

CURRENT NEWS OF IOWA

COUNCIL BLUFFS.

NEW MEN SOON ON THE BEATS

Chief Tibbits and His Force Begin Official Duty Tuesday.

MOST OF THEM NEW AT THE BUSINESS

Chief is Without Police Experience, but Some of His Men Are Not, and Their Friends Are Hopeful.

The city council tonight will approve the bonds of Chief Tibbits and the members of the new police force and they will go on duty Tuesday morning when Chief Albro and the men under him will retire from the service of the city. The bonds of the city officers appointed by the city council last Monday will also be approved tonight and they will take charge of their respective departments Tuesday morning under the new regime.

Chief of Police Tibbits has never had any experience as a police officer, but several of the men under him have. Chief Tibbits, however, is an old-time resident of the city and it is expected that it will take him but a short time to "get onto the ropes."

Among the members of the police who have had similar service before are: Deputy Marshal Hans Petersen, who served as patrolman under Mayor Cleaver; Night Captain D. Maltby, who held a similar position under Mayors Carson and Cleaver; Day Detective J. M. Murphy, familiarly known as "Pat Jerry," who served as detective under the Carson and Cleaver administrations; Night Detective T. F. Callahan, who was a member of the police force under Mayor Jennings until the latter part of last year, when he resigned; Day Sergeant E. B. Gardner, who held a similar position under Mayor Carson.

Of the patrolmen, J. W. Kirk was a deputy sheriff at Manawa, W. R. Rue was a member of the police force under Mayor Carson, Henry Leuch is an old-time policeman with a splendid record.

The other patrolmen have not had any police experience. Andrew Lorenzen is the contractor for hauling the mail to and from the local depots, C. J. Harding and William McKinley are barbers, Aubrey A. Kirk is a clerk in a railroad office and Conrad Distman has been employed in a commission store. John Carlson, who becomes patrol driver, has been sidewalk inspector under Mayor Jennings' administration.

N. C. Phillips will succeed himself as city clerk and Harry M. Brown will be again his deputy and clerk of the superior court. John L. Templeton will continue as chief of the fire department, in which no changes are expected. C. G. Taylor will succeed A. E. Avery as street sweeper and George Clatterback will succeed George Carlson as sidewalk inspector. Julius Johnson will continue to fill the position of custodian of the city hall. Dr. F. W. Houghton will succeed Dr. H. B. Jennings as city physician. James C. Bradley will succeed himself as city electrician, as will A. Pellentrater as poll tax collector. Charles Burke will continue as poundmaster and arch enemy of the untagged canine.

Davis sells paint.

The annual convention of the county superintendents of southwestern Iowa will be held in Council Bluffs Thursday and Friday of this week.

The sessions will be held in the rooms of County Superintendent DeManus in the county court house.

Between fifteen and twenty county superintendents are expected to be in attendance.

Among the questions to be discussed are: "Recent School Legislation," "The National Educational Association at Minneapolis," "Character of Teachers' County Examination Questions," "How May the Institute Be Made of Greater Value to Teachers," "The New Edition of School Laws," "What Shall Be Done with the Inefficient Teachers and with the Age Teachers?"

"The County Superintendent as a Lawyer and as a Law-Enforcing Power," "Should all Applicants Be Examined Upon the Expiration of Their Certificates, or Should Certificates Be Duplicated Upon Proofs of Successful Teaching Experience?"

"The National Association of Normal Institutes," "How May the Department of Education Render Better Service to the Cause of Common School Education," "Agriculture and Horticulture in Rural Schools."

These county superintendents have indicated their intention of attending the convention: D. E. Brainard, Harrison; George A. Lufford, Shelby; Arthur Farquhar, Audubon; L. M. Boggs, Guthrie; R. S. Wood, Dallas; V. C. Thornberg, Polk; I. B. Johnson, Cass; H. D. Smith, Madison; Mrs. Lina C. Channey, Adams; W. C. Davis, Clark; S. M. Abbott, Union; A. B. Lewis, Adams; N. G. Hanna, Montgomery; W. M. Moore, Mills; J. A. McIntosh, Decatur; Mattie Lee A. Lair, Fremont; J. C. Bennett, Rippon; W. C. C. C. C.

Mr. and Mrs. Harry Pierce will leave tomorrow for Texas, where Mr. Pierce goes to look after his oil interests.

