to nothing less than the encouragement of dishonesty." This awakening of a hardened conscience is something wonderful to behold. Every-body interested in Western league base ball wants to see things done on the square, but the idea of the Omaha man that the Western league magnates should quietly fold their hands and watch such fellows as Tebeau rob the league of all its good play-ers is stretching the limit. If these fel-lows want to play in the Western league we are glad to have them, and if McKib-ben can get them, three cheers for Mc Nibben. Hickey, Tebeau & Co. did not pass anything up in an attempt to break up the Western league, and if McKib-ben can get them, three cheers for Mc Nibben. Hickey are burned. It is prob-ations the hero of the hour. It looks at though the Omaha fans are getting fright-ened before they are burned. It is prob-able that they see a chance to minitain their lead if the other teams are not strengthened, and the prespect of St. Jo-seph getting hold of some star members has almost scared them to death. As a result they have thrown up their hands in horror and are praying that Mr. Mc-Kibben does not so far forget himself as to secure a team which can skin Omaha. Go it, Mac; we are with you. teams up a little nearer the Omaha standard and give us a pennant race that will if it will only induce their teams to play ball. CREIGHTON CHANGES PLANS 'Omaha's Own" 'Varalty Team Aban-

> dons Its Northern Trip and Takes On Home Games.

The northern trip through Dakota and Minnesota which was scheduled for the Creighton University Base Ball team during the last week was abandoned, because members of the faculty thought it entailed too extensive an absence from classes for

Creighton's short eastern trip was certainly a great success. The lads on the hill felt that they had a clever aggregation this year and they expected to give Simpson college a hard struggle, but they hardly hoped to do more than make a good showing with Highland Park. They underrated their own strength, and came home with scalps of both the Highlanders and the Simpsonians in their belts. The Simpson men put up a hard fight from the first and it took the Omaha lads nine hard innings to defeat them.

At Des Moines the Gate City collegians found Highland Park ready for a hard

tussle, for Nebraska had left word that Creighton was exceptionally strong this year. At the end of the second inning when last year's champions had obtained nine runs, it looked as if the rumor were expressed or implied. Omaha suffered the ing out fair crowds under the conditions of false and the Creightons were outclassed. greatest individual loss of any team divided base ball, while Minneapolis and Then the students from Omaha began to hrough the jump of "Dusty" Coons to St. Paul are having daily attendance that play an uphill game, such as had not been looks like Sunday figures at Toledo and seen in a long time. All this shows the value of stick work and the Creighton university men should fully appreciate the endeavors of their coachers in this department.

First base has been one of the weak positions on this year's team. When Welch was out of the box he filled it perfectly,

but with Harry in the box, and there he is in most heavy games, a first baseman was hard to develop. McCaffrey and Stope were tried and both filled the position pretty well, but accidents or absence prevented them from steady work. James Mahoney, a freshman from St. Mary's college, is the latest candidate. He is a big six-footer, built more for the gridiron than the diamond, but his agility is amazing for one of his stature. His weak point is

at the stick. Owing to special work he was unable to come out during the early spring and profit by the excellent batting practice that the others indulged in

When the management abandoned the northern trip two games at home were immediately substituted, and though they were not with the heaviest of teams, still they proved interesting and well played ball games. This week witnesses two very hard home games for "Omaha's Own." Tomorrow Highland Park will meet Creighton a score of 2 to 0, was well earned by the on the home grounds, and it is pretty cer tain that the "Scotties" will make a ter-

Your Health is Good or Bad According to the Quality of Your Blood.

Healthy, pure blood and a free circulation is the surest protection against the discomforts and diseases of summer. It is a physical impossibility to be well unless the body is sustained by strong, vigorous blood. All life's forces are kept up, and every organ, tissue and nerve is dependent upon this vital fluid, and there is no such thing as health without a pure and untainted blood supply. Good blood also regulates the temperature of the body by keeping active and healthy the glands and pores of the skin, carrying off with the perspiration the impurities and poisons from the system, the cause of rashes and eruptions of various kinds, bad complexions and red, rough skins, and preventing that overheated and riotous condition of the blood that so frequently results in sun strokes and prostrations.

If you have allowed your blood to become impoverished and run down, then a course of S. S. S. will cleanse, purify and strengthen it, and build up your general health, thus putting the system in the best possible condition to meet and ward off summer sickness.

S.S.S., being purely vegetable, every ingredient working in perfect harmony with nature, has been called Nature's Remedy. Its action upon the blood is gentle yet thorough, completely

No state-ment as to his success has yet been given out, but for the good of the Wostern isague it is hoped that he will fall. So far Jones of Denver and Welmer of Kansas City are the only known hurdlers in the Western, and they are two too many for the honesty of the game. St. Joseph prob-ably needs to be strengthened, but why not do it in a legitimate way? Duffy is finding new material for his Milwaukee team in National and American league castoffs, and it certainly seems that Mc-Kibben could do as well if he would only try. The affair also has the color of a confession of weakness on the part of the Western league, for in coaxing players confession of weakness on the part of the Westorn league, for in coaxing players away from the Kansas City American team its superiority is admitted. Is even more inviting and attractive than dotted in just the right places with trees before. The first meals were served in the cafe a week and more ago and there have already been several dinner parties held there. The opening day itself will include a reception in the afternoon and a dance in the evening, both in the new building. Then

there will of course be all manner of things to eat and drink and music will filter forth from every nook and corner.

Meanwhile there will be an ample ath letic side to the opening. A base ball game, a tennis tournament, a solf contest and bowling tourney will offer a field to suit the tastes of one and all, for if you don't like one do the other.
