

SHOOTING MAY PROVE FATAL

John Hennig Sends Bullet Into Groin of Fred Jacobson.

RESULT OF QUARREL OVER MONEY AFFAIR

Eye Witness Says that Hennig Was Aggressor from Start of the Trouble—Jacobson May Recover.

Fred Jacobson was shot in the groin by John Hennig at 3 o'clock yesterday afternoon and is now in a critical condition at the Clarkson hospital.

The shooting occurred on a vacant lot upon which Jacobson was setting a house, at Forty-eighth street and Mayberry avenue, in the presence of several workmen engaged on the building.

According to Hennig the trouble originated over some money which Jacobson owed him and which he was trying to collect.

It is said that Hennig fired several times to get work on the house, said Mr. Kluzer, "and was angry because we did not employ him."

Mr. Kluzer has confessed to looking forward to this trip to the capital city with some uneasiness, as his ward is an athletic young woman with a confessed predilection for standing on her head and doing other gymnastic turns that the etiquette of even a passenger coach falls to sanction.

It is said that Hennig is a bricklayer, 52 years of age, and lives alone at Thirty-third and Leavenworth streets. He has two sons who reside in Milwaukee, and intended leaving in a few days to make his home with them.

Dr. Ludington, who is attending Jacobson, stated that the ball had entered the right groin and while the wound was serious was not necessarily fatal and that Jacobson had a good chance for recovery.

BUSINESS MEN FOR THE JURY

County Court Follows Example of Commissioners in Its Call for Jurors.

The county court has taken a cue from the commissioners in the matter of business men's juries and hereafter will require the presence of men of affairs.

The first list includes H. J. Penfold, Samuel A. Orchard, D. C. Hutchinson, Norman A. Kuhn, Samuel M. Crosby, John Kelkenney, Charles J. Karbach, J. B. Dickey, Albert Wylie, John W. Cooper and others to the total number of eighteen.

FLYNN IN DUSKY COMPANY

Jailer Will Be Merely Intent on Performing Official Duty, However.

For the enlightenment of any who may marvel when they see Hon. Thomas Flynn, chief clerk of the court, in a railway station at an early hour this morning in close company with a young woman who is as dark as the democratic future, it may be explained that the woman in the case will be Ida Mitchell, and that Mr. Flynn is junketing with her in a purely official capacity.

Ida has been in jail often, but has eluded the penitentiary until this term of court, when she was sentenced by Judge Baxter to one year's labor there for larceny from the person.

Mr. Flynn has confessed to looking forward to this trip to the capital city with some uneasiness, as his ward is an athletic young woman with a confessed predilection for standing on her head and doing other gymnastic turns that the etiquette of even a passenger coach falls to sanction.

PLANS FOR THE NEW MARKET

City Engineer is Making Drawings of House for Capitol Avenue Site.

City Engineer Rosewater has begun work on the plans of the Capitol avenue market house, and will be ready to make a report as to cost, style, kind of material and the like in two weeks.

"The building will be a block long," said the "and on story height. The material to be used will be brick or artificial stone. As to style of architecture, it will be plain and unpretentious in the extreme, and the cost will be somewhere in the neighborhood of \$25,000.

"The city market is still in operation in the Eleventh and Howard street district, but it is supposed that these preparations to build the market house on Capitol avenue will have a tendency to convince the gardeners of the city's good faith in establishing the latter market."

BUILDING INSPECTOR WINS

Fine Imposed in First Case on Ordinance Regulating Placing of Furnace Pipes.

Building Inspector Carter scored a victory in his first case of hot air pipes yesterday, when Contractor T. J. Lund was fined \$10 and costs for violating the city ordinance regulating the placing of furnace pipes in buildings.

MANY BALLOTS IN DISPUTE

Upon the Ruling of the Court Depends an Aldermanic Seat.

MINTYRE AND O'CONNOR IN BALANCE

Neither Candidate Will Know Who Gets Certificate Until Judge Passes on Validity of Specially Marked Votes.

On a ruling which Judge Vinsonhaler is expected to make today depends the result of the canvass now being made in county court of the ballots cast in South Omaha at the late election for councilman from the Fourth ward.

The first of these was from the Second precinct of the Fourth ward, where 131 were challenged as fraudulent because each was found to have on it both blue marks and black marks, indicating, it was alleged, that the ballots had been tampered with.

On this proposition both sides found excuse for challenging, but it is said by City Clerk Shrigley that should the whole bunch be rejected it would mean a net loss to O'Connor of 27 votes.

The other disputed bunch is from the First precinct of the same ward, where the democrats claimed a majority of 40. The trouble with this lot is that Henry Jordan, one of the judges, neglected to sign more than his initials on any of the ballots except one or two.

