PROVISIONS DEVELOP STRONG MARKET

Packers Support that Trade and Push Prices Up, but Cereal Business Loses Outside Patronage by Poor Wire Service.

CHICAGO, April 25.—Wheat experienced a normal reaction from yesterday's bad slump and with numerous bullish factors behind lent its strength to other grains. Trade was not heavy, but July wheat closed is higher, July corn is higher and July oats in 1994 chigher. Provisions gained leye to 1745c.

Deficiency of moisture in Kansas and almost freezency temporatures in many parts closed 'sc higher, July corn 'sc higher and July oats 'agrac' higher. Provisions gained 125c to 175c.

Deficiency of moisture in Kansas and almost freezing temperatures in many parts of the wheat beit was enough to start wheat upward at a good pace at the opening of trade. To augment the strength cables were firmer than had been expected and receipts both primary and northwestern were amali. Inasmuch as the shortage in receipts has been apparent for some time and comparisons have been made against a short-crop year, the bears became discouraged again and shorts covered freely. Excepting rains, every argument was in favor of the bulls. Traders were of the opinion that it takes something more than a rain or two to make a harvest. After the initial upward impulse trade was quiet for a time prices fluctuated weakly. Concerning kansas Bradstreet's had a special report saying a three-fourths yield at the best and 60 percent probable was to be expected. Weather forecasts had a bad effect. Frosts were predicted in many of the western states and in just the places where warmth is most necessary. Then came the report of scaboard clearances of \$16,000 bushels, exceptionally large and of a fair outlook for export business with France. Prices worked up, trade became more active and the greater part of yesterday's loss was regained. July opened Mc to Mc higher at 15% 475% to 75% 475%, advanced to 16% and closed firm, %c up at 76% 476%. Local receipts were 35 cars, none of contract grade, making a total for the three points of 185 cars, against 143 last week and M9 a year ago. Australian shipments were only 182,000 bushels, against 576,000 bushels last year.

Brokers on corn reported the lightest trade in that pit for Saturday in many receipts were 215,000 bushels, compared to 445,000 bushels last year.

Brokers on corn reported the lightest trade in that pit for Saturday in many receipts were year ago. Australian shipments were only 182,000 bushels, against 576,000 bushels last year.

Brokers on corn reported the lightest tr

closed firm, 1/2c up at 65%c. Receipts were be cars.

After a firm opening in oats in sympathy with the strength in the other pits there was a momentary selling pressure due to the recent heavy rains and their effects on the sown oats. When this pressure was removed there was some response to light demand and prices advanced. July (new standard) sold between \$75,007%c and \$7%c and closed firm, 1/6%c up at 37%/367%c. Receipts were 13 cars. Trade in provisions was largely local because of wire service. At the start the grain improvement and a steady hog market reduced buying, which (even as hog prices weakened) continued to improve. There was a momentary disposition to sell on the hog situation, but a very good packers' support developed a strong market. Pork was in best demand, but lard was also wanted. Trade in general was dull. July pork closed 17½c higher at 17.05; July lard 12½c up at \$10.07½ and July ribs 12½c higher at 19.47½.

Estimated receipts for Monday: Wheat, 55 cars; corn, 125 cars; oats, 206 cars; hogs, 22.000 head.

NEW YORK STOCKS AND BONDS. Stock Market Quiet, but Sharp Ad-

vances in Industrials. NEW YORK, April 26.—Today's stock market was rather quiet and gave very little evidence of the activity of the large speculative forces which have kept up the animation of the market during the week. New York was the only sympathetic influence on the stocks of subdiary or allied companies. The 12 point rise in New York, New Haven & Hartford was supposed to have some connection with the strength of the two principal trunk line stocks.

posed to have some connection with the strength of the two principal trunk line stocks.

There were sharp advances in a number of industries and specialties which had no apparent connection and were not explained by any news development.

The bank statement proved closely in accord with yesterday's preliminary estimates and was accepted as favorable, but the attempt to make realizing sales on the expectation that demand for stocks would be attracted by the statement found a yielding market and prices were carried downward in many important stocks to below night's level. Yesterday's support for the United States steel stocks was lacking and those stocks were heavy throughout. The grangers seemed somewhat affected by the firmer tone of the grain markets. There was no sequel to the late spurt in Southern railway and that stock sagged until the close. The closing generally was active and easy.

The session of the committee having in hand the attempted settlement of the anthracite miners demands was a repressive influence on speculation, but the tone of the market seemed chiefly due to the disposition of operators to take a whole holiday instead of a half day after the considerable activity and excitement of the week.

Speculative and convertible bonds have been very active, moving in sympathy with stocks. United States 2s advanced 4s per cent over the closing call of last week. The foliowing are the closing prices on the New York Stock exchange:

Foreign Financial.

LONDON, April 26.—Money was at 21/2 per cent today. There was a better supply and the demand was less pronounced. Business on the Stock exchange was quiet, and there was a cheerful undertone. The settlement was concluded without any discourse of difficulties. Public interest in nt was concluded without any dependent of difficulties. Public interest departments seems to have broadene class securities. most departments seems to have broadened. High class securities were easier. Americans opened irregular and grew firmer. Southern railway was the feature. Ho tintos, with copper, were generally hardes. Kaffirs were hrm, with fair inquiry, it was said the big houses were taking all the shares offered. Gold premiums are quoted: At Buenos Ayres, 143.19; at Madrid, 37.07. The amount of bullion taken into the Bank of England on balance today was £75.090.

PARIS. April 28.—Three per cent rentes, louf 90c for the account. Exchange on London, 25f 185c for checks. The official list of stocks on the bourse weakened today. Kaffirs were firm throughout. Italians benefitted by a good demand, resulting from the news that the Italian Chamber of Deputies approved the issue of a new 3½ per cent stock. The private rate of discount was 2½ per cent.

BERLIN. April 26.—Prices on the bourse today opened weak, influenced by lower Vienna prices and the British war secretary's statement regarding the peace prospects in South Africa, which helped to depress prices. Toward the close there was a firmer tendency on bear covering in view of the week-end.

SHEEP—There were no sheep on saie this morning, so that a test of the market was not made. For the week the receipts have been exceedingly light, a big decrease being noted both as compared with last week and also with the corresponding week of last year. The demand has been in good shape all the week, so that prices have advanced. The better grades of both sheep and lambs may safely be quoted log-loc higher and that applies to both clipped and wooled stock. The top on clipped lambs for the year was \$6.40, paid this week, and clipped wethers sold as high as \$6.25, which is also the top price of the year. While some of the offerings were choice the great bulk of the receipts on several days was of rather inferior quality. Davis & Cowgill Iron Works,

Chloago Tribune: A loose package fell off the top of the express wagon. The man in the seat, apparently uncon-

cious of his loss, drave on. The crowd in the street, however, was too wise to bite, and the bundle lay where it fell until an old fellow from beyond the suburbs, who had forgotten the day of the month, picked it up and carried it away. The crowd gave him the hoarse hoot, but he held on to it.

Half an hour later a wild-eyed driver of an express wagon was asking everybody anxiously about a package he had lost which contained merchandise valued at
