FATAL BLOW TO THE INSURRECTION

Wheaton Says Armed Resistance in His Department is at an End.

COMMENDS GENERAL BELL'S CONDUCT

Letter Reports His Influence Sufficient to Suppress Fragment of Rebellion in Tayabas and Cavite.

MANILA, April 16.—General Malvar

has unconditionally surrendered to Brigadier General Bell at Lipa, Batangas province, with the entire insurgent force of the provinces of Laguna and Batangas. General Bell says his (Bell's) influence is sufficient to quell the insurrectionary movements in Tayabas and Cavite provinces and capture all those in the field who have not yet surrendered. Malvar has ordered the complete surrender of every insurgent to the nearest American force.

General Wheaton, reporting to the division headquarters, says that all resistance in his department has ended and that the surrenders just announced mean that the ports will be opened and that the Philippines in the detention camps can be allowed to return to their homes in time to plant the crops. General Wheaton is especially pleased with General Bell's care of the natives confined in the camps.

The officers in charge are held personally responsible for the quality and quantity of the food served out and for the general welfare of the occupants of the camps. After securing the mountain passes General Bell employed volunteer bolomen for protection against ladroneism.

Grateful to Americans.

Numbers of Filipinos volunteered and expressed the liveliest satisfaction at the treatment accorded themselves and their families who were in the concentration camps.

General Wheaton gives General Bell great credit for his indefatigability in conducting the campaign. He was afield on horseback day and night, personally supervising the most arduous operations.

The people of Manila are delighted at the prospect of a resumption of trade with the pacified provinces and are anxious to show General Chaffee, Wheaton and Bell their appreciation of the fact that the insurrection is really over.

About 2,000 rifles have been received by the American officers in Batangas and Laguna provinces during the last four months. General Malvar personally requested an interview with General Bell in order to make his complete submission.

The lack of news from the island of Samar is due to a defective cable. It is believed, however, that the American commander received yesterday the surrender of all the insurgents in Samar, unless the planned proceedings were altered.

Taft Says Real War is Over.

ST. LOUIS, April 16.—Governor General W. H. Taft of the Philippines, who is here today for a conference with the world's representatives in the situation in the islands, said:

"The real war in the islands is over when thirty provinces are pacified and only three are left to be brought under civil control. And I do not expect any more trouble from the provinces in rebellion very long. Civil government is being established in the archipelago will soon offer a field for American enterprise.

There are some delicate questions that must be adjusted. The church and the possessions were closely associated in the past. The complete severance of church and state, here as elsewhere, must be done by our wishes and our custom, the church and the government are in no way allied. This condition of affairs, however, in the Philippines, I have no doubt, in a manner most amicable.

BULLION IS IN DANGER

Fierce Fire in the Government Assay Office in New York.

NEW YORK, April 16.—Thirty-one million dollars in silver bullion in the assay office at 30 Wall street has been in danger of being melted by a fire which burned in one of the basements of two floors. None but the employes knew of the fire and they finally overcame it without assistance.

Next door to the assay office is the sub-treasury, where the government stored has from \$100,000,000 to \$200,000,000 usually. In some ways the fire in the assay room was communicated to a barrel of lard mixture used in the smelting process. There were twenty-three barrels of this inflammable mixture in the room and like a flash they were enveloped in a sheet of flame so intense in heat that it was feared the great treasure in a vault of the room would be melted. There was no time to close the steel doors of the vault and the flames from the barrels were so close that it was impossible for any one to approach near enough to shut them.

The employes in the basement, thoroughly drilled for such an emergency, were quickly at work, despite the dense smoke. All windows and shutters were closed to prevent giving the alarm to the public and when, after two hours' work, the last vestige of the fire had disappeared, windows opening at the rear were used to carry out the smoke.

MAKES PLEA OF SELF-DEFENSE

Missouri Farmer Says He Killed His Niece to Save His Life.

HENRIETTA, I. T., April 16.—W. H. Means, the Lexington (Mo.) farmer who surrendered yesterday after killing his niece Lydia Means, his niece, made a statement today. Means said that his niece had persuaded him to come to the territory and invest his money. At her solicitation he decided his property over to her. Then, he said, she demanded a check for \$1,000. He refused and she locked him in the house and attempted to kill him, using a butcher knife and a block of wood. She broke his arm, he says, and then he shot her in self-defense. The woman came originally from Indiana.

ACTIVE FOR PAPAL HONORS

Cardinals Aspiring to the Pontificate Solicitous Over Condition of the Pope.

ROME, April 16.—The recent signs of the increased feebleness of the pope, which led, at the end of last week, to alarming reports of his sudden death, have caused a marked increase of activity among the cardinals aspiring to the pontificate.

The campaign preparatory to the next conclave proceeds incessantly, the sacred college being divided into two distinct groups, headed respectively by Cardinal Rampolla, the papal secretary of state, and Cardinal Vannutelli. The latter and Cardinal Gotelli now constitute the most probable successors to Leo XIII.

Those who are not now considered dangerous candidates are fond, however, pointing out that almost 100 cardinals have been buried during the pontificate of Leo XIII, and that the prolongation of the life of his holiness for a few years is liable to cool through death many more ambitious aspirants.