Mrs. E. G. Bartlett and daughter Bertha have returned from New Mexico to spend the summer in Council Bluffs.

St. Albans lodge No. 17, Knights of Pythias, will have important business for their next meeting this evening.

You can find what you want in vines, fruit, shade and ornamental trees, roses, shrubs and plants in the city nursery's sale grounds, 31 East Broadway.

Mrs. Zula Lipe Merges of this city and E. J. Jackson of Omaha were married Saturday at the residence of Mr. and Mrs. Joseph at 211 East Broadway.

Mike Taggart and John Richardson were arrested yesterday afternoon, charged with the larceny of steel shafts from other property of the city water works company.

At the meeting of the Board of Education this week the bids will be opened for the purchase of the lots offered for sale by the school district for the purchase of \$10,000 refunding bonds, to bear 4 per cent interest.

YOUNG MAN SHOTS FATHER

Infants Probably a Mortal Wound While Angry at the Parent.

GLENNWOOD, Ia., April 14.—(Special Telegram.)—Tim Garman, son of M. L. Garman, the proprietor of the Glenwood City mills, shot his father in the back of the head this afternoon. Young Garman was found soon after hiding under a nearby house. Young Garman is 19 years old and is married. He was angry at his father because he would not trade a house and lot for a team and wagon. The chance for the father's life is slight.

Iowa-Illinois Race Circuit.

CLINTON, Ia., April 14.—(Special.)—The program committee of the proposed Illinois-Iowa racing circuit, to be composed of the towns of Clinton, Ia., and Sterling, Mo., and Morris, Ill., has formed a permanent society, arranged for a school of races for this summer and fall. The total purse to be offered will be \$15,000.

The committee has announced the following official information, including program:

The rate at Rochelle will be held the first week of August and will consist of three days' racing. Sterling's races will take place during the last week of August. Morris will be the first week in September, and Clinton's the second week in September.

The stakes in Sterling will be a 2:15 pace, \$500; 2:34 pace, \$500; 2:35 trot, \$500; the class races will be a 2:35 pace, \$250; 2:41 trot, \$200, August 22, free-for-all trot, \$300; 2:32 pace, \$250; 2:41 trot, \$200, August 22, free-for-all pace, \$200; 2:27 trot, \$250; 2:25 pace, \$250.

Purity is not often found in the preparation of Champagnes. Cook's Imperial Extra Dry is an exception.

Graham avenue into the park to connect with what is known as the pavilion road. The board has an old bridge on its hands which it is said can be utilized for this road and that the entire cost will not exceed \$700.

Throughout the park the driveways are in bad condition, especially the roadway around the "horseshoe," which is full of ruts and washouts. Work on the improvements in Fairmount park will begin about May 1.

Gravel roofing, A. H. Read, 541 Broadway.

On the Death Roll.

C. W. Jackson, a veteran of the civil war, died suddenly yesterday morning at his home, 1405 Upper Broadway from heart failure. He was 72 years of age, and when he retired Saturday night, was in his usual state of health. His wife, two daughters and one son survive him. Deceased was born in New Jersey, August 15, 1830. He enlisted August 6, 1862, in Company G, One Hundred and Twenty-fourth Illinois Volunteer Infantry, served until August 5, 1865, when he was honorably discharged. He was mustered into Encampment No. 3 Union Veteran legion, November 21, 1901, and was filling the office of lieutenant colonel at the time of his death. Notice of funeral will be given later.

S. H. Kohly, aged 79 years, died yesterday evening at his home, 221 Twelfth avenue of dropsy, after an illness of eight months. He is survived by his wife, one daughter and three sons. The funeral will be Tuesday morning at 9 o'clock from St. Peter's church and burial will be in St. Joseph cemetery.

Davis sells glass.

Holds Temperance Meetings.

Rev. A. J. Wheeler of New York, temperance evangelist, who has been speaking in Iowa under the auspices of the Woman's Christian Temperance union, addressed three meetings in this city yesterday. In the morning he spoke at the First Baptist church and in the afternoon addressed a meeting for men only at the Broadway Methodist church. In the evening he occupied the pulpit of the First Baptist church at a union mass meeting, under the auspices of the local branch of the Woman's Christian Temperance union.

N. Y. Plumbing Co., telephone 358.

MINOR MENTION.

Davis sells drugs.

Stocks sell in chaos and rags.

Wollman, scientific optician, 499 E'way.

Pastorage, Judson, 929 6th ave. Tel. 348.

