MATERIAL INCREASE IN CORN ACREAGE

Dispatches Show Satisfactory Progreas with New Crop in that Cereal -Railway Earnings Continue to Show Steady Gains.

NEW YORK, May 23.-R. G. Dun & Co.'s Weekly Review of Trade tomorrow wi

Many micor labor controversies have been settled, but the situation in the anthracite coal region has assumed a more serious aspect. Railway earnings continue satisfactory, roads reporting for two weeks of May show gains of 61 per cent over last year and 18-4 per cent over last year and steel situation, former conditions merely becoming intensified by threatened decrease in supplies of fuel and the labor controversies in certain branches of the industry. The railways are seeking rulis, rolling stock and other equipment, while contractors require much structural material. Slight concessions are now obtainable in some lines of footwear, aithough the market as a rule is fairly steady, but dull. Leather is firmly held, especially desirable weights advancing, while domestic packer hides again made a definite gain.

Print cloths were again quiet at last week's decline.

Quiet conditions have prevailed in the cereal markets, with only a moderate volume of transactions and slight changes in quotations. Exports of wheat, including flour, were only 3.83,588 bushels during the last week from all ports of the United States, against 5.625,189 bushels in the corresponding week last year. Small receipts of corn, amounting to only 1.253,188 bushels for the week, against 3.650,642 a year ago, held the spot price at about 70 cents.

Dispatches from correspondents of R. G. Dun & Co. Indicate satisfactory progress with the new corn crop and a material increases.

Paljures for the week numbered 192 in the United States, against 189 last year, and twelve in Canada, against twenty-two last year.

BRADSTREET'S REVIEW OF TRADE.

Labor Agitations Are Only Clouds that Durken Situation.

NEW YORK, May 23 .- Bradstreet's will may tomorrow:

With uniformly good wheat, corn and cats reports, improved retail trade caused by wagmer weather, a full volume of recorded business for this season of the year, good collections and heavy railroad earnings, the only cloud on the situation would seem to be the continued unrest of labor and the idleness of large numbers of industrial workers as a result thereof.

Telegrams to Bradstreet's indicate that the greatly increased area devoted to corn and oats is receiving adequate moisture at a time when greatly needed. It will probably be found that all of the 5,00,000 acres of winter killed wheat and that lost to spring wheat by spring weather in North Dakota will be turned into coarser grain, better prices for which have been induced by short yields and straightened supplies last year. The winter wheat crop in the southwest is practically made.

The reports as to southern crops, and particularly cotton, are especially favorable.

Eastern dry goods markets are quiet, as

Eastern dry goods markets are quiet, as usual at this season. Boots and shoes are slow to sell. Jobbers' stocks are said to be large and higher prices asked discourage business. Philadelphia reports stocks of hides accumulating and manufactured leather quiet. Bructural mills are crowded with orders and the bar and plats mills have all they can do. Sheet and tin plate mills alone are able to promise early deliveries. Wheat is slightly lower on good crop reports, but straightened supplies of corn and oats make holders confident. Corn visible supplies are only half those of last year and 60 per cent of the stock is in Chicago.

year and 60 per cent of the stock is in Chicago.
Cotton was depressed early on continued short selling, but railied later.
Hog products generally are rather easier, lards lower and butter is also off.
Copper displays aggressive strength.
Raw sugar is slightly weaker.
Business failures for the week number 152, as against 180 last week, 182 in this week last year, 167 in 1900, 158 in 1899 and 331 in 1898.
Failures in Canada number seventeen, as against twenty-two last week and twenty-four a year ago.
Clearings aggregate 350,309,887, a gain of 5 per cent over last week and of 30 per cent over last week and of 30 per cent over last year.

And Hare the Statements Verified

We Publish Testimony Which Means Something.

We are agents for Smith's Green Mountain Renovator and from time to time the owners of this splendid remedy send us for publication copies of letters which they receive from people who have been cured by its use.

The truth of these statements can be proved by any reader who desires to write to parties who are authors of the testimonials.

We have just received the following remarkable letter and we believe that such words are far more convincing than anything we could say for this time-tried remedy: 285 Lincoln Avenue,

Cliftondale, Mass. April 28, 1902.

St. Albans Remedy Co.,

St. Albans, Vt. Gentlemen—I am 80 years old and since I was 18 have been subject to billous attacks and costiveness. At 70 began to feel a lameness in my limbs and it kept growing worse. I began to have dizzy spells and my legs felt weak and sore. I could not walk twenty rods without resting. I saw an advertisement for Smith's Green Mountain Renovator and reading that it was especially for rheumatism, procured a bottle and took it as directed. I did not feel much relief from my rheumatics, but the dizziness was gone in part. After the second bottle I was certainly better and I continued taking it until I had used five bottles. I then stopped it for six months and took three more bottles. For the past year I have been as free from rheumatism as I have ever been

in my life, and want to tell suffering people what Green Mountain Renovater has done for me and say that a trial will do the same for anyone. Yours gratefully.

EPHRAIM PIERCE. (Signed)

Write Mr. Pierce if you desire these facts verified. Enclose a stamp and the above letter and ask him if it is true. This is the kind of advertising which

means something. We sell every bottle of the Renovator under the absolute guarantee to benefit blood diseases, rheumatism. shattered nerves, kidney and liver troubles, dyspepsia or indigestion and malaria. If you are not satisfied with its effect, we will gladly refund your

In honor of the occasion the hall was decorated with flags and bunting in the national colors. Over the stage hung pictures of Washington, Lincoln, Grant and McKinley. Members and friends of the two orders occupied all of the available seating capacity

The program opened with the installation of the officers-elect of the Grand Army of the Republic. To the tune of "Marching Through Georgia" four color-bearers marched out and took their places, one at each corner of the stage. The retiring department commander stationed himself behind the desk, and T. L. Hull, officer of the day, conducted S. S. Peters, the newlyelected senior vice commander; F. W. Kinney, junior vice commander, and Dr. F. O. Burdick, medical director, to a position befall. A gossipy article tells about administered to them. Lieutenant Governor Calvin F. Steele, the newly-elected department commander, was next installed. When

he arose he was greeted with cheers The ritual of the Woman's Relief corps differs somewhat from that of their comrades, being more complicated, and while acted as installing officer. After Mrs. Elizabeth Lescher, senior vice president; Mrs. Julia Noddings, junior vice president, and Mrs E. F. Payne, treasurer, had been obligated, the president-elect, Mrs. Almee Kenny stepped forward to take the oath. Everyone on the stage and in the audience The color-bearers stepped to the footlights and crossed their flags on either side of her, while she, with bowed head and upraised right hand, swore "by my honor as a woman, and as a member of the Woman's Relief corps, "to perform the exacting duties of her high office to the best of her ability. The conductor then planed the badge of her office upon her bosom,

and the installation was at an end. The new president, Mrs. Kenny, and the retiring president, Mrs. Adams, spoke briefly, and the program ended with the song, "America." As the audience was passing out all sang, "God Be With You
