## NEWS OF INTEREST FROM IOWA. DEAF PROBLEM A HARD TASK Iowa Executives Find Themselves Handiheard the awful thunder of war and whose eyes have never witnessed the dreadful scenes of such human conflicts, are poorly prepared to meet the requirements of oc-casions of this character. DOINGS IN THE SOCIAL WORLD TRAINS MUST STOP TO UNLOAD TRAMPS hexperienced so lamentably fail as to be messenger. What is the meaning of this ceremony? Merely an expression of respect and grati-tude of the friends and comrades of Colonel Kinsman? Let us hope that no one will leave this sacred spot with such an idle thought. Far better to have left the bones of the gallant Kinsman to complete the assimilation with the soil sanctified as the spot of his glorious death than that his burial at home should furnish the occa-sion to induige such a display of unpard-onable vanity. This shaft, endurable as human skill can construct, yet but tem-porary as compared with fame's eternal record, stands for the logalty, the devo-tion, the gratitude, the liberality and the particitism of our people. It is Colonel Kinaman's monument. It is a loving ex-pression of the gratitude and remembrance of his comrades and friends. Yet it pro-claims that, even in these days of extreme patriotism. It proclaims the eternal conti-dence of our people in the constitution and the perpetuity of the union. It pro-claims the iasting loyalty of lowa and her patriotism the iasting loyalty of lowa and her patriotism the iasting loyalty of lowa and her patriotism the iasting loyalty of lowa and her people for Oid Glory, which Kinsman loved and for which Kinsman died. Decision Favors Tramps.

The supreme court has under considera ion a motion for a rehearing in the case of Johnson against Chicago, St. Paul, Minneapolis & Omaha Railroad company, from Sioux City, being a case in which Johnson was injured by being thrown from a moving train at South Sloux City, Neb. He sought to recover damages and the supreme court at the January term decided he was entitled to damages for his injury even though it was true he had twice been thrown off the same train and knew the danger he was subjecting himself to. The court held that even though he was a trespasser his life should not have been endangered. Judge Thomas Wilson now appears before

the supreme court and asks for a rehearing on the ground that if the decision is to stand as the law, then railroad companies will not have the right to put tramps off trains in motion and they will be wholly at the mercy of the tramps.

CLARINDA, Ia., May 18 .- (Special Telegram.)-The jury in the trial of Eugene Mason for the murder of Oscar K. Miller at Shenandoah last winter returned a verdict of not guilty.

Edward Dennis was previously found guilty of murder in the second degree in connection with the death of Miller.

Wesley Irwin is yet to be tried on the charge of murdering Miller. The case is set to begin May 19.

Mason is 22 years of age, Dennis 21 and Irwin 18.

It was charged that the young men were together when the crime was committed at the Wabash railroad sandhouse. They profess innocence, claiming an alibi.

### Haugen to Force Fight.

CHARLES CITY, Ia., May 18 .- (Special.) -Congressman Haugen has determined to force the fight in the Fourth to an early settlement. Accordingly the Fourth district congressional committee has been called to meet at the Hildreth hotel in this city on Monday, May 19, at 1:30 o'clock p. m., for the purpose of selecting the place and fixing the date of the Fourth district congressional convention. The friends of Congressman Haugen control the committee, and in accordance with his wishes will call an early convention, probably some time in June.

There are three candidates for congress, via: Gilbert N. Haugen of Northwood, who serving his second term and who seeks a renomination; James E. Blythe of Mason City, who was a candidate four years ago and who was defeated by combining the strength of Updegraff and Haugen, and Duncan Rule, also of Mason City.

### Reunion After Years of Separation.

SHENANDOAH, Ia., May 18 .- (Special.)-A little romance culminated in this place this week when Mrs. Emma Wilbur Canfield came on from New York to make a visit to her long lost brother, C. B. Wilbur. The history of the brother and sister so far as their relationship is concerned is strange tale. Fifty-four years ago this spring their parents parted, the husband taking the boy and the mother the girl, the latter a babe of 3 months. The separation was complete and for forty-nine years neither knew of the other's existence. Five years ago through the correspondence of an aunt suspicions were aroused on both sides and a search instituted which resulted in the reunion this week.
