MANDERSON ON SUGAR CASE

Tells Senate Committee of Trust's Scheme to Kill Beet Sugar Industry.

INJURE IT, HE SAYS, WOULD BE A CRIME

Former Senator Says Every Tariff Bill Helps the Trade and Proposed Cuban Reduction Has Already Closed Factories.

WASHINGTON, May 16 .- The sepate com nittee on relations with Cuba today heard John Oehler of New York City, who printed the publication Facts About Sugar compiled by Oscar W. Donner, and consisting of reprints from newspaper articles,

Mr. Ochler said that in January last he was employed by Mr. Donner, advertising deceased ministers, there were upon the agent-of the Sugar trust, to print this document, for which he received \$750. The edition numbered 250,000 copies.

Ex-Senator Charles F. Manderson of Nebraska said be had acted as legal adviser of the general manager of the American Beet Sugar company, E. C. Howe, and the president of the Standard Beet Sugar company, Haywood G. Leavitt, He these companies had entered into during the summer 1901 with the jobbers on the Missouri river, one of which contained a effect in Kansas City on date of arrival of of annuitants during the year. their sugar, but that at no time would the price exceed \$5.37. In the other form the words "bona fide price" were inserted.

What to Do with Contracts. Mr. Manderson said the American Sugar Refining company, notified the jobbers having contracts with the beet sugar companies at Missouri river points that they would furnish them sugar at \$3.50 per hundred and said he was called on to decide what to do under the contracts referred to. He had discovered that this sugar only would be given in very small quantities. The American Beet Sugar company, he said, sought to buy at \$3.50 per hundred, but was gources a much larger annual in refused. Answering a question by Senater Platt, Mr. Manderson said that if we Americanize Cuba either by annexation or any other means there would be a rise in the price of labor there which would raise the cost of sugar production.

We believe that the Holy Spirit only is the author and source of the new birth; we rejoice in the new life, wherein He is given unto us as the seal of sonship in Christ, and keeps loving fellowship with us, helps us in our infirmities, purges us from our faults and ever continues His transforming work in us until we are perfected in the likeness of Christ, in the glory of the life to come.

Rev. Dr. David Wylle, pastor of the Scotch Presbyterian church of this city, moved that the report be adopted. This motion was laid on the table and on motion of Dr. Minton the discussion of the reporwas set for next Thursday at 10 a. m. and on further motion of Dr. Minton it was resolved that time of the discussion of the report will be continued until the subject is exhausted and the vote is taken.

Work of Cumberlands.

SPRINGFIELD, Mo., May 16 .- When the Cumberland Presbyterian General Assembly reconvened this morning committees were announced by the moderator's council. It is notable that the committees on the theological seminary and missions are composed of sixteen members each, or one representative from each synod. These committees will grapple with the two burning questions of the assembly, namely, seminary control and mission board reorganization.

The annual report of the western section of the Presbyterian alliance was read by Rev. J. R. Henry of Pittsburg, Pa. The trustees reported having \$11,834 on hand, which is being held in trust for theological educational purposes. This board has also assisted in raising for college endowment a sum which during the last year has reached \$500,000.

An invitation from the Union Theological seminary to the members of the assembly to visit the building and make use of its facilities was read and accepted.

Cannon and Hepburn Criticize Extent of Housing Officers Ashore.

Democrats Embrace Opportunity of Scoring Crowninshield for His Approval of Maclay's Comments on Admiral Schley.

WASHINGTON, May 16 .- The house had another lively day of debate today, Philippine atrocities and the Schley case oming in for considerable attention. The naval appropriation bill received little attention after the more exciting

themes of debate came up. Mr. Cannon of Illinois and Mr. Hepburn of Iowa brought on the discussion by fund. Total investment funds were \$1,564,- criticising the extent to which naval officers secured comfortable berths ashore, whereupon Mr. Williams of Mississippi sionary board began today in the Central made a very sarcastic speech at the expense of Admiral Crowninshield, during street and will continue daily until May 21. which he read a poem describing the late The report on creed revision will not be head of the Bureau of Navigation as

In this connection Mr. Lacey of Iowa stated that the Porto Rico commissioner ought to have the privilege of the floor of the house so as to explain such matters as this instead of being compelled to stand

After some discussion the bill reported by Mr. McCall from the ways and means committee refunding the tax on legacies paid under the war revenue act by religious, charitable, art and educational insti-

tutions was passed. Mr. Cannon, resuming the naval officer discussion, called attention to the numer ous naval establishments centered at Newport-the war college, the training station and the torpedo station-and asked with some irony if the duty of the officers at these posts was not chiefly during the hot

summer season. Although he admired our navy and supported the building of new ships, Mr. Cannon said one of the dangers of our navy was in the fact that one-third of the 1,700 officers were not on salt water, but on dry

Mr. Hepburn of Iowa also commented or the large number of naval officers on shore duty, many of them enjoying snug and comfortable berths after comparatively brief sea service. He believed there must be something wrong about the system at the naval academy, with about one officer for every four cadets. If this number of officers, in addition to instructors, was necessary, he did not object, but if it came from a desire to provide comfortable nooks for these gentlemen then it should

be stopped. "Who is Crowninshield, Papa?" Mr. Williams of Mississippi asked who

There was much laughter at the concluding lines of the poem "Great Crowninshield, the greatest tar that ever stayed ashore." In more serious vein Mr. Williams re-

ferred to the Sampson-Schley controversy.

Maclay had written a history and submit ted it to the great naval authority, Crowninshield, declaring that Schley had nothing to do with the victory.

Despite the imperial ukase that the Schley case must be dropped, Mr. Williams said the American people were not disposed to be stopped in pursuing their own conclusions. He commented on the fact that the committee on rules had buried a resolution designed to investigate the charge that Admiral Crowninshield had passed on the Maclay history.

Spenking for the committee on rules, Mr. Grosvenor of Ohio said the Maclay-Crowninshield resolution had not been reported, as it would have been "mere sound and fury" after the Schley court of inquiry proceedings.

DEMOCRATS PROLONG DEBATE

Minority Members Still Object to Voting on the Philippine Gov. ernment Bill,

WASHINGTON, May 16 .- An effort was made by Mr. Lodge of Massachusetts in the senate today to induce the minority to fix a time when a vote might be taken on the Philippine government bill, but Mr. Dubois of Idaho, speaking for the demober to make it a law. A two-thirds vote is the island ceded to the United States by cratic side, did not desire to specify a required in each individual presbytery as Spain, except sites designated by the presithat the minority was not seeking a delay, but wished simply that discussion should

be exhausted before the vote was taken. Mr. McLaurin of Mississippi concluded his speech begun yesterday in opposition to the present Philippine policy of the government, which, he maintained, was responsible for all the ills that had come to

the United States in those islands. Mr. Deboe of Kentucky supported the pending measure in a carefully prepared speech, maintaining that the policy outlined by McKinley ought to be followed to the end. He asserted that peace would come quickly when the sympathizers with Aguinaldo ceased their attacks on the American army and the American flag. A bill to place Thomas H. Carpenter

"You can draw your own inference," replied the Mississippi senator. I state what this writer says."

Mr. Burton called attention to the fact that Funston never had been on Gomez's staff. He was Gomez's chief of artillery, but had not served as a staff officer. In view of the assurances received from the minority, Mr. Lodge moved that when would deprive naval officers from securing the senate adjourn today it be until Monday next and the motion prevailed.
