GRAIN PRICES TO KEEP UP

Such at Least is the Opinion of the Dealers Throughout Iowa. CHANCE FOR HIGH SCHOOL ORATORS

Governor Cummins Has a Long List of Invitations to Make Speeches, Several of Which He Has Accepted.

(From a Staff Correspondent.) DES MOINES, April 25.—(Special.)—The second annual convention of the Iowa Grain Dealers' association commenced here today with nearly 200 members present.

The association is the outgrowth of several meetings of grain dealers and a desire to get the business to a better basis. Last year the national convention of grain dealers was held in Des Moines and the Des Moines Cereal club entertained it.

The program was very limited today, except as to social features. The address of Ernest King and the report of Secretary Stibbens showing that the association has been growing steadily and now numbers practically all the grain dealers of the state.

Secretary Stibbens of the national association read a paper on terminal methods. The general address of welcome was by Mayor Brenton. A luncheon was served and in the evening the delegates had a smoker. The business before the convention is largely in the nature of discussing various technical matters of interest to the trade.

The members are almost unanimous in the opinion that grain prices will rule high the next year or two and that the prospect for poor crops is now such as to warrant a continuance of high prices for small grain.

High School Declamatory Contest. The state high school declamatory contest is to be held in Anamosa tomorrow evening, and the following are the numbers to be given:

Oratorical Class—"Regulus to the Roman Senate," Lee Brittle of Maquoketa; "The Black Horse and His Rider," Lester Morris of Winterset; "McKinley's Faith," Blaine Nicholas of Williamsburg; "The Power of the Imagination," W. G. Slack of Grundy Center.

Dramatic Class—"How the La Rue Stakes Were Lost," Grace Griffith of Anamosa; "The Passing of the White Swan," Adna Little of Estherville; "Zingarella," Edna Smith of Centerville; "The Last Song of the Bobolink," Grace Tripp of Colfax.

Humorous—"Christy's Family," Margaret Feyerstein of Greene; "The Polly of Telling Lies," Acha Lucas of Indianola; "Christmas at Trimble's," Garnet Romans of Denison; "The Bear Story that Alex Made Up His Own Self," Grace Smith of Corning.

Dalzell, appointed battalion adjutant fifth infantry; Francis M. Cory, second lieutenant Company M, Fifty-second; John H. Hanks, second lieutenant Company C, Fifty-first; Guy H. Baker, second lieutenant Company H, Fifty-first; Walter M. Fowler, second lieutenant Company L, Fifty-first; William H. Gilbride, captain Company F, Fifty-second; Charles T. Cotant, second lieutenant Company F, Fifty-second; Daniel W. Turner, major Fifty-first regiment.

Stock Pavilion Contracts. The executive committee of the State Board of Agriculture adjourned and went back to meetings of the Iowa National Guard at 10 o'clock today. The board is to state fair grounds, including the building of the new stock pavilion, which was authorized by the legislature. The board made an examination of pavilions in a number of other states and secured bids for construction, but found that the cost is going to be more than \$100,000. The board is to be very great, as the steel mills report that they are so crowded with work that it is almost impossible to promise any material for the summer. They are asking a heavy bonus for immediate delivery.

Committee to Make Speeches. Now that the legislature is out of the way Governor Cummins is again in demand for speech making in the state and in other states. Tomorrow he goes to Iowa City to attend a meeting of the Board of Regents. Next week he goes to Minneapolis, where he addresses the republicans at a banquet. Next month he will go to Rock Island and address the Illinois Grand Army encampment. He will go to Colorado to address the graduates of the Colorado Agricultural college and has agreed to speak before the republican state convention at South Dakota. He has also accepted speaking dates at Burlington, Grinnell, Earlham, Corydon, Winterset, Stuart and Griswold.

BLOODLESS VICTORY IS WON. Salutory Effect Wrought on Moros by Capture of Sultan Pualos. MANILA, April 25.—Lieutenant Colonel Frank D. Baldwin, who is operating against the Moros on the island of Mindanao, telegraphs that the capture of Sultan Pualos Fort has had a most salutary effect. The datos are submitting. White flags are being hoisted. The red and white flags are being hoisted in token of submission. Pualos has given him in which to give up the assassin of the American soldiers, and says that the advance of the Americans will mean impassable barriers, with God judging the right.

Colonel Baldwin has received orders to suspend operations against the datos. General George W. Davis, in command at Zamboanga, island of Mindanao, believes that the majority of the datos are friendly and that they have not had time to co-operate. He thinks the alarm may cause and prevent a bloodless victory has been accomplished.