An incidental phase of the present contest is the presence of Tom Hector at the recanvass and his determination to contest the election of Edward L. Howe as city treasurer in the event of the present count showing a substantial gain for O'Connor.

INTERFERING WITH FUNERALS

Undertakers Will Ask City Council for Protection for Their Processions.

In the near future the undertakers of the city intend to send a representative before the city council to see if something cannot be done to prevent persons from driving through funeral processions.

"It is seldom that we have a funeral," said a prominent undertaker, "without some accident, caused by persons who have no respect for the dead. Even when a procession is going up or down a hill they drive through, thus causing the carriages to run into each other. Just the other day a grocery delivery wagon drove through a procession and as the carriages stopped one ran up on another and the pole came over striking a woman in the head.

Children Like It. "My little boy took the croup one night," says F. D. Reynolds of Mansfield, O., "and grew so bad you could hear him breathe all over the house. I thought he would die, but a few doses of One Minute Cough Cure relieved and sent him to sleep. That's the last we heard of the croup." One Minute Cough Cure is absolutely safe and acts at once. For coughs, colds, croup, grip, asthma and bronchitis.

AFFAIRS OF THE REGULARS

Colonel Winne, Chief Surgeon of the Department, Expects to Retire Soon.

Colonel Winne, chief surgeon of the Department of the Missouri, has received no official notice of the order calling for him to report for examination for retirement, but expects to leave about May 1. He will go to Baltimore, where his family resides, but has made no definite plans for the future.

The examination of Lieutenant Bridges for promotion to be captain, which began at army headquarters Wednesday, is still in progress. Friday morning a practical examination in battalion drill will be given, with which the examination will conclude.

Pack trains from Cuba will arrive in the department in a few days. Two of the trains will be stationed at Jefferson barracks and four of them at Fort Riley. The Twentieth company of field artillery, which has been stationed at Fort Robinson, left yesterday for Fort Riley, where it will go into camp until its quarters at that post are completed.

Plans for the construction of water works and sewer connections at Fort McKean, Sheridan, Wyo., are at the office of the chief commissary of the department, where they may be examined by interested parties. The contract calls for a large amount of construction.

Word from San Francisco announces the arrival at that port of William Kilp, civil service clerk in the department of the adjutant general of the army, who left Omaha in the fall of 1900 for the Philippines. After he reached those islands rheumatism developed and he was in the hospital at Manila for some time.

Sam'l. Burns is selling a beautiful Libbey cut-glass olive dish for \$2.00.

ST. LOUIS, April 17.—Secretary Walter B. Stevens of the Louisiana Purchase Exposition company was asked today by the world's fair management what official cognate of Senator Albert B. Riley, who introduced the sundry civil appropriation bill, authorizing the postponement of the exposition to 1904. "We have no information," he said, "except what is contained in the unofficial reports from Washington. The question of postponing the fair, however, as Senator Francis has stated, has not been submitted to the board of directors and I believe it will not be at the present time. Of course, if congress takes the initiative and steps for the postponement the local directors will necessarily have to accept that decision and act accordingly."

Mortality Statistics. The following births and deaths have been reported at the office of the Board of Health during the twenty-four hours ending Thursday noon:

Deaths—James R. Crandall, 147 North Seventeenth street, aged 74 years; William Saunders, 408 South Twenty-fifth street, aged 22 years.

Stillman & Price, att'y's, law, collections. A. P. Lillis, notary, 22 S. Nat. Tel. 1729.

MANY TO CROSS HOT SANDS

Tangier Temple, Nobles of Mystic Shrine, to Initiate Unusually Large Class.

The largest class of novices ever carried in a caravan of Tangier temple across the torrid sands which lie between the outside world and the bright oasis in the domain of the Mystic Shrine will be initiated Friday night at Freemasons' hall.

Members of the shrine will be present from all over the west, and with the local members of the temple, at least 500 people will sit down to the banquet which will close the ceremonial session of the temple. The class to be initiated is remarkable for the number of men prominent in business and social affairs of the city and state who will for the first time be given an understanding of the rites which surround the inner veil of the temple of the order.

At the banquet Judge W. W. Keyser will preside as toastmaster. Addresses will be made by H. H. Wilson of Lincoln, Isaac R. Andrews and T. L. Matthews. Another part of the banquet program will be the remarks of the candidates who have just been rescued from the outside world.

Preparations for the work have already begun. The sands have been heated seven times hotter than the blast from the fiery furnace and the horses feed of foot have been groomed; the camels have been loaded and the guns burnished for the trip.

Work will start at 7:30 o'clock and it will last until the last tenderfoot has admitted that he has received all that is coming to him, with interest.

