not returned home. While none of the PAY TRIBUTE TO CUMMINGS operators will make a statement, they appear to be preparing for a long strike. Miners May Cati Again,

SCRANTON, Pa., May 4.-District Presigent T. D. Nichole of the United Mine Workers returned Saturday night from the New York conferences with coal operators. Like all others who attended the confer- terday public memorial services were held chee he was not inclined to talk at any over the remains of the late representative considerable length on what was done. On Amos J. Cummings of New York in the hall only two things he would permit himself of representatives this afternoon. to be quoted. One was that the heads of representatives a full and patient hear- deceased representative, those occasions being and the other that nothing was accomplished save that they were told that heard without any stipulation being made exercises today were very impressive. as to the capacity in which they might

As to whether or not the miners contant point, Mr. Nichols was silent. It is likely, however, that it is considered impresident of a coal company is willing to hear from his employes through the officers of their union the local superintandents cannot, with becoming grace, refuse to do the same thing. It was stated that one of the coal men at the confer- the most exquisite character. ences expressed surprise in bearing that one of his district superintendents had

Result Hard to Predict.

would seem from the best information obtainable that no one can even guess as to what will be the result of the district officials meeting called by President Mitchell for this city Thursday, There are eleven officers in the First district, and as many more in each of the other two Twenty-five of these were in New York. The sentiment of these twentyresults, or rather lack of results of the other organizations. conferences and submit to them the question of wast they propose to do about it. the president of the New York Press club, Under the action of the Shamokin conven- Secretary Cortelyou attended the services tion the district officers have full power as a representative of the club, occupying to declare a strike or adopt whatever meas- a seat on the floor beside Speaker Henderures seem to them best suited to the emer- son.

There was not sufficient crystalization of sentiment among the miners today to give lows: ground for forming any general conception of how they regarded the Mitchell statement. It is a surety, however, that they are loyal to a man to their union and will enthusiastically obey their orders. They have been hoping all along that there would be no strike, but if the leaders between the strike in the s and file will be content to have one.

Miners Are Discouraged.

SHAMOKIN, Pa., May 4 .- Local members of the special miners' committee returned from New York today. They were discouraged over the refusal of the operators to grant so eight-hour work day, the weighing of coal at the mines and an increase in wages. Notice has been sent to members of this (the Ninth district) executive board to go to Scranton to attend the convention of the three district boards to decide whether a call to strike or order general convention of miners to resolve how to treat with the situation. The board from this district will go to Scranton Tuesday. In case of a tie-up 52,000 men and boys would be rendered idle in the Ninth district. Many miners here tonight said they are ready to cease work whenever ordered to do so.

People Are Disappointed.

WILKESBARRE Pa. May 4.- The falltives of the miners to come to an agree- street, at 11 o'clock Tuesday morning. Dr. ment at their conference in New York was great disappointment to the people this section of the anthracite field.

The prevailing sentiment now is that a strike can hardly be avoided. Since the operators have refused to make any concessions, the miners must either back down in their demands or quit work. The men of the Wyoming region talk strongly in favor of a strike tonight. The defiant attitude of the operators appears to have united all the underground workers into the belief that there is only one thing to do and that is to quit work and remain out until such time as the coal companies grant their demands. The individual coal operators of this section have expected a strike. They claim the presidents of the large conl-carrying companies had made up their minds some time ago not to recognize the miners' union or grant any demands that might be made upon them,

Opinions differ as to how long the miners can hold out. One of the officers of the miners' union said tonight that they could hold out long enough to win. The general belief is that if a strike is declared it will be prolonged.

Plans for the Burial.

Baltimore to Washington.

NEW YORK, May 4 .- Mrs. Amos J. Cummings gave part of her time teday to considering the arrangements necessary for the funeral of her husband. She desired the services held at her residence, but it soon became apparent that the large number of people desirous of being present could not be accommodated there. It was chapel, Eighth avenue and Nineteenth

The pallbearers selected are: Nixon, Frederick S. Gibbs, John C. Sheehan, C. S. Lord, Joseph Howard, jr., Arthur D. Williams, Willis Holly, Justice Leonard A. Giegerich, E. E. Frost, George N. Norton, president of the New York Press club, or other representative; the president of Typographical union No. 6 or other representative, the president of the Letter Carriers' association or other representative, and the president of the Medal of Honor legion or other representative.

From Baltimore to Capitol.

BALTIMORE, May 4.-The remains of the late Amos J. Cummings, representative in congress from New York, who died in this city on Friday night, were conveyed to Washington today. A special congressional committee came to Baltimore for burisl, to the Pennsylvania railroad station. At the depot the committees representing the Grand Army of the Republic, letter carriers, Typographical union and car attached to the Boston-Washington of the train.