Archbishop Falconi, the papal delegate, in Canada, has been definitely selected to succeed Cardinal Rampolla, the papal delegate to the United States. This appointment will not be officially announced, however, until the meeting of the consistory next October. It was felt that Archbishop Falconi's experience in Canada, his learning, his command of the English language and his diplomatic abilities especially fitted him for the Washington post.

REBELS BECOME MORE BOLD

Issue Defiant Ultimatum to Colombian Commanders Increasing Gravity of Situation.

COLON, Colombia, April 16.—A launch belonging to the Panama Canal company returned here today from Bocas del Toro, bringing reports that the situation there is growing more serious. The liberal troops under General Buendia, who have reached Old Bank, a settlement on an island, near the entrance to Bocas del Toro. General Buendia notified the government commander at Bocas yesterday that fourteen hours would be given him in which to surrender the town and that his noncompliance with this ultimatum would result in immediate attack. The commander of the government forces declined the terms offered by the revolutionary general. The canal company's launch left for Colon before the fourteen hours had expired.

The revolutionists at Bocas have already sent a message to the United States, which are indispensable to the banana business of that town. Bocas del Toro is entirely devoted to the banana business and American interests there are almost supreme. The seizure of the property of the United Fruit company in Bocas has attracted the attention of the United States government, which is now the only warship at Bocas.

USE OF WIRELESS SYSTEM

Nations May Hold Conference to Regulate the New Telegraph Discovery.

BERLIN, April 16.—Great Britain has accepted Germany's proposition for an international conference to regulate the use of wireless telegraphy. The other powers to which the proposition was made, viz., the United States, France and Russia, have not yet responded, but the officials here confidently expect favorable answers, especially from the United States, which has taken much interest in the matter.

Germany's suggestion embraces merely calling a conference, but without definitely formulated propositions for discussion. Germany has also asked the powers to set forth in their answers if they wish Germany to formulate propositions to lay before the conference or leave the matter entirely to the conference.

LONDON, April 16.—All the grain and flour markets of the United Kingdom advanced prices today. The price of flour was raised in the Yarmouth market by one penny and in the Liverpool market by one penny. The price of wheat advanced as much as 3 shillings per quarter.

An important meeting of London and Liverpool importers of feeding stuffs, held here this afternoon, resolved to make strong representations to the chancellor of the exchequer, Sir Michael Hicks-Beach, in favor of the admission of wheat of all grades free of duty and favoring the admission of feeding meats and the ofials of other grades than wheat on payment of a duty of 3 pence per hundredweight, instead of the proposed 2 pence per hundredweight.

GAMBLING RUPTURES CLUB

Prosecutions at Vienna Cause Many to Resign Their Membership.

VIENNA, April 16.—Count Colloredo-Mansfeld, the president of the Jockey club; Prince Aversperg, the vice president; that organization, and other members of the governing committee have resigned on account of the prosecution of Count Potokoi and others for gambling at the club.

The trial arose from the great gambling at the Jockey club December 21, when Count Joseph Potokoi, a Russian nobleman, lost 4,500,000 florins. Potokoi and two other foreigners, in addition to being fined, were permanently banished from Austria.

WILHELMINA GROWS WORSE

Queen's Fever Continues, Though General Condition Reported Satisfactory.

LONDON, April 16.—A special dispatch from Amsterdam says: Queen Wilhelmina's condition is growing more serious. This afternoon's official bulletin from the Hague, however, declares that, though the fever continues, the general condition of the queen is satisfactory.

Monument to Cecil Rhodes.

CAPE TOWN, April 16.—A meeting of citizens to establish a national memorial in honor of the late Cecil Rhodes was held here today. A committee composed of Sir Gordon Sprigg, the premier, the mayors of Cape Colony, and a number of other prominent persons, will issue an appeal for funds throughout the British empire for the purpose of erecting an immense equestrian statue on Devil's peak, overlooking the Cape peninsula. The cairn is to be surmounted by an heroic bronze figure of Cecil Rhodes looking to the north.

TWO PUBLIC BUILDINGS FOR NEBRASKA

Omaha Bill Carries Appropriations for Norfolk and Hastings and for a Site for One at Plattsmouth.

(From a Staff Correspondent.) WASHINGTON, April 16.—(Special Telegram.)—The sundry civil bill reported to the senate today by Senator Allison from the senate committee on appropriations, an appropriation of \$1,500,000 for the construction of two public buildings for the army, an increase of \$200,000 over the bill, all of which was expended under direction of the secretary of war. An interesting story lies behind the increase of \$200,000. It was intended, Senator Warren of Wyoming and Senator Allison of Iowa to have set apart from this lump sum a specific amount for Fort D. A. Russell, Wyo., and Fort Des Moines, Ia. Captain Hull of Iowa, however, chairman of the military affairs committee of the house, had a conference with Senators Allison and Warren wherein he stated that more money could be obtained from the secretary of war for the posts named than could be obtained by direct appropriation, and that \$100,000 was the maximum congress would vote for these particular barracks, and he asked that no reference be made either to Fort Des Moines or Fort D. A. Russell. As Representative Hull comes in direct contact with the secretary of war by reason of his chairmanship of the military affairs committee, it was thought by the senators that he spoke "with inside knowledge," and accordingly the posts were left out of the bill. The committee decided, however, to increase the appropriation by \$200,000 in order that the secretary of war would have no ground for pleading lack of funds for these two posts.

