This made the trip more enjoyable on account of the dust having been laid. All of the merchants followed the plan of writing their customers and friends in advance, so at each town delegations was at the station to Those who did not come by invitation were attracted by music of

the Twenty-second Infantry band, which accompanied the excursion. Ten-minute stops were made at Bennet, Palmyra, Unadilla, Syracuse and Dunbar. At Nebraska City a home industry dinner was tendered the excursionists by the Nebraska City Commercial club, served suptuously and attractively. The guests were welcomed by Colonel William Hayward, to which Rev. E. F. Trefz responded. The party left for the southern part of the state and will continue its bonquest Wednesday and Thurs-

TECUMSER, Neb., March 13 .- (Special Telegram.)-The Omaha Commercial club, enroute over the state by special train on the Burlington, arrived in Tecumseh at 5:40 o'clock this evening, about an hour and twenty minutes behind the scheduled time. A rain has prevailed here all day and it was raining when the train arrived, but despite that fact many citizens were at the station to welcome the visitors. The Twenty-second Infantry band could not leave the car, but a few choice selections were rendered during the stop. The business men are pleased with the fact that the Omaha jobbers saw fit to pay this visit and trade between Tecumseh and Omaha will doubtless be greatly stimulated. A stop of twenty minutes was made and the train proceeded on its way south to Falis

Jobbers First Donors to Monument. FALLS CITY, Neb., May 13 .- (Special Telegram.)-A speech of welcome was made by Colonel Hayward and a response by Rev. Trefs naturally turned to the recent bereavement of Nebraska City in the death of J. Sterling Morton and the plans which are already being formed for a Morton memorial monument.

With this as an inspiration in a remarkably short time a fund of \$200 was raised on the train as personal subscriptions among members of the jobbers' excursion.

The following telegram was then sent to the treasurer of the fund at Nebraska City: John W. Steinhard, Treasurer, Nebraska City: Omaha Commercial club Jobbers' ex-cursion has raised \$200 for Morton monu-ment fund. Draft will be forwarded imme-diately. Omaha Commercial club will take charge of further subscriptions in Omaha. This is the first subscription to the Morton monument fund and is a spontaneous

response, not only in appreciation of the hospitality shown by Nebraska City, but also in admiration of their dead distinguished citizen. A heavy rain began to fall when the

party left Nebraska City, but in spite of the weather at each station a crowd of merchants and citizens greeted the excursionists. This spoke louder than any for-

ize that Government's Order Will Be Enforced.

According to George G. Hunt of Bridgeport the cattlemen of western Nebraska have begun to realize that the orders of the government in regard to the demolition of fences around government land will be enforced. He said: "In Cheyenne county, and in fact in all of the counties from Buffalo west, the government land has been fenced by a set of men who came to look upon themselves as the owners of the public domain. When they were notified to remove their fences they made all kinds of objections and many of them did not believe that the matter would go any further than the notice, so they paid no attention to it. Those who investigated the matter found out that the order was not a binff and that fences must be down by June 1. As a result some of the cattlemen have al- GAMES IN NATIONAL LEAGUE ready begun to take down the fences and preserve the wire; others are delaying and Cincinnati Knocks Out Three Quaker it is not probable that all of the wire will be removed within the time specified."

KANSAS CITY TAKES LAST

Veteran Nichols Hit More Freely Than on His First Appearance.

GRAHAM TREATED BADLY IN TWO INNINGS

Combination of Hits and Passes Enables the Manningites to Score Five Runs-Outfleiders Put Up a Brilliant Game.

KANSAS CITY, Mo., May 13.—(Special Telegram.)—Graham had two bad innings in the box for Omaha today and the Manningites broke even on the series by taking the last game by a score of 5 to 3. The Nebraska twirler was unsteady in the first inning and filled the bases by allowing two men to walk and hitting another. For good measure he moved the first two up a base on a wild pitch and then Kemmer came along and uncorked a two-bagger, scoring two runs. He kept issuing passes right along, but the locals could not hit timely, in fact, could not hit at all until the sixth inning, when by a combination of the luckiest of bungles they scored three runs. Allen, the first man up in this disastrous inning, hit a fly near the right foul line. Carter made a great run, but the ball went through his glove and hit his knee, bounding to the bleachers, allowing Allen to take two bases. Messitt followed with a clean single and Allen scored. The Kansas Cityans' luck had only commenced, for Ketchem placed a slow grounder down to Calhoun, and just as the ball reached the big first baseman it took a bad bound, hitting him on the shoulder. Shannon followed with a hot one straight at Graham. The pitcher turned it, but too far, as it went between third and second. Waldron came up next and hit a sizzler to Hickey. It was just a little too far in and although Hickey stabbed at it and turned it the ball went into the field, allowing two men to score. Here the Manningites' luck changed and the next two men up were retired on flies.

