VANDERBILT AFTER SCEPTRE If He Secures Famous Horse Expects

to Capture Coronation

LONDON, May 3.—W. K. Vanderbilt will in all probability win the coronation Derby if he secures R. S. Sievier's Sceptre, the winner of the 2,000 guineas stakes and of the 1,000 guineas stakes and of the 1,000 guineas stakes, for he is reported to have offered Mr. Sievier 40,000 guineas after the filly won the 1,000 guineas stakes yesterday.

Mr. Sievier refused to sell at that figure, but intimated that he might be tempted by a bid of 50,000 guineas. After Sceptre's two sensational victories, in both of which she broke the time records, it appears that, barring accidents, there is nothing to prevent her from winning the Derby, for which event she is a warm favorite.

"Bob" Sievier, the owner of Sceptre, has had a checkered career. Well born and well educated, he has been in turn a bookmaker, actor and manager of a betting agency. He has been stranded financially, but is now a wealthy landowner and possessor of the fastest horses of the turf, all acquired with the results of sensational plunging. He has traveled in most of the British colonies and is known as a deadshot both in elephant and lion hunting. He married Mabel, sister of the fourth marquis of Allesbury.

WAR DANCE ON A BALL FIELD and Several Other

Things.

A band of Sioux, Seminoles and Winne-A band of Sioux, Seminoles and Winne-bagos, also one "Swede," swooped down upon Vinton Street park yesterday after-noon and essayed to get the scaips of the Creighton university base ballists, but the collegians played the Daniel Boone act on their foes in the ambush, and when the struggle on the diamond licks was over the Nebraska white men had won from the Nebraska Indians by a tortuous tally of 22 to 15.

Nebraska Indians by a tortuous tally of 22 to 15.

The score column was not the only remarkable thing about the game, for astounding totals of hits and errors were also achieved, and it seemed several different times that the contest would never end. In three or four of the innings the teams batted clear around the list, and sometimes almost twice around, and the scalping bee wore on hour after hour. Even Colonel Buckerino Keith, as devoted a base ball crank as ever made a close decision, became appalled finally at the tenure of the mill, and when it was 5:30 at the end of the seventh inning Buck marched across to a commanding position in front of the grand stand and announced:

"I wish to state right now that I am a union umpire and will not work after 6 o'clock."

The features of the game were the flood of runs in the seventh inning, the host of errors all through the game, the batting of Welch, and the corking base ball form shown at times by Lynch and Creighton and all the time by Lawler and Weaver. That seventh cost each team a new pitcher, while the Indians had already used one up.

Besides these features there was a salient point. This was the "Swede, aiready mentioned. He is Ernie Tobey of Lincoln, well known to all Capital City sports as the best amateur twirler there and a rapid base bail player all around. Tobey is really the enly white man on the Indian team this year, which is somewhat of an improvement on last season's personnel, in which four suntanned whites were noted.

But Tobey is no fake. Everyone knows on sight that he is a natural born white man, for he has the tow head and forld complexion that can never be mistaken. All winter Tobey has been selling cloaks to women in a dry goods store, but this occupation has not apparently made him too soft to play bail, and he says that a season of the outdoor work wil set him bu his feet physically. Humorous coaching is the "Swede's" great drag and he established a name as a second "Slats" Davis at yesterday's game. Today the Originals play the Indians and Tobey will pitch for the liatter. One Meal One Penny

Meat high Teaches the People About Better Food

for less money

One pound of Grape-Nuts contains more nourishment- that the system will absorb-than ten pounds of meat.

An experiment was tried by a man who found that by leaving off meat altogether at breakfast and lunch and taking in its place four heaping teaspoonfuls of Grape-Nuts, he began to gain flesh and strength and before the full pound package was gone has gained four pounds in weight, whereas he has been losing on his meat diet.

A gentleman in Baltimore writes: "I was a steady meat eater three times a day for several years. For a long time I steadily ran down because of an intense pain in my side and also in the pit of my stomach. I was miserable and everything I ate caused distress. I fell away from 185 pounds to 150. Somebody told me that if I would change my diet and take Grape-Nuts Food at two meals in the day. I would improve, I made an experiment and in less than two weeks began to improve very rapidly. I discovered that a few teaspoonfuls of Grape-Nuts would furnish more nourishment than quantities of meat. My improvement has continued until now I weigh 195 pounds, which is a gain of about 45 pounds in five months and I feel in magnificent condition."

Grape-Nuts is a crisp, dainty and delicious food, selected from the proper parts of the grain and treated by heat, moisture and time to slowly and perfectly develop the diatase from the grain and transform the starch into grape sugar in the most perfect manner. The small particles of phosphate of potash found in the certain parts of the cereals are retained, and these elements vitalize and nourish the body, brain and nerve centers.

Grape-Nuts is a condensed food, and about four teaspoonfuls with cream is sufficient for the cereal part of a meal. It requires no cooking or preparation of any kind, and is ready for immediate use and suited to the laborer, athlete, brain worker, epicure and invalid.
