

CIRCULAR WEEK GREAT DISCOUNT Than This We Deeper Cut in Most Pianos

To reduce the over stock of pianos which crowded our Omaha on Douglas street, packed on house on 14th street and kept in depots jammed and many pianos away which were contracted for during the winter, we inaugurated the piano and organ sale the week ever ended.

To make this a success the instruments were reduced in regular prices, cash prices, every instrument was included in the highest priced piano down to the lowest, nothing reserved.

Some marked as one-half former prices, some two and a half of them priced in plain figures more will be asked, no less taken.

Having already sold a great number, we find there quickly move this great stock of pianos right from the factory, let make a deeper cut; therefore, beg tomorrow, Monday, April 29, we will the \$200 to \$250 at \$85, \$115, \$125, \$175. This beats cut-in-half prices, per cent; on terms of \$10 cash, \$6, \$7 and \$8 per month.

Then we will offer \$300 to \$450 for \$205, \$215, \$245, \$267, \$307 to \$335; only \$15 to \$20 and \$10 to \$15 per month. Why this matter better than the best made by anyone.

When you consider you are buying the finest, highest cost artistic pianos in the world, back factory guarantee and the written guarantee of this house, you have perfect value every sense of the word. Remember cut in on all the pianos, the worlous Knabe, the Kranich & Bach, the Hallet & Davis, the Steiner Mathushek, the Schumann, the Kne Melville Clark, the Neuham, the all, the Whittier, the Victor, the Hayes and twenty other well known reputable makes of pianos.

This takes in hand pianos, the cabinet grands, the cottage grands, in the flinobony, rosewood, black sea, walnut, aryan and French walnut, quarter-sawn oak, birch and butternut wood.

The variety we show means we offer the low prices we the absolute security we give will lead you to investigate and make decision with this house, which has a continuous success since 1874, and more pianos in the last twenty years than all the existing houses together. Buying for cash, with the amount of running expenses, we give the greatest amount of value means a saving of \$50 to \$100 more at all times, and in this sale means the saving.

Mail orders have attention. Every piano is accompanied stool and seat. Organs selling at \$12, \$22, \$28, \$31; new organs from \$1, with stool and book, on payments as low per week. Get in early and first choice.

MONEY FOR NEW BUILDINGS

Nebraska and South Dakota Get Some and Iowa Fares Well.

OMAHA DOES NOT FIGURE IN THE LIST

Lincoln, Hastings and Norfolk Secure Appropriations - Cattlemen Tell Committee What They Want in Lending Bill.

(From a Staff Correspondent.) WASHINGTON, April 25.—(Special Telegram.)—The public building bill, which will be reported tomorrow by the chairman of the public buildings and grounds committee of the house, contains the following provisions for Nebraska: For addition to Lincoln postoffice, \$300,000; for an increase from \$27,000 to \$30,000 for new building at Hastings, \$125,000; the site being purchased by an appropriation made by the Fifty-sixth congress; for a new building at Norfolk, \$100,000, the site having been purchased.

Iowa probably fares more liberally than any other state, the following provisions being made: To complete the postoffice at Burlington, \$20,000; Oskaloosa, an increase of \$4,000 for the completion of the building at that place; Centerville, \$35,000; Atlantic, \$30,000; Marshalltown, \$85,000; Waterloo, \$150,000; Boone, \$100,000; Iowa City, \$60,000; for Des Moines, \$125,000 is appropriated for the purchase of the entire block of ground. After the purchase is made the secretary of the treasury is instructed to inform congress as to the style of building which is best suited to the capital of the state and the cost of the same. For Ottumwa \$45,000 is appropriated for the purchase of additional ground.

South Dakota Fares Well.

South Dakota is especially well taken care of. Lincoln is given a \$75,000 increase over previous appropriations; Deadwood gets \$200,000, while \$5,000 is appropriated for the purchase of a site at Pierre. Representative Burkett was enthusiastic over the treatment accorded him by the committee and said the amount would give Lincoln a building such as Nebraska's capitol should have.

Senator Dietrich, speaking of the amount given Hastings, said it was none too large, as his home city was growing rapidly, and its railroad interests warranted a building commensurate with its importance.