CONGRESSMAN OTEY IS DEAD

One of Attendants of Cummings' Remains to New York Follows Colleague in Death.

WASHINGTON, May 4.-Congressman Peters J. Otey, democrat of the Sixth Virginia district, died in Lynchburg, his home this afternoon at \$:30 o'clock. Word to this effect was received at the sergeant-atarm's office of the house of representatives at an early hour tenight. Mr. Otey had been named as a member of the committee to accompany the remains of the late Congressman Cummings to New York tonight,

but was too ill to attend. Mr. Otey was well known in the south as a business man before he came to congress. He was interested in railroads, banking and insurance. He had been active in the politics of his state since 1869, but never held office until 1894, when he was elected to the house of representatives, since which time he had been a member of that

He was born in Lynchburg in 1840 and was graduated from the Virginia Military institute.

While a cadet he participated in the defense of Virginia in the John Brown raid. After graduating he became a civil engineer. In 1861 he joined the confederate fess it. army and participated in the western campaign, culminating at Donelson. Mr. Otey returned with his command after that campaign and entered the Army of Northern Food Coffee; husband, myself and four Virginia, remaining in the lufantry branch until the close of the war. He was badly wounded at New Market. When his wounds had healed he returned and commanded a brigade under General Early at Cedar

Speaker Henderson was notified of Mr. Otey's death, which will be formally announced in the house of representatives tomorrow, when the house will adjourn so. early as a mark of respect to the memory of the deceased.

Jeffries and Party.

These are some of, in fact, the principal which the power drills will be operated. workings on the ground, but on the different In this mine one of the largest ore shoots in the district has been struck, and its, claims of the property are numerous shafts, tunnels and open cuts, in nearly all of values are high. It is on this and the vein of ore that is exposed in the workings of which ore bodies have been exposed.

Montana Makes Good Progress,

The Montana mine, near Nahant, the property of ex-Governor Smith of Vermont, which has been idle for a long time, until weeks, as the company by that time will recently, will be started up in a few days have everything in readiners. On the difwith a full force of men, and the shaft, which is now down 100 feet, dropped 400 great deal of ore exposed, none of it of a feet further. The shaft is following down low grade, and it is from this district that on a good sized ore body, in which occurs the richest silicious ore of the Black Hills could not be accommodated there. It was finally decided to hold them in Merritt some very rich streaks, but the average chapel, Eighth avenue and Nineteenth street, at 11 o'clock Tuesday morning. Dr. W. S. Crowe of the Church of the Eternal Hope will be the officiating clergyman. The interment will be in Clinton cemetery, Irvington, N. J.

The pallbearers selected are: Lewis on a good sized ore body, in which occurs in which occurs some very rich streaks, but the average of the vine will be seen shipped.

The share in which occurs some very rich streaks, but the average of the Ship Monarch Octput.

The pallbearers selected are: Lewis of the vein is considered and the fact that it is a free-milling proposition. A new steam hoist will be built at once on the mine, air compression. N. J.

The pallbearers selected are: Lewis of the season consisted of the season consisted the season pressors and power drills put in and other first shipment for the season consisted of arrangements made for taking out and about four tons, which will average at least milling ore. There has been other work \$150 per ton at the smelter. The balance than the shaft mentioned done upon this of the ore which is being taken out is bemine, and much ore has been milled from ing stored for future shipments. tunnels in which the vein has been exposed. In the same vicinity with the Montana are a number of good properties, but the former mine has more work done upon vein of high grade silicious ore in the it than has any of the others, and its development will give the owners of adjoining ground a line from which to work.

Former Governor Smith has been in possession of the Montana since 1886, and it is recalled that at the time he purchased it, or shortly after, he became convinced that he had received the worst of the deal, and he closed down the mill which had been put up upon it to treat the ore. Subsequent developments in the district and in the mine from the capital at an early hour and ac- itself, however, convinced him that he had it contains. They are still taking out a companied the body from the undertaking been mistaken, and he has since that time good quality of silver-lead ore, the most establishment, where it had been prepared refused several offers for the ground in ex-

cess of what he had paid for it. Big Black Diamond Cleanup

O. M. Brown, superintendent of the Spearthe Journalists' club formed two lines, be- fish Mining company, came down from tween which eight capitol policemen bore Ragged Top Friday and brought with him the casket from the hearse to the baggage the clean-up from a fifteen days' run of the company's cyanide plant on ore from the express train. Several hundred persons Black Diamond mine, which he deposited in had assembled at the station, etlently and the United States assay office in this city. with bared heads, watched the departure The brick weighed a trifle over 700 ounces, which, as the bullion is very fine, is worth \$12,600. Two thousand tons of ore were milled during the time the plant was running, which is about one-fifth its capacity, the plant being one of 300 tons. This work will be completed by the first of next week and the railroad which the company put in late last fall will then be able to deliver

MINING IN THE BLACK HILLS ore to the mill, which will be started at its OMAHA LOSES TO MILWAUKEE The Spearfish company's ground had been

included in the \$1,500,000 deal on which the Eleven Inning Contest Needed to Down Rourke's Team.

