There's Nothing So Bad for a Cough as Coughing

The poorest doctor in town will tell you that. The best one will tell you he prescribes Ayer's Cherry Pectoral for all throat and lung troubles. We send doctors the formula for this medicine. They know it's a splendid prescription for colds, bronchitis, hoarseness, and even for consumption itself.

"I coughed terribly after having a hard attack of la grippe. If it had not been for Ayer's Cherry Pectoral, I do not believe I could possibly have pulled through."
E. B. DAVIS, Providence, R. I.

There's Nothing So Good for a Cough as Ayer's Cherry Pectoral

OBJECTS TO BRIDGE TAX

C., B. & Q. Railroad Granted Injunction Restraining Collection by Cass County.

HOLDS STRUCTURE PART OF ROADBED

Says Can Be Legally Levied Upon Only by State and Cites Similar Rulings by Supreme Court.

PLATTSMOUTH, Neb., April 25.—(Special.)—Judge Paul Jessen has issued a temporary injunction against the Cass county authorities, restraining them from collecting taxes on the west half of the Chicago, Burlington & Quincy railroad bridge, which crosses the Missouri river at this place.

The railroad company brought suit in the district court here against J. L. Barton, county treasurer, and the county of Cass, in which it seeks to evade the payment of taxes on the west half of the bridge which spans the Missouri river at this point. The petition recites the history of the railroad, the building of the bridge and the transfer from the B. & M. to the Chicago, Burlington & Quincy, and states that the middle of the river is the dividing line, and that the west half of the bridge has been assessed for state and county taxes on a valuation of $28,000, on which the tax amounts to $679.04 per year. It also alleges that the bridge is a part of the right-of-way and railroad bed, and as such can only be legally assessed by the State Board of Equalization and not by the county.

The injunction asked was to restrain the county treasurer from collecting by distress warrant the taxes already due, and that the assessor be forever restrained from listing the bridge for taxation. Also that the taxes already charged against the bridge be annulled.

In support of their contention similar cases are cited involving the taxation of the bridges at Nebraska City and Rulo, wherein the supreme court ruled that these structures should not be taxed by Otoe and Richardson counties.

MUTE IS KILLED BY A TRAIN

Valparaiso Man, Deaf to Oncoming Cars, Meets Instant Death Thursday.

VALPARAISO, Neb., April 25.—(Special.) J. M. Edwards, a respected citizen of this place, was instantly killed by a train about noon yesterday. Edwards was a deaf mute and did not hear the approaching cars. He has resided in this vicinity about eighteen years. He leaves a wife, one son and two daughters.

Lightning Causes Blaze at Murray.

PLATTSMOUTH, Neb., April 25.—(Special.)—During the thunder storm last night the barn of Samuel Latta, in Murray, was struck by lightning and the building with its contents and four horses were consumed by flames. The fire spread to the barn of Dr. Gilmore and for a time it was feared that the entire portion of the village would be wiped out, but the heroic efforts of the citizens with buckets finally extinguished the flames.

Peters Pays Cash and is Released.

PLATTSMOUTH, Neb., April 25.—(Special.)—George Peters, who has been confined in the county jail here for some time because he refused to pay the sum named by the court for the support of his illegitimate child, was released from jail last evening by the payment of part of the money and giving a bond signed by his parents, who reside at Avoca, for the payment of the balance. Judge Paul Jessen of Nebraska City refused to grant a writ of habeas corpus for the release of Peters and the case was taken to the supreme court, where the decision of Judge Jessen was sustained.

Suspect Lands in Jail.

NEBRASKA CITY, Neb., April 25.—(Special Telegram.)—The police last evening arrested a young man about 24 years old, giving the name of Henry Berkshire, who was trying to dispose of some cheap jewelry to an inmate of one of the houses of ill fame in the east end. He resisted arrest and was shot in the ankle before he could be captured. He is suspected of being implicated in the burglary at Stahlhut's store a few nights ago. He was taken before Judge Hill this afternoon on a charge of vagrancy, and on pleading guilty was fined $50 and costs, in default of which he went to jail.

