There never was a good nickel cigar until Tom Keene was made with this filler.

Bondy & Lederer have successfully transplanted Cuba's delicious Vuelta tobacco in this country for the first time. This is an exceptional achievement strongly interesting to smokers of refined taste who craved for the delicious Vuelta tobacco, but could not always afford it at the high price. By this remarkable enterprise the manufacturers escape all importation duty, and are thus able for the first time to offer the American smoker the same fine, delicious aroma and taste for 5 cents.

SIX MONTHS AMONG THE BRIGANDS Miss Stone's Own Story

Only an inkling of this memorable affair has reached the public. Here for the first time it is set forth in all its terrible detail by the only one who can tell it completely. I You will be held breathless in the spell of these amazing experiences, surely the most astounding that any living woman has endured. The sudden onslaught and capture of the missionaries; the slaving of the chance witness; the wild flight over the Bulgarian mountains by secret paths; the cruelty, not wanton but inevitable, of the forced marches; the constant menace of death; the silent escapes where life hung on the break of a twig-all these make up a human document more thrilling in its simple truth than are the wildest reaches of the imagination.