Fort Meade Mentioned. The bill carried, however, specific appropriation of \$100,000 for barracks and quarters for Fort Meade, S. D., where the War department desires to commence early operations on permanent buildings for the garrison. Fort Meade having been included among the posts recommended by the recent army board convened to recommend permanent posts.

The bill also carries an appropriation of \$2,500 for the completion of the survey, under direction of the secretary of the interior, of the eastern boundary of Yellowstone National park, estimated at fifty miles, at the rate of \$50 per mile, including an examination of survey in the field.

The case of Lucia Woodworth, Frank D. Brown and George N. Clayton, plaintiffs in error, against The Northwestern Mutual Life Insurance Company was argued in the supreme court today. The suit was originally brought by the Northwestern Life Insurance company against Woodworth, Brown and Clayton as sureties on a supersedeas bond to recover damages and costs which the insurance company alleged had been sustained by reason of an appeal taken by Woodworth from a decree of foreclosure and sale of the State hotel on Douglas street, Omaha. The case was argued before the circuit court for the district of Nebraska, Judge Munger rendering judgment in favor of the Northwestern company. A writ of error was sued out and an appeal taken to the circuit court of appeals. These proceedings were discontinued because of uncertainty as to the proper methods of procedure. After hearing the case the circuit court of appeals was in doubt on one or two questions of law arising out of the case and referred the case to the supreme court, which propositions were argued today.

Money for Nebraska Buildings. The public building bill, commonly known as the "omnibus building bill," will be reported by Chairman Mercer on Saturday or early in the week following. Nebraska will fare well in the bill, although not to the extent some of the members of the Nebraska delegation had expected. Hastings and Norfolk will receive the appropriations asked for and in all probability an appropriation will be made for the purchase of a site at Plattsmouth.

It was learned today that South Dakota would receive the following appropriations: Deadwood, \$300,000; Aberdeen, \$175,000; Pierre, \$5,000, for purchase of site. Small appropriations will be made for Okaloosa and Ottumwa, while appropriations for public buildings will be made for Boone, Marshalltown, Waterloo and Iowa City, Ia.

Orders for the Army. Lieutenant Colonel Charles K. Wine, deputy surgeon general, is relieved from duty as chief surgeon of the Department of the Missouri, to take effect April 30, and will then proceed to his home to await retirement from active service.

Major Henry S. Allen, chief surgeon, will upon his arrival at San Francisco proceed to Omaha and report to the commanding general of the Department of the Missouri for assignment to duty as chief surgeon of that department.

Lieutenant Nathan N. Shelton of Omaha, of the Seventy-first company coast artillery, is ordered to join his company at Alcatraz Island, Cal.

Mrs. E. S. Dundy, wife of the late Judge Dundy of Omaha, is visiting friends in Washington.

Rasmus Boyesen of Graham, Audubon county, Ia., member of the last legislature of that state, is in Washington on matters connected with the interior department.

It was stated today by Senator Allison that owing to the illness of Congressman Rumpke there would be no meeting next Saturday of the Iowa delegation.

Postal Changes. The postoffice at Lilar, McPherson county, Neb., is to be moved four and one-half miles north and Nathan E. Trego appointed postmaster.

A rural free delivery route will be established May 1 at Cincinnati, Appanoose county, Ia., with Isaac L. Morgan, carrier. Area covered thirty-four square miles; population, 516.

A postoffice has been ordered established at Labanc, Knox county, Neb., and Gustav A. Labanc commissioned postmaster.

Superintendent of Indian Schools, Miss Estelle Reel is preparing for the holding of five summer schools for Indians. One is to be held at Pine Ridge, S. D., one at Morris, Minn., and others in Arizona, Oregon and Washington, the exact locations as yet undecided.

Receipts in Philippines. WASHINGTON, April 16.—The division of insular affairs of the War department gave out for publication today a statement of the receipts in the Philippines, as follows: From customs, in March, 1902, \$766,251, compared with \$732,207 for March, 1901. The receipts of the city of Manila during the same month were \$68,535 for 1902, as compared with \$37,379 for the same period of the previous year.

NOMINATION OR NEW REVENUE LAW

Extra Session of the Legislature to Be Called in Event Convention Chooses Some Other Than Man Who Favored Bartley.

(From a Staff Correspondent.) LINCOLN, April 16.—(Special.)—In the news of this city this evening appears what is evidently a misapprehension, outlining the policy of Governor Savage in his campaign for re-nomination. In so many words it is declared that the governor will either be re-nominated or he will call an extra session of the legislature to have the revenue law amended. The article says: "Savage's position on the present legislature before the election of the next successor is not without the range of possibilities. It is assumed by those who are in a position to know that the subject has been in the mind of Governor Savage for many days and that he is now summed down to a mere question of expediency.