At the banquet Judge W. W. Keyser will preside as toastmaster. Addresses will be made by H. H. Wilson of Lincoln, Isaac R. Andrews and T. L. Matthews. Another part of the banquet program will be the remarks of the candidates who have just been rescued from the outside world.

AN EVENTFUL EVENT.

Quality and Economy Are United at Schmoller & Mueller's Closing Out Sale of the Hardman Piano Stock

Where Others Show You Five Makes, We Can Show You Nearly Fifty Different Manufacturers' Product.

Economical Buyers' Greatest Opportunity. The Mueller Piano and Organ Co.'s Entire Stock Closed Out at 50c on the Dollar.

A Genuine Bargain Guaranteed or No Deal.

No wonder they are going fast. Why not? Seldom, indeed, does an opportunity present itself like this closing out sale of the Hardman piano stock, bought by Schmoller & Mueller for spot cash at such a ridiculously low figure as this stock was knocked off of this enterprising piano house for. Schmoller & Mueller are known as SHREWD BUYERS AND CLOSE SELLERS—but this gigantic purchase of 150 pianos would stagger less ambitious houses. Where in the west would such a purchase even be considered? But we are not content to rest on laurels already won, but are constantly on the lookout for propositions of just this kind when, by reason of circumstances, we are enabled to buy (regardless of the immense quantity of stock) at what might be termed slaughter prices—thus enabling us to offer the work of a dollar for the range of competition.

Where west of Chicago could you hope to find such an extensive variety to select from. We are proud of the distinction of "being the cheapest piano house in the west." Why not? We have the quality and surely low price is no unparadise fault, and even if it was we believe you (the people who pay the bills) would give us a hearing. Now, to get back to this closing out sale, you who have not been in have a very fair idea of the intrinsic value bargains there is in this stock. The Mueller Piano and Organ Company's prices are out square in the middle. For instance, a piano they asked \$235.00 for, our sale price is exactly \$117.50. Do you wonder that about fifty have already been closed out to people who know the worth of a dollar? Why should they pay retail prices when this stock of strictly high grade instruments are being closed out at LESS THAN WHOLESALE PRICES?

WHY? WHY? But if you desire any of those celebrated Hardman's "you'll have to hurry" there is only a few left. Friday and Saturday will see many more go. Prompt action is the better part of discretion. SCHMOLLER & MUELLER, 1313 Farnam St., Omaha. 502 Broadway, Council Bluffs.

Are You Going to Los Angeles? If so, better reserve berth in the tourist cars, which will leave Omaha at 5:20 p. m. Monday, April 21, for Los Angeles via El Paso Short Line, Great Rock Island Route. Rate, one way \$25; round trip \$45; berth accommodating two persons, \$5. City ticket office, 1223 Farnam street.

Send articles of incorporation, notices of stockholders' meetings, etc., to The Bee, 1224 Farnam street. Phone 3165. Union Station, 10th and Marcy. Phone 629.

Shampooing and hair dressing, 25c, at the Bathery, 216-220 Bee Building. Tel. 1716.

ANOTHER TRAIN OF WOMEN

Nearly Five Hundred New England Delegates Will Visit Omaha.

ON THE WAY TO LOS ANGELES MEETING

Special Trains Will Pass Through Omaha in Quick Succession, Each Stopping for Visit of About Two Hours.

Omaha club women, who are planning great things in honor of the federation delegates from the New England states during their stay in Omaha on April 25, may now figure on one more trainload than they thought was coming, about 100 additional women.

Yesterday morning the information came to Union Pacific passenger headquarters that the road had better arrange to handle four trains that afternoon instead of three.

That means that a great many eastern women besides the delegates intend to take the trip. The New England states get 312 delegates to the convention, so the railroad arranged to carry about that many. This could have been done with two trains, but it was decided to make it three in order to enhance in every particular the comfort of the journey and to avoid any semblance of crowding or other tourist travel feature.

Later, however, Boston representatives of the systems which will handle this delegation found that there would be nearly 500 more than 200 of the women, so the extra train has been planned.

These trains will form a unique procession across the continent. From coast to coast they will trail one another and will keep close together all the way, so close, in fact, that the entire band will be deposited at Union station here almost as fast as one train can be unloaded and moved out of the way and another brought up.

If the eastern roads bring the trains in on the schedule as planned the Union Pacific expects to be able to give the women almost two hours in Omaha. This will afford Omaha women ample time for anything in the way of entertainment they may wish. A committee has been appointed to take charge of all such arrangements, and it is expected that something handsome will be done. A general reception at the station is assured and additional features are under consideration.

WE MEAN IT!

When We Say We Quit Business

Owing to the fact of PREVIOUS TENANTS of this store always, thinking sales, a few Omaha people have become skeptical, thinking this is not a bona fide sale. Allow us to impress upon you that we are forced from business and positively quit.
