PLEADS AGAINST HARSH RESTRICTIONS

Petition Presented to Minister Conges and Signed by Prince Ching, Asks Exception of Philippines from Operation of Bill.

WASHINGTON, April 19 .- The secretary of state today transmitted to the schate a communication from United States Minster Conger, enclosing a protest from the Chinese government against the exclusion of Chinese from the Philippine islands. The communication is as follows:

The communication is as follows:

On the ninth of the first moon of the twenty-eighth year, Kuang Hsu (February Is, 1862), received a petition from certain Chinese merchants in the Philippines, saying that the United States officials are obstructing the entrance of Chinese; that they have established exclusion officers at their ports and that when Chinese arrive in the waters, no matter whother they are laborers or merchants, all are driven in together and treated as criminals, and if there is any mistake made by them in their verbal statements they are not allowed to land, but are compelled to return to China. I find on examination that the Philippines are not far from China, and that from the time of the Ming dynasty, which preceded the present down to today, a large number of emigrants have gone there from Fuklen and the two Kuangs, amounting to 100,000, more or less, and that it is very difficult to put a stop to the coming and going of their families, fellow villagers and relatives.

Says Emigrants Were III Treated.

Says Emigrants Were Ill Treated.

Says Emigrants Were III Treated.

These emigrants were formerly ill treated and harrassed by the Spanish government, but they were never forbidden to land or harshly driven back to China.

Your homorable country has usually the reputation of being lenient and at present your relations with China are especially friendly. There are places to which the restrictions agreed upon in past treatles apply, but while we are hoping that these restrictions may be entirely abrogated, there has never been any treaty applying the restrictions to those islands.

If distinction is to be made between laborers and merchants and the severe regulations are to be applied to that place also and all are to be subjected to these harsh restrictions, I fear the good reputation of your honorable country will hardly be able to escape injury.

As in duty bound, I send this dispatch to your excellency, requesting you to transmit it to your government and ask them to adopt some plan to withdraw the Philippines from the operations of this harsh regulation so as to pacify the Chinese emigrants, which will be amicable and just.

Favors Two-Cent Postage with Cuba. WASHINGTON, April 19 .- At the meeting today the cabinet discussed at length certain features of the Isthmian canal situation; matters connected with the New York customs and the immigration services and also certain subjects connected with second-class mail matter. The future postal relations of the United States with Cuba were touched upon. The president heartily approved of the understanding reached with the president-elect of Cuba to continue the 2-cent rate of postage be tween the two countries and also in relation to the money order service.

Suit Goes to Federal Court.

ST. PAUL, Minn., April 19.- The suit of ST. PAUL, Minn. April 19.—The suit of the state of Minnesota against the rafiroad merger, brought in the district court of Ramsey county, has been removed to the United States district court. A motion of the defendants, J. J. Hill, Great Northern railway, Northern Pacific and the Northern Securities company, was made before Judge Otis this afternoon. The motion was purely formal and was granted by the judge. The motion was made and granted for the reason that the suit involved the construction of an act of congress and of the constitution of the United States.

SIR THOMAS LIPTON SENDS CABLEGRAM

Outline of Plans Shows a Comprehensive Exhibition of Athlettes Comprising Types of Varione Countries.

CHICAGO, April 19.-Genuine surprise and enthusiasm at the magnitude of the plans greeted the presentation tonight of the first authoritative outline of the preparations for the coming international Olymplan games in this city. Before 200 distinguished guests at a banquet of the Press club, the announcements were made in a series of addresses by Olympian Games officials and other notables in whose honor the banquet was held. A cablegram received from Sir Thomas Lipton during the banquet was read, touching upon the participation of himself and his new challenger, Shamrock III, in the international

yachting feature of the games. The principal speaker of the evening was President Henry J. Furber of the International Olympian Games commission. Among others who spoke were Frank B. Noves. president of the Associated Press; President Edmund J. James of Northwestern university, Mayor Carter H. Harrison President Edwin A. Munger of the Hamilton club, and Right Rev. Bishop Samuel Outline of Plans.

The plans outlined include a structure of steel and concrete exceeding in eize the great Flavian amphitheater of Rome and having a seating capacity ten times that of the Madison Square Garden in New York. Judge Furber, in explaining the plans,

said:

The games of 1904 will undoubtedly consume a large portion of September and October and the efforts will be principally directed along six general lines:

1. World's champion contests will be organized in standard sports, including field and track athietics, equestrianism, yachting, rowing, billiards, turning and all other sames international in character.

2. Exhibitions will be given of the sports peculiar to various countries of the world. Under this head properly will fall base ball. Japanese wrestling, French savate or boxing with the feet, German schlaeger contests, boomerang throwing, the navigation of different types of water crafts, etc.

Varied Athletic Exhibitions.

Varied Athletic Exhibitions. 3. Purely athletic exhibitions.

3. Purely athletic exhibitions will be varied with historical displays, spectacular in nature. Evening representations will be given of the games of ancient Greece and Rome and of the tourneys of mediaeval Europe, with appropriate customs, pagentry and settings, the brilliance of those scenes to be greatly heightened by means of the illuminations and the pyrotechnical effects which modern science has placed at our command.

4. As the highest development of the second s

command.

