CANDIDATES COMING OUT

One Man Has Had Enough Office and Will Not Seek a Renomination.

NO OPPOSITION IS EXPECTED TO

Convention Not Yet Called and Plenty of Time for Other Aspirants to Get Into the Field Before It Meets.

Although five months ahead of the November election, candidates for the several county offices to be voted on this fall are coming to the front with announcements of their aspirations.

Freeman L. Reed is now completing his fourth year as clerk of the district court and he will not seek a renomination, being content to turn the office over to some other good republican.

For the republican nomination for county attorney there are already four candidates in the field. W. H. Kilpack, the present incumbent, who is now serving his second term as county recorder and to date no one has appeared on the scene to contest his renomination for a third term.

Henry Brandes, now serving his second term, and Allen Bulks, who was appointed to fill the vacancy caused by the resignation of B. G. Auld, are the two retiring members of the Board of County Supervisors.

No date has been set as yet for the county convention. It will probably not be held before the latter part of July or possibly in August. The state convention has been called for July 30.

STICK FOR MORE FREE PHONES

City Council Refers Back Ordinance to the Committee of the Whole.

The city council last night failed to concur in the recommendation of the committee of the whole that the telephone ordinance submitted by Vic Stevens of Dubuque on behalf of the Interstate Telephone company be approved and submitted to the vote of the people for their approval.

The main question at issue now is that of free telephones for the schools. Several of the aldermen were inclined to demand this concession and Mr. Stevens declined to grant any more than he had already granted.

The ordinance introduced by Alderman Olson on behalf of the Retail Grocers' association, raising the license for peddlers of fruit, vegetables and other products from \$50 to \$75 a year, was laid on the table.

The ordinance submitted by the committee of the whole, which has agreed to pay the city 5 per cent, and he said he had been informed that up to date the city had received nothing.

The committee of the whole will meet this afternoon to take up the ordinance again. On the recommendation of the committee of the whole the ordinances submitted by the Omaha and Council Bluffs Telephone and Telegraph company are the International Telephone company of America were disposed of by being laid on the table.

Iowa Supreme Court Holds Against the East-Omaha Land Company.

IOWA CROPS MAKING GOOD PROGRESS

Superintendent Rother and State Officials Center Over Plans for the State School for the Deaf.

(From a Staff Correspondent.) DES MOINES, May 20.—(Special.)—The Iowa supreme court today decided another case involving right to property in East Omaha, overruling the decisions of Judge Walter I. Smith in the Pottawattamie court and holding contrary to the generally accepted version of what the United States supreme court was supposed to have held in the Jeffries case.

On the showing made Commissioner Wright held Henrietta to the United States district court and ordered that unless the amount claimed and costs are paid within ten days what are known as admiralty proceedings will be held, the boat condemned and ordered sold.

In another case decided today the court holds that an attorney cannot recover compensation for prosecuting in a disbarment case, but must serve without compensation when directed by the court to do so.

The following decisions were filed: Goldie Tauschard, appellant, against Frank Roy, respondent; Judge Kelley; action on note, affirmed.

Green Bay Lumber company against T. J. Hendricks, appellant, against J. G. Hendricks, respondent; Judge Smith; protection of homestead rights, affirmed.

RED OAK, May 20.—(Special Telegram.)—Hugh McGregor, a fireman for Mike Elmore, a railroad contractor, was killed in the railroad yards at this place shortly after noon today.

ing twelve-inch water mains to the army post. Secretary of the water company said this afternoon that the water go ahead immediately laying the mains to the post, as a large number of the pipes are already distributed. He also said that more than two miles of mains would be laid in the city independent of the army post mains.

Confesses His Guilt. Robert Maize, self-confessed highwayman and acknowledged leader of the gang of hold-up men, whose bold robberies during the month of April confounded the city detective and police systems, laughed aloud this morning when Judge Frouthy gave him twenty years in the penitentiary at Fort Madison.

FUGITIVES BACK IN QUEBEC. Gagnon and Greene Win First Step in Their Fight Against Extradition.

MONTREAL, Quebec, May 20.—Colonel Gagnon and Captain Greene have won the first skirmish in the fight against extradition to the United States and tonight the crater was sprung on the city of Quebec, where they believe proceedings to force them to return to the United States to answer the charge of defrauding the United States government can be successfully fought.

Tonight at 10 o'clock a special train on the Canadian Pacific arrived from Quebec with High Constable Gale and assistants on board, armed with a writ of habeas corpus. They got into a cab and drove to the Montreal jail, to which institution Gagnon and Greene had been committed by Judge La Fontaine during the afternoon.