J. C. and W. Woodward, architects, room 312 Block of Council Bluffs.

Take home a brick of Metzger's ice cream. Vanilla, etc; Neopolitan, etc.

Refrigerators and ice chests. Prices right. Cole-Brelsford Hardware Co., 41 S. Main.

New goods and outfits for pyrographic work at Alexander's Art Store, 33 E'way.

Go to Morgan & Klein for upholstery, mattress making and feather renovating, 123 South Main street. Phone 548.

We make all kinds of machinery of furniture and tin work. See us for prices. Cole-Brelsford Hardware Co., 41 S. Main street.

The Columbia and Tribune bicycles are the very highest grade. We handle them. Also a fine line of cheap bicycles. See us. Cole-Brelsford Hardware Co., 41 Main st.

For Sale—Excellent building lot in Center block, or a bargain for someone, for cash sale or will sell on payment plan. Lot is located on Avenue B, between Council Bluffs and South Main, or address E. F. Wats, Bee office, Council Bluffs.

Miss Pauline Erb is home from a visit at Sac City, Ia.

Jewell court, Tribe of Ben Hur, will meet Tuesday evening at 8 o'clock.

Mrs. H. C. Nutt and daughter of Boston are guests of Mrs. Everett.

Edward McConnell has gone to Albia, Ia., to attend the funeral of his sister.

The monthly session of the Board of Trustees of the public library will be this afternoon at 2 o'clock at the library.

Mr. and Mrs. Harry Pierce will leave tomorrow for Texas, where Mr. Pierce goes to look after his oil interests.

Mrs. E. G. Bartlett and daughter Bertha have returned from New Mexico to spend the summer in Council Bluffs.

St. Albans lodge No. 17, Knights of Pythias, will have important business for their next meeting this evening.

You can find what you want in vines, fruit, shade and ornamental trees, roses, shrubs and plants in the city nursery's sale grounds, 31 East Broadway.

TONTINE MEN FIGHT THE BILL

Appeal to Governor Cummins to Veto Measure Adverse to Their Interests.

SAY IT VIOLATES PERSONAL RIGHTS

Proposed Bill Now in Hands of Governor Provides Expulsion from State of This Class of Business.

(From a Staff Correspondent.)

DES MOINES, April 14.—(Special.)—Representatives of tontine companies from Missouri, Nebraska and Minnesota are making a determined effort to have Governor Cummins veto the bill which passed the legislature in the closing days which has for its purpose the driving out of the state those various concerns which are doing a business analogous to building and loan. Attorney Youker of this city, Mr. Gilbert and Mr. Ryan and several others have protested to the governor against this bill.

This bill was the result of investigations at Minneapolis and Kansas City. In the former city a company was engaged in selling diamonds on the tontine plan and many victims were found in Iowa. A Kansas City concern has established agencies in Iowa and is doing a business which is being practically free from those who join. The attention of Auditor Merriam was called to a house on Peral Villo street on the outskirts of the city, where eleven boys, who had been enticed there, were discovered. They were kept under guard, day and night, and insufficiently fed and amid foul surroundings.

The men in the house were arrested and taken to prison. They denied they were anything but clerks of one Enrique Iglesias, a labor contractor engaged in securing men and boys for work in Yucatan, where the demand for labor is very pressing. The eleven boys secured from this trafficker in human beings were to have been immediately sent to Vera Cruz, and thence go to their long slavery in Yucatan.

Subsequently the guards at the Peral Villo street house confessed that they were employed by Iglesias to entrap boys and confine them in the house till a convenient opportunity arose for sending them to Yucatan. The boys were met on the streets and promised food, clothing and spending money if they would accompany their abductors.

The boys so captured, are said, on reaching Yucatan to be held practically slaves, receiving nothing but their food and maintenance. Iglesias, said to be the head of the gang, is still at large.

BURGERS KILL AND ROB

Three Men Shoot Wealthy Pennsylvania Farmer, Lock Up Sisters and Plunder Chest.

UNIONTOWN, Pa., April 14.—Alfred J. Jones, a wealthy farmer, and uncle of District Attorney Jones, was murdered and his home robbed near Cambridge Springs, Pa., yesterday. The burglar, who was armed with a revolver, entered the house at five o'clock and fired at Jones, who fell to the floor at the first shot and the burglar had everything of value taken.

