

TO KEEP UP THE TAX FIGHT

Next Move Will Be Toward Hundred Per Cent County Assessment.

ONE-SIXTH VALUATION HELD ILLEGAL

President Green of Real Estate Exchange Calls Meeting of Prominent Property Owners to Consider Assessors' Work.

W. H. Green, president of the Real Estate exchange, will call a meeting of prominent property owners of the city for Tuesday for the purpose of discussing the question of the assessment of Omaha property for state and county purposes.

"I have been requested to call such a meeting," said Mr. Green, "by several of the heavy property owners, and at the meeting we will discuss all phases of the assessment, but our particular purpose is to ascertain some way of having the assessment made according to law. At the present time the assessors, according to previous agreements, are assessing all property at one-sixth of its real value. The law is positive on the point that property should be assessed at its fair cash value and the opinion of Referee Ryan backs up this view.

"Part of our trouble in the present city litigation came from the fact that we did not act soon enough and we will avoid this trouble in the present instance. The meeting may result in the appointment of a committee to prepare the facts and secure an opinion from some competent lawyer. Then we will probably wait until the supreme court acts upon the report of Judge Ryan. If that report is approved without amendment we will then proceed to enforce the law. There is a possibility, however, that we will have to do nothing, as the opinion of the supreme court may make it incumbent upon the assessors to return values of 100 per cent and if this is done we will not be required to go into court."

Assessors on their own account are going to put a question to the county commissioners which will require a decision in regard to the assessment laws of the state. These assessors have decided to return for assessment the property of railroads, operating entirely within the county, such as the Belt line. According to the statement of one assessor: "This property upon the basis of one-sixth of its actual value is probably worth \$50,000 a mile. It will be returned in one ward at least at \$40,000 per mile. The road is operating entirely within Douglas county and there is no reason why the law should not be enforced. I am going to do my duty in the matter and if the county commissioners desire to change my assessment or to strike the property from the rolls they will be the ones to bear the cost of disregarding the plain letter of the statute. The fight over tax matters is on now and should be fought to a finish."

MAYOR TO THROW HIGH BALL

First He Will Be Assured that Veterans "Fans" Are All Present.

The mayor, the members of the city council and the various city hall officers and their deputies are preparing to go to the grandstand to attend the opening league ball game. The mayor will follow the time-honored custom of tossing the first ball over the plate.

It is said there are persons in Omaha who have never missed this opening league ball because they are not in the grandstand, and Mayor Moore will base his speech on this fact. His remarks, which are already decided upon, will be very brief. Standing in the pitcher's box, he will twist the fingers of his right hand about the sphere, and then, raising his left to the grandstand, he will call: "Is General Frederick here?"

Provision will be made for an affirmative answer to this, even if the Colonel, by some untoward chance, should be absent. "Is Judge Lake here?"

A hand will be raised from the black mass of the grandstand and a voice will answer: "Here!"

"Is Harry Deuel here?"

The answer will come back like an echo, "Here!"

"Then let the game proceed," the mayor will say, and the ball will fly over the plate.

A Non-Sinkable Boat.

Experiments are being made on a device to prevent boats from sinking. By turning a wheel several water-tight doors are instantly closed. If it is a success it will make ocean travel as free from danger as Hoetter's Stomach Bitters does the road through life. It is a specific remedy for stomach ills, such as belching, flatulency, heartburn, indigestion, dyspepsia and constipation. It is a splendid blood purifier and preventive of typhoid, malaria, fever and ague. Be sure to try it.

For those who desire to see the Santa Fe California Limited trains for the trip to Los Angeles, account woman's Federated clubs convention May 1 to 8 inclusive, the management has arranged to accept on these trains the special rate round trip tickets on sale for this occasion April 23 to 27 inclusive. \$45.00 is the rate from principal points in Nebraska. This is an exceptional opportunity to travel on this celebrated train, as ordinarily only full fare first class tickets are accepted. Applications for accommodations should be made as far in advance as possible. E. L. Palmer of Des Moines is the district passenger agent.

Home-seekers' Excursion.

Via Missouri Pacific, Tuesday, April 15th, at very low rates for round trip to certain points in southwest Missouri, Kansas, Oklahoma, Texas, etc. For information, rates, call or address your nearest agent, or Thos. F. Godfrey, P. & T. A. S. E. Cor. 14th and Douglas streets, Omaha, Neb.

Send articles of incorporation, notices of stockholders' meetings, etc., to the Bee. We will give them proper legal insertion. See telephone 233.

Shampooing and hair dressing, 25c, at the Bathery, 216-220 Bee Building, Tel. 1714.

THE MILL-END SALE IS ON.

Mr. C. A. Lockhart, the Mill-End Man, Will Remain Here Tomorrow.

