Gylmer,
Scientific Palmist.
One more week is all the time that Omaha people will have to consult Mme. Gylmer. She positively intends to leave the city for an indefinite period after June 1st. This gifted woman is unquestionably the greatest exponent of Palmistry who has ever been in the west. Her 5 years in Omaha without any complaint against her speaks volumes when we take into consideration the fact that most life readers who have been in Omaha were fakirs. Gylmer's prices are within reach of all. Parlors, 315 S. 15th, in Granite block, 2d floor. S—724 25

BUSINESS CHANCES.

BUSINESS CHANCES.

Owns Five Claims. Eclipse Mine. Encampment, Wyo.

Northwestern Copper Mining Company.

Capitalization, $100,000.

It is very gratifying to the directors of this company that the people have responded so readily to their offer to sell some of the stock of the company that was first made about two weeks ago. Almost without exception everyone has bought some of this stock who has seen our prospectus and samples of the ores. So quick have the people been to recognize this opportunity, and so small is the amount of money yet needed for machinery and the necessary further development, and so near is the time when the machinery will be running, that the directors have decided that IT IS UNNECESSARY TO CONTINUE THE SALE AT 10 CENTS, AND HAVE DECIDED TO MAKE A 25 PER CENT ADVANCE IN THE PRICE, the announcement of the definite date of which will be made the earlier part of this week. With machinery on the ground this stock will be worth several times that amount.

The points that have appealed most strongly to those who have taken stock are: This mine, with a vein from 20 TO 30 FEET WIDE, CONTAINING ORE RUNNING FROM 20 PER CENT TO 85 PER CENT COPPER, with its many other points of advantage, the assurance of LARGE AND QUICK RETURNS, the natural advantages for marketing the product, the low capitalization, the character of the directors, the fact that A SMALL INVESTMENT STANDS ON THE SAME BASIS AS A LARGE ONE, and the fact that there is not the risk in copper mining that there is in all other kinds of mining, as it has been the history of copper mining countries that A VEIN OF COPPER ORE ONCE FOUND NOT ONLY CONTINUES DOWN, BUT GETS RICHER WITH DEPTH. Then the people are appreciating the fact that mining, especially copper mining, with a good company and good properties, offers GREATER OPPORTUNITIES FOR VERY LARGE PROFITS THAN ANY OTHER KIND OF INVESTMENT. There is hardly a wealthy man who does not own mining stock, and a very great number of the large fortunes were made by mining or their foundations were laid by it.

LOOK FOR ANNOUNCEMENT THIS WEEK OF THE 25 PER CENT ADVANCE IN THE PRICE OF THIS STOCK TO TAKE EFFECT SOON. Get our prospectus and see the fine ores from the mine. Y—

F. E. BROWN, Secretary,
603 N. Y. Life Building.