It was 4 o'clock before the women could sum up courage to call for help and none came until 6:30 this morning. Their brother had been shot through the brain and died almost instantly.

No trace of the murderers has as yet been found. Jones was eccentric and was supposed to keep a quantity of money in his chest.

BUSINESS GOES TO ST. JOSEPH

Kansas City Live Stock Trade Shifted by Boycotting of Stock Yards Company.

ST. JOSEPH, Mo., April 14.—The Kansas City live stock commission men who are engaged in a stubborn contest with the Stock Yards company at that point and are employing a boycott to win their demands of lower charges, will throw all their business to South St. Joseph.

Notice of this decision was received by the stock yards people here tonight. Agents of the Kansas City exchange will be here tomorrow to handle the live stock receipts diverted to this point.

Letter Day Saints Encouraged.

LONDON, April 14.—The semi-annual conference in London of the Church of Latter Day Saints closed at the Finsburg town hall tonight. The leaders of the movement from Liverpool and other towns attended the conference. President Morris of London was interviewed by a representative of the Associated Press and said: "There is a most satisfactory revival, not only in Great Britain, but on the continent. We find little trouble in interesting men, devout and earnest Christians in our simple faith."

Meat Prices Going Up.

The Des Moines restaurants have given notice that after date there will be an increase in the price of meats in which beef orders are served, especially where beef is included, and this is due entirely to an increase in the price of meats. A number of smaller meat markets of the city have closed up on account of the increase in the price of meat. In suburban stores, where meats are sold, the price has been abandoned. The tinner in meat has increased the price and as a result a great many customers are almost entirely abandoned meat and especially at this time of the year are turning to other food.

Congress Expected to Return.

The friends and business associates of Major E. H. Conger, United States minister to China, expect that he will return home this summer, and are fully prepared to believe the statements which have been published in Washington looking to the appointment of a successor. When he returned to China it was well understood here that Mr. Conger much preferred that they should not go back and consented to it only on condition that they would remain just long enough to close up all matters in connection with the Chinese Boxer war. Major Conger has no business interests at home now, but he had such wide experience in business that it is believed he would quickly fall into a good business should he return.

HUNDREDS AT CONFERENCE

Many Turned Away from Overflowing Auditorium During Latter Day Saints' Services.

LAMONI, Ia., April 14.—(Special Telegram.)—It is estimated that about 1,600 were in attendance at the conference of the Latter Day Saints today. The weather is pleasant. At 9:30 Sunday school was held in charge of Local Superintendent D. J. Krahl. At 11 o'clock Apostle Heman C. Smith, church historian, was the speaker, assisted by M. H. Budd. Apostle Smith spoke from a text, taken from the doctrine and covenants, one of the three standard books of their belief. He is an able speaker, and his sermon was much appreciated by the large audience that was privileged to hear him.

The choir was ably assisted by a solo this morning by Miss Josie Ialib of St. Joseph, Mo., and afternoon by solos from F. A. Russell of Grinnell Ia., and Mrs. W. A. Blair of Kansas City, Mo. Tonight President Joseph Smith will speak in the upper auditorium, and G. T. Griffiths in the basement, R. C. Evans at Saints Home.

MINING IN THE BLACK HILLS

Installation of New Machinery Increases Facilities for Rapid Development.

NEW EXPERIMENTS IN GOLD EXTRACTION

Cyanide Process Calculated to Hasten Action of Solution is Attracting Much Attention Among Miners.

DEADWOOD, S. D., April 14.—(Special.)—The annual meeting of the Black Hills Copper company was held in Deadwood and officers elected for the coming year. J. E. Barnes is president; T. L. Wilkinson, vice president; John Robinson, treasurer, and George M. Thresher, secretary. These, with the following, constitute the board of directors: George M. Wilkinson, John B. Taylor and Robert Scholt. With the exception of Mr. Taylor the officers and directors are residents of Stanton Harbor, Mich. Mr. Taylor resides at Rochford, S. D., and is general manager of the company.

The company is developing both copper and gold properties in Pennington county. It has been working on the Copper Reef group nearly four years, starting an incline shaft on a ledge of copper-bearing ore that at the surface measures 180 feet across. The shaft is down 500 feet. At the 400-foot level it has driven a cross-cut sixty feet into the ore, which assays 35 per cent copper and from 25 to 34 a ton in gold. Cross-cuts are being driven both ways on the ledge from the 500-foot level. The company's gold property is known as the Benedict group, recently purchased of Mendenhall, Hooper and associates, situated near the Copper Reef. Fourteen miners have lately been set to work, and a deep shaft is to be started.

