

NEW BOOKS AND MAGAZINES

Andrew Carnegie's New Book, "The Empire of Business," to Issue Soon.

LATTER DAY POLITICS IN KENTUCKY

Modest Little Book of Poems from the Pen of Rev. W. F. Bradley, a Priest of the Diocese of Lincoln.

The indications are that 50,000 copies of Mr. Carnegie's new book, to be issued April 25, "The Empire of Business," will be sold within a short time.

"The Opponents," by Harrison Robertson is another vigorous story of the south. The story deals with latter-day politics in Kentucky.

"The Fiddler of Omund, and Other Verses," is the title of a modest little book of poems from the pen of Rev. W. F. Bradley, a priest of the diocese of Lincoln.

"The Heroine of the Strait," by Mary Catherine Crowley, is a romance of Detroit in the time of Pontiac that is even more interesting than "A Daughter of New France."

NEW PUBLICATIONS.

TUKEY'S PLATS AND THE CITY

Another Chapter in Story Written by Both Sides.

NEITHER SHOWS CHANGE IN ATTITUDE

City Engineer Rosewater Presents His Case with Force and Mr. Tukey Gives His Side with Firmness.

OMAHA, April 17.—To the Editor of The Bee: I published in your issue yesterday A. P. Tukey, referring to his flagrant violation of the law in selling lots on allotments that had not been approved by the engineer and the mayor and council, as the statutes require, states that he had called upon me and requested that the matter be settled. As a matter of fact, he did not call upon me. I notified him in writing and also personally upon the street, and he said he would remedy the defects.

Medical Talk is the name of one of the most recent medical magazines before the public today. The April issue appears in a unique, up-to-date magazine cover, an ornament to any library table. Medical Talk is in the third year of its existence and covers a field never before accomplished in journalism.

Ginn & Co. have published a new book that will be of service to teachers of the Spanish language, entitled, "Spanish and English Conversation," by Aida Edmonds Finney. A second book is to follow later.

ROADS ACT INDEPENDENTLY

Again Nebraska Lines Ignore Action of Western Passenger Association.

MAKE ONE-FARE RATE FOR DUNKARDS

Local Railroad Officials Under the Impression that One Member of Organization is Habitually a "Knocker."

Railroad officials here have come to the conclusion that there is a "knocker" line in the Western Passenger Association, one which takes joy in blackballing every proposition which other systems wish to force upon which does not affect it either way. A month ago some Omaha railroad were compelled to announce a rate of one fare to the Christian convention here, despite the action of the association in giving the scheme a negative vote.

This convention attracts about 10,000 people. The last one, held in Lincoln, brought about 8,000 Dunkards to that city, and in the east they are always more largely attended than the Dunkards' stronghold is in that section of the country. Fully 200 delegates will go from Nebraska, Kansas and Colorado, so that the Nebraska railroads wish to get in on the business.

Supervisors of the Burlington system met yesterday at St. Joseph to make the working schedule embodying the new time changes on this road. It is expected that proofs will be out by Monday, and the printed cards will be ready in ample time for the commencement of the new service on May 4.

In connection with it was announced that Burlington headquarters that five new parlor cars are being built for exclusive use on the new through Chicago westbound train, which will pass through Omaha as a result of the changes. This is No. 13, which will leave Chicago at 9:15 a. m. and reach Omaha at 11 p. m., leaving at 11:10 for the west.

It has just been determined by General Passenger Agent Francis to make a feature of the daylight ride on this train from Omaha to the Missouri river, now that the time has been altered. To this end these new parlor cars are being built, and they will be rushed from the shops with all speed.

Another new announcement is that a Greenwood through sleeper will start from Omaha on the Chicago line, being picked up here and carried to Lincoln, where it will be transferred to No. 41, going out west at 12:40 a. m. This later train to Lincoln, connecting with the Deadwood train, also makes it possible for the first time for the early editions of the Omaha morning papers to be served to people in all the Nebraska towns along the line at breakfast instead of getting the morning papers at night and vice versa.

Half the Trusses Are Up. The big Union Pacific shop now looks almost like a building. The erection of the steel is being rushed and as a consequence nineteen of the trusses, just half, are the work of the outside standards for three more are standing. This makes six arches complete, with seven more half way finished.

In the meantime the raising of the roof on the building which is to be the power house is accomplished and masons already are at work on the outside standards. The west side wall is built clear to the roof, as is that on the east, so only the gable ends remain to be filled up the three feet. The new machinery will soon go in.

