new force which is now being discovered. It is a new force which is now being discovered.