Graham pitched a peculiar game, issuing eight free coupons and striking out one, but if it had not been for that sixth inning the Omahas would have landed the prize. Graham tried hard to win his own game at the bat and his two hits scored AMERICAN two runs. The visitors made two runs in double and Graham's single. The other run was made in the fourth on Thomas' triple and Graham's single.

The veteran Charley Nichols delivered the shoots for the locals, and while allowing one more hit, was steadier than Graham and he struck out nine of Rourke's men. The support effered both pitchers was of the highest class, the only error of the game being made by Graham himself Pickering, of 2 on a low throw to first. This did not cost the visitors anything, however, as the runner died on third. Carter in the right field made a sensational catch in the fifth ioning on Kemmer's long fly outside the foul line. The outfielders played a great game all the way through, nabbing everything that came anywhere near them.

## FOR BABY'S SKIN SCALP AND HAIR

Something for Mothers to Think About

EVERY CHILD born into the world with an inherited or early developed tendency to distressing, disfiguring humours of the skin, scalp, and blood, becomes an object of the most tender solicitude, not only because of its suffering but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest, and most effective treatment available, viz., THE CUTICURA TREATMENT.

Warm baths with CUTICURA SOAP, to cleanse the skin of crusts and scales and soften the thickened cuticle, gentle unointings with CUTICURA OINT-MENT, to instantly allay itching, irritation, and inflammation, and soothe and heal, to be followed in the severer cases by mild doses of CUTICURA RESOL-VENT PILLS (see below), to cool and cleanse the blood, are all that can be desired for the alleviation of the suffering of skin-tortured infants and children and the comfort of worn-out, worried mothers. A single set costing \$1.00 is often sufficient to cure when the best physicians fall.

Millions of Women Use Cuticura Scap Assisted by CUTICURA OINTMENT, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruft, and the stopping of failing bair, for coftening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chadings, in the form of baths for anonying irritations and inflammations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves to women, especially mothers, and for all the purposes of the tollet, bath, and nursery.

CUTICUMA RESOLVENT PILLS (Chocolate Coated) are prepared to meet the wants of women and children, and are pure, sweet, tasteless, and odoriess. They are beyond question the most successful skin and blood purifiers and humour cures yet compounded, and especially appeal to all having the care of children. ## NO BILLBOARD LICENSE YET

Many Concerns, However, Come Within Purview of New Ordinance.

SOME BOARDS OWNED BY ADVERTISERS

Building Inspector Carter Busy Ascertaining Ownership of Billboards So that New Ordinance May Be Enforced.

No business concern of any kind has yet applied at the office of City Clerk Elbourn or a billboard license, while all of the interests which maintain the boards in Omaha come within the purview of the ordinance passed last Tuesday night and the number that will be compelled to comply with the new law waxes large on investigation. All regular biliboard companies will, of

course, be included, such as the Gunning. the Mulvihill, the Fisher and the Waller companies. These four represent scores of huge signboards and hundreds of thousands of square feet of billboard space in this city. Then at least three of the railroads, the

Chicago & Northwestern, the Union Pacific and the Burlington maintain directly these means of advertising, and some of the roads have gone into the business on an extensive scale. The packing houses, also, will doubtless pay into the city coffers several billboard

license fees. At least two of these maintain their own private boards and they. with the rest, will be asked to ante \$160 license money and furnish a bond to protect the city against all loss that may be sustained in damages or other manner as a result of the existence of the boards through accident or otherwise. Building Inspector Carter, who is given

supervision under the new provision of the municipal laws, is now tusy ascertaining just what interests are maintaining these boards. It is an entirely new proposition for him, as he has never before had anything to do with this class of architecture and construction.

Mr. Carter will also be compelled to secure detailed description and location of the various boards of the divers firms, such records to be used for reference in cases where the identity of the owner is necessary information because of some accident, damage or other complication contemplated by the new ordinance.
