CITY FACES A MEAT FAMINE

Chicago suffers as result of the Packing House Teamsters' Strike.

CHICAGO, May 28.—Chicago's beef supply from the stock yards has been almost entirely cut off and unless the concessions demanded by the striking teamsters are granted within the next day or two the city will be face to face with a meat famine.

The big packers failed in every attempt to smuggle meat out of the yards, but wholesale and retail butchers who usually drive their own wagons and take out loads of provisions have been forbidden to do so in the future. A number of them today were allowed to bring away stuff that they had bought of the packers, but they were warned not to return for any more until the trouble is settled.

As a result there is a movement on foot among the 1,200 or more butchers of Chicago to close their shops for a week or two, or as long as may be necessary to defeat the packers in their fight against the teamsters. Most of them declare that they are in sympathy with the strikers and feel that stopping the sale of beef would be the most effective way to help the teamsters. No unions have yet declared a sympathetic strike, but many individual members have been doing all in their power to aid the teamsters, and if the present situation continues much longer it is asserted that ice and coal men, may join the teamsters. Six of the firms today made the demands of the strikers and signed the new scale, but the big concerns are still defiant.

Hallway Notes and Personal.

Advertising agents of the three railroads of the Burlington system were conferring Wednesday at Burlington headquarters on the question of a general strike. Burlington & Quincy, H. Bassett of the Missouri lines and C. H. Young of the Burlington & Missouri River Railroad in particular were in agreement that a strike would be ready in time for the opening.

In other respects the debate will proceed along the program agreed upon between the principals.

Since no school will be held on Friday, Memorial day will be celebrated in all of the city schools Thursday. In compliance with a custom of long standing the various Grand Army of the Republic posts of the city will furnish speakers, one to each school and one to each room of the High school.

The Board of Education has a rule that no one may address the pupils without its permission, and this permission for the Grand Army of the Republic veterans was secured yesterday by Secretary Burgess, who communicated with a majority of the board members by telephone.

The programs in the schools will be very simple. Since most of the schools have one room large enough to accommodate all of the pupils in the hall, the general custom will provide for placing the pupils in one of the halls, where the address will be delivered and one or two patriotic songs sung. The children will then be marched back to their respective rooms, where, in some cases, there will be declaimations and music. The pupils will be invited to bring flowers for the decoration of the school rooms.

The following comrades are detailed to address the public and parochial schools of the city Thursday:
