

HAVE YOU RHEUMATISM?

Doctors Say That Every Human Ache is Rheumatic. The Seat of Rheumatism is in the Kidneys. Keep the Kidneys Healthy and Rheumatism Will Disappear.

YOUR KIDNEYS ARE DISEASED!

A TRIAL BOTTLE OF THE WORLD'S GREATEST KIDNEY CURE SENT ABSOLUTELY FREE TO EVERY READER OF THE BEE WHO SUFFERS FROM KIDNEY, LIVER, BLADDER OR BLOOD DISEASE.

Thousands of Men and Women Have Kidney Disease and Do Not Know It Until It Has Developed Into Bladder Trouble, Rheumatism, Diabetes or Bright's Disease Which Will Prove Fatal If Not Doctored Promptly.

Pains in the small of the back, painful passing of urine, inflammation of the bladder, torpid liver, cloudy urine, pains in the back of the head and neck, rheumatic pains all over the body tell you your kidneys are diseased and are not able to do their work properly. If you have any of these symptoms, care should be taken to stop the progress of the disease and prevent it becoming chronic and pregnant the entire system.

IF IN DOUBT MAKE THIS TEST.

Put some urine in a glass; after it stands 24 hours if you find a reddish brick dust sediment in it, or particles floating in the urine, or the urine is milky and cloudy, you will know your kidneys are in a diseased condition and are unable to perform their duty. The result will be a break-down of the general health, inflamed, uric acid will poison the blood, the stomach will become affected and unable to digest the food, the system will become weak and the result will be a break-down of the general health with Bright's disease or diabetes, which will prove fatal if not treated with promptness and great care. Warner's Safe Cure will purify and strengthen the kidneys and enable them to do their work. It will cure rheumatism, rheumatic gout, diabetes, Bright's disease, uric acid, inflammation of the bladder and urinary organs and restore the patient's health and vigor.

A free trial bottle has sometimes been sufficient to cure cases of kidney disease when the simple home test described above has been made in the earlier stages of the disease.

Warner's Safe Cure

The following letter is a sample of thousands of unsolicited letters received from grateful men and women who have been cured by Warner's Safe Cure: "Eighteen years' experience with Warner's Safe Cure ought to satisfy anyone. My case was completely cured in four months of diabetes and rheumatism which had a pretty strong hold on me. I had suffered everything. The doctors had almost given me up. My wife and I were in a desperate straits. Warner's Safe Cure has been given me by the members of the Boston police force who had suffered from kidney, bladder trouble and rheumatism have been entirely cured and are well and robust men today; in fact, everyone that I have advised to use Warner's Safe Cure has been greatly benefited by it. MOSES C. THOMPSON, Lodge No. 22, K. P., Station 16, Roylston St., Boston, Mass., August 17, 1901.

Cures Rheumatism.

Warner's Safe Cure is now put up in two regular sizes and sold by all druggists, or direct, by CENT'S AND BOTTLE, as Warner's Safe Cure. It has cured all forms of kidney disease during the last thirty years. It is prescribed by the best doctors and used in the hospitals as the only safe and reliable cure for all forms of diseases of the kidney, liver, bladder and blood.

Trial Bottle Free.

To convince every sufferer from diseases of the liver, kidney, bladder and blood that Warner's Safe Cure will cure them, a trial bottle will be sent absolutely free postpaid to any one who will write Warner's Safe Cure Co., Rochester, N. Y., and mention having seen this trial offer in the Omaha Daily Bee. The genuineness of this offer is fully guaranteed by the publisher. Our doctor will send medical booklet, containing symptoms and treatment of each disease, and many convincing testimonials free.

ROOM FOR MANY SETTLERS

General Manager Bidwell Talks of Rosebud Agency Lands.

TO BE THROWN OPEN BY GOVERNMENT

Estimates that Twenty-Five Hundred Families May Be Cared For on the Land-Railroad Notes.