York Women Promote Improvement.

YORK, Neb., April 25.—(Special.)—The City Improvement society, woman's organization, is inspecting streets, alleys and yards, and where work is necessary, they are requiring it to be done. For the purpose of raising funds, they will have a damage sale of housekeeper's articles on May 2 and 3. The following are the presidents of the various wards: Mrs. F. P. Van Wickle, First ward; Mrs. S. H. Sedgwick, Second ward; Mrs. W. A. Miller, Third ward; and Mrs. G. H. Jereme, Fourth ward.

Harvard Safe Crackers Get No Booty.

HARVARD, Neb., April 25.—(Special.)—During the cracking of the safe in the Northwestern station by robbers early this morning the outside door of the depository was blown across the room, but the inside door was unmoved and the contents of the safe were left intact. Several window lights were smashed by the force of the explosion. The agent, Mr. Kempster, is taking an inventory of tickets and valuables and no loss has yet been discovered. There is no clue to the purloiners.

Royal Achates Visit Blair.

BLAIR, Neb., April 25.—(Special.)—A special train bringing 100 members of the fraternal order, Royal Achates of Omaha, arrived here last evening. A meeting was held in the opera house and twenty-five candidates were initiated. A drill team composed of twenty women did clever work in forming fitting figures. A program was rendered, followed by a banquet. Dancing was then indulged in until an early hour in the morning.

Will Dedicate New Lutheran Church.

BLAIR, Neb., April 25.—(Special.)—The Danish Lutheran church which has been under construction during the winter is now near its completion and will be dedicated next Sunday. The church edifice is of brick, built in Gothic style. It seems quite imposing with its high tower, when compared to the little old, wooden structure, which it is to replace.

Inspect Beatrice Institute.

BEATRICE, Neb., April 25.—(Special Telegram.)—State Treasurer William Stuefer, Secretary of State George Marsh and Commissioner of Public Lands and Buildings George Follmer, comprising the State Board of Public Lands and Buildings, were here today inspecting the Institute for Feeble Minded. They returned to Lincoln this evening.

WINTER WHEAT IS FAVORED

Experiment Station Points Out Some of the Advantages of the Crop.

KENNARD CASE IN THE SUPREME COURT

Receipts at the Lincoln Postoffice Show Gratifying Increase Compared with Same Months Last Year.

(From a Staff Correspondent.)

LINCOLN, April 25.—(Special.)—Winter wheat as a crop for Nebraska has enormous possibilities, declares Associate Director Lyon in a bulletin issued by the Nebraska Experiment station. Not only are the large yields of this wheat such as to recommend its culture to the farmers of the state, but the quality of Nebraska winter wheat gives it a high standing among buyers and consumers.

The northern limit of winter wheat production in the transmissouri region lies in the state of Nebraska, thus limiting the output to a portion only of the arable land in the state. The spring wheat region protruding south from the Dakotas overlaps the winter wheat region to some extent, and this winter wheat and spring wheat are raised side by side.

The chief condition that discourages winter wheat production in northern Nebraska is the dry, cold, winter weather. Spring wheat suffers from a number of adverse conditions, due mainly to its late ripening. This habit increases the liability to injury from chinch bug and grasshopper depredations, and especially to injury from dry, hot weather.

The conditions of climate that produce a milling wheat of superior excellence are found in the region of country bordering on the semi-arid. It is worthy of note that the great spring wheat producing region borders on the semi-arid belt in the north, while the region that is fast becoming the center of winter wheat production occupies a similar position farther south. It is very noticeable that the quality of hardness in wheat improves as its culture approaches the semi-arid belt. Its advantage over spring wheat is evident in its larger yield, when not winter killed, in its comparative freedom from insect depredations and in the protection it affords the soil during a considerable portion of the year. All these considerations make it highly desirable to improve the winter wheat in hardiness and quality, so as to extend its growth more widely throughout the state and to increase its productiveness.