There was a warm argument today in the extradition court before Judge La Fontaine when the Gagnon-Greene case was called. It began when the counsel for the accused complained that yesterday they were unable to secure access to their clients, who were being confined in a private prison at the Windsor hotel. They, therefore, demanded that Gagnon and Greene be committed to the Montreal jail in charge of Governor Vallee so that they could secure access to them.

Mr. McMaster for the United States government at first raised no objection, but a few minutes later he received information that two writs were sworn out and one of these was addressed to Governor Vallee. Once in the Montreal jail the writ would have served on the governor and he would have no choice but to call and take the Gagnon and Greene down to Quebec.

Judge La Fontaine took the matter under advisement and this evening decided that as the prisoners really should be in jail, and desiring to get there, he had no alternative but to commit them. The prisoners were then taken and committed to the care of Governor Vallee until Friday next.

BAPTISTS IN CONVENTION. Various National Organizations Begin Meeting Which Will Continue a Week.

ST. PAUL, May 20.—A national gathering of Baptists, representing half a dozen national organizations of that church, began here today and will continue into next week. Many famous workers in the church are present.

The matter about which probably most interest centers in the proposal to combine several of the important societies of the church whose work seems to overlap. The proposition at present is simply for the federation of the various organizations.

The Women's Baptist Home Mission society began its twenty-fifth annual meeting with an executive session of church workers this afternoon.

Mrs. James S. Dickerson, first chairman of the executive board, told of the organization of the Women's Baptist Home Mission society and addressed followed by Mrs. R. T. Donnelly on the Chicago Women's Home Mission union; by Mrs. F. W. Squibb, on the union in Philadelphia; Mrs. J. G. Walker, on that in Philadelphia; Mrs. William M. Isaacs, on the New York City branch, and Mrs. William R. Taylor, on the Long Island branch.

GRAND SACHEM IS ELECTED. Justice O'Gorman Defeats Van Wyck for the Tammany Hall Distinction.

NEW YORK, May 20.—Justice A. O'Gorman of the supreme court bench was tonight elected grand sachein of the Columbian Order of Tammany Hall, the deliberations lasting less than half an hour. Former Mayor Robert F. Van Wyck was also a candidate for the position.

On the first ballot Justice O'Gorman received eight votes of the twelve, the other four going to ex-Mayor Van Wyck. Afterward the election of Justice O'Gorman was unanimous. This was elected as adjutant one, following the one which the deadlock occurred which resulted in Lewis Nixon resigning the leadership.

LE CARBETT NOW IN DANGER

Of Violent Volcanic Explosions Which Arouse New Fears.

MOUNT PEELE THROWS OUT HOT CINDERS

Letters from Martinique Indicate that People Had Foreknowledge of the Disaster Four or Five Days Before.

PARIS May 20.—Governor L'Huerre of Martinique has failed to the colonial minister, M. DeCaen, announcing that Mount Pelee continues to throw up immense quantities of cinders, which, owing to a change in the direction of the wind, are now covering the southern districts of the island.

Violent explosions have been heard at LeCarbott. The governor further declared there is no danger of an outbreak on the part of the population of the northern districts of the island, as alleged, on account of the people being out of work.

Interesting information of the Mount Pelee disaster is being obtained in letters which are coming here from people in the island of Martinique.

One letter written during the afternoon of May 3, says: "The population of the mountain is flocking to the city. Business is suspended, the inhabitants are panic-stricken and the streets are sprinkling the streets and roofs, to settle the ashes, which are filling the air."

This and other letters seem to indicate that evidences of the impending disaster were numerous five days before it occurred.

Excursion Was Planned. A St. Pierre paper of May 3 announces that an excursion arranged for the next day to Mount Pelee had been postponed as the crater was inaccessible, adding that notice would be issued when the excursion would take place.

Although Whitman's is a public holiday the ministry of the colonies was open as usual and all the officials were at their posts.

The advices received from Martinique this morning indicate that the local authorities are no longer anxious regarding food and other supplies, which are now reaching Fort De France in sufficient quantities to meet all demands until the arrival of the supply ships now on their way to the island.

The correspondent of the Associated Press learns that the ministry of the colonies totally discredits the report of the destructions of St. Marie, Martinique, by fire, which has reached here, as today's dispatches do not mention the fact, which they certainly would have done had the town been burned.

The latest royal subscription is that of the former queen regent of Spain, who has given ten thousand francs for the fund, which now amounts to over 750,000 francs.

M. L'Huerre, the governor of Martinique, has sent the following telegram to M. DeCaen, the colonial minister, dated Fort De France, May 18:

I have informed the population that supplies by the United States naval vessel 'Ole' and the steamer 'Fontabella' and 'Madina' will arrive here today. The cargoes of these vessels will be exempted from all duties and other charges. This is done on all food supplies reaching us from the United States.