Prosperity on All Sides. General Passenger Agent J. R. Buchanan of the Fremont, Elkhorn & Missouri Valley railroad has just returned from a week's trip over his system in Nebraska and South Dakota and talks enthusiastically of different prospects in divers sections. Said he: "I spent some time in Rock and Brown counties, around Newport and Bassett. This is the famous hay country. Newport being the largest hay-shipping point in the state, Chicago while at work in a blacksmith shop."

Good for Rheumatism. Last week was taken with a very severe attack of muscular rheumatism, which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. Two applications of this remedy has much better, and after using one bottle was completely cured.—Sallie Harris, Salem, N. J.

LOCAL BREVITIES.

Henry Smith, colored, was sentenced to jail for twenty-five days in police court for making insulting remarks to women on the street.

Thomas A. Stratton, a farmer residing at Decatur, Wis., has filed a petition in the United States court to be declared bankrupt.

The funeral of Thomas H. H. who died Tuesday night, occurred yesterday afternoon from the undertaking establishment of J. Joseph.

Mary Bilek tells the district court that she has been living with her husband, who she says has been living with her, since they were married August 23, 1900.

Mrs. C. E. Elms of Denton, Tex., has returned to her home in a declining condition, after a long illness, and died at her home in Denton, Tex., on Monday, April 14, 1902.

In Judge Paswell's court a jury has returned a verdict for the defendant in the suit of the New Orleans Coffee company against J. B. Gaudin, a becoming bankrupt, for the sum of \$125, but Mr. Gaudin has a counter claim.

City Engineer Rosewater has not decided upon any special piece of ground to be enclosed by a public utility, a becoming impasse at the delay of the authorities on the bid for the enclosure of the city engineer's street front submitted by a seventeenth street contractor.

James Bellon, aged 67, for several years janitor at the Church of the Sacred Heart, died at his home on Monday, April 14, 1902, at the age of 67.

The funeral will take place from the undertaking establishment of J. Joseph, at 3 o'clock, on Friday afternoon at 3 o'clock, interment at Holy Sepulchre cemetery.

Complaint was made to the Board of Park Commissioners that children are stripping the bark from trees near Florence, Mo., north of Omaha, and after Slippy elm trees seem to suffer most severely from the depredations. As the trees are on private grounds the commissioners were unable to take official action, and the complainant was sent to the chief of police.

The architect in charge of the work on the new building, a becoming impasse at the delay of the authorities on the bid for the enclosure of the city engineer's street front submitted by a seventeenth street contractor.

the stand this morning, denied that the girl is insane, nor would he say that she is an imbecile.

TO RENOVATE WHITE HOUSE

Thirty Thousand Dollars Asked of Congress to Provide New Appointments.

WASHINGTON, April 17.—For the first time since President Arthur's administration the old White House is to have a thorough renovating on artistic lines. Mrs. Roosevelt has had her attention called to the building and of the need of new furnishings for the entertainment of large parties. So busy has grown the list of favored guests in the Roosevelt household that they have found it necessary to have recourse to the famous East room as a dining room, which, by the way, was part of the original design of the house.

One feature of the plan of renovation is to turn this great East room into a state dining room, involving a transformation of the decorations in those of the colonial style, with open fireplaces. The present old-fashioned flooring will give place to a new parquet floor of hard, polished wood, and an enormous rug specially designed to suit the decorative scheme of the room will be woven in one piece, so that the room may be easily turned into a charming ballroom.

The White House dining service is a strange conglomeration of antique and modern glass, silver and porcelain, and so many pieces have disappeared that it is no longer sufficient either in quality or in number of pieces to serve large dinner parties. The new service which is wanted will be of French porcelain.

The present state dining room will be used for small dinner parties. It also will be redecorated, the present yellow color scheme being obnoxious to the family.

The entrance hall of the house is to be renovated in general tone and character of the decoration, so that it may accord with the embellished East room. In addition to these changes there is need for additions for lighting facilities and also for a staircase to the attic, a very urgent need in case of fire, the servants now being dependent entirely upon the elevator. Much new furniture of modern style is required in place of the nondescript types now scattered through the portions of the house devoted to social use. To defray the expenses of this undertaking an estimate of about \$30,000 was submitted to congress, and as reported in the sundry civil bill appropriation contains the necessary allotment.

PLANS FOR WESTERN VETERANS. War Survivors Remembered by the General Government.

WASHINGTON, April 17.—(Special.)—The following western veterans have been granted:

Issue of March 25: Nebraska: Increase, Restoration, Release, Etc.—William J. Allison, Hot Springs, S. D.; John J. Johnson, York, S. D.; Willis A. Harding, Oakland, La. S.