Going to Argue Kennard Case.

Attorney General Prout left tonight for Washington, D. C., where he will argue the T. P. Kennard case before the United States supreme court. This is the case in which Mr. Kennard is seeking to collect upwards of $12,000 from the state. He alleges the money is due him for services rendered in effecting a settlement of a government land transaction with the national authorities. The suit has been pending in the courts for several years. In the trial court of this county Mr. Kennard was given a judgment, but the supreme court decided in favor of the state, and the case was taken to the United States supreme court about a year ago, on a writ of error.

The Nebraska State Penitentiary has been equipped with a water plant of a capacity sufficient for any emergency that may arise. The work was done under contract by Joseph Burns and the total cost of the wells and machinery, with other necessary arrangements, was $3,600. The four new wells put in for this plant have an average capacity of 400 barrels per hour, which is greatly in excess of the old system. In a recent test the old wells were pumped completely dry in twelve minutes.

Members of the State Board of Public Lands and Buildings assert that the supply of the new plant will be more than sufficient for fire protection and will give all the water that is needed for domestic purposes. The board inspected the work of installation several days ago and was well pleased with the results obtained.

Postal Receipts Increase.

The first quarterly report of Postmaster E. R. Siser, shows a gratifying increase in all departments of the mail and money order business in this city. The total postal receipts for the first three months of 1902, as compared with the previous year, show an increase of 14 per cent, while the second-class mail, despite the recent restrictive orders of the department, show the astonishing increase of 50 per cent. This indicates that the newspapers of Lincoln are growing rapidly in outside circulation at least. Here are some of the figures:

	1901.	1902.
Stamp sales	$30,349.53	$31,540.62
Special request envelopes	2,450.88	3,123.56
Second-class matter	8,472.75	12,780.54
Total	$39,133.63	$44,658.43

Last year the receipts were about evenly divided between the months, but this year March shows up with receipts of $17,701.87, as compared with $12,173.11 of March, 1901.

The money order business shows an increase of but 1 per cent in the total amount of money handled, with a corresponding advance in the number of orders. These figures cover this department, the first column representing the first quarter of 1901, and the second column that of 1902:

	No.	Amount.	No.	Amount.
Orders issued	7,963	$ 52,046.47	8,175	$ 47,446.58
Fees	....	451.77	....	444.40
Remittances received	1,726	191,342.84	1,802	197,391.21
Orders paid and repaid	64,066	193,622.16	62,945	200,879.50

Effort to Supplant Gordon.

A systematic, though quiet, effort is being made to have another man elected superintendent of city schools in place of C. H. Gordon, who has held held the position for the last three years. The Board of Education will reorganize early in May and the election of school officers is an order of business for early consideration after the reorganization. Complaints against Dr. Gordon are numerous and have frequently been aired in the local newspapers. It is asserted that he has shown partiality in the matter of employment of teachers, that he has not visited schools with any degree of regularity and that he neglects his school work to conduct a class at the university.

Congressman Burkett telegraphed Postmaster Siser from Washington this afternoon that the committee on public lands and buildings would tomorrow unanimously report in favor of an addition to the Lincoln postoffice costing $300,000. This will place the bill on the calendar so that it is very likely that it will be reached before the end of the session.

More Appeals to Governor.

Governor Savage has been asked to commute the sentence of E. L. Cook of Cass county, who has been sentenced to one year in the penitentiary for forging the name of D. E. Thompson to a check for $10. Cook was brought to Lincoln today by the sheriff of Cass county and appeared before the governor.

Dr. Haggard of this city has interested himself in the case of P. Coursey Richards, who was recently sentenced to twelve years' imprisonment for assaulting his 12-year-old stepdaughter. He interviewed the governor this afternoon and is understood to have said that he was convinced, after an examination of the girl, that there had been no assault.