Unearth Kidnapers' Gang

Police Discover Nest of Abductors in Mexico City Who Ship Victims to Yucatan.

CITY OF MEXICO, April 14.—The police of this city have broken up a gang of kidnapers, who have been enticing young boys to a house in this city, where the lads were kept prior to being shipped to Yucatan, to work on the Penguin plantation. Complaints have been coming into police headquarters in this city, that there was systematic kidnaping going on all over the city. The detectives, in following up clues, found a house on Peral Villo street on the outskirts of the city, where eleven boys, who had been enticed there, were discovered. They were kept under guard, day and night, and insufficiently fed and amid foul surroundings.

The men in the house were arrested and taken to prison. They denied they were anything but clerks of one Enrique Iglesias, a labor contractor engaged in securing men and boys for work in Yucatan, where the demand for labor is very pressing. The eleven boys secured from this trafficker in human beings were to have been immediately sent to Vera Cruz, and thence go to their long slavery in Yucatan.

Subsequently the guards at the Peral Villo street house confessed that they were employed by Iglesias to entrap boys and confine them in the house till a convenient opportunity arose for sending them to Yucatan. The boys were met on the streets and promised food, clothing and spending money if they would accompany their abductors.

The boys so captured, are said, on reaching Yucatan to be held practically slaves, receiving nothing but their food and maintenance. Iglesias, said to be the head of the gang, is still at large.

Bugs Chitrea Hill.

The Black Hills miner has purchased a new steam mill for setting it up on the ground. The steam hoist that was in use on the Yellow Bird in the same region last year has been installed for the deep shaft. The company's property is situated in what is the most active portion of the Black Hills this year. An immense amount of new work is being done.

The Ohio-Deadwood company is employing a large force in development, opening up a strong ledge of free milling ore running from 36 to 44 a ton. The Cochran Mining company, organized on the Cochran mine, employed twenty-seven miners, and is at present cross-cutting the ledge at right angles, and is getting ready to start the Huntington quartz mill, which has a capacity of thirty tons daily, and is to be continued in use until a stamp mill can be built. The British-American Copper Mining company expects to start work this month after remaining idle all winter, and miners are being engaged for that purpose.

D. C. Doley is conducting an interesting series of experiments in the Black Hills with an invention calculated to hasten the action of the solution in the cyanide process of gold extraction. Electricity is used in the treatment of the ore, and is said to hasten about a year ago, and he claims that he can do the work in eight hours that ordinarily requires eight days in the way of extraction. He has taken a lease on the Gibbs & Cook plant at Gavville, and is conducting his experiments upon Blacktail gulch, which is principally a copper plant. He is getting ready to start the Huntington quartz mill, which has a capacity of thirty tons daily, and is to be continued in use until a stamp mill can be built. The British-American Copper Mining company expects to start work this month after remaining idle all winter, and miners are being engaged for that purpose.

The Imperial Mining company has let the contract for hauling the tailings from the dump of the Rossiter cyanide plant in the new Imperial plant, both of which are located in the lower part of Deadwood. The Imperial company has purchased the old Rossiter plant was the first cyanide mill to be built in the Black Hills and was necessarily primitive in design and equipment when first started, and is therefore unable to make the saving that is possible in a modern plant. The Imperial mill has been running steadily since it was first started, being supplied with ore from the company's Blacktail gulch property. It has received only the highly oxydized ore so far, as the roaster, built to treat the blue ores, is not yet ready to start up.

Contract for Hauling Tailings.

The Bear Gulch Mining company has lately acquired several additional claims along Bear gulch in the western part of Lawrence county and has enlarged its territory materially. The company has everything ready to resume work on its property as soon as the snow gets off sufficiently to enable supplies to be hauled out to the camp.

New Company Organized.

The Penobscot Mining company has recently been organized on 600 acres of ground in the Gardner City vicinity. F. T. Byrnes, formerly of Denver, but more recently of Chicago, is one of the promoters and the company is made up chiefly of Chicago and

Michigan capitalist, Alexander Maitland of Negaunee, Mich., being one of the heaviest stockholders. This is the company that has the bond and lease on the Penobscot, the Realization and other groups of claims for a price approaching \$600,000.