Senators Dietrich and Millard joined today in nominating C. W. Barnes, editor of the McCook Republican, for receiver of the land office at McCook, vice J. A. Piper, whose term expires May 6. There were two other candidates for the place, Barnes and Piper, but Barnes had the backing of the state committee and the visit of Chairman Lindsay to Washington this week is believed to have clinched the matter. While this, of course, is in Senator Dietrich's territory, Senator Millard joined in the recommendation, according to an agreement when the senators entered upon their terms that they would join in federal appointments.

Senator Dietrich recommended the appointment of Taylor McCullough for postmaster at Elsie, Neb., vice W. F. Howe, resigned.

Lyman Richardson of Omaha, who has been spending a portion of the winter in the east, is in Washington, enroute to Nebraska.

Senator Dietrich introduced an amendment today to his Cuban rebate bill providing that Cuba should grant us a coaling station or stations in addition to other features of the measure. This amendment the senator thought necessary in order to allay criticisms that the measure he introduced in behalf of Cuba earlier in the week was not constitutional.

J. G. Pratt, formerly of Cheyenne, Wyo., but now a resident of Honolulu, is in Washington for the purpose of getting congress to appropriate \$2,000,000 to Hawaii for the purpose of recompensing the natives and others who had their property destroyed during the bubonic plague.

Range Land Leasing Bill.

The representatives of the cattle interests, headed by Bartlett Richards of Ellsworth, who are here for the purpose of opposing the leasing of public domain, looking to the leasing of the public domain, appeared before the subcommittee of the senate committee on public lands this morning, Senator Gable being chairman of the subcommittee. Mr. Richards, who is probably one of the largest cattle growers in the United States, made the principal address to the committee. He stated that the immediate removal of fences by the government, as contemplated by the secretary of the interior, would cause a financial panic and bring ruin to countless thousands of the arid west. He urged upon the committee a land-leasing bill safeguarding the interests of the government, protecting forage and restore the range, and bring ruin to countless thousands of the arid west. He urged upon the committee a land-leasing bill safeguarding the interests of the government, protecting forage and restore the range, and bring ruin to countless thousands of the arid west.

He said Senator Millard's bill was favored by the cattle growers of the west, but any measure that would permit the cattle growers to lease the lands included in the arid and semi-arid west would be acceptable to them. He said that 1,000,000 acres were under fence in Nebraska notwithstanding the law of 1885, which has never been generally enforced, and he presented a petition of 2,000 men residing in Nebraska west of the 100th meridian in favor of the land-leasing measure.

Segregation of Irri-gable Lands.

At a conference between the delegation of cattlemen and senators and representatives from Nebraska held Thursday night at the Ebbitt it was suggested that the irri-gable land of Nebraska be set aside from non-irri-gable or arid land, which should be leased at some fixed price under proper regulations of the interior department. It was shown that there were 1,000,000 acres of public domain in Nebraska, a very great portion of which is non-irri-gable, but which yields a grass upon which cattle thrive. The Nebraska delegation in congress expressed themselves in favor of restricting the number of acres of land that shall be leased to any one individual, and that it would in no wise interfere with intending homesteaders and settlers. Representatives of the Cattle Growers' association said they saw no objection to such a measure and recognized the necessity of having some prompt action taken in view of the recent order of the secretary of the interior to remove the fences. Mr. Richards and his party will meet the senators and members of the lower house from Nebraska tomorrow afternoon in Senator Millard's committee room to review the situation and decide upon their plan of action.

E. H. Bank of Huron, S. D., was today appointed a messenger in the weather bureau. The postoffice at Florenceville, Howard county, Ia., will be discontinued after May 15.

E. E. Needham was today appointed postmaster at Arnold, Carter county, Neb., vice W. B. Beach, removed.

Albert Ludenberg was today appointed assistant engineer in the public building at Omaha.

WORTHY OF CONSIDERATION.

An editor's opinion is always worthy of consideration, for he is accustomed to giving a matter due consideration before expressing his ideas of it. David R. W. R. HEARST FOR PRESIDENT

Suits of W. R. Vaughn, Former Mayor of Council Bluffs, and Justice Party Founder.

WASHINGTON, April 25.—W. R. Vaughn, the founder of the new justice party, which bears his name, said today:

"The party has come to stay. Justice will be our slogan for all men or women, be they white or colored. We are not working in the interest of any particular political candidate, we are playing no favorites. We are interested in electing the man who comes nearest to representing our ideas and principles in the electoral college. Personally, however, I am inclined very much toward William R. Hearst."

Mr. Hearst is said to be in the south they cannot do better than to nominate Roosevelt. He is half southern and the people like his dauntless courage.