Contrary to the usual custom Mr. Lockhart will stay at J. L. Brandeis & Sons' another day and devote his attention to the closing out of small lots of mill ends. These goods he sells at intervals during the day at such trifling prices that have made these mill end sales famous. The goods are not advertised, but are sold impromptu. He wants to impress upon you that you must not stay away from this sale while it is going on. You cannot tell what snags in merchandise you will miss if you have been here today you will surely come tomorrow.

J. L. BRANDEIS & SONS, Boston Store.

GENERAL BATES AND PARTY

They Return from Inspection Trip to Forts Leavenworth and Riley.

General Bates and party returned from an inspection of Forts Leavenworth and Riley yesterday morning. The party was composed of General Bates, Mrs. Warden, President H. G. Burt of the Union Pacific, Mrs. Burt, Colonel E. J. McClernand, adjutant general of the department; Mrs. McClernand, Miss Pomp and Lieutenant Wells.

At Fort Leavenworth it was ascertained that the infantry quarters were ready by November, when that post can accommodate a regiment of infantry upon the present footing. The quarters for the Twentieth battery, field artillery, in process of construction at Fort Riley, will not be ready until next January, and that battery, which is now at Fort Robinson under orders to proceed to Fort Riley, will go to the camp at the latter post until its quarters are completed.

The return of the department for the term ending March 31 show the total number of officers and men in the department to be 4,119, a larger number than at any previous time since the Spanish war. Little more than skeleton organizations and the number of men will probably be increased during the summer. Lieutenant Bridges of the Twenty-second regiment, now at Fort Crook, has been ordered to report at headquarters of the department April 16 for the purpose of being examined for promotion.

TRINITY CHURCH LIBERAL

Dr. Tindall's Parish Gives Thousand Dollars for New Methodist Hospital.

Last Sunday Trinity Methodist Episcopal church raised enough money so that when its pastor, Dr. K. Tindall, goes to the annual conference this fall he can report \$1,000 raised during the year by members of his church for the building of the new Methodist hospital. The call has gone out from the management of the hospital for \$1 from every Methodist in Nebraska during the conference year beginning September, 1902, and ending September, 1903. Trinity church has about 325 members and it anticipated the call by giving what was required of it this year. Five hundred dollars was pledged about three or four months ago by one member and \$50 had been pledged by another member. The church last Sunday raised \$450 additional, which makes an even \$1,000.

TO PROSECUTE THE FATHER

County Attorney Decides Not to Accept Pleas for Young Kaufmann.

After another conference with Charles F. Kaufmann, Deputy County Attorney Abbott and the county attorney have concluded not to bring proceedings against him, but to follow the original line of prosecution of the young man's father, Charles Kaufmann, accused by the Traders' Insurance company of Chicago of embezzlement of about \$2,100 of collections due it. Attorney Abbott said: "Young Kaufmann will not admit that he took the money or any part of it, and that being the case, we might be doing an injustice in securing his confinement in the penitentiary. It still seems to me that the real trouble was in the elder Kaufmann checking out too much of his agency bank account to pay personal bills."

SMALLPOX OUT, MEASLES IN

Health Officer Reports that Number of Smallpox Cases is Decreasing.

Reports from the Board of Health are to the effect that while smallpox is going out, measles is coming in. Thirty-six cases of measles have been reported in the last six days.

As to smallpox, there are now thirty-five cases in the emergency hospital and twenty cases under quarantine outside of the hospital. The total of fifty-five is against a total of seventy-five for the last week of March.

FIRST CROCODILE OF BERRIES

It Arrives from Texas and Stock is Readily Sold at Good Prices.

The first carload of strawberries to reach the Omaha market came in from Texas yesterday. The car was warm and the berries were not in the best condition, but sold readily at \$3.00 to \$3.75 per case for the best stock.

Mortality Statistics.

The following births and deaths have been reported to the Board of Health during the forty-eight hours ending Monday noon:

Deaths—Charles K. Cathro, 42 Center street, aged 2 years; Mary F. Spiking, 2544 Myrtle street, 38 years; Mrs. E. J. Hughes, 415 Capitol avenue, aged 93 years; Bob Johnson, 222 Cassell street, aged 11 months; Alice E. King, 211 1/2 Grand street, aged 10 years; Frederick J. Kleiser, 127 South Nineteenth street, aged 11 months; Ella Leon, 211 Grand street, aged 4 years; Marie Wildbeck, 308 Cummings street, aged 2 years; Ella Leon, 116 North Ninth street, aged 22 years; A. Chase, 156 Leavenworth street, aged 54 years.

Births—Henry Good, 268 Capitol avenue; Jacob Vegrada, 1452 South Fourth street; Nils Hilding, 225 North Twenty-eighth avenue; boy; Charles Johnson, 428 North Twenty-fourth street, boy.

