WASHINGTON, April 28.-After a brief discussion today the senate agreed to the house amendments to the oleomargarine bill. The measure now goes to the president for signature. An effort was made by Mr. Teller to amend the measure so as to levy a tex of 10 per cent of the capital or assets on any butter trust that might be formed, but it was defeated.

Mr. Simmons of North Carolina addressed the senate on the Philippine bill. He urged that the Philippines ought to be turned over to the inhabitants of the islands. He denounced the cruelties and barbaritles alleged to have been committed by the American army, and said he felt like calling upon the great, brave and humane man now in the White House to probe these things to the bottom.

The conference report on the Chinese ex clusion bill was adopted. Consideration of the aundry civil appropriation bill was begun but not concluded.

Millers Want Reciprocity Mr. Harris of Kansas presented the fol-

lowing telegrain he had received from the Kan an Millers' association:

Kansas Millers' association:

Kansas millers, on account of foreign discriminations, with the best wheat in the world at their door, are not producing over one-third of their full capacity. Unless your committee on foreign relations can give us relief through reciprocal concessions, placing our millers on an equal basis with foreign mills, many of our mills will shut down indefinitely and some of thom will be forced to the wall. In our distress we look to our senators for relief. The telegram was referred to the committee on foreign relations.

Mr. Teller then offered an amendment to the removated butter section of the bill as passed by the senate defining a butter trust, and providing that a tax of ten per cent, shall be imposed upon the products of such a trust and upon capital and assets of such a trust. The amendment was defeated 25 to 28, the detailed vote being as

Passage of the Bill. Mr. Cockrell of Missouri interposed with

a motion to agree to the house amendments and the motion was agreed to without division thus passing the bill and it now goes to the president. Mr. Platt of Connecticut presented the

conference report on the Chinese exclusion bill. He briefly explained that after "a somewhat strenuous discussion" the conference had decided that no limit could be placed on the operation of the Geary act as re-enacted, and thought that it should remain in force until otherwise provided by In response to inquiries by Mr. Teller Mr. Platt explained that the operation of the law in the Philippines, including a registration of the Chinese in the islands, had been placed in the hands of the Philippine commission, but the commission would have no authority to admit Chinese to the islands.

Without further comment the conference report was agreed to.

But England heeds it not a whit and the rest of the world shrugs its shoulders and talks about diplomacy in shirtsleeves.

I would favor a measure for the leasing of public lands in small holdings sufficient to support a man and family, and it is well known it requires a larger number of acres to support a man west of the 100th meridian than east of it. "Executive Chamber, Lincoln, Nebraska.

"It now seems to be the proper time to amounce as final my decision in regard to being a candidate for renomination for the office of governor.

"After thoughtful consideration of the matter I have concluded it best not to further embarrass my loyal friends and more especially my par'y by remaining longer in the field, thus standing in the way of some one who could bring more peace and harmony into the convention.

'In my official capacity I have tried to give the state an honest, strong and economical administration. Looking back over the year already spent as Nebruska's chief executive, I would not, had I the power, change one important official act.

"Fully appreciating the honor of being the governor of a great state, and of having the opportunity to serve the people through many avenues, under existing circumstances I hereby announce myself not a candidate for office.

"Hoping to see some strong, honorable republican nominated and elected as my successor, and, 'with malice toward none and charity for all,' I am, respectfully, "E. P. SAVAGE."