Judge Frost of the district court has promised to announce his decision in the Lancaster county bridge contract case tomorrow morning. This is the action in which William Clark, a taxpayer, is seeking to annul the county's contract with C. G. Sheeley on the ground that it was illegally made. Hearing of the evidence and argument occupied the attention of Judge Frost for nearly one week.

Articles of incorporation of these institutions have been recorded in the secretary of state's office: The Aetna Trust company, Omaha; capital stock, $100,000; incorporators, E. W. W. Homan and Charles B. Prichard. The Farm Land Improvement company, Omaha; capital stock, $100,000; incorporators, Clarence S. Paine, Jay Amos Barrett, Charles A. Mangum, Robert M. Clark, Louis R. Smith, Jacob H. North, Will E. Lower, Marion E. Purcell, J. T. Wheaton and W. A. Saunders. Kinsella Grain company, Omaha; capital stock, $125,000; incorporators, W. E. Kinsella, John R. Brown and Edward Torticell. The Burt Trading company, Alliance; capital stock, $5,000; incorporators, J. B. Burt, C. C. Barker and F. M. Broome.

FLAMES WIPE OUT BREWERY

Fire Consumes Grand Island Plant, Entailing Total Loss and Endangering Others' Property.

GRAND ISLAND, Neb., April 25.—(Special.)—Fire last night destroyed the Grand Island brewery, owned by Mrs. C. Ott. The blaze was discovered at 11 o'clock and within five minutes after the frame work of the beer cellars, were completely enveloped in flames. The fire department could do little but save the surrounding property, the flames having reached the roof of the three-story brick structure before the first stream was turned on. The residence of Mrs. Ott, lying directly in the path of the wind, was saved by hard work, and for two blocks a shower of sparks, compelled roofs and barns to be kept well dampened.

This is the third fire within a year to occur to this property. On May 2, 1901, the residence of Mrs. Ott was burned, the family barely escaping and very little of the household goods being saved. In January, the brewery property, leased to the Grand Island Brewing company, consisting of an ice house and fermenting rooms were consumed. The fire of last night made complete work of the destruction of the plant, both machinery and buildings being a total loss.

The Brewing company, which had decided to dissolve, had its stock on hand, supplies, kegs, articles of machinery, etc., covered with $2,000 insurance. The brewery property and machinery is estimated at from $8,000 to $10,000, with insurance of $4,200.

NEBRASKA DEBATERS WINNERS

Too Much for Kansas University in Discussing the Reciprocity Question.

LINCOLN, April 25.—(Special Telegram.)—The debaters of the University of Nebraska won in the contest with representatives of the University of Kansas tonight. The question was, "Resolved, That the United States Should, by Appropriate Concessions in Its Tariff Duties, Extend Its Export Trade and Cultivate Amity." The negative was supported by the Nebraska debaters, who were: Charles M. Barcelen, John C. Doubt, jr., and Samuel C. Hawthorn. The Kansas debaters were: L. H. McMath, C. M. Brobst and R. C. Martin. The judges were: W. G. Hastings of Wilber, W. D. McHugh of Omaha and Roscoe Pound of this city.

EXPECT TO CARRY THE THIRD

Committee Calls the Convention to Meet at Fremont June 10.

NORFOLK, Neb., April 25.—(Special Telegram.)—The republican congressional committee for the Third district met here today, with every county except Thurston represented. There was a general sentiment that with a good candidate and an aggressive fight the republicans would carry the district.

The convention was called to meet at Fremont June 10 at 10 o'clock a. m. The convention will have a total of 249 delegates. J. R. Gurney of Wayne was selected for temporary chairman and John W. Graham of Fremont for temporary secretary.

Detectives Sue for Libel.