4. As the highest development of physical activity to military exercises will be rendered particularly prominent, prizes will be given in all branches, the competitions for the awards being of a nature to test the proficiency of the participants not only in parade ground drill, but more especially in those qualities which tend to render them effective combatants. All departments of the service will be represented.

Apparatus and Equipment. Apparatus and Equipment.

Apparatus and Equipment.

5. The organization of a comprehensive exhibition of sporting apparatus and equipment, including not only weapons, the implements employed in different games and other inanimate objects, but also horses, hunting dogs, carrier pigeons, fish and field and forest game.

5. There will be a department called the Olympic congress, in which it is intended that all other features of the games shall culminate. In an auditorium provided for the purpose organizations devoted to sportsmanship, athletics and military matters will be invited to hold their general conventions, the scope of the congress being to extend beyond the purely technical phase of athletics. It is intended to invite the presence of physicians, physiologists, psychologists, representatives of the pulpit, military experts and other scientists in order to reduce and formulate for purposes of publication such conclusions as may be gathered from the scientific study of contests and the participants therein

DAN CREEDON QUITS SICK Australian Unable to Endure Young Jackson's Stomach Blows After Fifth Round.

BALTIMORE, April 19.-Dan Creedon of BALTIMORE, April 19.—Dan Creedon of Australia quit at the end of the fifth round of what was to have been a twenty-round fight with Young Peter Jackson of Baltimore before the Eureka Athletic club tonight. As the gong struck for the sixth round Bobby Dobbs, one of Creedon's seconds, got in front of Creedon and told Referee Charley White of New York that Jackson's stomach punches had made Creedon so sick at the stomach that he was unable to continue the fight. Creedon nodded assent. The referee announced to the audience that Creedon was really a sick man, that Jackson's stomach punches were too much for him and that he believed that if the fight had gone another round he would be compelled to stop it. This statement gave general satisfaction.

# Test for Yourself the Wonderful Curative Properties of Swamp-Root

Te Prove What Swamp-Root, the World-Famous Kidney and Bladder Remedy, will do for YOU. Every Reader of The Bee May Have a Sample Bettle Free.

Dr. Kilmer & Co., Binghampton, N. Y.:

Gentlemen-In justice to you, I feel it is my duty to send you an acknowledgement of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the last five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root, and I found it did me a world of good. Since then I have taken eight small bottles bought at my drug store, and I consider myself perfectly cured. It seemed as though my back would break in two after stooping. I do not have the smarting and irritation, nor do I have to get up during the night to urinate, as I formerly did three or four times a night but now sleep the sleep of peace. My back is all right again, and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like myself, cannot say too much in praise of it. It is a boon to mankind. We recommend it to all who are suffering from kidney and bladder diseases.

My brother officers (whose signatures accompany this letter), as well as myself, thank you for the blessing you have brought to the human race in the compounding of Swamp-Root.

We remain, yours very truly,

HUGH E. BOYLE. JOHN J. BODKIN.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will cenvince anyone,

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dimy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rhoumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble; you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has ever been able to compound.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root-Dr. Kilmer's Swamp-

Root, and the address, Binghamton, N. Y., on every bottle.

EDITORIAL NOTICE—Swamp-Root, the great Kidney, Liver and Bladder remedy, is so remarkably successful that a special arrangement has been made by which all of our readers who have not already tried it may have a sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. In writing, be sure and mention reading this generous offer in The Omaha Sunday Bee, when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.

### REVISED CANAL PROTOCOL

Document Presented by Colombia is Favorably Viewed at Washington.

ASKS LUMP SUM OF SEVEN MILLIONS

Provides Joint Commission from Two Countles to Settle All Details and Retains Sovereignty Over

Land for Colombia. WASHINGTON, April 19.-The Colombian canal protocol, which was delivered at the

State department April 1, and afterward

recalled by Minister Concha for modifica-

tion, was again presented to Secretary Hay The proposal as to the price is set out

one year after the exchange of ratifications of a treaty the United States shall pay Colombia the lump sum of \$1,000,000. This figure will represent fourteen years' renta at \$500,000 a year. At the end of the fourteen years' period the price which the United States shall pay each year is to be fixed by mutual consent of the two countries. In case the parties cannot agree on a sum, it will be left to an arbitrator selected between the governments. The protocol provides for a joint commission representing Colombia and the United States, which will arange and provide for all matters pertaining to the administration of affairs within the proposed canal belt, including the membership of the tribunals for the admission of justice and other steps necessary to the joint occupation of the belt.

Virtues of the Canal. as follows:

Virtues of the Canal. It is realized that the building of a Panama canal would bring great numbers of persons of all kinds to the isthmus, and it is provided that the policing of the strip shall be performed by both American and Colombian constables, neither of these nationalities, it is held, being efficient without the aid of the other.

It is stated positively in an authoritative quarter that the modifications for which the protocol was recalled were in no sense retraction of any of the proposals embodied in it at its former presentation, but were in the nature of explanations which make certain points clearer, but do not change their effect. The retention of Colombian sovereignty over the canal land is a point which has been consistently adhered to all through the protocol, and none of its provisions relinquish this sovereignty in any degree, it is stated. The protocol consists of twenty-seven articles and represents an exhaustive study of more than a year. Viewed as a study and as a comprehensive expression, it is regarded very favorably at the State department,
