Davis & Cowgill Iron Works, ENGINES THROWN IN THE AIR GENERAL REPAIRING & SPECIALTY Hurled from Track with Several

IRON AND BRASS FOUNDERS. 1861, 1868 and 1668 Jackson Street, Omnha, Neb. Tel. 553. B. Zabriskie, Ageut. J. R. Cowgill, Man Coaches in a Terrific Collision on Alton.

JOLIET, Ill., May 4-One of the strangest wrecks in local railroad history occurred yesterday on the Alton road. As the Chicago-Springfield passenger was passing through the steel mill yards at the rate of thirty-five miles an hour the locomotive encountered a switch engine running on the main track from a siding. The shock was terrific. The engines were

thrown into the air and overturned and the baggage and smoking cars were derailed and wrecked. The three remaining coaches stayed on the tracks. One hundred and fifty people were aboard the passenger train.

Escaping steam from the engines enveloped the train and the passengers were panic-stricken, but beyond cuts and bruises of a minor nature, none was injured. The men in the engines crawled from the wreck without serious injuries. The track was blockaded for hours.