General Manager Bidwell of the Fremont, Elkhorn & Missouri Valley railroad returned from Chicago Friday with the first definite information regarding the portion of the Rosebud Indian agency in South Dakota, which is to be opened for settlement this year, and which the new extension of the Elkhorn from Verdigris will tap. Mr. Bidwell held a conference while in Chicago with President Hughtin, General Manager of the Chicago and North Western railway. Said he: "There about 400,000 acres of land in that block of the reservation which it is proposed to cut off and lay open for settlement. It is the extreme southeastern corner of the reservation, which is a vast affair. This section lies in Gregory county, South Dakota, and is practically oblong in shape, its northeastern corner being cut off somewhat by the Missouri river. Its longest dimension north and south is thirty-six miles and east and west twenty-six miles.

Room for Ten Thousand. "Calculating on one family to every 100 acres, there is room for 2,500 families there. That means 10,000 people easily if they go in and take it all. The tract is directly north of Boyd county, through which our extension runs. We cross the Nebraska state line east of the reservation, running to Fairfax, which is two miles and a half up into Dakota. Thence it is only four or five miles further to Bonesteel, which is three miles east of the present reservation line. Our terminal may be at Bonesteel. If so, we should build the track on to the reservation line in order to have head room. Bonesteel is six or six miles and a fraction from Verdigris via our survey. "Contractors on the Deadwood-Lead City line now promise to have the grading completed by April 25. That has been a stupendous piece of work, and the cold weather, with snows, has set us back time and again on it."

INCREASED RATE APPLIED

Insurance Agents Assert that it is Absurd and May Be Revoked.

The advance in rates of insurance on commercial risks where the property has not been put under schedule rating has been put into effect by Omaha local agents since the first of the month, in those companies which have notified the agents of the increase. So far several of the companies in the union have failed to notify agents of the increase in the rates, and for that reason the agents believe that the new rates will not be put into force by all of the companies and that those which have ordered the advance will restore the old rate in a short time.

"In applying the new rating," said an agent, "we find some things in it which are hard to account for. In the first place it is to be applied to commercial risks strictly, and where a building is used as a dwelling above the first floor the rate does not apply. This makes some peculiar conditions. Take a house on Douglas street where a trunk manufacturer resides above his factory. There is no advance on his risk. In the same building, next door, there is a manufacturer of cigars. The rooms over that store are not occupied as a dwelling, so when the cigarmaker comes to insure he will have to pay the advanced rate. There are other features equally absurd and inapplicable to conditions in this city, and I think that when the companies come to see the effect of the new rates and the comparatively small amount of business affected they will be willing to restore the old regulations. The large risks of the city are not affected, as practically all of the wholesale houses and many of the larger retail stores are under the schedule rating."

CITY HAS NO LOTS TO GIVE

Response to Destitute Widow's Plea for Place to Move Her Shack.

Mrs. Peter Nelson, a widow 60 years of age, whose husband after an illness of two years died last November, called upon the city attorney yesterday morning to solicit the donation of a lot upon which to move her house. Her's is one of the eighteen or twenty houses that stand in the street on North Tenth street, near Cumings, against which eviction proceedings have recently

been brought by the city. She was told that the city has no lots to give away.

The case of Mrs. Nelson is unique in several ways. With her husband she has lived in a little frame shack at Tenth and Cumings streets for fifteen years, and their only child, a daughter, was born there. "Pete" Nelson was only a common laborer, but he was thrifty, and at one time they had a snug bank account. Then the city notified them that they would have to move out of the street. Nelson consulted a lawyer, who told him that, by virtue of his long residence there, he could hold the property on the principle of "squatter's sovereignty," and the case was taken to the courts.

About this time Nelson was stricken with paralysis. The case went against them in the district court, but Mrs. Nelson took up the fight where her husband left off and paid the lawyer almost the last cent of her savings to have it appealed to the state supreme court. There it hung fire until a few months ago, when again it was decided against them. A few weeks later Nelson died.

The widow is now penniless and is dependent for support upon her 15-year-old daughter, who works in an overall factory. The house in which they live is a tumble-down frame shanty of two rooms with a lean-to. As the Union Pacific Railroad company wishes to lay tracks along the street, the widow and her daughter will be required to move some time this week.

IDA MAY MITCHELL AGAIN

Child Mother Once More the Subject of Habeas Corpus Litigation.

The attorney for Mrs. Sarah C. D. Bassett of Marsland, Dawson county, Neb., secured from Judge Baxter yesterday an order for writ of habeas corpus, compelling Margaret Duffy, in charge of the Salvation Army home, to produce in court this morning Ida May Mitchell, aged 14, who is alleged to be unlawfully detained at the home.