Indigestion is the direct cause of disease that kills thousands of persons annually. Stop the trouble at the start with a little PRICKLY ASH BITTERS; it strengthens the stomach and aids digestion.

Battle Creek Sanitarium Food. A full line has just been opened at 2123 Farnam street. Demonstrations daily. You are invited to call and try them.

Stullman & Price, atty's, law, collections. A. P. Lillis, notary, 23 U. S. Nat. Tel. 1736.

FIGHTS TO END HER LIFE

Ethel Hughes Falls with Gas and Then Struggles for Strychnine.

REQUIRES THREE MEN TO RESTRAIN HER

Husband Comes Home Intoxicated and Orders Policemen and Physicians from the House, but He is Arrested.

Mrs. Ethel Hughes made an unsuccessful attempt to take her own life at 9 yesterday morning by apoplexy. To do this after having been revived grabbed a package containing strychnine, which was on a table near her bed, and attempted to swallow the contents of that. It was finally wrested from her and she was quietly, after a desperate struggle with two police officers and the surgeon. To add to the confusion J. R. Hughes, husband of the woman, came home in an intoxicated condition and ordered the officers and physician from the house. After trying to enforce his command he was arrested and locked up, charged with being drunk.

Mrs. Hughes went into her room on the second floor of 154 Sherman avenue about 9 o'clock, pulled down and fastened the windows, locked the door and, after turning on three gas jets full blast, lay down across the foot of the bed. A few minutes later Mrs. Pierce, who occupies the ground floor of the house, smelled the gas and, after making an unsuccessful attempt to get into the room, notified the police station.

Officers Force the Door. The officers forced the door and found Mrs. Hughes lying on the bed unconscious. Police Surgeon Benawa administered restoratives and she was soon pronounced out of danger.

Mrs. Hughes is in delicate health and this, coupled with the fact that her husband had recently been drinking heavily, made her dependent, which caused her to attempt to take her life. She was taken to the police station and given a room in the matron's apartment, where she will be kept for the present. Her husband is a switchman, employed by the Missouri Pacific Railroad company and works at night. Mrs. Hughes is only about four feet in height and about 25 years of age.

COMMITTEE IS DISCOURAGED

Finds Opposition to Proposed Change of Grade on Twenty-Fourth Street.

The matter of changing the grade of Twenty-fourth street between Leavenworth and Hickory has reached a stage where it is possible the entire question will be dropped. A committee of the Southwest Improvement club which has been securing signatures to a petition for the improvement of the street and a waiver of damages from interested property owners has met with some opposition on the part of certain real estate owners and at the next meeting of the club will probably recommend that no further action be taken.

"We found," said a member of the committee, "that the residents of Hickory street have about determined to petition for the grading and paving of that street between Twentieth and Twenty-fourth streets. Such a change will give us unimpeded and easy access from the center of town to the Twenty-fourth street viaduct, so it is really unnecessary to make the contemplated improvement on Twenty-fourth street north of Hickory. The street car company connects with South Omaha by way of the Erie Park line and Twenty-fourth street north of Hickory will be useless so far as inter-city traffic is concerned."

Good for Rheumatism. Last fall I was taken with a very severe attack of muscular rheumatism, which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle was completely cured.—Sallie Harris, Salem, N. J.

FOR RENT.

Handsome Brick Residence

On the southwest corner of Seventeenth and Douglas streets. It was built by the late Henry Fundt as his home and is one of the best constructed as well as one of the finest houses in Omaha. It is built entirely of brick and stone, stone steps and slate roof. It is finished in the choicest of hard woods, has hard wood floors, imported English tile floor in the reception hall, electric lights, porcelain bath, laundry with wringer, washbasin, large pantry, china and linen closets, cedar-lined woolen closet, etc.

TWELVE ROOMS besides the basement, containing laundry, storage rooms, storeroom, cellar and w.c.

Includes steam heat, electric light and hot water. The house is connected with the heating and lighting systems of The Bee Building. For further information call on Charles C. Rosewater, secretary The Bee Building Co., Room 100, Bee Building, Telephone 223.

Shampooing and hair dressing, 25c, at the Bathery, 216-220 Bee Building, Tel. 1714.

Announcements of the Theaters.

Clyde Fitch's new play, "The Climbers" will be presented at the Boyd for four performances, starting Thursday night.

In "The Climbers" Mr. Fitch has contributed a satirical picture of New York life of today, the oddity of the funeral opening, with the actors robed in deepest mourning, and the revelation in the first act of aristocratic life in our great cities shown in an unconventional humorous way.

The remaining acts treat the auditors to even more unconventional phases of theatrical art. "The Climbers" will be presented here with a company of America's noted players, and with the original scenic and sartorial production.