Makes one feel grateful to the remedy. Doan's Ointment has soothed hundreds. Here's what one Omaha citizen says: Mr. James Grace, lineman for the Thompson-Houston Electric Light Co. living at 207 North 17th street, says: "If every body receives as much benefit from using Doan's Ointment as I certainly advise them to use it. Doctors treated me, each and all guaranteeing a cure, but they did not relieve me. Doan's Ointment, procured at Kohler's drug store, cured me of 15th and Douglas streets, much to my surprise and more to my gratification, has up to date so allayed the annoyance from itching hemorrhoids that I am practically cured."

A RATIONAL CURE FOR RHEUMATISM.

SMITH'S GREEN MOUNTAIN RENOVATOR cures Rheumatism in the only effective way—by removing the cause.

READ THIS AND SEE IF YOU DON'T AGREE WITH US.

If you are a sufferer from rheumatism, you must agree with us, if you think the matter over a little, that you cannot hope to cure it unless you remove the cause of it. External appliances and medicines which only give temporary relief can be of no permanent use to you.

What you want to do is to get rid of the cause and the rest will take care for itself. Clean up your system and get a new supply of blood, and you will soon be all right. We have the medicine you need.

The way to get rid of the trouble is to take Smith's Green Mountain Renovator. You won't have to take it very long, but you want to take a good course of it in order to make sure that you are completely cured and haven't the slightest trace of blood impurity left.

This famous medicine has cured thousands of people and it can cure you. Cuyahoga Falls, O., Mar. 4 '01.

St. ALBANS REMEDY Co., St. Albans, Vt. GENTLEMEN:—I am very thankful I have at last discovered a remedy to cure my rheumatism. I have had rheumatism for twenty years, and for the past fourteen years I have suffered pain constantly from the top of my head to the tip of my toes, and for the past three years I had been unable to sleep very much and would be more tired when I would get up in the morning than when I would retire. After taking Smith's Green Mountain Renovator three weeks the pain entirely disappeared and I can now sleep well and feel like a new man. I am very glad to recommend it to others and give all the information any one desires. (Signed) CHAS. E. OSFRANDER.

Smith's Green Mountain Renovator has enjoyed a large sale for many years, although it has not been advertised until recently. It is a Vermont medicine—known to all Vermonters—made of the roots and herbs of the Green Mountain State. It was formerly the property of a man who had neither the experience nor the ambition to introduce it throughout the country, but was satisfied with its great success in his own vicinity.

Now it is within everybody's reach. It is not only the sure cure for rheumatism, but the best thing in the world for anything due to bad blood or not enough blood. It also cures liver and kidney troubles and the long list of dangerous diseases which follow troubles in those organs.

This medicine is better than anything else for the reason that it is a compound of roots and herbs whose curative properties are absolutely known. Drugs soothe and seem to be beneficial. Nature's own vegetable remedies really cure. That is the difference, and a very important difference it is.

If anybody in your family is weak, sickly or ailing, dragging around in a half dead condition all the time and not seeming to get any better, you can't be too quick in getting hold of Smith's Green Mountain Renovator. It will do for you what it never fails to do for other people.

We absolutely guarantee this medicine. This is something we can't do for anything else; that is to say, if you stand in need of a medicine of this character, come in and buy Smith's Green Mountain Renovator, and if it fails to benefit you, you can have your money back.

Will Test Sates with Explosives. HURON, S. D., April 25.—(Special.)—The local committee here in charge arrangements for the meeting here of the South Dakota Bankers' association on the 21st, is busy planning for the gathering. A feature of the program will be a safe test, participated in by manufacturers of what are claimed to be burglar-proof safes. Dynamite, nitroglycerine and other explosives will be used in making the test. Already a well known New York firm has notified the committee that it will be represented in the contest, and correspondence is going on with other firms that propose to be on hand with their safes.

CONVICTS WANT EMPLOYMENT. South Dakota Prisoners Find Means Burdensome and Hemp Mill May Be Instituted. SIOUX FALLS, S. D., April 25.—(Special.)—The State Board of Charities and Corrections and Warden Swenson of the Sioux Falls penitentiary have for some time been confronted with the necessity of adopting some way by which the convicts confined in that institution can be given steady employment. As matters stand at present it is impossible to keep the men employed, and this lack of employment inflicts great hardship upon some way by which the convicts confined in that institution can be given steady employment. The Board of Charities and Corrections realizes that the labor organizations would oppose the establishment of a factory which would come in competition with free labor within the state. With this idea in mind the board has been investigating the feasibility of establishing a bunding twice plant at the penitentiary.