CONFEDERATES LEAVE CAMP

Veterans of Dixie Close Their Annual Reunion with Cannon and Taps.

DALLAS, Tex., April 25.—The twelfth annual reunion of the United Confederate Veterans ended this evening. The boom of a cannon and the sounding of taps by the buglers and camp Albert Sidney Johnston was no more. The last designation of veterans' camps, out of the fair grounds and workmen began striking down the tent. The Sons of Veterans' convention, like the one held by the older men, adjourned after a short session devoted to passing resolutions of thanks.

At the camp today a feast unique in the history of reunions was prepared, six buffaloes having been slaughtered for a barbecue.

WILLIAMS NEEDS MORE FUNDS.

The \$14,000 vote for the new building not being sufficient, the town is to vote on whether a special tax shall be levied on \$3,000 to complete the sum necessary. The town is already bonded to the full limit, so this tax will have to be levied on assessment.

AFFAIRS AT SOUTH OMAHA

Election Contest May Yet Change Make-Up of Council.

RASMUS LARSON LATEST CONTESTANT

Treasurer Howe Promises to Fight Mr. Hoctor's Suit to a Finish—Windstorm Does Considerable Damage.

Even though the city council has finally organized it appears that the contest cases are not all over and it may be that the political complexion of the body may yet be changed. As already mentioned Barney Luckey of the Third ward is contesting Mike Smith, now councilman, Rasmus Larson of the Second ward with a proposition to contest the right of Myles Welsh, Copenhagen is contesting in the Fifth and it was reported last night that Vansant of the Sixth would ask for a recount.

The right of contest is not, however, to be confined to the candidates for council. John J. Larkin gave it out yesterday that he would ask the court for a recount. Larkin was defeated by Dana Morrill of Albright by a good vote. It is alleged, however, that if some alleged irregularities can be proved, the second precinct of the Fourth ward may be thrown out entirely, and this may result in several changes.

As Treasurer Howe now has possession of the office and the city funds he is not at all worried about the contest of Mr. Hoctor. In speaking of this matter yesterday Mr. Howe said that he had been elected treasurer and as he had qualified and given a bond he did not propose to give up. "I will," he said, "take the matter to the supreme court if necessary."

Storm Causes Damage. The storm of yesterday afternoon and last evening caused damage to property all over the city. Windows almost without number were blown in and quite a number of awnings were torn from their fastenings and carried away by the high wind.

The storm increased toward midnight business was practically suspended and the streets were deserted. Entertainment buildings for the evening were abandoned and everyone who could remained indoors. Telegraph and telephone service was greatly interfered with the wires becoming crossed and the electric light company was put to the test. The men of the city were out on account of the swaying of wires. No account of any moment were reported to the police.

Alleged Incendiaries Fined. After the burning of the Fourth ward fire hall the police arrested Dan Lucey and Mike Maloney and held them as suspicious characters. These men were seen about the fire hall on the night of the fire and both were present when the alarm was given. Chief Briggs felt confident of conviction and drew thirty dollars, he found that if such a deed was performed no witnesses were present. He therefore filed a complaint charging Lucey with carrying concealed weapons and for this the judge fined him \$10 and costs.

Lucey was charged with malicious destruction of property and drew thirty days in the county jail. No settlement has as yet been made between the city and the insurance company.

Koutsky Opens Headquarters. While Mayor Koutsky has practically opened office in the Masonic block, he is still and will for several days to come be engaged at the treasurer's office in closing up the books of school district No. 2. The date which it is necessary to compile makes quite a lengthy report and this must be submitted to the Board of Education before Treasurer Howe can assume the duties which naturally fall upon the city treasurer. The Board of Education is also engaged in the work of keeping its books, handling the work of giving a surety bond, but under the law the city treasurer must perform these extra duties. Mr. Koutsky expects to have his report ready before the board meets to organize on May 5.

Funds Transferred. The official transfer of funds belonging to the city from former Treasurer Koutsky to his successor, Edward L. Howe, was completed yesterday. The outgoing and incoming treasurers proceeded, with a small party of friends, to the three national banks in the city, where the money was counted out in cash and turned over to Mr. Howe. As has been the custom in the past, when the money was turned over to the treasurer he merely opened an account as city treasurer, leaving the funds in the banks designated as city depositories.

