ALLEGED BRIBERY IN COUNCIL

Charges of Corruption Made in Connection with Passage of City Ordinance.

COUNTY ATTORNEY WILL INVESTIGATE

Talk of Illicit Transactions Among Kansas City Officials in Disposing of Their Votes Spurs Prosecutor Hadley to Action.

KANSAS CITY, April 22.—Herbert S. Hadley, prosecutor of Jackson county, said today:

Information has come to me in the course of the last few days that bribery had recently been effected in securing the passage of ordinances in the city council.

I have the names of those who, it is said, were bribed, the names of those who did the bribing and the names of the witnesses who have the knowledge necessary to convict. I shall personally investigate these reports and if I am unable to secure any reliable and tangible evidence that bribery has been done in Kansas City during the course of the last few years, the period covered by the statute of limitations, I shall ask Judge Wofford to summon a special grand jury for the investigation of the charges.

I am confident, however, that no such disreputable condition existed in Kansas City as was found in St. Louis. Still, if this crime had been committed, it is both the bribe-giver and the bribe-taker should be sent to the penitentiary.

Talk about illicit transactions among public officials in Kansas City has become common. There has been talk of selling votes outright and members of the city government have been accused of being in the employ of corporations.

FILLS FATHER WITH LEAD Rowland Calhoun Shoots Parent Five Times When Attacked with Knife.

KANSAS CITY, April 22.—In Kansas City, Kan., today John C. Calhoun was shot by his son Rowland, five times and fatally wounded.

The father had attacked the boys married sister, Mrs. Lottie Langford, and when young Calhoun interfered, the elder Calhoun attacked him with a knife. Then young Calhoun used a revolver in self-defense, everyone of the five shots fired by him taking effect. John Calhoun is 55 years old, and his son is 21 years old.

QUEEN MAKES GOOD PROGRESS

Wilhelmina's Condition Continues to Be Satisfactory to Her Physicians.

PLANS FOR REGENCY ARE ABANDONED Her Majesty Gains Strength Enough to Sign Decree Relative to Election of a Member to Parliament.

THE HAGUE, April 22.—Dispatches from Castle Lo announce that the condition of Queen Wilhelmina, according to her physicians, continues to be satisfactory.

This morning's news from Castle Lo leads to the impression that a favorable change occurred in the queen's illness which made it possible that the affairs of state will soon resume their normal course.

The rumors of the intention of the government to take steps looking to the establishment of a regency will, therefore, probably not materialize.

Prof. Rosenstein, the pathologist of Leyden university, had a further consultation today with her majesty's physicians.

After a consultation, lasting three-quarters of an hour, between Prof. Rosenstein and the other physicians, the following bulletin was issued this afternoon:

There is a slight improvement in the queen's condition, manifested by the fall in her temperature since the fall of the queen's consciousness is maintained without interruption. The queen's general condition is satisfactory.

The above bulletin caused the greatest satisfaction here and elsewhere in Holland.