Because of the tremendous interest taken in his lecture last night, Mr. Burton Holmes, has been prevailed upon to extend his engagement in this city one night longer. On Wednesday night he will deliver his famous lecture, and as 'tis said his best on that night. It is entitled "Monkeys and 'Coons' and 'Coats' and will be profusely illustrated by moving pictures and other views taken by this famous traveler himself. The moving pictures of the Omaha fair department on a run shown last night amid the enthusiasm of a big audience, will be given again Wednesday night. The same price of admission will be charged.

A Beautifully Colored Poster.

One of the most artistic colored posters ever gotten out by a railroad, has just been issued by the General Passenger Department of the Lehigh Valley Railroad, New York. A train is shown arriving at a station, bride and groom in the foreground, have just alighted from it, apparently after a delightful journey. Sent on receipt of 10 cents to cover mailing.

DEED.

WIEDEMANN—Conrad, April 14th, at the age of 47 years, died at 2 o'clock from pneumonia, 160 South Seventeenth street.

Remnants of extra heavy Basket Cloths, worth 15c, yard— 2c
Silk tapestry Pillow Squares, worth \$1.00, each— 15c

DIVISION POINT AT CLARION

President Stickney Makes Positive Statement of His Plans.

STARTING POINT OF SIOUX CITY LINE

Will Branch Off from Omaha Line Many Miles South of Clarion—Waverly-Oelwein Cut-Off to Be Built.

President Stickney is fast completing all details for the conduct of the new Omaha extension of the Chicago Great Western railway. He announced Sunday that the division point would positively be located at Clarion, north of Fort Dodge. There, he said, will be the shops, roundhouse and extensive yards will be constructed.

That the Sioux City line will run up from Clarion, however, Mr. Stickney denied flatly. That road, he says, will branch off from a point on the Omaha line south of Fort Dodge. Seats in the smoking rooms and observation car will not be sold, but will be kept free for the comfort and accommodation of passengers. Rigid rules are laid down for the conduct of the trainmen, who must keep out of Pullman and composite cars, must not use tobacco and must remove their hats in passing through the dining car while meals are being served.

Personal baggage only will be carried, no theatrical luggage nor scenery being admitted, and the road reserves the right to bring personal baggage on later trains if necessary.

Want Rain and Warm Weather. E. E. Carter, chief clerk of the Frisco office here, returned from Levea, Kan., yesterday with some facts concerning the agricultural and live stock prospect in the eastern end of Kansas. "They want rain and warm weather badly down there," said Mr. Carter. "Spring pasture is very backward and the fact is working a great hardship on the stockmen. They have been feeding at great expense all winter after the bad season last year and they were expecting an early spring. It has not come and they are compelled to buy feed at high prices much longer than they had planned. There are already some heavy losers among them as a consequence."

Everybody is talking about the closing out sale of 175 high-grade pianos, now in progress at Schmoller & Mueller's, 1313 Farnam street; this stock of Hardman, Harrington, Standard, Story & Clark, Palmer, Carleton, Mueller, Arion and other pianos need no introduction by us. The principal thing we want to tell you about is the price. Think of the buying such standard pianos as this stock consists of at 50c on the dollar—that's the point we want to bring to your notice. We desire also to take this opportunity of apologizing to those who were in Monday and were unable to get wanted on. We have engaged extra salesmen and feel confident of our ability to take care of the trade Tuesday.

This is surely the greatest high grade piano opportunity that you have had since Omaha was Omaha. Here is this stock of pianos with established reputations bought by us at our own price for spot cash, being offered at 50c on the dollar Tuesday.

We bought them right! We are not losing money. You are saving one-half on your purchase. Why SHOULDN'T you go? But don't delay—will be your loss if you do. Many are already gone—many more will be gone today.

Sherman & McConnell Drug Co., CORNER SIXTEENTH AND DODGE

GENIUS As Ruskin Defines It, Is Simply a Superior Power of Seeing. We take up the details of seeing and judging clothing where your knowledge must necessarily leave off. You can see the outside appearance—you can judge the quality of the materials. So far you know what you are buying. It is for us to investigate the inside construction. Most clothiers don't. They know no more about the garments they are selling than you, yourself can judge. We know everything that goes into every garment we sell. We know how it's put in—we know what the effect will be. People often wonder why they get better clothing for their money at this store. It's easily explained. We have "That Superior Power of Seeing." That's why you get clothes here that serve you well—that fit you well—that look well as long as you keep them in service. THE BEST MEN'S SUITS IN AMERICA—\$8.00, \$10.00, \$12.00, \$13.50, \$15.00, \$16.50.

Nebraska Clothing Co. CLOTHES FOR MEN & WOMEN
