

After Years of Mental and Physical Sufferings and Failures with Ordinary Medicines. PAINE'S CELERY COMPOUND Cures a South Carolina Gentleman.

This Marvelous Medicine is Heartily Indorsed by the Ablest and Best Physicians.

What blessing it would be to humanity in general if all suffering men and women knew just what Paine's Celery Compound is able to do.

The work that cannot be done for the sick and suffering by months of experimenting with the common medicines of the day is successfully carried to victory by Paine's Celery Compound in a few short weeks.

The cure of Mr. Murph proves fully the assertion made above. After years of failure, misery, agony and despondency, Paine's Celery Compound made a "new man" of one who had become a mere wreck.

Have faith, sufferers! You have a strong believer at hand, able to rescue and save you. From today let your hope be centered in Paine's Celery Compound and its mighty power to cure. It has never disappointed any sufferer; it will not fail in your case.

Mr. R. H. Murph, Rich. S. C., under the direction of a kind Providence, was led to use the medicine that "makes sick people well." His testimony is strong and convincing.

It shows unmistakably that Paine's Celery Compound is the true health builder for weak, weary, sleepless and run-down people at this season. Mr. Murph says:

"I have had nervous prostration for several years. I was troubled almost continually with nervous headache, could not sleep well, had become absent-minded and was considerably run down in flesh and general health. A friend advised me to try Paine's Celery Compound. I used four bottles and am now in excellent health and weigh more than I have for five years, all of which I owe to Paine's Celery Compound."

Ancient Method of Selling Shoes

In the days of our forefathers shoe merchants used to carry a dozen lines of shoes. They had a few pairs of ladies', boys', misses', men's, infants' and probably a small line of horse-shoes.

The Regent Shoe Co's modern method of manufacturing men's "ONIMOD" shoes exclusively and selling them direct to the wearer at \$3.50 and \$2.50 has been a great success.

STEEL TRUST NEEDS MONEY More Capital is Required to Pay for Plants Being Constructed. FIVE PER CENT BONDS TO BE ISSUED

NEW YORK, April 25.—Stockholders of the United States Steel corporation received today the circular letter of the corporation, setting forth the exact terms under which it is proposed to retire \$200,000,000 of 7 per cent preferred stock and issue \$250,000,000 of 5 per cent bonds, thereby increasing the bonded debt from \$300,000,000 to \$550,000,000.

In February, 1901, various subsidiary companies had under contemplation, and in many cases actually had begun, the construction of additions to their plants, which in some instances would have duplicated the facilities of the subsidiary companies.

Payments Falling Due. Within the next few months will fall due payments aggregating about \$100,000,000 for properties purchased almost immediately after the corporation was organized.

After discussion with some of the principal stockholders it appeared practically to rearrange your corporation's capitalization (which, in round numbers, now consists of \$200,000,000 of bonds, \$500,000,000 of preferred stock and \$500,000,000 of common stock).

To further the success of the plan there has been formed a syndicate including some directors which will receive four-fifths of the 4 per cent compensation to be paid under the contracts with Messrs. J. P. Morgan & Co., mentioned in the notice of stockholders' meeting.

MRS. IDA L. ROSER, Grand-Niece of Ex-President James K. Polk, Writes to Mrs. Pinkham.

Thankful for Health Restored by Lydia E. Pinkham's Vegetable Compound.

Did you ever stop to realize what keen satisfaction one experiences when we find that some kind and helpful thing we have done for some one else has been sincerely appreciated! At such times, how truly we understand the expression "it is more blessed to give than to receive."

Think, therefore, of the pleasure and genuine satisfaction Mrs. Pinkham experiences when such letters come to her as the one from Mrs. Roser which we are herewith permitted to publish.

Think what it means to her; it means first, that one more lovely woman has been relieved from sickness and distress through her assistance; it means second, that this woman who is cured is so grateful that she wants other women in the land to know of it; and it means lastly that Mrs. Pinkham's claims for Lydia E. Pinkham's Vegetable Compound are fully substantiated by testimony of such high character that every woman who reads this must believe and hope.

To be appreciated is a great pleasure, but to bring peace and happiness to the suffering is heavenly. Such is the mission of Mrs. Pinkham, and such a letter as the following proves her success!

MRS. IDA L. ROSER, 326 E. 18th Ave., Denver, Col. Grand-niece of ex-President James K. Polk, and Assistant Grand Secretary of Colorado, Wyoming, and New Mexico Independent Order of Good Templars.

"DEAR MRS. PINKHAM—I have been married for nearly two years, and so far have not been blessed with a child. I have, however, suffered with a complication of female troubles and painful menstruation, until very recently.

"The value of Lydia E. Pinkham's Vegetable Compound was called to my attention by an intimate friend, whose life had simply been a torture with inflammation and ulceration, and a few bottles of your Compound cured her; she can hardly believe it herself today, she enjoys such blessed health. I took four bottles of your Compound and consider myself cured. I am once more in fine health and spirits; my domestic and official duties all seem easy now, for I feel so strong I can do three times what I used to do. You have a host of friends in Denver, and among the best of them, Yours very gratefully,—MRS. IDA L. ROSER, 326 18th Ave., Denver, Col."

When a medicine has been successful in restoring to health so many women whose testimony is so unquestionable, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.