BEATRICE, Neb., April 25.—(Special Telegram.)—A libel suit was brought in county court here today against Mayor Dodds of Wymore and editor of the Arbor State by C. D. Evans and W. A. Bentley of the State Detective association. The suit is based on alleged libelous articles appearing in the Arbor State against the complaining witnesses, the Women's Christian Temperance union and the ministers of Wymore. Evans and Bentley are the parties who ferreted out the Sunday liquor selling cases there recently. County Judge Bourne refused to take cognizance of the case until the plaintiffs put up security.

Poisoned by Eating Salmon.

NEBRASKA CITY, Neb., April 25.—(Special Telegram.)—William Secord, a fireman at the starch works, was poisoned and is seriously ill at his home in Elmwood from eating canned salmon. His physician now thinks that he is out of danger. The salmon was allowed to remain in the can for several hours after it was opened and it is thought that the poison is the result of the chemical actions of the juices on the tin.

Negro Dies on the Gallows.

PLATTE CITY, Mo., April 25.—General Armstrong, colored, aged 28, was hanged here today. He went to the scaffold bravely. Armstrong was convicted of criminally assaulting Iva Turney, the daughter of a Clinton county farmer, two years ago.

DAN GROSVENOR SAYS

"Pe-ru-na Is an Excellent Spring Catarrh Remedy---I am as Well as Ever."

HON. DAN. A. GROSVENOR, OF THE FAMOUS OHIO FAMILY.

Hon. Dan. A. Grosvenor, Deputy Auditor for the War Department, in a letter written from Washington, D. C., says:

"Allow me to express my gratitude to you for the benefit derived from one bottle of Peruna. One week has brought wonderful changes and I am now as well as ever. Besides being one of the very best spring tonics it is an excellent catarrh remedy'"—

DAN. A. GROSVENOR.

In a recent letter he says:

"I consider Peruna really more meritorious than I did when I wrote you last. I receive numerous letters from acquaintances all over the country asking me if my certificate is genuine. I invariably answer, yes."—Dan. A. Grosvenor.

A County Commissioner's Letter.

Hon. John Williams, county commissioner, of 517 West Second street, Duluth, Minn., says the following in regard to Peruna:

"As a remedy for catarrh I can cheerfully recommend Peruna. I know what it is to suffer from that terrible disease and I feel that it is my duty to speak a good word for the tonic that brought me immediate relief. Peruna cured me of a bad case of catarrh and I know it will cure any other sufferer from that disease."—John Williams.

A Congressman's Letter.

Hon. H. W. Ogden, congressman from Louisiana, in a letter written at Washington, D. C., says the following of Peruna, the national catarrh remedy:

"I can conscientiously recommend your Peruna as a fine tonic and all around good medicine to those who are in need of a catarrh remedy. It has been commended to me by people who have used it as a remedy particularly effective in the cure of catarrh. For those who need a good catarrh medicine I know of nothing better."—H. W. Ogden.

W. E. Griffith, Concan, Texas, writes:

"I suffered with chronic catarrh for many years. I took Peruna and it completely cured me. I think Peruna is the best medicine in the world for catarrh. My general health is much improved by its use, as I am much stronger than I have been for years."—W. E. Griffith.

A Congressman's Letter.

Congressman H. Bowen, Ruskin, Tazewell county, Va., writes:

"I can cheerfully recommend your valuable remedy, Peruna, to any one who is suffering with catarrh, and who is in need of a permanent and effective cure."—H. Bowen.

Mr. Fred D. Scott, Larue, Ohio, Right Guard of Hiram Foot Ball Team, writes:

"As a specific for lung trouble I place Peruna at the head. I have used it myself for colds and catarrh of the bowels and it is a splendid remedy. It restores vitality, increases bodily strength and makes a sick person well in a short time. I give Peruna my hearty endorsement."—Fred D. Scott.

