TAWNEY WOULD HOLD BACK

Thinks this an OFF Year for Fusion and Prefers Not to Run for Congress.

PIERCE, Neb., April 23.—(Special.)—In view of the fact that Senator Allen has been booming our townsmen, R. A. Tawney, for congress, as a successor to the present congressman, John S. Robinson, it is known that Mr. Tawney has had the ambition to represent this district in the halls of congress for many years.

However, he has told some of his close friends that while he would like to enter the race, yet he feels that this is not an auspicious year—meaning probably that the prospect for the success of fusion is not very bright. Consequently he is not anxious to make the contest.

He was elected to the office of county clerk on the populist ticket in the fall of 1891 and held the office for four terms. He was always considered as a promising politician and his party in the fusion ranks and became their candidate for state senator, but was defeated. He is a brother of Congressman J. A. Tawney of Minnesota.

THIEF VISITS A FARM HOUSE

Man Suspected of the Crime Arrested Shortly Afterward in Railroad Yards.

DAKOTA CITY, Neb., April 23.—(Special.)—While Andrew J. Kramer and family, who live about two miles north of this place, were absent from home last Sunday their house was broken into and the contents of Mrs. Kramer's pocketbook, consisting of two ones and one two-dollar bill, was taken. Some silverware was also stolen.

A suspect was arrested by Sheriff Gides in the railroad yards at South Sioux City and, upon search, bills of the same denomination as taken from Mrs. Kramer were found in the bottom of his shoe.

He gave his name as John H. Murphy and said he was a chimney sweep. He is wanted in Sioux City on the charge of robbery.

He was taken before County Judge Elmers, where he waived preliminary examination and was bound to the district court in the sum of \$500 bonds, in default of which he lies in jail.

GRANTS RHEA A REPRIEVE

Governor Postpones Date of Execution Until July of Next Year.

WYOMING, April 23.—(Special.)—Governor Savage this afternoon granted a reprieve to William Rhea until July 1, 1902. He gave his reasons in the following statement for taking this action:

The foregoing reprieve of William Rhea is issued because I believe after a thorough investigation of the facts involved that it is doubtful if the death penalty ought to be imposed upon the said William Rhea.

At the same time I am reluctant to commute the sentence to imprisonment for life, for the reason that history shows that in many cases a life sentence in the penitentiary does not mean confinement for life.

I grant a reprieve for this long time in order that the coming legislature may have an opportunity to amend the law relating to pardons and commutations, if it sees fit to do so, and I direct that this plan of my action be recorded in the records of the state penitentiary, and also in the office of the clerk of the supreme court.

Rhea Accepts Conditions.

Following is the agreement signed by Rhea:

I, William Rhea, the prisoner mentioned in the foregoing reprieve, having read the same and being fully advised and aware of the contents thereof, do hereby accept and adopt the provisions and conditions of said reprieve, consenting that the execution may be delayed and postponed as herein provided, and I request and direct that E. D. Davy and George W. Johnston, who are to me well known shall sign the same as witnesses, and that they make proof of my signature and acceptance of the said reprieve.

Whereas, it seems proper that said execution should be delayed for the time being, and I direct that the execution of said Rhea be postponed until the 1st day of July, A. D. 1902, being the 10th day of the month of July, and I direct that said mandate from the clerk of the supreme court into effect between the hours of nine o'clock a. m. and five o'clock p. m. on the date of said execution, and that the date of said execution be hereby altered, so that the said Rhea shall be confined in the penitentiary during the time of his confinement, and I direct that he be kept in the penitentiary until the 1st day of July, and that the other prisoners be kept in their cells.

JOHNSON IS AFTER HIS WIFE

Finds Her in Company with Another Man, but No Arrests Are Made.

LINCOLN, Neb., April 23.—(Special Telegram.)—A police section was created in this city today owing to the arrival of two men from North Platte, one of whom was an officer, the other named Johnson, who was in search of his wife.

On Tuesday a man and woman went to the Cornland hotel and registered as C. Smith and wife. Since then Johnson has been searching for his wife and had eloped with Smith. Chief of Police Malcolm of this city was called into the case and the woman concluded to return with her husband rather than suffer arrest.

Johnson says he will take his wife to her home and if she will apply for a divorce, but will give her an opportunity to explain matters. The man Smith, who is said to have assumed that name, has not yet been arrested, as Johnson says he is satisfied to let matters rest as they are at present. All parties were reticent as to their real address.

STORM LOSSES ARE LIGHT

Damage to Wyoming Sheep Insignificant and Prices for Wool Better Than Last Year.

CHEYENNE, Wyo., April 23.—(Special.)—Reports from the range country today do not warrant the predictions made by a morning paper that there will be severe losses among sheep throughout the state as a result of yesterday's storm.

Snow fell to a depth of several inches at Evanston, Granger, Green River and Rock Springs. Rawlins received a little snow and some of the eastern towns in the state also got some, but in most sections the storm was nothing more than a cold, drizzling rain.

During the night the storm clouds broke away and today the sun is shining bright and warm. Shepherds say no damage will be done by yesterday's storm as flockmasters in most sections had taken precautions against just this kind of weather.

At Casper more than 2,000,000 pounds of wool has been sold already, while at Fort Steele, Rawlins and Rock Springs an equal amount has been purchased by the eastern buyers. The percentage of wool being held for higher prices is very small as compared with former years, growers being satisfied with present prices.

WYOMING STOCKMEN ELATED

Say Cattle Industry in Excellent Condition and Shipments May Be Heavier.

CHEYENNE, Wyo., April 23.—(Special.)—The information is gathered from leading stockmen here that the cattle industry of Wyoming is in a flattering condition, due to a great extent to the late winter, which was very favorable throughout.

There were no losses to speak of either among cattle, horses or sheep and among cattle the loss was comparatively nothing. The ranges remained fairly good throughout the winter and late snows and early rains have started the grass in all sections much earlier than usual.

There will be no shortage of marketable cattle when the shipping season opens and if any change from last season the shipment will be heavier.