Mr. Koutsky turned over to Mr. Howe \$43,127.71. This amount includes city money only, as the Board of Education has not as yet designated a depository for the school fund. Pending such action on the part of the Board of Education the school money will remain in the Packers' National bank.

It is understood that Treasurer Howe will follow his predecessors and deposit money in all of the banks here.

Madame Rose Reardon. A CHAIN is only as strong as its weakest link, and the weak link must be the human body—a weak heart, stomach, liver or kidneys or a weakness in any other organ makes a sick person. Exposure invariably strikes hardest at the weak point. In many instances irregular menstruation is the weak link in a woman's health, and a cold in this instance especially is attended by harrowing results. Menstruation becomes suppressed and painful and excruciating suffering results. The nerves give way and ailments multiply fast until disease has weakened the whole system. Meanwhile the weak link bearing such terrible strain snaps. Death is the broken chain.

Madam Rosa Marliani, who lives at No. 2925 Wabash Avenue, Chicago, is one of the leaders in French-American society in that city and is President of the French Singers' Association. She is held in high esteem by her associates who are drawn together in social life by the mutual love of music. Music is an elevating influence in a com-

munity and Madam Marliani is encouraged and helped in her musical work by the health and energy she derives from taking Wine of Cardui. In writing of her case she says: "I consider Wine of Cardui better than doctors' prescriptions or any other remedy for female trouble. I have tried many, both in this country and abroad, having been a sufferer eleven years, and nothing cured me until I used your remedy. I had such excruciating pains at times that I wanted to die, and indeed a life of suffering is not alluring to anyone. Your splendid medicine strengthened my nerves, restored my appetite and built up the entire system and I now enjoy perfect health."

Madam Marliani was right when she said a life of suffering was not alluring to anyone. After suffering eleven years she was surely fortunate to secure a remedy that would restore her to health. She could not get it from doctors although she went abroad searching for relief. The power of Wine of Cardui to restore weakened organs after years of suffering has been put to the severest tests, but it has never failed to benefit and seldom failed to effect a cure even in the most complicated cases. All druggists sell \$1.00 bottles of Wine of Cardui.

Do not go on suffering for years like Madam Marliani and Mrs. Lee. Those anxious years are gone—lost when they should have been enjoyed in health. Every day you hesitate is lost and gives to useless suffering another day of your life. If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn. Describe your symptoms as fully as possible and a free letter of advice will be sent you. All druggists sell \$1.00 bottles of Wine of Cardui.

KRUGER MAY VISIT AMERICA

May Yield to Entreaties of Friends, Although Objecting to the Plan.

THE HAGUE, April 25.—The report published in Paris that President Steyn of the Orange Free State is coming to Europe to consult with Mr. Kruger, is entirely without foundation. On the other hand it is true that the Boer agents in America are renewing their entreaties that Mr. Kruger visit the United States next June. He probably will comply with these requests if sufficient pressure is exercised, although he has often personally expressed his dislike of this plan.

Amusements

At the Boyd—

"Quality Street," a comedy in four acts by J. M. Barrie. Produced for the first time in Omaha at Boyd's theater Friday night by Maude Adams and her company. The cast: Valentine Brown..... Sydney Brough Ensign Blades..... William Lewers Miss Phoebe Throssell..... Arthur Barry Lieutenant Spicer..... George Irving Major Linkwater..... Frederick Spencer A Recruiting Sergeant..... Joseph Francour An Old Soldier..... Charles Martin Master Arthur Wesley Tompkins..... Fred Santley Miss Susan Throssell..... Helen Lowrey Miss Phoebe Throssell..... William Lewers Miss Willoshy..... Ida Waterman Miss Fanny Willoshy..... Sarah Converse Miss Henrietta Turnbull..... Sara Perry Patty..... Marion Abbott

"Quality Street" is a child of Barrie's maturer genius. Such crudities as marked in "When a Man Sings" for example, have disappeared. The development of the master, through his Thru's biographies, to the place which is now undoubtedly his by right is most forcibly borne in on those who have proceeded along that way with him. His pathos is still as own, as is his humor, and nowhere do smiles and tears follow with such rapidity as do those of Barrie. Qualities of conceit, subtlety of expression and charm of conveyance are all his. In "Quality Street" he has given his genius unrestricted sway and a perfect story is told in a well-kept, unobtrusive, and the highest for its wonderful cures of the most distressing cases. Swamp-Root will set your whole system right, and the best proof of this is a trial.