Ore is beginning to arrive at the new smelter of the National Smelting company at Rapid City, and it will be blown by the middle of the month at the latest. The first shipment arrived from the Wash No. 2 in the northern Hills, being a high grade quartzite containing values too great to permit its being treated economically by the cyanide process. Several carloads of pyrites have arrived from the Selm iron mine at Deadwood, to be used as flux. The smelter will receive its limestone from a section of land the company owns adjoining the town of Rapid City on the west. A force of men has been at work carrying the limestone and it is being stored in the bins at the plant along with the ore and other flux. Everything is in place at the plant and steam has been up in the boilers several days. It is considered one of the most modern smelters in the United States. The building is of steel and iron throughout and the equipment is of the finest.

Placer mining is beginning in the Black Hills. The melting of the snows has filled all the streams and there is a good flow of water in all the placer regions. Men are taking out good pay a few miles above Rapid City on Rapid creek and its tributaries, and as the snow further up in the Hills is melting slowly the indications are that the conditions will be favorable for several months at least.

TAX ON STEAMSHIP TICKETS

War Revenue Levied at Panama Hanging from Two to Eight Dollars.

PANAMA, April 14.—A decree has been issued establishing the following war tax on all tickets issued by steamship lines running to Colombian ports. A first-class ticket requires two stamps of the third class, costing \$5 in currency. A second-class ticket requires one stamp of the third class, costing \$4 in currency. Steerage tickets require one stamp of the second class, costing \$2 in currency, and half quarter tickets pay a proportionate rate.

The decree also provides that one hour before the time steamers sail the local agent of the line must send a list of the steamers' passengers to the municipal

STREET KILLING IN OHIO

Jealous Husband Shoots Man He Holds Responsible for Broken Home.

CLEVELAND, O., April 14.—William Rogers shot and killed John Turner this afternoon on the street near the home of the former. Rogers was jealous of Turner because he believed him to be responsible for his broken up home.

Rogers stood over his dying victim, until an ambulance took the wounded man to a hospital, where he died in a few minutes. Rogers, his wife and four children, came to Cleveland last October from Chicago. Rogers is an iron worker.

HEALTHY KIDNEYS AT 72 YEARS OF AGE

Mrs. Louise Grau, who is 72 Years Old, Has Been Permanently Cured of Rheumatism, Kidney and Liver Trouble by WARNER'S SAFE CURE

A TRIAL BOTTLE OF THE WORLD'S GREATEST KIDNEY CURE SENT ABSOLUTELY FREE TO EVERY READER OF THE BEE WHO SUFFERS FROM KIDNEY, LIVER, BLADDER OR BLOOD DISEASE, OR WHAT IS COMMONLY KNOWN AMONG WOMEN AS "FEMALE WEAKNESS."

Warner's Safe Cure is the only cure for all forms of kidney, liver, bladder and blood diseases; it has cured thousands; it will cure you. Mrs. Louise Grau, who is 72 years old, says Warner's Safe Cure cured her of rheumatism, kidney and liver complications.

No. 37 St. Mark's Place, Brooklyn, N. Y.

"I am over 72 years old and have long suffered from kidney and liver trouble. Not long ago I called a physician who did me no good, and a friend recommended Warner's Safe Cure. I began taking it without hope that it would be of any service, but at once I began to notice a change for the better. In addition to kidney and liver trouble, I have suffered from rheumatism. The latter has entirely disappeared, and I am now like a young girl. I am willing at all times to recommend this greatest of all remedies. Thankfully yours, Mrs. Louise Grau." Nov. 18, 1901.

TEST YOUR KIDNEYS—Put some morning urine in a glass or bottle; let it stand twenty-four hours; if then it is milky or cloudy or has a reddish, chalky sediment in the bottom of the glass, or if particles or germs float about in it, your kidneys are diseased, and you should not lose a moment, but get a bottle of Warner's Safe Cure, as the disease works very rapidly and is liable to gain such a foothold that you cannot cure it or stop its spread without a great deal of pain and suffering.

Warner's Safe Cure is purely vegetable and contains no harmful drugs; it does not constipate; it is a most valuable and efficient tonic; it is a stimulant to digestion and awakens the torpid liver, putting the patient into the very best receptive state for the work of the restorer of the kidneys. It prepares the tissues, soothes inflammation and irritation, stimulates the enfeebled organs and heals at the same time. It builds up the body, gives it strength and restores the energy that is or has been wanting