HARD LUCK AND UMPIRE COMBINED

Latham Robs Graham of Home Run and Hickey of Three Bagger and Joe Dolan and Ace Stewart Contribute Errors.

MILWAUKEE, May 4 .- (Special Telegram.)-After an exhibition of every conceivable variety of baseball for eleven innings, with a few fistic bouts as side lines and with the umpire seemingly in the game against them, the Indians were obliged to acknowledge the first defeat by the Creams It was a battle for sure, and when the smoke cleared away the score was 10 and 9. Duffy thought he had a find in Risley, whom he secured from Omaha yesterday, but his old mates took kindly to his twisters and began the fusillade in the first. Carter opened for a single; Genins hit to Gatins, who threw to Cockman, retiring Carter at second. Cockman's error put Genins on second sack. Fleming's hit through Cockman advanced Genins one, and both scored on Calhoun's single.

Hickey opened the second with a three bagger. Singles by Carter, Genins and Fleming followed. All scored but the latter, who was caught stealing home. Risley was then replaced by O'Neill in the box and the tide was stemmed a short time. In the fifth Dolan, Gonding and Hickey scored. Fricken then took the box for Milwaukee and did better and nothing was doing until the ninth, when Graham hit a clean homer, but the ball, while being delded in, hit the umpire and Graham went back to third. The side was retired with the next man up, with feeling high-

With the score still a tie, in the eleventh Hickey's drive down the right alley looked good for three but Latham called it a foul, whereupon Stewart rushed out and gave him a bunt, but was not ordered out of the game.

Milwaukee could do nothing with Graham's deceivers till the fourth, when a man hit by pitcher, four singles, a base on balls and an error by Stewart gave the Creams seven runs. In the fifth Dolan's error and a long fly gave them another. The score was tied in the ninth by a base on balls and a two-bagger. In the eleventh a base on balls, a sacrifice, a single and another error by Dolan lost the Indians their first game here. The weather was cold. Attendance, 3,000. Score: MILWAUKEE.

LEAGUE GAMES AMERICAN Joss of Cleveland Holds Detroit Down to Two Hits, Winning

Victory.

DETROIT. May 4.—Joss was invincible and not a hit was made off his delivery until the ninth inning. Detroit's only run followed Bradley's error in the ninth, which gave Holmes a life. Casey and Harley both followed with singles, scoring him. Cleveland's first run was the result of Elberfeld's fumble of Pickering's grounder in the third, and two base hits by Pickering and Harvey in the eighth scored the second one. Attendance, 7,500. Score; CLEVELAND. DETROIT. DETROIT.

Cincinnati Badiy Drubbed.

CINCINNATI, May 4.—Cincinnati today played the poorest ball game ever seen on a local diamond. Eight errors were charged against them and this alone accounted for their defeat, as they clearly out-batted the champion Pittsburgers. Hahn pitched good ball, but was not supported, and retired in the fourth in favor of Heisman. Attendance, 1308 Score:

FOR YOUR WELFARE

You Are Urged to Make Health **Building Your First Work** This Month,

PAINE'S CELERY COMPOUND

Puts You in Condition to Withstand the Enervating Effects of a Hot Summer.

If you are ailing, sick, or diseased, it is our earnest desire to interest you in your own personal weiture. We try to go this by samply urging you to make nearth building your aret work this month, as efforts to banish disease are much more difficult when, in addition to physical surferings, you are obliged to contend with the enervating effects of a hot summer. Medical men know well that a sick person when treated .- ith the proper medicine in May, has a much better enance for life and health than is possible in sulf or August. The incarculable amount of good that

Paine's Celery Compound is now doing in making sick people weil, should compet the attention of every tainking man and woman now in sickness and suffering. Faulty nutrition of the nervous system in the direct cause of pervous debility, headaches, dyspepsia, neuralgia-allments tost thousands are now suffering from. When people have blood that is pale, watery, and

rull of impurities, their nerves cannot assimilate food properly and derive nourisament from it. Paine's Celery Compound used in May cleanses the blood, bestows greater nerve force, regulates the stomach and bowels, arouses a healthy appetite, and brings about a normal action of the dormant liver. Paine's Celery Compound in every case gives a positive and permanent cure. It is the most thoroughly honest medicine that run down and sickly men and women can employ. Its life giving effect on