Mrs. Bassett seeks to gain possession of the girl who she alleges, left in her care by her foster parents, but taken from her forcibly some months ago by a Mr. Sala, agent of the home. The girl is said to have given birth to a child at the home two weeks ago, and Attorney L. D. Holmes, who represents Mrs. Bassett, says that it is reported to be the purpose of friends of the young man to keep the girl and the child both out of court, if possible, to defeat the prosecution against him.

WOMAN'S CLUBS MEMORIAL

Hall of Philanthropy to Be Erected at St. Louis World's Fair.

PERMANENT BUILDING IS CONTEMPLATED

Circular Letter from the Memorial Committee Apprises Women of Plan and Reasons Its Advantages.

Under date of April 16 a circular letter has been sent to the city women of America by the Missouri Federation of Woman's Clubs.

At the Milwaukee biennial it was decided that federated clubs of the Louisiana Purchase states should erect a permanent memorial to the purchase some place in the included district. To decide upon such a memorial a conference was called in Kansas City last spring, when a number of projects were offered to be presented to the federations of the purchase states for their consideration, they to return a definite reply at a subsequent meeting. This meeting was held in St. Louis January 20, 21 and 22 of this year, all the states being represented, with two exceptions, Nebraska being one of these.

At this meeting the various projects presented by the states were discussed, the hall of philanthropy seeming to be the most popular. It was then estimated that it would cost about \$150,000, the raising of which sum was considered by many a rather heavy tax upon the states of the district. No definite decision was reached and it was decided to refer the matter to the Los Angeles biennial and invite the co-operation of other club women in the establishment of the memorial.

The women of the Missouri federation have been urging the scheme for the Hall of Philanthropy, and as the necessity of some place for keeping the general federation records is generally recognized, this plan will doubtless receive strong support.

Text of the Circular.

Following is the text of the circular referred to: "To the Club Women of America: In order to answer some of the practical questions which have been asked, we are sending the following information concerning the use, cost of erection and maintenance of the Hall of Philanthropy. "An ordinance just passed by the municipal assembly of the city of St. Louis grants a permanent site on the World's fair grounds in Forest park for a building to be erected by the General Federation of Women's Clubs and the Missouri Federation of Women's Clubs, and other necessary rooms, and be known as the 'Hall of Philanthropy.' The World's fair, and afterward will be converted into a Hall of Philanthropy, where records of the club women of the world will be collected from all parts of the world at the time of the World's fair.

The ordinance also provides that the Hall of Philanthropy shall be a permanent place of record for the Missouri Federation of Women's Clubs and for the directors of the Missouri Federation of Women's Clubs. It shall be a place of deposit for the club archives. Organized as a club, it shall be open to the use of charitable and reformatory institutions. It will serve the same purpose for the club women of the world as the same equipment, the same management will answer for both. On the building will be inscribed 'Hall of Philanthropy,' erected by the General Federation of Women's Clubs.

Not only has a site been secured free of charge and exempt from taxation for the Hall of Philanthropy, but in consideration of the fact that the World's fair, during the World's fair, the directors of the exposition will give to the Federated Clubs of the world the building for the purpose designated in the ordinance, a building fund of \$20,000 to be added to the sum to be raised by the club women of the world. The additional sum appropriated by the World's fair will enable us to build a handsome and more commodious structure than we could otherwise have with just price. Its beauty, its prominence, the use to which it will be dedicated, will be a glory to the city of St. Louis and the World's fair.

The ordinance provides that the Hall of Philanthropy shall be managed by a board of directors, who shall be nominated by the General Federation of Women's Clubs and three by the Missouri Federation of Women's Clubs, with three city officials as members ex-officio. Appointments will be made upon the expiration of the term of office of the directors of the Missouri Federation of Women's Clubs and after the appointment of the first year of office will be for six years.

The Hall of Philanthropy as planned will be a library and museum of everything pertaining to the improved methods conducted by the club women of the world in the interests of the defective, dependent and delinquent classes. Here will be readily available information which can be secured only through a long, tedious correspondence, if at all. It will fill a national want which is more and more keenly felt and emphatically voiced by earnest workers in the world. The building erected by the united efforts of the club women of the world is a monument to the club women into closer touch with each other for the interchange of ideas on all subjects in which they have a common interest.