Gen. Ira C. Abbott, 906 M street, N. W., Washington, D. C., writes:

"I am fully convinced that your remedy is an excelent tonic. Many of my friends have used it with the most beneficial results for coughs, colds and catarrh trouble."—Ira C. Abbott.

Mrs. Elmer Fleming, Orator of Reservoir Council No. 168, Northwestern Legion of Honor, of Minneapolis, Minn., writes from 2535 Polk street, N. E.:

Mrs. Elmer Fleming, Minneapolis, Minn.

"I have been troubled all my life with catarrh in my head. I took Peruna for about three months, and now think I am permanently cured. I believe that for catarrh in all its forms Peruna is the medicine of the age. It cures when all other remedies fail. I can heartily recommend Peruna as a catarrh remedy." Mrs. Elmer Fleming.

Treat Catarrh in Spring.

The spring is the time to treat catarrh. Cold, wet, winter weather often retards a cure of catarrh. If a course of Peruna is taken during the early spring months the cure will be prompt and permanent. There can be no failure if Peruna is taken intelligently during the favorable weather of spring.

As a systematic catarrh remedy Peruna eradicates catarrh from the system wherever it may be located. It cures catarrh of the stomach or bowels with the same certainty as catarrh of the head.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address, Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

THE ONLY WAY TO CURE

Chronic Stomach Trouble

Is to restore the inner lining of the stomach to a healthy condition, subdue this local inflammation, destroy the unhealty mucous which prevents the proper flow of digestive fluids.

NAU'S DYSPEPSIA CURE

WILL CURE ANY CASE OF FROM 5 TO 30 YEARS' STANDING.

It is a tried and successful treatment, containing no artificial digestor like pepsin and similar preparations, which only relieve, but do not cure. This remedy effects a gradual and complete cure, restoring the stomach to its normal condition.

Is your case any worse than these were?

"Since 1897 I have been a sufferer from Dyspepsia and Gastritis. No man can adequately depict the agony I have endured. For weeks at a time I never slept over three hours in twenty-four, and in the early morning hours I walked the floor, was plunged, worked over with hot water bags, took injections of hot water, and in intense pain rolled on the floor, hung myself over the arms and backs of chairs, and resorted to every makeshift to get a few minutes' relief from a suffering that seemed every minute terrible enough to put me into spasms. It was absolutely without faith, and with much skepticism, that on the advice of a layman I tried Nau's Dyspepsia Cure. I purchased six bottles. Have used three. I am well—sleep like a child, eat three good meals daily, drink anything I desire, and smoke six to eight strong cigars daily, in addition to which I am doing as much work at my desk as any man in town. I am cured, and am certainly grateful."—GRAHAM OLAER, JR., Portland, Ore., of the firm of Olaer & Prudhemme, Printers, Blank Book Makers, Lithographers and Stationers.

"Nau's Dyspepsia Cure has relieved, if not cured me entirely. Others of my friends who were sufferers have found the relief which nothing else would give. I shall always be glad that I made the trip to Portland, as otherwise I should have been ignorant of your precious remedy."—E. I. HAHN, Boston, Mass., with E. C. Stanwood & Co., Bankers, 121 Devonshire st.

"I take great pleasure in stating that the use of Nau's Dyspepsia Cure has given me very best results, exceeding my most sanguine expectations.

"I have been a sufferer from Dyspepsia or Indigestion for years, and at times, in spite of care and precaution in eating and drinking, was subject to the most intense pains, which no one can realize except those who have had experience. After the use of four bottles of Nau's Dyspepsia Cure I was practically relieved, could eat and drink anything and everything, taking dishes that I had not tasted for years without the least bad consequence. I have been intensely prejudiced against all patent medicines during my life, and only tried your remedy at the earnest recommendation of a friend, so my cure cannot be ascribed to imagination or faith in one, therefore, cheerfully recommend Nau's Dyspepsia Cure to all similarly afflicted, hoping that all may attain the same result.

"Very thankfully yours,

"(Signed) NATHAN FALK."
