Order to Close Saloons After 6 O'clock Sunday is Strictly Enforced.

HOTEL MEN MAKE VIGOROUS PROTEST

Bestaurants Which Have Bars Also Complain that It Drives Away Their Custom-Talk of

Retalistion.

For the first time in several years the saloons of Council Bluffs were closed at 6 o'clock Sunday night, those with a thirst that required quenching being unable to secure admittance even by the side or back door. The order of Mayor Morgan that the saloons close at midnight week days and again at the hands of thieves Saturday at 6 o'clock in the evening Sunday was night. On the former occasion the thieven obeyed. At midnight Saturday the saloons closed promptly and they did the same last door and in consequence this had been evening at 6 o'clock.

The hotel men of Council Bluffs, however, while obeying the mandate to close urday night and sawed a panel out of the their saloons Sunday evening at 6 o'clock, front door, through which they crawled. live in hope that the mayor will reconsider Once inside they helped themselves to a his order. The hotel men believe that the generous supply of cigars, canned goods, continuance of the enforcement of the fruit, tobacco, several hams and a miscelorder will hurt their business and be the laneous assortment of eatables. They left means of sending many of their patrons the store by unbolting the back door from across the river. They assert that travel- the inside. This, it is asserted, will prove a serious loss to the hotel trade of Council Bluffs. Several of the hotels in Council Bluffs

are in a position to conduct their saloons strictly according to the provisions of the mulet law without much loss to their business under the new orders issued by Mayor Morgan. They threaten that if the mayor persists in the enforcement of his Sunday closing order that they will take the necessary steps to run the saloons attached to their hotels according to the mulct law, as is the case in Des Moines, and insist that all saloons be conducted on the same basis. They will further insist that the law regulating the sale of intoxicating liquors by druggists in Council Bluffs be rigidly enforced and will see to it that prosecu- Bluffs. tion follows in every instance where* it is violated. Mayor Morgan is the owner of a drugstore and the hotel men threaten that if he persists in enforcing this Sunday evening closing order they will see to it that he in turn abides strictly by the law regulating sale of liquor by drug stores. Another kick against the Sunday evening closing order comes from those saloons in | t connection with which restaurants are conducted. The owners say that they have a regular class of patrons who take their meals at their restaurants, but owing to the order closing their saloons at 6 o'clock Sunday evening their patrons will be forced to go elsewhere to eat.

The keepers of saloons in the vicinity of the opera house are also up in arms against the Sunday evening closing order. The best part of their trade, they say, is Sunday evening between the acts at the theater, and to make them close at that time will do them a grievous financial injury.

The general opinion is that an enforcement of the order will result in sending a across the river. Davis sells paint, (10) 是 Davis solis glass. Gravel roofing, A. H. Read. 541 Broadway. Members of the Council Bluffs Woman's club are highly indignant over a statement made Sunday morning in an Omaha that the club might become dispaper rupted over the payment of bills incurred from the lecture course. They assert that the statement is absolutely without foundation and that the club is not divided into two factions, and in fact the organization was nover more harmonious than at present nor never stronger, as many additional names for membership have been received for the coming year. A prominent member of the club talking resterday on the article in the paper, said: There was no refusal on the part of the nembers to attend the lecture course. Every member was in full accord with the arrangement. Provision has been made by

week. The Council Bluffs Woman's club was never more harmonious than today, and also it never was stronger than at present, with a large and steadily increasing membership. The story as to trouble over payment of the bills incurred by the lecture course is wholly without foundation."

" DEAR MRS. PINKHAM : -- I suffered four years ago with a tumor in my womb, and the doctors declared I must go to the hospital and undergo an operation, which I dreaded very much and hesitated to submit.

" My husband consulted an old friend who had studied medicine, although he was not a practising physician, and he said he believed that Lydia E. Pinkham's Vegetable Compound would cure me. That same day I took my first dose, and I kept it up faithfully until twelve bottles had been used, and not only did the tumor disappear, but my general health was very much improved and I had not felt so well since I was a young woman.

"As I have suffered no relapse since, and as I took no other medicine, I am sure that your Compound restored my health and I believe saved my life."-MRS. D. ARNOLD.

Dyspepsia Cure

The process of digestion is simply explained. In the mouth,

food is masticated and mixed with saliva containing a digestant

called ptyalin. In the stomach, it is acted upon by gastric juice