Committee is Unanimous.

After careful consideration, the committee unanimously recommends this project, believing that it will do much to help the world. It embraces so many of the varied activities of woman's work that it is a grand and exempt from taxation and insures a generous gift from the World's fair.

FUNDS FOR CITY MISSION

Campaign for Subscriptions Will Begin Among the Churches Sunday Evening.

The Omaha City Mission society opens its campaign for popular subscriptions for the purchase of the city mission property on Sunday evening. It has arranged to have every society of Christian young people's organizations in the city visited by a representative and the work and plans presented for the consideration and cooperation. The societies at the following named churches will be visited by the delegates named:

- First Methodist, Dr. W. O. Henry; Knox Presbyterian, Dr. C. E. Henry; Westminster Presbyterian, Alfred C. Kennedy; Park Avenue United Presbyterian, Charles E. Reynolds; First Baptist, H. H. Baldrige; First Christian, George W. Garlock; Castellar Presbyterian, A. G. Guthridge; Trinity Methodist, W. E. Richards; Parkvale Congregational, Miss Nellie Magee; First United Presbyterian, D. Burr Jones; South Tenth Street Methodist, Mary D. Goodman; Clifton Hill Presbyterian, Miss Myrtle Bennett; Hanson Park Methodist, Miss Frances Standish; Second Presbyterian, Miss Della DeMoss; Southwest Presbyterian, M. A. Nye; Central United Presbyterian, B. D. Brey; Seward Street Methodist, E. G. Jones; Plymouth Presbyterian, Robert Smith; Immanuel Baptist, C. H. Hansen; Walnut Hill Methodist, Claude W. Mason; First Congregational, Elsie B. Cook; First United Evangelical, J. W. Barrett; St. Mark's Lutheran, Miss Elizabeth Garrett; Kountze Memorial Lutheran, Miss Ivy Reed; Low Avenue Presbyterian, Miss Agnes E. Ward; Calvary Baptist, Mrs. E. H. Shirock; Grant Street Christian, Miss Ora Shirock; Cherry Hill Congregational, William Harms; Hillside Congregational, Oliver Chambers; First Presbyterian, Thomas R. McNair; St. Mary's Congregational, E. M. Siefert.

The plan is to have these societies raise an amount equal to \$1 per member for the purpose of purchasing the lot, and when the lot is secured the business men of the city

will be appealed to for funds sufficient to erect a permanent and creditable modern mission house upon the site.

Announcements of the Theaters.

'The Climbers,' Clyde Fitch's great play on social life in New York, will be given at Boyd's theater Sunday night by popular request. The management of the company was to have ended last night, but so many requests were sent in to Manager Burgess to continue it for one night that he talked the manager of the company into playing the night. This company usually does not play Sunday night engagements, so that there is a treat in store for Sunday patrons. This is the first time this season that the company has played a Sunday engagement.

The regular Saturday matinee will be given at the Orpheum this afternoon and the women and children who attend will find in the program much to their liking, especially to series of pretty living pictures by Mile. Chester and her statue dog. The week will be brought to a close with this evening's performance and for the week commencing tomorrow a varied program of eight acts, embracing much that is new, is announced. A number of moving pictures, showing scenes at the Trans-Mississippi exposition, including one showing President McKinley visiting the great fair, will be among the views projected by the kinodrome.

The Trocadero patrons were never more delighted with an amateur show than the one presented last night, over fifteen competing for the cash prizes which were put up by the management for the successful contestants. 'The Blue Bloods Burlesquers' conclude their engagement today with two performances. On account of the success which the cycle whirl has achieved, Manager Rosenthal has re-engaged this act for next week in conjunction with the 'City Club Burlesquers,' who will present two new burlesques and an olio.

Passenger Train Has Narrow Escape.

JOLIET, Ill., April 18.—The through Rock Island train from the west, due here at 12:35 p. m., had a narrow escape today from being plunged into the drainage canal here. A long freight train was being backed on the main line to let the passenger through. The brakeman threw the wrong switch and several freight cars were piled in a heap on the bridge over the canal. The passenger train was speeding along when the wreck occurred and was stopped just in time by a flagman running down the track and waving a signal. No one was hurt.
